COUNTY GOVERNMENTS BUDGET IMPLEMENTATION REVIEW REPORT

FIRST QUARTER OF
FY 2023/24

NOVEMBER, 2023

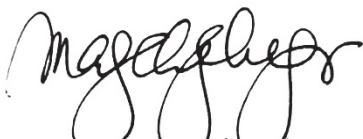

FOREWORD

I'm pleased to present the County Governments' Budget Implementation Review Report (CBIRR) for July 2023 to September 2023. The report has been prepared pursuant to Article 228 (6) of the Constitution and Section 9 of the Controller of Budget (CoB) Act, 2016, which requires the Controller of Budget to submit to each House of Parliament a report on the implementation of the budgets of the National and County Governments every four months. This report is also one of the mediums the CoB uses to publicize information on budget implementation at the County Government level in line with Section 39 (8) of the Public Finance Management Act, 2012.

The report is informed by a review of financial and non-financial performance reports for the first three months of the year submitted to the Controller of Budget pursuant to Sections 166 and 168 of the Public Finance Management, data extracted from the Integrated Financial Management Information System and approved budgets for FY 2023/24. It is further enhanced by continuous monitoring of budget implementation by the Office of the Controller of Budget.

This CBIRR analyses receipts into the County Revenue Funds, exchequer issues, actual expenditure and absorption of funds against the approved budget. It also outlines the issues that impeded budget implementation during the period and the requisite recommendations to address the identified issues. The report will be helpful to the respective arms of the County Governments and the public in creating awareness of budget implementation and improving the management of public resources.

Preparation of this report was made possible through efforts and devotion to duty by both staff of OCoB and County Governments, whom I acknowledge and greatly appreciate.

EXECUTIVE SUMMARY

This is the first quarter County Budget Implementation Review Report (CBIRR) for the FY 2023/24, covering July 2023 to September 2023. The report is prepared in fulfilment of the requirements of Article 228(6) of the Constitution of Kenya, 2010, which mandates the Controller of Budget to report on the implementation of the budgets of both the National and County Governments. It provides the status of budget implementation of each of the 47 County Governments through analysis of revenue and expenditure performance, highlighting the challenges experienced during the period under review and providing appropriate recommendations to address them in the future.

The aggregate approved FY 2023/24 Budget estimates for the County Governments amounted to Kshs.534.63 billion and comprised of Kshs.188.13 billion (35.2 per cent) allocated to development expenditure, and Kshs.346.51 billion (64.8 per cent) to recurrent expenditure. The allocation to development activities accounted for 35.2 per cent of the aggregate budget estimates, thus conforming with section 107(2)(b) of the Public Finance Management (PFM) Act, 2012 which stipulates that at least 30 per cent of the budget shall be allocated for development expenditure.

In order to finance the FY 2023/24 budget, the County Governments expect to receive Kshs.385.42 billion as an equitable share of revenue raised nationally and Kshs.42.64 billion as County additional, conditional allocations from the National Government and from Development Partners. We, however note that the County Governments Additional Allocations Bill, 2023, under which the County additional conditional allocations are anchored, was yet to be adopted by Parliament as of 30th September, 2023. The County Governments expect to raise Kshs.78.61 billion from ordinary own sources of revenue and Facility Improvement Fund (FIF)/Appropriation in Aid (A-I-A) and utilising the unspent funds carried forward from FY 2022/23 of Kshs.27.96 billion.

The total available funds to the County Governments in the first quarter of FY 2023/24 amounted to Kshs.99.28 billion. This comprised of Kshs.61.11 billion as an equitable share of revenue raised nationally authorised for withdrawal from Consolidated Fund to respective County Revenue Funds (CRF) accounts by the Controller of Budget (CoB) in line with Article 206(4) of the Constitution; Kshs.27.96 billion as cash balances from FY 2022/23 and Kshs.10.21 billion mobilised from own source revenue streams.

In the first quarter of FY 2023/24, the County Governments managed to raise their own revenue amounting to Kshs.10.21 billion. The own source revenue comprised of Kshs.6.89 billion from ordinary sources of revenue and Kshs.3.32 billion from Facility Improvement Fund (FIF)/Appropriation in Aid (A-I-A). The realised own source accounted for 13 per cent of the own-revenue annual target for FY 2023/24 of Kshs.78.61 billion and represented an increase of 65.5 per cent from Kshs.6.17 billion generated in a similar period of FY 2022/23. A review of the revenue collected against the annual revenue target for FY 2023/24 indicates that Nyeri, Narok, Isiolo, Samburu, Elgeyo Marakwet and Meru counties had the highest percentage of revenue collected to the annual revenue target at 42.2 per cent, 36.5 per cent, 36.3 per cent, 32.9 per cent, 29.9 per cent and 25.6 per cent respectively. Conversely, counties that had the lowest percentage included Kakamega at 7.1 per cent, Lamu at 5.6 per cent, Kajiado at 5.6 per cent, Kericho at 5.2 per cent, Nandi at 4.8 per cent, and Machakos at 2.6 per cent.

During the reporting period, CoB authorised the withdrawal of Kshs.66.17 billion from the respective County Revenue Funds (CRF) accounts to the County Operational Accounts for the County Governments per Article 207(3) of the Constitution and consisted of Kshs.59.36 billion (89.7 per cent) for recurrent activities and Kshs.6.81 billion (10.3 per cent) for development activities.

County Governments' total expenditure from 1st July 2023 to 30th September 2023 amounted to Kshs.67.47 billion and consisted of Kshs.60.52 billion for recurrent activities (89.7 per cent) and Kshs.6.92 billion (10.3 per cent) for development activities. The aggregate expenditure represented an absorption of 12.6 per cent of the aggregate FY 2023/24 annual County Governments' budget, and an improvement from an absorption rate of 11.4 per cent achieved in a similar period of FY 2023/24 when the cumulative expenditure was Kshs.54.82 billion. Counties that attained the highest overall absorption rates were Bomet at 20.9 per cent, Narok at 20.9 per cent, Nandi at 20.6 per cent, Kitui at 17.6 per cent, Isiolo at 17.0 per cent and Nyamira at 16.9 per cent. On the other hand, Nairobi City, Wajir, Siaya, Kilifi and Turkana recorded the lowest aggregate absorption rates at 8.1 per cent, 8.0 per cent, 7.1 per cent, 6.7 per cent and 6.2 per cent respectively.

The cumulative recurrent expenditure during the period under review amounted to Kshs.60.52 billion, representing 17.5 per cent of the annual County Government's budget for recurrent activities, an improvement from 16.5 per cent recorded in a similar period of FY 2022/23 when expenditure was Kshs.52.60 billion. A further review of the recurrent expenditure indicates that Counties incurred Kshs.41.79 billion (69 per cent of the total recurrent expenditure) on personnel emoluments and Kshs.18.76 billion (31 per cent of the total recurrent expenditure) on operations and maintenance. Out of Kshs.18.76 billion incurred on operations and maintenance, the County Assemblies cumulatively spent Kshs.312.98 million on MCAs' sitting allowances against an approved budget allocation for sitting allowances of Kshs.1.94 billion, translating to an absorption rate of 16.2 per cent and an increase of 249.2 per cent compared to Kshs.89.63 million incurred in a similar FY 2022/23 period.

The cumulative development expenditure in the first quarter of FY 2023/24 amounted to Kshs.6.92 billion, translating to an absorption rate of 3.7 per cent of the annual FY 2023/24 development budget, which is an improvement from an absorption rate of 1.4 per cent realised in a similar period of FY 2022/23. Analysis of development expenditure indicated that Narok, Bomet, Uasin Gishu, Vihiga and Garissa Counties had the highest absorption rates of their respective approved development budgets at 30.0 per cent, 17.7 per cent, 13.8 per cent, 10.4 per cent and 10.1 per cent respectively. Counties that had the lowest absorption rates of their respective development budgets were Siaya, Elgeyo Marakwet, Baringo, Nakuru and Bungoma at 1.3 per cent, 1.2 per cent, 0.5 per cent, 0.2 per cent and 0.2 per cent, respectively. On the other hand, the following Counties did not report any expenditure on development programmes in the reporting period, namely; - Embu, Homa Bay, Kericho, Kilifi, Machakos, Nairobi City, Samburu, Turkana, Wajir and West Pokot Counties.

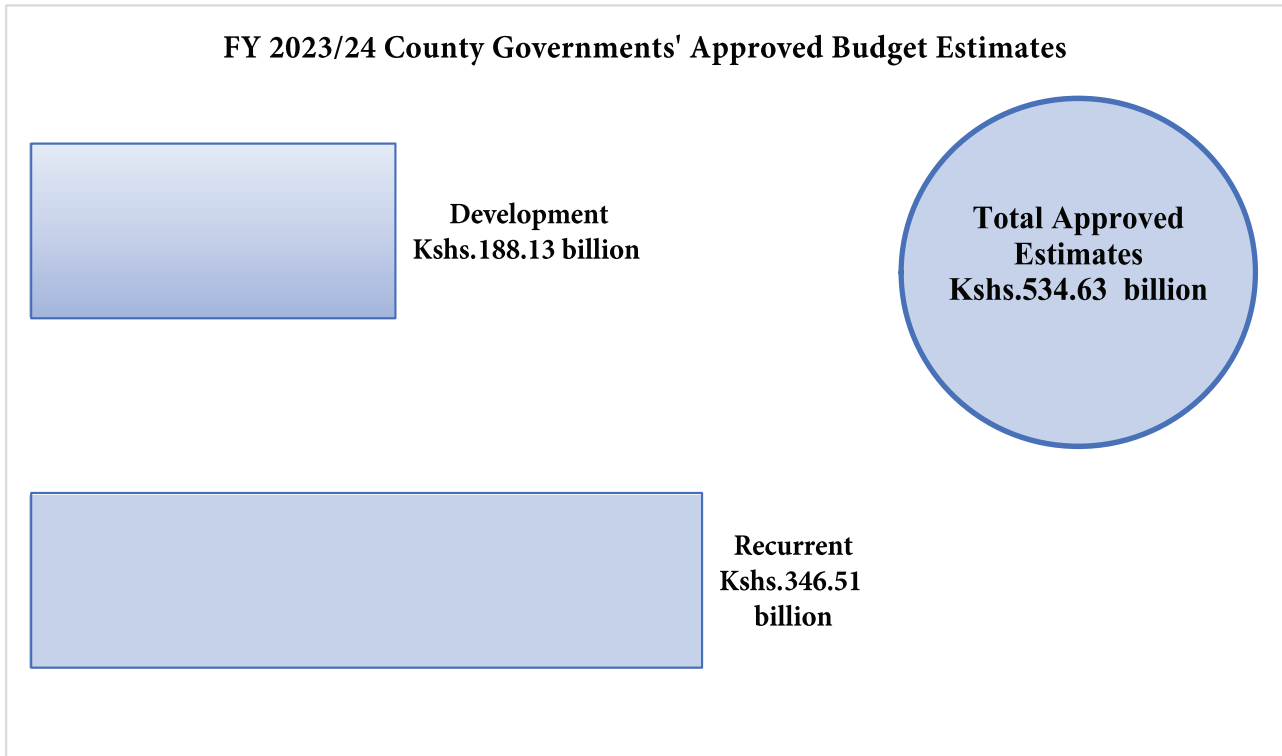

During the reporting period, the Controller of Budget (CoB) noted some cross-cutting challenges that have continued to impede effective and efficient budget execution by the county governments. Some of these issues were highlighted in the previous reports and are still outstanding. They include;- the delay by the Parliament to enact the County Governments Additional Allocations Bill, 2023, which constrained

the disbursement of conditional grants to counties, the underperformance of own source revenue collection, the high level of pending bills, low expenditure on development programmes, failure by Fund Administrators to submit quarterly financial statements to the Controller of Budget, and delay by the National Treasury to disburse the equitable share of Revenue to Counties.

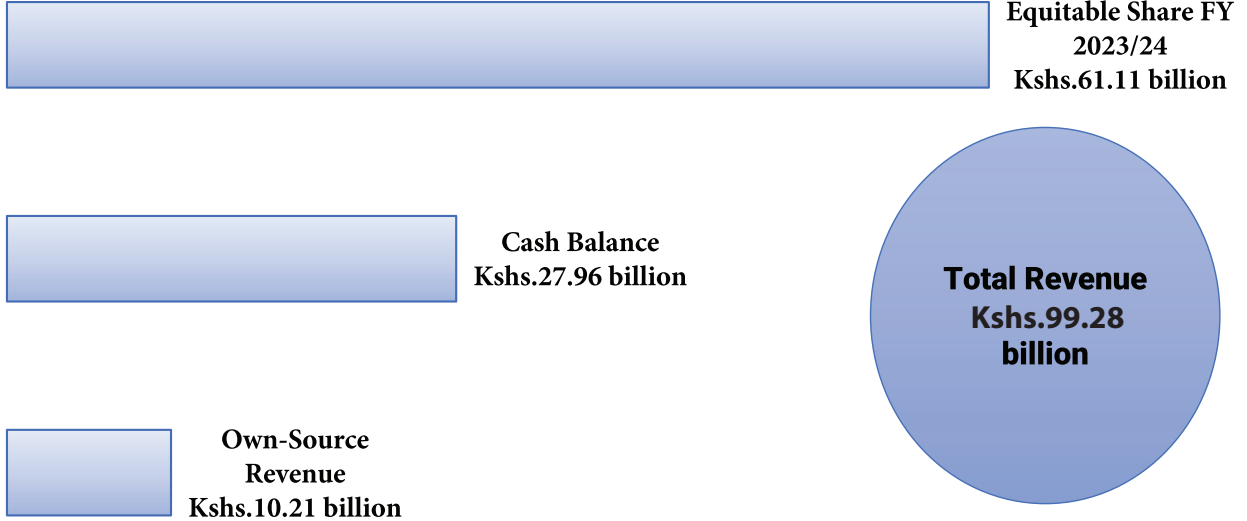

In order to address these challenges, the Parliament is advised to expedite the enactment of the County Governments Additional Allocations Bill, 2023, to enable County governments to access conditional grants to implement their budgets. Counties should institute strategies to enhance own-source revenue collection to realise the annual revenue targets and avoid budget deficits. Further, they should settle the eligible pending bills as a first charge on the budget in line with the law, prioritise implementing development programmes to improve their citizens' living standards, put in place mechanisms to ensure Fund Administrators prepare and submit quarterly reports to the Controller of Budget in line with the PFM Act, 2012, and the National Treasury to ensure disbursements of equitable share of revenue to county governments are in line with the approved disbursement schedule to ensure effective budget implementation.

1. INTRODUCTION

The Office of the Controller of Budget (OCoB) is an oversight institution established under Article 228 of the Constitution of Kenya, 2010, to oversee and report on the implementation of the budgets of the National and County Governments. Article 228 (6) of the Constitution and Section 9 of the Controller of Budget (COB) Act, 2016 require the Controller of Budget to submit to each house of Parliament a report on the implementation of the budgets of the National and County Governments every four months. This County Budget Implementation Review Report (CBIRR) covers the first quarter of FY 2023/24 in line with the above legal requirements and covers the period from July 2023 to September 2023.

The CBIRR presents the status of budget execution by the county governments. The report analyses information on own source revenue raised, transfers received from the National Treasury as an equitable share of revenue, receipts of additional allocations and conditional grants from the National Government and Development Partners, and the total expenditure of the first quarter of the financial year (FY) 2023/24. The CBIRR is based on quarterly financial reports submitted to the OCoB by County Treasuries in line with Sections 166 and 168 of the Public Finance Management (PFM) Act 2012, data obtained from the Integrated Financial Management System (IFMIS), and information obtained by the OCoB in the course of overseeing budget implementation.

This reporting structure is as follows: Chapter One captures the introduction part, and Chapter Two analyses the counties' budget performance during the first quarter of FY 2023/24. Chapter Two discusses details of the County government's own-source revenue and actual expenditure against the set budget estimates for recurrent and development expenditures. Further spending is categorised into Personal Emoluments (PE) and Operations and Maintenance (O&M). In addition, a summary report on the County governments' pending bills as of 30th September 2023 is provided in this chapter. The absorption rate is used to measure performance and is computed as a percentage of actual expenditure against the approved annual budget estimates.

A detailed report by the individual Counties is provided in Chapter Three. Information on budget performance and the allocations for recurrent and development expenditures, exchequer issues, and actual spending (classified into Employee Compensation, Operation and Maintenance, and Development Expenditure) are discussed in Chapter Three. Programmes and sub-programmes budget execution for each department is analysed, and information on development projects undertaken in the first quarter of FY 2023/24 is also covered in Chapter Three.

Chapter Four summarises the critical challenges observed by OCoB in budget implementation in the first quarter of FY 2023/24 by each County. The report further provided recommendations to ensure effective and efficient budget implementation and to promote best practices. The Conclusion of this report is provided in the last chapter.

2. FINANCIAL ANALYSIS OF OVERALL BUDGET IMPLEMENTATION

2.1. Introduction

This chapter presents the financial analysis of aggregated County budget implementation for the first quarter of FY 2023/24 and covers the period from July to September 2023.

2.2. Revenue Analysis

The combined County governments' budgets approved by the County Assemblies amounted to Kshs.534.63 billion and comprised Kshs.188.13 billion (35.2 per cent) allocated to development expenditure and Kshs.346.51 billion (64.8 per cent) for recurrent expenditure.

To finance the budgets, County governments expect to receive Kshs.385.42 billion as the equitable share of revenue raised nationally, generate Kshs.78.61 billion from their own revenue sources, utilise Kshs.27.96 billion unspent cash balance from the previous financial year, and Kshs.42.64 billion as additional allocations. However, the County Governments Additional Allocations Bill, 2023, which provides allocation for conditional grants, had not been approved by Parliament as of 30th September 2023.

2.2.1 Revenue Out-turn

The total funds available to the County Governments in the first quarter of FY 2023/24 amounted to Kshs.99.28 billion, comprised of Kshs.61.11 billion as the equitable share of revenue raised nationally, Kshs.27.96 billion cash balance from FY 2022/23, and Kshs.10.21 billion raised from own revenue sources.

2.2.2 Own-Source Revenue

During the reporting period, County governments generated a total of Kshs.10.21 billion from their own-source revenue (OSR), which was 13 per cent of the annual target of Kshs.78.61 billion. The realised revenue is an improvement compared to Kshs.6.17 billion generated in a similar period in FY 2022/23. The reported revenue of Kshs.9.53 billion comprised of Kshs.6.89 billion from ordinary own-source revenue and Kshs.3.32 billion as Facility Improvement Fund (FIF) and Appropriation in Aid (A-I-A). Analysis of own-source revenue collection for July 2023 to September 2023 is shown in Table 2.1.

Source: County Treasuries

Analysis of own-source revenue as a proportion of the annual revenue target indicated that Nyeri, Narok, Isiolo, and Samburu counties achieved the highest percentages at 42.2 per cent, 36.5 per cent, 36.3 per cent, and 32.9 per cent, respectively. Conversely, ten counties recorded below 10 per cent performance: Machakos, Nandi, Kericho, Lamu, Kajiado, Kakamega, Nairobi City, Tana River and Mombasa.

2.3. Funds Released to the Counties

2.3.1 Funds Released from the Consolidated Fund to the Counties

In the first quarter of FY 2023/24, the COB approved the transfer of Kshs.61.11 billion as the equitable share of revenue raised nationally from the Consolidated Fund to the various County Revenue Funds (CRFs) per Article 206 (4) of the Constitution. The released amount represented 15.9 per cent of the allocated equitable share of Kshs.385.42 billion.

2.3.2 Funds Released to the County Operational Accounts

The COB authorised withdrawals of Kshs.66.17 billion from the County Revenue Funds to the County Operational Accounts comprised of Kshs.6.81 billion (10.3 per cent) for development expenditure and Kshs.59.36 billion (89.7 per cent) for recurrent expenditure, an increase from the Kshs.56.30 billion authorised in a similar period in FY 2022/23. A detailed analysis of the funds released to each County is provided in chapter three.

2.4. Expenditure Analysis

The total expenditure by County governments in the first quarter of FY 2023/24 was Kshs.67.47 billion, representing an absorption rate of 12.6 per cent of the total annual County Governments' budget of Kshs.534.63 billion, an increase from an absorption rate of 11.4 per cent reported in a similar period in FY 2022/23, where the total expenditure was Kshs.54.82 billion.

Recurrent expenditure was Kshs.60.56 billion, representing 17.5 per cent of the annual recurrent budget, an improvement from 16.5 per cent reported in the first quarter of FY 2022/23. Development expenditure amounted to Kshs.6.92 billion, representing an absorption rate of 3.7 per cent and an improvement from 1.4 per cent in the first quarter of FY 2022/23 when total development expenditure was Kshs.2.22 billion. The analysis of expenditure by economic classification in the first quarter of FY 2023/24 is provided in Table 2.2.

The analysis of development expenditure shows that ten counties did not report any expenditure on development programmes during the period under review, namely; - Embu, Homa Bay, Kericho, Kilifi, Machakos, Nairobi City, Samburu, Turkana, Wajir and West Pokot Counties. An analysis of the development expenditure implemented by Counties is provided in chapter three.

2.4.2 Recurrent Expenditure

The Counties spent an aggregate of Kshs.60.56 billion or 89.7 per cent of the total expenditure on recurrent activities. This expenditure represents 17.5 per cent of the annual County government's budget for recurrent activities and was an improvement from 16.5 per cent recorded in a similar period of the FY 2022/23 when expenditure stood at Kshs.52.60 billion.

The recurrent expenditure comprised Kshs.41.79 billion (69 per cent) on Personnel Emoluments and Kshs.18.76 billion (31 per cent) on Operations and Maintenance (O&M) expenditure. An analysis of the recurrent expenditure by Counties is provided in chapter three.

2.4.3 Review of MCA Sitting Allowances

The County Assemblies spent Kshs.312.98 million on MCA's Sitting allowances against an approved budget allocation of Kshs.1.94 billion during the reporting period. This expenditure translated to 16.2 per cent of the approved MCAs sitting allowance budget, an increase from 3.6 per cent attained in the first quarter of FY 2022/23 when Kshs.89.63 million was spent. Table 2.4 shows the budgetary allocation and expenditure on MCAs and Speakers' sitting allowances in the first quarter of FY 2023/24.

The report of budget execution by programmes and sub-programmes did not match with the report submitted by the County Treasury on Expenditure by economic classification, which showed total recurrent Expenditure as Kshs.960.52 million.

3.1.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.4, where the County incurred expenditure above the approved exchequer issues in some departments.
2. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the County Executive Car Loans & House Mortgage Fund Scheme, Education & Scholarships fund, and County Assembly Car loans & Mortgage Fund Scheme were not submitted to the Controller of Budget
3. Use of manual payroll. Personnel emoluments amounting to Kshs. 3.74 million were processed through the manual payroll, accounting for 0.46 per cent of the total payroll cost. The manual payroll is generated by the County Assembly. This is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
4. Variance in the report of budget execution by programmes and sub-programmes compared to the report on expenditure by economic classification. This affects the credibility of budget execution reports.

5. Although the County Assembly reported no expenditure on foreign travel, there were pending requisitions on foreign travel as at the end of the reporting period.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should improve the vote book and budgetary control to ensure expenditure is within the approved budget.*
2. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
3. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Assembly Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
4. *The County Treasury should ensure there is frequent reconciliation of reports in IFMIS to ensure their credibility.*
5. *The County leadership should curtail and regulate expenditure on foreign travel in order to make savings for key programmes.*

Analysis of expenditure by department shows that the Department of Roads, Public Works and Transport recorded the highest absorption rate of development budget at 44.7 per cent, followed by the Department of Lands, Housing and Urban Planning at 43.4 per cent. The Department of Water Sanitation and Environment had the highest percentage of recurrent expenditure to budget at 33 per cent, while the Department of Agriculture, Livestock and Cooperatives had the lowest at 0.8 per cent.

The Departments of Finance, Economic Planning & ICT and Water Sanitation and Environment recorded 131.5 per cent and 121.7 per cent respectively on Development Expenditure to Exchequer Issues. Sub-programmes with the highest levels of implementation based on absorption rates were: County Transport Infrastructure in the Department of Roads, Public Works and Transport at 62.8 per cent, Lands in the Department of Lands, Housing and Urban Planning at 47.5 per cent, Roads Construction & Maintenance in the Department of Roads, Public Works and Transport at 45.3 per cent of budget allocation.

3.2.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.30.49 million against an annual projection of Kshs. 332.04 million, representing 9.2 per cent of the annual target.
2. High level of pending bills, which amounted to Kshs.582.70 million as of 30th September 2023. This is despite the availability of Kshs.619.52 million in the CRF at the end of the reporting period.
3. Use of manual payroll. Personnel Emoluments amounting to Kshs.52.99 million were processed through the manual payroll, accounting for 5.8 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly and within the remaining period of the financial year. A payment plan should be provided at the beginning of the FY and be adhered to.*
3. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

3.3.1 Overview of FY 2023/24 Budget

The County's approved budget for the FY 2023/24 was Kshs.14.03 billion, comprising Kshs.4.76 billion (33.9 per cent) and Kshs.9.27 billion (66.1 per cent) allocation for development and recurrent programmes, respectively. Sub-programmes with the highest levels of implementation based on absorption rates were: Participate in KISCOSCA and EALASCA games in the Department of Gender and Culture at 91 per cent, Administrative Services in the Department of Roads and Public Works at 76.3 per cent, Grants; DANIDA/UNICEF in the Department of Health and Sanitation at 67.1 per cent and Operations and other departmental programs in the Department of Governor's and Deputy Governor's Office at 42.5 per cent of budget allocation.

3.3.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.60.67 million against an annual projection of Kshs.918.70 million, representing 6.6 per cent of the annual target.
2. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.15, where the County incurred expenditure over approved exchequer issues in several departments.
3. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Scholarships and Other Educational Benefit Fund, Trade Loan Fund, Disability Fund, Women's Fund, Car Loans to MCAs' and House Loan to Staff Funds were not submitted to the Controller of Budget.
4. High level of pending bills, which amounted to Kshs.1.19 billion as of 30th September 2023.
5. Use of manual payroll. Personnel emoluments amounting to Kshs.42.47 million were processed through the manual payroll, accounting for 2.9 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
3. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
4. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*
5. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

3.4. County Government of Busia

3.4.1 Overview of FY 2023/24 Budget

The County's approved budget for the FY 2023/24 was Kshs.8.54 billion, comprising Kshs.2.57 billion (30.1 per cent) and Kshs.5.97 billion (69.9 per cent) allocation for development and recurrent programmes, respectively. The approved budget estimates represented a decrease of 10.9 per cent compared to the previous financial year when the approved budget was Kshs.9.58 billion and comprised of Kshs.3.03 billion towards development expenditure and Kshs.6.54 billion for recurrent expenditure.

To finance the budget, the County expects to receive Kshs.7.47 billion (87.4 per cent) as the equitable share of revenue raised nationally, Kshs.152.22 million (1.8 per cent) as Facility Improvement Fund (revenue from health facilities), Kshs.526.36 million (6.2 per cent) as conditional grants, and generate Kshs.396.79 million (4.6 per cent) as ordinary own-source revenue. A breakdown of the conditional grants is provided in Table 3.18.

3.4.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.635.42 million as the equitable share of the revenue raised nationally, Kshs.33.56 million as FIF, had a cash balance of Kshs.1.39 billion from FY 2022/23, and raised Kshs.38.31 million as own-source revenue. The total funds available for budget implementation during the period amounted to Kshs.2.11 billion, as shown in Table 3.18.

In the first quarter of FY 2023/24, the County generated a total of Kshs.71.86 million from its sources of revenue inclusive of FIF. This amount represented an increase of 58.4 per cent compared to Kshs.45.37 million realised in FY 2022/23 and was 13.1 per cent of the annual target and 11.3 per cent of the equitable revenue share disbursed during the period. The revenue streams which contributed the highest OSR receipts are shown in Figure 11.

The increase in OSR can be attributed to the installation of both the Revenue Management System and the Health Management System. The highest revenue stream of Kshs.33.56 million was from the Facility Improvement Fund, contributing to 47 per cent of the total OSR receipts during the reporting period.

3.4.3 Exchequer Issues

Analysis of the recurrent exchequers released in the first quarter of FY 2023/24 indicates that Kshs.674.81 million was released towards Employee Compensation, and Kshs.525.79 million was for Operations and Maintenance expenditure.

The available cash balance in the County Revenue Fund Account at the end of the first quarter of FY 2023/24 was Kshs.694.71 million.

3.4.7 Expenditure on Employees' Compensation

In the first three months of FY 2023/24, expenditure on employee compensation was Kshs.648.72 million, or 30.8 per cent of the available revenue, which amounted to Kshs.2.11 billion. This expenditure represented a decrease from Kshs.835.12 billion reported in the first quarter of FY 2022/23. The wage bill included Kshs.323.23 million paid to health sector employees, translating to 49.8 per cent of the total wage bill.

3.4.8 County Emergency Fund and County-Established Funds

Section 110 of the PFM Act 2012 establishes the Emergency Fund, while Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly.

The County allocated Kshs.26.0 million to county-established funds in FY 2023/24, constituting 0.3 per cent of the County's overall budget. Table 3.20 summarises each established Fund's budget allocation and performance during the reporting period.

Analysis of expenditure by department shows that the Department of Finance, ICT and Economic Planning recorded the highest absorption rate of development budget at 54.4 per cent, followed by the Department of Agriculture, Livestock, Fisheries, Climate Change, Blue Economy and Agribusiness at 16.5 per cent. The Department of Finance, ICT and Economic Planning had the highest percentage of recurrent expenditure to budget at 41.2 per cent, while the County Public Service Board and the Department of Education and Vocational Training had the lowest at 0.3 per cent and 0.8 per cent, respectively.

Development expenditures incurred by the Department of Agriculture, Livestock, Fisheries, Climate Change, Blue Economy and Agribusiness, Department of Water, irrigation and Natural Resources, and the Department of Health and Sanitation can be attributed to the funds which were held in the Special Purpose Accounts at the end of last financial year. The Department of Finance, ICT and Economic Planning recurrent expenditure was above the exchequer issues during the reporting period due to the diversion of funds released to other departments. The respective accounting officers should address these irregularities.

The recurrent budget allocation for the County Assembly is Kshs.1.01 billion, while the County Allocation of Revenue Act, 2023 ceiling is Kshs.890.56 million, and therefore above the ceiling provided in law. The County Assembly should ensure the allocation is in line with the law.

Sub-programmes with the highest levels of implementation based on absorption rates were: ICT support Services in the Department of Finance, ICT and Economic Planning at 85.6 per cent, Administrative support service in the Department of Finance, ICT and Economic Planning at 41.2 per cent, Value addition in the Department of Department of Agriculture, Livestock, Fisheries, Climate Change, Blue Economy and Agribusiness at 30.3per cent, and Administrative support service in County Assembly at 26.3 per cent of budget allocation.

3.4.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 25th October 2023.
2. The underperformance of own-source revenue at Kshs.71.86 million against an annual projection of Kshs. 549.02 million, representing 13.1 per cent of the annual target.
3. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.22, where the Department of Finance, ICT and Economic Planning incurred expenditure over approved exchequer issues.
4. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Busia County (Public Officers) Revolving Fund, Busia County Health Services Fund, Busia County Education Scheme Fund, Busia County Agricultural Development Fund and Busia County Assembly Revolving Fund were not submitted to the Controller of Budget.
5. High level of pending bills, which amounted to Kshs.2.04 billion as of 30th September 2023. The County Treasury did not settle any pending bills during the period.
6. Use of manual payroll. Personnel emoluments amounting to Kshs.48.11 million were processed through the manual payroll, accounting for 7.4 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
7. The budget allocation for the recurrent expenditure for the County Assembly was above the ceiling provided in law.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
3. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget. Further, the County Treasury should ensure unspent balances in the Special Purpose Accounts are deposited to the CRF at the end of each financial year in line with the law.*
4. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
5. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*
6. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
7. *The County government should revise the budget allocation for the County Assembly to comply with the ceiling provided in CARA 2023.*

In the first quarter of FY 2023/24, the County generated a total of Kshs.65.91 million from its sources of revenue, inclusive of FIF and AIA. This amount represented an increase of 114 per cent compared to Kshs.30.8 million realised in FY 2022/23 and was 29.9 per cent of the annual target and 5.5 per cent of the equitable revenue share disbursed during the period. Figure 14: Top Streams of Own Source Revenue in the First Quarter of FY 2023/24 (in Kshs)

The increase in OSR can be attributed to the tapping of more revenue streams. The highest revenue stream of Kshs.53.54 million was from Facility Improvement Funds (FIF), contributing to 81 per cent of the total OSR receipts during the reporting period.

3.5.3 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.867.09 million from the CRF account during the reporting period, which comprised Kshs.5.99 million (0.7 per cent) for development programmes and Kshs.861.1 million (99.3 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first quarter of FY 2023/24 indicates that Kshs.634.72 million was released towards Employee Compensation, and Kshs.226.38 million was for Operations and Maintenance expenditures.

The available cash balance in the County Revenue Fund Account at the end of the first quarter of FY 2023/24 was Kshs.895.49 million.

3.5.4 County Expenditure Review

Analysis of expenditure by department shows that the Department of Health and Sanitation recorded the highest absorption rate of development budget at 4.7 per cent, followed by the Department of Water, Environment and Climate Change at 1.3 per cent. The Department of Education and Technical Training had the highest percentage of recurrent expenditure to budget at 25.7 per cent, while the Department of Public Service Management and County Administration had the lowest at 9.3 per cent.

During the period, the actual recurrent expenditure was above recurrent exchequer issues in 11 departments, while the development expenditure was above development exchequer issues in 1 department. This is attributed to the county spending part of the Kshs.251.55 million in Special Purpose Accounts at the Central Bank of Kenya and Commercial Banks. The cash was not banked into the CRF at the end of the financial year, contrary to the PFM Act 2012.

Sub-programmes with the highest levels of implementation based on absorption rates were: ICT services in the Department of Public Service Management at 44.8 per cent, County Legislative Oversight in the County Assembly at 43.6 per cent, General Administration, Planning and Support Services in the County Assembly at 30.2 per cent and Pre – Primary Education in the department of Education and Technical Training at 26 per cent of budget allocation.

3.5.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 27th October 2023.
2. Overstating of the balance brought forward from FY 2022/23 by Kshs.737,630,155. The County indicated its cash balance as Kshs.1,586,552,582 instead of Kshs.848,922,427.
3. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.29, where the County incurred expenditure over approved exchequer issues in several departments.
4. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB contrary to Section 168 of the PFM Act, 2012. The reports for the Elgeyo Marakwet County Education Fund, County Executive Car & Mortgage Loan Revolving Fund and Elgeyo Marakwet County Alcoholic Drinks Control Fund were not submitted to the Controller of Budget.
5. Use of manual payroll. Personnel emoluments amounting to Kshs.66.83 million were processed through the manual payroll, accounting for 10.8 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The county treasury should re-state the balance from FY 2022/23 of Kshs.848,922,427 in the subsequent supplementary budget.*
3. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
4. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
5. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

Analysis of expenditure by department shows that the Department of Finance and Economic Planning recorded the highest absorption rate of the recurrent budget at 62.5 per cent, followed by the Department of County Public Service Board at 36.2 per cent. The Department of Finance and Economic Planning also had the highest percentage of recurrent expenditure to budget at 62.1 per cent. However, various departments recorded nil absorption.

On the expenditure to exchequer analysis, several departments (Office of the Governor, County Public Service Board, Public Service and Administration) had more than 100% expenditure to exchequer. This was due to varying/diversion of requisitioned exchequer in the affected departments.

3.6.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. High level of pending bills, which amounted to Kshs.2.11 billion as of 30th September 2023.
2. Use of manual payroll. Personnel emoluments amounting to Kshs.29.3 million were processed through the manual payroll, accounting for 4.09 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
3. Failure to implement development expenditure programmes during the period.
4. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.35, where the County incurred expenditure over approved exchequer issues.

The County should implement the following recommendations to improve budget execution:

1. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the financial year.*
2. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
3. *The County leadership should prioritise the implementation of the development budget in order to achieve the objectives set in the planning documents.*
4. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*

3.7. County Government of Garissa

3.7.1 Overview of FY 2023/24 Budget

The County's approved FY 2023/24 budget was Kshs.10.36 billion, comprising Kshs.3.73 billion (36.0 per cent) and Kshs.6.63 billion (64.0 per cent) allocation for development and recurrent programmes, respectively. The approved budget estimates represented an increase of 13.0 per cent compared to the previous financial year when the approved budget was Kshs.9.16 billion and comprised Kshs.2.81 billion towards development expenditure and Kshs.6.35 billion for recurrent expenditure.

To finance the budget, the County expects to receive Kshs.8.25 billion (79.6 per cent) as the equitable share of revenue raised nationally, Kshs.91.0 million (0.9 per cent) as Facility Improvement Fund (revenue from health facilities), Kshs.1.24 billion (12.0 per cent) as conditional grants, a cash balance of Kshs.634.18 million (6.1 per cent) brought forward from FY 2022/23, and generate Kshs.139.0 million (1.3 per cent) as ordinary own-source revenue. A breakdown of the conditional grants is provided in Table 3.38.

3.7.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.1.36 billion as the equitable share of the revenue raised nationally, Kshs.21.71 million as FIF, Kshs.160 million as conditional grants, had a cash balance of Kshs.634.18 million from FY 2022/23, and generated Kshs.21.34 million as own-source revenue. The total funds available for budget implementation during the period amounted to Kshs.2.20 billion, as shown in Table 3.38.

In the first quarter of FY 2023/24, the County generated a total of Kshs.43.05 million from its revenue sources, including FIF. The County Treasury did not provide receipts of FIF in the previous financial year. This amount represented an increase of 326.4 per cent compared to Kshs.10.10 million realised in FY 2022/23 and was 18.7 per cent of the annual target and 3.2 per cent of the equitable revenue share disbursed during the period. The revenue streams which contributed the highest OSR receipts are shown in Figure 20.

Figure 20: Top Streams of Own Source Revenue in the First Quarter of FY 2023/24 (in Kshs)

The highest revenue stream of Kshs.21.71 million was from the Health Sector (Facility Improvement Fund (FIF)), contributing to 50 per cent of the total OSR receipts during the reporting period.

3.7.3 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.1.71 billion from the CRF account during the reporting period, which comprised Kshs.537.50 million (31.5 per cent) for development programmes and Kshs.1.17 billion (68.5 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first quarter of FY 2023/24 indicates that Kshs.706.66 million was released towards Employee Compensation, and Kshs.463.59 million was for Operations and Maintenance expenditure.

The available cash balance in the County Revenue Fund Account at the end of the first quarter of FY 2023/24 was Kshs.241.36 million.

3.7.4 County Expenditure Review

The County spent Kshs.1.52 billion on development and recurrent programmes in the reporting period. The expenditure represented 89.1 per cent of the total funds released by the CoB and comprised Kshs.377.50 million and Kshs.1.14 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 10.1 per cent, while recurrent expenditure represented 17.3 per cent of the annual recurrent expenditure budget.

3.7.5 Settlement of Pending Bills

At the beginning of FY 2023/24, the County reported a stock of pending bills amounting to Kshs.910.28 million, comprising Kshs.152.03 million for recurrent expenditure and Kshs.758.25 million for development activities. In the first quarter of FY 2023/24, pending bills amounting to Kshs.304.00 million were settled, consisting of Kshs.100 million for recurrent expenditure and Kshs.204.00 million for development programmes. Therefore, as of 30th September 2023, the outstanding amount was Kshs.606.28 million.

3.7.6 Expenditure by Economic Classification

Analysis of expenditure by economic classification indicates that the County Executive spent Kshs.680.67 million on employee compensation, Kshs.326.84 million on operations and maintenance, and Kshs.372.50 million on development activities. Similarly, the County Assembly spent Kshs.90.82 million on employee compensation, Kshs.46.15 million on operations and maintenance, and Kshs.5 million on development activities, as shown in Table 3.39.

3.7.7 Expenditure on Employees' Compensation

In the first three months of FY 2023/24, expenditure on employee compensation was Kshs.771.48 million, or 35.1 per cent of the available revenue, which amounted to Kshs.2.20 billion. This expenditure represented a decrease from Kshs.1.39 billion reported in the first quarter of FY 2022/23. The wage bill included Kshs.160.0 million paid to health sector employees, translating to 20.7 per cent of the total wage bill.

Further analysis indicates that PE costs amounting to Kshs.627.69 million were processed through the Integrated Personnel and Payroll Database (IPPD) system, while Kshs.143.80 million was processed through manual payrolls. The manual payrolls accounted for 18.6 per cent of the total PE cost.

The County Assembly spent Kshs.4.87 million on committee sitting allowances for the 48 MCAs and the Speaker against the annual budget allocation of Kshs.30 million. The average monthly sitting allowance was Kshs.33,146 per MCA. The County Assembly has established 19 Committees.

3.7.8 County Emergency Fund and County-Established Funds

Section 110 of the PFM Act 2012 establishes the Emergency Fund, while Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly.

3.7.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was submitted on 27th October, 2023.
2. High level of pending bills, which amounted to Kshs.606.28 million as of 30th September 2023.
3. Use of manual payroll. Personnel emoluments amounting to Kshs.143.80 million were processed through the manual payroll, accounting for 18.6 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the financial year.*
3. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

Sub-programmes with the highest levels of recurrent budget implementation based on absorption rates were: General Logistics, Coordination and Asset Management Services in the County Department of Finance and Economic Planning at 52.2 per cent; Public participation and education services and Report writing services in the County Assembly Service Board at 43.8 per cent and 43.5 per cent of budget allocation respectively and Policy and Planning Services in the Department of Water Sanitation, Irrigation, Environment, Energy And Climate Change at 42.5 per cent of budget allocation.

3.8.14 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Huge pending bills amounting to Kshs.1.01 billion as of 30th September 2023.
2. A high wage bill, which accounted for 54.4 per cent of the realised revenue in the first three months of FY 2023/24 of Kshs.1.63 billion, thus constraining funding to other programmes.
3. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Homa Bay County Car Loan and Mortgage Scheme Fund and MCA's Car and Loan and Mortgage Scheme Fund were not submitted to the Controller of Budget.

4. Use of manual payroll. Personnel emoluments amounting to Kshs.240.85 million were processed through the manual payroll, accounting for 27.1 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*
2. *The County Public Service Board should establish an optimal staffing structure to ensure expenditure on personnel emoluments complies with Regulation 25 (1) (b) of the Public Finance Management (County Governments) Regulations, 2015.*
3. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
4. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

3.9. County Government of Isiolo

3.9.1 Overview of FY 2023/24 Budget

The County's approved budget for the FY 2023/24 was Kshs.5.33 billion, comprising Kshs.1.58 billion (29.6 per cent) and Kshs.3.75 billion (70.4 per cent) allocation for development and recurrent programmes, respectively. The approved budget estimates represented a decrease of 1.8 per cent compared to the previous financial year when the approved budget was Kshs.5.43 billion and comprised Kshs.1.93 billion towards development expenditure and Kshs.3.50 billion for recurrent expenditure.

To finance the budget, the County expects to receive Kshs.4.90 billion (91.9 per cent) as the equitable share of revenue raised nationally, Kshs.3.57 million (0.1 per cent) as Appropriations-in-Aid (A-I-A) from Facility Improvement Fund (revenue from health facilities), Kshs.163.24 million (3.1 per cent) as conditional grants, and generate Kshs.267.63 million (5.0 per cent) as ordinary own-source revenue. A breakdown of the conditional grants is provided in Table 3.50.

3.9.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.1.22 billion as the equitable share of the revenue raised nationally, Kshs.31.46 million as conditional grants, had a cash balance of Kshs.182.27 million from FY 2022/23, Kshs.33.70 million as FIF and raised Kshs.64.77 million as own-source revenue. The total funds available for budget implementation during the period amounted to Kshs.1.54 billion, as shown in Table 3.50.

FIF performance above 100 per cent is due to payment of a pending NHIF debt to the county and automation of hospital revenue collection.

Figure 25 shows the trend in own-source revenue collection from the first quarter of FY 2016/17 to the first quarter of FY 2023/24.

In the first quarter of FY 2023/24, the County generated a total of Kshs.98.46 million from its sources of revenue, inclusive of FIF and AIA. This amount represented an increase of 76.9 per cent compared to Kshs.55.65 million realised in FY 2022/23 and was 36.3 per cent of the annual target and 8 per cent of the equitable revenue share disbursed during the period. The OSR includes revenue arrears and penalties charged on the fees and levies from previous financial years of Kshs.8.33 million. The revenue streams which contributed the highest OSR receipts are shown in Figure 26.

Figure 26: Top Streams of Own Source Revenue in the First Quarter of FY 2023/24 (in Kshs)

The increase in revenue by 76.9 per cent may be attributed to the revival of revenue streams that initially reported less revenue, Revenue collection supervision change, and partial automation. The highest revenue stream of Kshs.51.37 million was from the Game park entrance/ royalties fee, contributing to 52.2 per cent of the total OSR receipts during the reporting period.

Sub-programmes with the highest levels of implementation based on absorption rates were: Tourism Development in the Department of Tourism, Culture and Trade, including PSM at 149.9 per cent, Human Resource Planning & Development in the Department of County Executive Sector at 50 per cent, Disaster Risk Awareness Preparedness & Management in the Department of County Treasury and Economic Planning and Special Programme and ICT and Cohesion at 50 per cent, and Monitoring and Evaluation Programme at 50 per cent of budget allocation.

The reported recurrent expenditure by programmes exceeded the recurrent expenses reported for the same period by the County Treasury, which shows a failure to reconcile records continuously.

3.9.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The County Executive submitted their report to OCoB on 27th October 2023
2. High level of pending bills which amounted to Kshs.432.25 million as of 30th September 2023.
3. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.55, where the County incurred expenditure over approved exchequer issues in two departments.
4. Use of manual payroll. Personnel emoluments amounting to Kshs.6.72 million were processed through the manual payroll, accounting for 1.3 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the financial year.*
3. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
4. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

Sub-programmes with the highest levels of implementation based on absorption rates were: Energy in the Department of Roads, Transport, Public Works and Energy at 27.8 per cent, General Administration, Planning and Support Service in the Department of Education, Youth and Sport at 27.5 per cent, Roads in the Department of Roads, Transport, Public Works and Energy at 26.1 per cent, and Fisheries at 24.4 per cent of budget allocation.

3.10.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 25th October, 2023.
2. The underperformance of own-source revenue at Kshs.165.11 million against an annual projection of Kshs. 1.52 billion, representing 10.9 per cent of the annual target.
3. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.61, where the County incurred expenditure over approved exchequer issues in several departments.
4. High level of pending bills, which amounted to Kshs.1.54 billion as of 30th September 2023. This is despite the availability of Kshs.744.86 million in the CRF account at the end of the reporting period.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
3. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
4. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year.*

3.11.13 Budget Execution by Programmes and Sub-Programmes

The County government failed to provide a report on the budget execution by programmes and sub-programmes.

3.11.14 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the OCoB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Assembly to the Controller of Budget affected the timely preparation of the budget implementation report. As of 22nd November, 2023, the County government had not provided complete information to the Controller of Budget. Further, there was a failure to adopt the OCOB-recommended reporting template.
2. The underperformance of own-source revenue at Kshs.156.46 million against an annual projection of Kshs.2.00 billion, representing 7.1 per cent of the annual target.
3. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.67, where the County incurred expenditure over approved exchequer issues in several departments.
4. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Emergency Fund and Farm Input Fund were not submitted to the Controller of Budget.
5. High level of pending bills, which amounted to Kshs.1.31 billion as of 30th September 2023.
6. Use of manual payroll. Personnel emoluments amounting to Kshs.52.64 million were processed through the manual payroll, accounting for 3.9 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County Assembly should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012. Further, county entities should adhere to the OCoB recommended templates for submitting reports and all planning framework documents as stipulated in the Controller of Budget Act 2016.*
2. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
3. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
4. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
5. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*
6. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

Sub-programmes with the highest levels of implementation based on absorption rates were: Social Welfare Services/ Social Infrastructure Development in the Department of Gender and Social Development at 33.0 per cent, Gender and Social Development in the Department of Livestock Resource Management and Development at 27 per cent,

3.12.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation. The report was submitted on 27th October 2023.
2. The underperformance of own-source revenue at Kshs.66.19 million against an annual projection of Kshs.1.27 billion, representing 12.5 per cent of the annual target.
3. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.71, where the County incurred expenditure over approved exchequer issues in several departments.
4. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB contrary to Section 168 of the PFM Act, 2012. The reports for the Kericho County Emergency Fund, Kericho County Executive Staff Mortgage Fund, Kericho County Executive Car Loan, Car loans for MCA'S and Car loans/Mortgage for Staff Fund were not submitted to the Controller of Budget.
5. High level of pending bills, which amounted to Kshs.348.99 million as of 30th September 2023.
6. Use of manual payroll. Personnel emoluments amounting to Kshs.49.90 million were processed through the manual payroll, accounting for 8.7 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
3. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
4. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
5. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year.*
6. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

The CoB received all the quarterly financial returns from Fund Administrators during the reporting period, as indicated in Table 3.75. Further analysis established that all the County established funds for both the County Executive and County Assembly operated commercial bank accounts contrary to section 82(1)(a) of the PFM (County Regulations) 2015, which requires all government bank accounts be opened and operated at the Central bank of Kenya.

Further, the monies for the Kiambu County Facility Improvement Fund are drawn from the Fund as an AIA through a County legislation, the Kiambu County Health Services Act 2019, and spent outside the prescribed financial system (IFMIS) contrary to the provisions of the PFM Act 2012.

Analysis of expenditure by department shows that the Department of Health Services recorded the highest absorption rate of development budget at 15.1 per cent, followed by the Department of Roads, Transport and Public Works at 9.6 per cent. The Department of Health Services had the highest percentage of recurrent expenditure to budget at 26.4 per cent, while the Department of Trade, Tourism, Industry and Co-operative had the lowest at 2.0 per cent.

Further analysis shows expenditures to exchequer issues for the Department of Health Services is at 138.7 per cent for recurrent expenditure, which is above 100 per cent as indicated by the financial statements using payments done at the IFMIS level. This also applies to the Department of County Executive (168.6 per cent) and the Department of Trade, Tourism, Industry and Co-operative (105.8 per cent). Generally, many transactions may appear as having been paid at IFMIS. However, in practice, they are awaiting funding at the CBK Internet Banking (IB) level, resulting in the variance.

The approved recurrent budget for the County Executive is Kshs.689.62 million, which is within the recurrent expenditure ceiling set in the County Allocation of Revenue Act (CARA) 2023 of Kshs.689.62 million. The County Executive, therefore, complied with the CARA ceiling. On the other hand, the Kiambu County Assembly's approved recurrent budget is Kshs.1.44 billion, which exceeded the recurrent expenditure ceiling set in the County Allocation of Revenue Act, 2023 of Kshs.1.35 billion. The allocation is attributed to the allocation to MCA Car Reimbursement of Kshs.90.43 million.

Sub-programmes with the highest levels of implementation based on absorption rates were: Pre-Primary education and youth polytechnics services in the Department of Education, Culture and Social Services at 55.1 per cent, Administration and Support services in the Department of Health Services at 36.2 per cent, Sports in the Department of Youth and Sports at 35.3 per cent, and Budget in the Department of Finance, Economic Planning and ICT at 31.8 per cent of budget allocation.

3.13.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.830.53 million against an annual projection of Kshs.7.98 billion, representing 10.4 per cent of the annual target.
2. High level of pending bills, which amounted to Kshs.5.62 billion as of 30th September 2023 despite having a bank balance of Kshs.1.14 billion in the CRF.

3. Use of manual payroll. Personnel emoluments amounting to Kshs.49.64 million were processed through the manual payroll, accounting for 2.8 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
4. The County failed to budget for the cash balance brought forward from FY 2022/23 of Kshs.2.55 billion in the approved estimates for FY 2023/24.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*
3. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
4. *The County Treasury should budget for the cash balance brought forward from FY 2022/23 of Kshs.2.55 billion in the supplementary budget for FY 2023/24.*

3.14. County Government of Kilifi

3.14.1 Overview of FY 2023/24 Budget

The County's approved budget for the FY 2023/24 was Kshs.18.74 billion, comprising Kshs.8.13 billion (43.4 per cent) and Kshs.10.61 billion (56.6 per cent) allocation for development and recurrent programmes, respectively. The approved budget estimates represented an increase of 18.4 per cent compared to the previous financial year when the approved budget was Kshs.15.83 billion and comprised of Kshs.6.72 billion towards development expenditure and Kshs.9.11 billion for recurrent expenditure.

To finance the budget, the County expects to receive Kshs.11.91 billion (63.6 per cent) as the equitable share of revenue raised nationally, Kshs.200 million (1.1 per cent) as Facility Improvement Fund (revenue from health facilities), Kshs.2.52 billion (13.4 per cent) as conditional grants, a cash balance of Kshs.2.52 billion (13.4 per cent) was brought forward from FY 2022/23 and generate Kshs.1.59 billion (8.5 per cent) as ordinary own-source revenue. A breakdown of the conditional grants is provided in Table 3.80.

3.14.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.1.03 billion as the equitable share of the revenue raised nationally, Kshs.64.82 million as FIF, had a cash balance of Kshs. 2.52 billion from FY 2022/23, and raised Kshs.139.55 million as own-source revenue. The total funds available for budget implementation during the period amounted to Kshs.3.75 billion, as shown in Table 3.80.

The report on budget execution by programmes and sub-programmes showed some sub-programmes with over 100 per cent performance, which is irregular. Further, this report differed from the report submitted by the County Government on department expenditure. The County Treasury should address the inconsistencies in reporting to ensure the reports are credible.

3.14.12 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was submitted on 26TH October 2023.
2. The underperformance of own-source revenue at Kshs.204.64 million against an annual projection of Kshs.1.79 billion, representing 11.4 per cent of the annual target
3. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Wezesha Fund, County Executive Car Loan & Mortgage Fund, County Assembly Car Loan & Mortgage Fund, County Ward Scholarship Fund and County Emergency Fund were not submitted to the Controller of Budget.

4. High level of pending bills, which amounted to Kshs.1.82 billion as of 30th September 2023. Despite CRF having s Kshs.1.56 billion.
5. Inconsistency in financial reporting. The expenditure report on programs and sub-programs does not tally with department expenditures.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
3. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
4. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*
5. *The County Treasury should ensure they address the issue of reporting inconsistently by reconciling their expenditure by programs and sub-programs and expenditure by departments.*

Sub-programmes with the highest levels of implementation based on absorption rates were: Fire Fighting and Emergency Services in the Department of Transport and Infrastructure at 59.1 per cent, Finance Services in the Department of Finance and Economic Planning at 30.2 per cent, Agricultural Extension Services in the Department of Agriculture, Livestock and Fisheries at 27.0 per cent, and Legislation and Oversight in the County Assembly at 22.5 per cent of budget allocation.

3.15.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.93.11 million against an annual projection of Kshs.550 million, representing 16.9 per cent of the annual target.
2. High level of pending bills, which amounted to Kshs.656.15 million as of 30th September 2023. This is despite the availability of Kshs.651.07 million in the CRF account at the end of the reporting period.
3. Use of manual payroll. Personnel emoluments amounting to Kshs.33.06 million were processed through the manual payroll, accounting for 6.7 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the financial year.*
3. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

3.16.1 Overview of FY 2023/24 Budget

The County's approved budget for the FY 2023/24 was Kshs.13.81 billion, comprising Kshs.5.15 billion (37.3 per cent) and Kshs.8.66 billion (62.7 per cent) allocation for development and recurrent programmes, respectively. To finance the budget, the County expects to receive Kshs.9.25 billion (67 per cent) as the equitable share of revenue raised nationally, Kshs.1.56 billion as conditional grants, a cash balance of Kshs. 2.35 billion (17 per cent) brought forward from FY 2022/23, and generate Kshs.650 million (4.7 per cent) as ordinary own-source revenue. A breakdown of the conditional grants is provided in Table 3.92.

3.16.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.786.98 million as the equitable share of the revenue raised nationally, Kshs.174.43 million as FIF, had a cash balance of Kshs.2.33 billion from FY 2022/23, and raised Kshs.71.46 million as own-source revenue. However, there were no funds received for conditional grants. The total funds available for budget implementation during the period amounted to Kshs.3.36 billion, as shown in Table 3.92.

Sub-programmes with the highest levels of implementation based on absorption rates were: Sports development (KICOSCA Games and other Sporting Activities) in the Department of Culture and Social Services at 30.5 per cent, Administration, Coordination and Support Services in the Department of Finance and Economic Planning at 23.9 per cent, Oversight and Legislative Services in the County Assembly at 23.7 per cent, and General administration and planning services at 22.8 per cent of budget allocation.

3.16.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs. 71.46 million against an annual projection of Kshs.650 million, representing 11 per cent of the annual target.

2. Low absorption of development funds as indicated by the expenditure of Kshs 89.95 million from the annual development budget allocation of Kshs.5.15 billion. The development expenditure represented 1.7 per cent of the annual development budget.
3. High level of pending bills, which amounted to Kshs.1.26 billion as of 30th September 2023. This is despite the availability of Kshs.1.49 billion in the CRF Account as of the end of the reporting period.
4. Huge wage bill, which accounted for 40.45 per cent of the revenue for the first quarter of FY 2023/24 of Kshs.3.36 billion during the reporting period, thus constraining funding to other programmes.
5. Use of manual payroll. Personnel emoluments amounting to Kshs.12.98 million were processed through the manual payroll, accounting for 1 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County should institute measures to enhance its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The County should identify and address issues causing delays in implementing development projects.*
3. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*
4. *The County Public Service Board should develop an optimal staffing structure and devise strategies to address the escalating wage bill.*
5. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

3.17.1 Overview of FY 2023/24 Budget

The County's approved FY 2023/24 budget was Kshs.13.61 billion, comprising Kshs.4.46 billion (32.7 per cent) and Kshs.9.16 billion (67.3 per cent) allocation for development and recurrent programmes, respectively. The approved budget estimates represented an increase of 13.1 per cent compared to the previous financial year when the approved budget was Kshs.12.04 billion and comprised of Kshs3.81 billion towards development expenditure and Kshs.8.22 billion for recurrent expenditure.

The report of budget execution by programmes and sub-programmes for the County Assembly had negative budget allocations for several sub-programmes, which should be corrected in IFMIS as this is a system-generated report and affects the credibility of the budget implementation report.

3.17.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.125.86 million against an annual projection of Kshs.1.68 billion, representing 7.5 per cent of the annual target.
2. High level of pending bills, which amounted to Kshs.1.90 billion as of 30th September 2023.
3. Use of manual payroll. Personnel emoluments amounting to Kshs.74.71 million were processed through the manual payroll, accounting for 5.9 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year.*
3. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

3.18.1 Overview of FY 2023/24 Budget

The County's approved FY 2023/24 budget was Kshs.11.89 billion, comprising Kshs.3.58 billion (30.1 per cent) and Kshs.8.31 billion (69.9 per cent) allocation for development and recurrent programmes, respectively. The approved budget estimates represented an increase of 3.4 per cent compared to the previous financial year when the approved budget was Kshs.11.5 billion and comprised Kshs.3.4 billion towards development expenditure and Kshs.8.1 billion for recurrent expenditure.

To finance the budget, the County expects to receive Kshs.10.83 billion (82.3 per cent) as the equitable share of revenue raised nationally, Kshs.370.64 million (2.8 per cent) as Appropriations-in-Aid (A-I-A), Kshs.562.09 million (4.3 per cent) as conditional grants, a cash balance of Kshs.889.14 million (6.8 per cent) brought forward from FY 2022/23 and generate Kshs.500 million (3.8 per cent) as ordinary own-source revenue. A breakdown of the conditional grants is provided in Table 1.

3.18.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.920.51 million as the equitable share of the revenue raised nationally, Kshs.92.66 million as Appropriations-in-Aid (A-I-A), had a cash balance of Kshs.889.14 million from FY 2022/23, and raised Kshs.111.55 million as own-source revenue. The total funds available for budget implementation during the period amounted to Kshs.2.11 billion, as shown Table 3.104.

Sub-programmes with the highest levels of implementation based on absorption rates were: Curative Health Services in the Department of Health and Sanitation at 50 per cent, General administration, planning and support services in the Department of the Office of the Governor at 39.3 per cent, and Public Financial management in the Department of Finance and economic planning at 39.2 per cent.

3.18.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation.

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The County Executive submitted report to OCOB on 26th October 2023
2. High level of pending bills, which amounted to Kshs.1.44 billion as of 30th September 2023.
3. Diversion of funds by the County Treasury and poor budgeting practice as shown in Table 5 where the County incurred expenditure over approved exchequer issues in several departments.
4. Use of manual payroll. Personnel emoluments amounting to Kshs.83 million were processed through manual payrolls. The manual payrolls accounted for 6.9 per cent of the total PE cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year.*
3. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*

4. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

3.19. County Government of Kwale

3.19.1 Overview of FY 2023/24 Budget

The County's approved budget for the FY 2023/24 was Kshs.10.97 billion, comprising Kshs.4.42 billion (40.2 per cent) and Kshs.6.56 billion (59.8 per cent) allocation for development and recurrent programmes, respectively. The approved budget estimates represented an increase of 27.9 per cent compared to the previous financial year when the approved budget was Kshs.8.58 billion and comprised Kshs.2.54 billion towards development expenditure and Kshs.6.04 billion for recurrent expenditure.

To finance the budget, the County expects to receive Kshs.8.58 billion (78.2 per cent) as the equitable share of revenue raised nationally, Kshs.1.07 billion as conditional grants (9.7 per cent), Kshs.720 million from mining royalties (6.6 per cent) and generate Kshs.600 million (5.5 per cent) as ordinary own-source revenue. A breakdown of the conditional grants is provided in Table 3.110.

3.19.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.1.42 billion as the equitable share of the revenue raised nationally and raised Kshs.71.08 million as own-source revenue. The total funds available for budget implementation during the period amounted to Kshs.1.49 billion, as shown in Table 3.110.

The County Treasury did not disaggregate the reported realised revenue of Kshs.71.08 million into the Facility Improvement Fund and Appropriations in Aid. This realised amount represented an increase of 49.4 per cent compared to Kshs.47.59 million reported in FY 2022/23 and was 4.8 per cent of the annual target and 5.0 per cent of the equitable revenue share disbursed during the period. The OSR includes revenue arrears and penalties charged on the fees and levies from previous financial years of Kshs.5.48 million. The revenue streams which contributed the highest OSR receipts are shown in Figure 56.

Figure 56: Top Streams of Own Source Revenue in the First Quarter of FY 2023/24 (in Kshs)

The highest revenue stream of Kshs.36.15 million was from Hospital fees, contributing to 51 per cent of the total OSR receipts during the reporting period.

3.19.3 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.2.28 billion from the CRF account, which comprised Kshs.247.37 million (10.9 per cent) for development programmes and Kshs.2.03 billion (89.1 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first quarter of FY 2023/24 indicates that Kshs.1.37 billion was released towards Employee Compensation, and Kshs.460.43 million was for Operations and Maintenance expenditure.

The available cash balance in the County Revenue Fund Account at the end of the first quarter of FY 2022/23 was Kshs.698.19 million.

3.19.4 County Expenditure Review

The County spent Kshs.1.63 billion on development and recurrent programmes in the reporting period. The expenditure represented 71.5 per cent of the total funds released by the CoB and comprised Kshs.227.19 million and Kshs.1.40 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 5.1 per cent, while recurrent expenditure represented 21.4 per cent of the annual recurrent expenditure budget.

3.19.5 Settlement of Pending Bills

At the beginning of FY 2023/24, the County reported a stock of pending bills amounting to Kshs.260.12 million for recurrent expenditure activities. In the first quarter of FY 2023/24, pending bills amounting to Kshs.84.05 million were settled. Therefore, as of 30th September 2023, the outstanding amount was Kshs.184.12 million.

3.19.6 Expenditure by Economic Classification

Analysis of expenditure by economic classification indicates that the County Executive spent Kshs.898.88 billion on employee compensation, Kshs.435.23 million on operations and maintenance, and Kshs.227.19 million on development activities. Similarly, the County Assembly spent Kshs.45.55 million on employee compensation and Kshs.23.88 million on operations and maintenance, as shown in Table 3.111.

3.19.7 Expenditure on Employees' Compensation

In the first three months of FY 2023/24, expenditure on employee compensation was Kshs.943.43 million, or 63.4 per cent of the available revenue, which amounted to Kshs.2.28 billion. This expenditure represented a decrease from Kshs.3.29 billion reported in the first quarter of FY 2022/23. The wage bill included Kshs.484.57 million paid to health sector employees, translating to 51.4 per cent of the total wage bill.

Further analysis indicates that PE costs amounting to Kshs.911.68 million were processed through the Integrated Personnel and Payroll Database (IPPD) system, while Kshs.31.75 million was processed through manual payrolls. The manual payrolls accounted for 3.4 per cent of the total PE cost.

The County Assembly spent Kshs.5.72 million on committee sitting allowances for the 30 MCAs and the Speaker against the annual budget allocation of Kshs.43.25 million. The average monthly sitting allowance was Kshs.61,547 per MCA. The County Assembly has established 22 Committees.

3.19.8 County Emergency Fund and County-Established Funds

Section 110 of the PFM Act 2012 establishes the Emergency Fund, while Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly.

The County allocated Kshs.505 million to county-established funds in FY 2023/24, constituting 0.05 per cent of the County's overall budget. Table 3.112 summarises each established Fund's budget allocation and performance during the reporting period.

The report on budget execution by programmes differs from the reports submitted by the County Treasury. This is a sign of a lack of frequent reconciliation of reports in the IFMIS system and affects the credibility of reports on budget execution by the county government of Kwale.

3.19.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was submitted on 24th October, 2023.
2. The under performance of own-source revenue at Kshs.71.08 million against an annual projection of Kshs.600 million, representing 4.8 per cent of the annual target.
3. Use of manual payroll. Personnel emoluments amounting to Kshs.31.75 million were processed through the manual payroll, accounting for 3.4 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
3. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

Analysis of expenditure by department shows that the Department of Health and Sanitation recorded the highest absorption rate of development budget at 16.8 per cent, followed by the Department of Finance, Economic Planning and the County Treasury at 14.3 per cent. The Department of Finance, Economic Planning and the County Treasury had the highest percentage of recurrent expenditure to budget at 39.3 per cent.

The departments of County Administration, Public Service, Office of the Governor, Health and Sanitation, Agriculture, Livestock and Fisheries, and County Assembly incurred expenditure above exchequer issues. This is irregular and should be corrected by the respective accounting officers.

The allocation for recurrent expenditure for the County Assembly amounts to Kshs.565.81 million against the CARA, 2023 ceiling of Kshs.545.81 million and therefore not in line with the law. Similarly, the County Executive recurrent budget allocation amounts to Kshs.3.32 billion (which includes all County Executive department's personnel emoluments) expenditure and is above the CARA, 2023 ceiling of Kshs.429.23 million.

3.20.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The reports were received between 25th October to 3rd November 2023.
2. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.117, where the County incurred expenditure over approved exchequer issues in several departments.
3. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for all the county-established Funds except the County Emergency Fund were not submitted to the Controller of Budget.
4. High level of pending bills, which amounted to Kshs.2.06 billion as of 30th September 2023.
5. Use of manual payroll. Personnel emoluments amounting to Kshs.165.51 million were processed through the manual payroll, accounting for 26.3 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
6. Failure to align the budget for the County Assembly and the County Executive to the ceiling in CARA 2023.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
3. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
4. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the financial year.*
5. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
6. *The County government should prepare a supplementary budget to align the recurrent expenditure budget allocation for the County Assembly and the County Executive with the law.*

Sub-programmes with the highest levels of implementation based on absorption rates were: Social Services in the Department of Education, Gender, Youth Affairs, Sports & at 37.9 per cent, Administration, planning and Support Services in the Department of County Executive at 6.9 per cent, Infrastructure Development in the Department of Infrastructure and Energy at 4.9 per cent, and Water management, Conservation & Provision in the Department of Water Management and Conservation at 4.7 per cent of budget allocation.

3.21.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 31st October 2023.
2. The underperformance of own-source revenue at Kshs.15.29 million against an annual projection of Kshs.350 million, representing 4.4 per cent of the annual target.
3. Use of manual payroll. Personnel emoluments amounting to Kshs.46.08 million were processed through the manual payroll, accounting for 16.5 per cent of the total payroll cost. The manual payroll is prone to

abuse and may lead to the loss of public funds where there is a lack of proper controls.

4. Failure to settle pending bills during the period despite the availability of Kshs.603.81 million in the CRF account as of 30th September 2023.
5. The County Assembly spent Kshs.17.28 million on foreign travel during the period which may be wasteful expenditure.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
3. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
4. *The County Treasury should prioritise the settlement of pending bills in the remaining period of the financial year.*
5. *The County leadership should curtail and regulate expenditure on foreign travel in order to make savings for key programmes.*

3.22. County Government of Machakos

3.22.1 Overview of FY 2023/24 Budget

The County's approved FY 2023/24 budget was Kshs.14.75 billion, comprising Kshs.5.16 billion (35 per cent) and Kshs.9.59 billion (65 per cent) allocation for development and recurrent programmes, respectively. The approved budget estimates represented an increase of 17.6 per cent compared to the previous financial year when the approved budget was Kshs.12.54 billion and comprised Kshs.3.77 billion towards development expenditure and Kshs.8.78 billion for recurrent expenditure.

To finance the budget, the County expects to receive Kshs.9.55 billion (64.7 per cent) as the equitable share of revenue raised nationally, Kshs.1.01 billion (6.8 per cent) as Facility Improvement Fund (revenue from health facilities), Kshs.100 million from Asset Disposal, Kshs.1.09 billion as conditional grants, and generate Kshs.2.99 billion (20.3 per cent) as ordinary own-source revenue. A breakdown of the conditional grants is provided in Table 3.129.

3.22.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.811.52 million as the equitable share of the revenue raised nationally, Kshs.17.79 million as FIF, had a cash balance of Kshs.1.45 billion from FY 2022/23, and raised Kshs.86.02 million as own-source revenue. The total funds available for budget implementation during the period amounted to Kshs.2.37 billion, as shown in Table 3.129.

In the first quarter of FY 2023/24, the County generated a total of Kshs.103.82 million from its revenue sources, including FIF of Kshs.17.79 million. This amount represented a decrease of 47.5 per cent compared to Kshs.197.86 million realised in FY 2022/23 and was 2.6 per cent of the annual target and 12.8 per cent of the equitable revenue share disbursed during the period. The revenue streams which contributed the highest OSR receipts are shown in Figure 65.

Figure 65: Top Streams of Own Source Revenue in the First Quarter of FY 2023/24 (in Kshs)

The decrease in revenue collection may be attributed to the decentralisation of revenue collection to departments. The highest revenue stream of Kshs.18.79 million was from Building Plans Approval, contributing to 18 per cent of the total OSR receipts during the reporting period.

3.22.3 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.1.54 billion from the CRF account during the reporting period for recurrent programmes only. 3.22.14 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was submitted on 27th October, 2023.
2. The underperformance of own-source revenue at Kshs.103.82 million against an annual projection of Kshs.4.01 billion, representing 2.6 per cent of the annual target. The revenue target of Kshs.4.01 billion seems unachievable considering the trend of own source revenue collection of Kshs.1.12 billion and Kshs.1.43 billion for the previous financial years 2021/22 and 2022/23 respectively.
3. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.128, where the County incurred expenditure over approved exchequer issues.
4. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Bursary Fund, County Assembly Car Loan and Mortgage Fund were not submitted to the Controller of Budget.
5. High level of pending bills, which amounted to Kshs.2.56 billion as of 30th September 2023. This is despite the availability of Kshs.860.70 million as of 30th September 2023.
6. Use of manual payroll. Personnel emoluments amounting to Kshs.108.17 million were processed through the manual payroll, accounting for 6.9 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.
2. The County should address its own-source revenue performance to ensure the approved budget is fully financed.

3. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
4. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
5. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year.*
6. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

Sub-programmes with the highest level of implementation based on absorption rates was General Administration in the Department of Agriculture, Irrigation and Livestock at 63.9 per cent. In contrast, a good number of sub-programs had no expenditure of budget allocation as analysed in Table 3.138 above.

3.23.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the OCOB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget, which affected the timely preparation of the budget implementation report. The report was received on 3rd November 2023.
2. A low development expenditure of kshs.1.32 million was reported in the first quarter of FY 2023/24.
3. Failure to budget for unspent cash balances from the previous financial year of Kshs.487.28 million.

The County should implement the following recommendations to improve budget execution;

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County Executive to ensure development projects are implemented as planned.*
3. *The County Treasury should prepare a supplementary budget and capture the unspent cash balances to ensure multi-year programmes are fully funded.*

3.24.7 Expenditure on Employees' Compensation

In the first three months of FY 2023/24, expenditure on employee compensation was Kshs.767.13 million, or 30.9

per cent of the available revenue, which amounted to Kshs.2.48 billion. This expenditure represented a decrease from Kshs.1.49 billion reported in the first quarter of FY 2022/23. The wage bill included Kshs.228.53 million paid to health sector employees, translating to 29.8 per cent of the total wage bill. The significant decrease in Personnel Emoluments compared to the previous financial year is explained by delayed payment of salaries for the months of August and September 2023, which were done in the second quarter of the current financial year.

Further analysis indicates that PE costs amounting to Kshs.675.69 million were processed through the Integrated Personnel and Payroll Database (IPPD) system, while Kshs.91.44 million was processed through manual payrolls. The manual payrolls accounted for 11.9 per cent of the total PE cost.

Sub-programmes with the highest levels of implementation based on absorption rates were: General Administration and Planning in the Office of the Governor at 30.2 per cent, Economic Policy Formulation in the Department of Finance at 20.2 per cent, and Livestock Production in the Department of Agriculture at 14.6 per cent of budget allocation.

3.24.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The reports were received on 31st October 2023.
2. The underperformance of own-source revenue at Kshs.34.21 million against an annual projection of Kshs. 336.53 million, representing 10.2 per cent of the annual target.
3. Use of manual payroll. Personnel emoluments amounting to Kshs.91.44 million were processed through the manual payroll, accounting for 11.9 per cent of the total payroll cost.
4. Failure to settle pending bills, which amounted to Kshs.3.1 billion at the end of the reporting period. This is despite the availability of Kshs.861.79 million in the CRF account.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
3. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
4. *The County Leadership should ensure payment of pending bills is prioritised and settled on a first incurred, first paid basis.*

Sub-programmes with the highest levels of implementation based on absorption rates were: General administration planning and Support Services in the Department of Finance & Economic Planning at 44.9 per cent, Executive Infrastructure Development in the Department of Executive Services at 39.4 per cent, General Administration, Planning and Support Services in the Department of Agriculture, Livestock & Fisheries at 27.7 per cent, General Administration, Planning and Support Services in the Department of Health Services at 17.7 per cent of budget allocation.

3.25.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.22.49 million against an annual projection of Kshs.160 million, representing 14.1 per cent of the annual target.
2. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.149, where the County incurred expenditure over approved exchequer issues in several departments.
3. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Scholarship Fund, Emergency Fund, Car Loan and Mortgage (Executive), Car and Mortgage Loan Scheme for members of the County Assembly and Car and Mortgage Loan Scheme for County Assembly Staff Fund were not submitted to the Controller of Budget.
4. High level of pending bills, which amounted to Kshs.413.01 million as of 30th September 2023.
5. Use of manual payroll. Personnel emoluments amounting to Kshs.86.59 million were processed through

the manual payroll, accounting for 15.5 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
3. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
4. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*
5. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

3.26.1 Overview of FY 2023/24 Budget

The County's approved budget for the FY 2023/24 was Kshs.11.9 billion, comprising Kshs.3.68 billion (30.9 per cent) and Kshs.8.22 billion (69.1 per cent) allocation for development and recurrent programmes, respectively. A breakdown of the conditional grants is provided in Table 3.150.

3.26.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.2.47 billion as the equitable share of the revenue raised nationally, Kshs.156.52 million as FIF, and raised Kshs.65.02 million as own-source revenue. The total funds available for budget implementation during the period amounted to Kshs.2.69 billion, as shown in Table 3.150.

3.26.4 County Expenditure Review

The County spent Kshs.1.86 billion on development and recurrent programmes in the reporting period. 3.26.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.65.01 million against an annual projection of Kshs.550 million, representing 11.5 per cent of the annual target.
2. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.156, where the County incurred expenditure over approved exchequer issues in several departments.
3. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Executive Staff Housing Fund were not submitted to the Controller of Budget.
4. High level of pending bills, which amounted to Kshs.707.56 million as of 30th September 2023.
5. Use of manual payroll. Personnel emoluments amounting to Kshs.32.48 million were processed through the manual payroll, accounting for 2.6 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
6. The County Assembly spent Kshs.2.19 million on foreign travel during the period which may be wasteful expenditure.

The County should implement the following recommendations to improve budget execution:

1. The County should address its own-source revenue performance to ensure the approved budget is fully financed.
2. The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.
3. The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.
4. The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year.

5. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
6. *The County leadership should curtail and regulate expenditure on foreign travel in order to make savings for key programmes.*

3.27.1 Overview of FY 2023/24 Budget

The County's approved FY 2023/24 budget was Kshs.10.03 billion, comprising Kshs.3.07 billion (30.6 per cent) and Kshs.6.97 billion (69.4 per cent) allocation for development and recurrent programmes, respectively. 3.27.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.163, where the County incurred expenditure over approved exchequer issues in several departments.
2. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the County Executive Car Loans & House Mortgage Fund Scheme, Education & Scholarships fund, and County Assembly Car loans & Mortgage Fund Scheme were not submitted to the Controller of Budget
3. High level of pending bills which amounted to Kshs.1.33 billion as of 30th September 2023.
4. Use of manual payroll. Personnel emoluments amounting to Kshs.20.44 million were processed through the manual payroll, accounting for 3.5 per cent of the total payroll cost. The manual payroll is generated by the County Assembly. This is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
2. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
3. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*
4. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Assembly Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

3.28.1 Overview of FY 2023/24 Budget

The County's approved FY 2023/24 budget was Kshs.14.70 billion, comprising Kshs.5.43 billion (36.9 per cent) and Kshs.9.27 billion (63.1 per cent) allocation for development and recurrent programmes, respectively. The approved budget estimates represented an increase of 7.3 per cent compared to the previous financial year when the approved budget was Kshs.13.70 billion and comprised of Kshs.4.40 billion towards development expenditure and Kshs.9.30 billion for recurrent expenditure.

To finance the budget, the County expects to receive Kshs.7.86 billion (53.5 per cent) as the equitable share of revenue raised nationally, Kshs.1.59 billion (10.8 per cent) as conditional grants, and generate Kshs.5.25 billion (35.7 per cent) as ordinary own-source revenue. The County did not provide information on revenue expected from the health facilities as Facility Improvement Fund (FIF). A breakdown of the conditional grants is provided in Table 3.164.

3.28.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.1.30 billion as the equitable share of the revenue raised nationally, had a cash balance of Kshs.17.31 million from FY 2022/23 and raised Kshs.480.16 million as own-source revenue. The total funds available for budget implementation during the period amounted to Kshs.1.79 billion, as shown in Table 3.164.

The County Treasury did not provide information on receipts from the Facility Improvement Fund (revenue from the health sector). In the first quarter of FY 2023/24, the County generated a total of Kshs.480.16 million from its sources of revenue. This amount represented a decrease of 15.6 per cent compared to Kshs.568.87 million realised in the same period of FY 2022/23, which was 9.1 per cent of the annual target and 37.0 per cent of the equitable revenue share disbursed. The OSR includes revenue arrears and penalties charged on the fees and levies from previous financial years of Kshs.255.23 million. The revenue streams which contributed the highest OSR receipts are shown in Figure 83.

Figure 83: Top Streams of Own Source Revenue in the First Quarter of FY 2023/24

The highest revenue stream of Kshs.153.57 million was from parking fees, contributing to 32.0 per cent of the total OSR receipts during the reporting period.

3.28.3 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.2.32 billion from the CRF account during the reporting period, which comprised Kshs.81.39 million (3.5 per cent) for development programmes and Kshs.2.24 billion (96.5 per cent) for recurrent programmes.

The available cash balance in the County Revenue Fund Account at the end of the first quarter of FY 2023/24 was Kshs.600.04 million.

3.28.4 County Expenditure Review

The County spent Kshs.2.08 billion on development and recurrent programmes in the reporting period. The expenditure represented 89.6 per cent of the total funds released by the CoB and comprised Kshs.110.37 million and Kshs.1.97 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 2.0 per cent, while recurrent expenditure represented 21.2 per cent of the annual recurrent expenditure budget.

3.28.5 Settlement of Pending Bills

At the beginning of FY 2023/24, the County reported a stock of pending bills amounting to Kshs.4.24 billion, comprising Kshs.2.58 billion for recurrent expenditure and Kshs.1.66 billion for development activities. In the first quarter of FY 2023/24, recurrent pending bills amounting to Kshs.139.68 million were settled. Therefore, as of 30th September 2023, the outstanding amount was Kshs.4.10 billion.

3.28.6 Expenditure by Economic Classification

Analysis of expenditure by economic classification indicates that the County Executive spent Kshs.1.49 billion on employee compensation, Kshs.311.63 million on operations and maintenance, and Kshs.110.37 million on development activities. Similarly, the County Assembly spent Kshs.70.50 million on employee compensation and Kshs.105.52 million on operations and maintenance, as shown in Table 3.165.

Sub-programmes with the highest levels of implementation based on absorption rates were: General Administration, Planning and Support Services in the Department of Finance and Economic Planning at 38.3 per cent, General Administration, Planning and Support Services in the Department of Public Service Administration, Youth, Gender, Social Services & Sports at 32.9 per cent, General Administration, Planning and Support Services in the Department of Environment & Solid Waste Management at 32.1 per cent of budget allocation.

3.28.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 30h October 2023.
2. The underperformance of own-source revenue at Kshs.480.16 million against an annual projection of Kshs.5.25 billion, representing 9.1 per cent of the annual target.
3. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 5, where the County incurred expenditure over approved exchequer issues in several departments.
4. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Mombasa County Scholarship and Educational Benefits Fund; and County Assembly Car Loans and Mortgage for Members and Staff Fund were not submitted to the Controller of Budget.

5. High level of pending bills, which amounted to Kshs.4.10 billion as of 30th September 2023.
6. Use of manual payroll. Personnel emoluments amounting to Kshs.112.64 million were processed through the manual payroll, accounting for 7.4 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
3. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
4. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
5. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the financial year.*
6. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

Sub-programmes with the highest levels of implementation based on absorption rates were: Youth Development Services in the Department of Youth, Culture, Gender, Social Services and Special Programs at 44.2 per cent, Early Childhood Development and Education in the Department of Education & Technical Training at 35.2 per cent Development and Management of Sports Facilities in the Department of Youth, Culture, Gender, Social Services and Special Programs at 34.9 per cent, , and General Administration, Planning and Support Services in the Department of Youth, Culture, Gender, Social Services and Special Programs at 34.4 per cent of budget allocation.

3.29.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.153.02 million against an annual projection of Kshs.1.48 billion, representing 10.4 per cent of the annual target.
2. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.177, where

the County incurred expenditure over approved exchequer issues in several departments.

3. High level of eligible pending bills, which amounted to Kshs.816.86 billion as of 30th September 2023.
4. Use of manual payroll. Personnel emoluments amounting to Kshs. 67.44 million were processed through the manual payroll, accounting for 6.5 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
3. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*
4. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

3.30.1 Overview of FY 2023/24 Budget

The County's approved FY 2023/24 budget was Kshs.42.33 billion, comprising Kshs.14.01 billion (33.1 per cent) and Kshs.28.32 billion (66.9 per cent) allocation for development and recurrent programmes, respectively. A breakdown of the conditional grants is provided in Table 3.178.

3.30.2 Revenue Performance

Sub-programmes with the highest levels of implementation based on absorption rates were: Management Services in the Department of Finance and Economic Planning at 41.5 per cent, Transport in the Department of Mobility and Works at 32.6 per cent, General Administration and Support Services in the Department of Finance and Economic Planning at 31.3 per cent. Liquor Licensing administration in the Department of Liquor Licensing Board at 29.9 per cent of the budget allocation.

3.30.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.1.53 billion against an annual projection of Kshs.19.42 billion, representing only 7.9 per cent of the annual target.
2. High level of pending bills, which amounted to Kshs.107.33 billion as of 30th June 2023, coupled with lack of a payment plan.

3. Weak financial controls and discipline were evidenced in the reported expenditure on foreign travel when, during the period, there was no exchequer request for the same. The CoB wrote to the State Department of Devolution to clarify on the travel clearance submitted by the County government to support their requests.
4. Failure to report any expenditure on the development budget during the period. This delay implies that budgeted developed programmes may not be fully implemented during the financial year.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the financial year.*
3. *Financial discipline should be observed, and the head of the County Treasury should enhance controls. Further, travel clearance for foreign travels should be sought before committing funds for travelling.*
4. *The County leadership should prioritise executing planned development programmes to ensure that its citizenry realised the aspirations proposed during public participation forums.*

3.31. County Government of Nakuru

3.31.1 Overview of FY 2023/24 Budget

The County's approved budget for the FY 2023/24 was Kshs.18.79 billion, comprising Kshs.6.25 billion (33.3 per cent) and Kshs.12.54 billion (66.7 per cent) allocation for development and recurrent programmes, respectively. To finance the budget, the County expects to receive Kshs.13.59 billion (72.3 per cent) as the equitable share of revenue raised nationally, Kshs.1.70 billion (9.0 per cent) as Facility Improvement Fund (FIF), Kshs.1.60 billion (8.5) as conditional grants, and generate Kshs.1.90 billion (10.1 per cent) as ordinary own-source revenue. A breakdown of the conditional grants is provided in Table 3.183.

3.31.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.1.16 billion as the equitable share of the revenue raised nationally, Kshs.387.67 million as FIF, had a cash balance of Kshs.4.52 billion from FY 2022/23, and raised Kshs.289.27 million as own-source revenue. The total funds available for budget implementation during the period amounted to Kshs.6.34 billion, as shown in Table 3.183.

In the first quarter of FY 2023/24, the County generated a total of Kshs.676.93 million from its sources of revenue, inclusive of FIF and AIA. This amount represented an increase of 48.2 per cent compared to Kshs.456.67 million realised in FY 2022/23 and was 18.8 per cent of the annual target and 58.6 per cent of the equitable revenue share disbursed during the period. The OSR includes revenue arrears and penalties charged on the fees and levies from previous financial years of Kshs.18.90 million. The revenue streams which contributed the highest OSR receipts are shown in Figure 92.

Figure 92: Top Streams of Own Source Revenue in the First Quarter of FY 2023/24 (in Kshs)

The highest revenue stream of Kshs.387.67 million was from the Facility Improvement Fund (health sector revenue), contributing to 57 per cent of the total OSR receipts during the reporting period.

3.31.3 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.2.36 billion from the CRF account during the reporting period, which comprised Kshs.150 million (6.4 per cent) for development programmes and Kshs.2.21 billion (93.6 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first quarter of FY 2023/24 indicates that Kshs.1.60 billion was released towards Employee Compensation, and Kshs.603.21 million was for Operations and Maintenance expenditure.

The available cash balance in the County Revenue Fund Account at the end of the first quarter of FY 2023/24 was Kshs.4.52 billion.

3.31.4 County Expenditure Review

3.31.12 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Failure to budget for unspent cash balances from the previous financial year, which amounted to Kshs.4.52 billion.

2. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.181, where the County incurred expenditure over approved exchequer issues in several departments.
3. There is a high level of pending bills, which amounted to Kshs.1.62 billion as of 30th September 2023.
4. Use of manual payroll. Personnel emoluments amounting to Kshs.22.46 million were processed through the manual payroll, accounting for 1.4 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
5. The County Assembly spent Kshs.9.66 million on foreign travel during the period which may be wasteful expenditure.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should prepare a supplementary budget and appropriate the unspent funds from the previous financial year so as to ensure ongoing projects and programmes are captured in the budget and planning documents.*
2. *The County Treasury should improve its Vote book and budgetary control to ensure expenditure is within the approved budget.*
3. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the financial year.*
4. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
5. *The County leadership should curtail and regulate expenditure on foreign travel in order to make savings for key programmes.*

Sub-programmes with the highest levels of implementation based on absorption rates were; General Administration and Support Services in the Office of the Governor at 19 per cent, Health Service Delivery Administration Services in the Department of Health and Sanitation at 12 per cent, Administration & Support of Human Resources in the Department of County Public Service Board and Labour at 14.7 per cent, and County Assembly Service Board at 10.6 per cent.

However, the report on budget execution by programmes and sub-programmes differed from the expenditure report submitted by the County Treasury, which indicates a failure to do regular reconciliation of financial transactions by the accounting officers.

3.32.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received 30th October 2023.
2. The underperformance of own-source revenue at Kshs.24.20 million against an annual projection of Kshs.360.33 million, representing 6.7 per cent of the annual target.
3. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.195, where the County incurred expenditure over approved exchequer issues in several departments.
4. Use of manual payroll. Personnel emoluments amounting to Kshs.66.26 million were processed through the manual payroll, accounting for 7.2 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
5. The County budget has an estimated cash balance of Kshs.548.53 million from the previous final year, which varies significantly from the actual balance of Kshs.200.8 million. This will lead to a budget deficit.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
3. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
4. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
5. *The County Treasury should correctly budget for unspent cash balances from the previous financial years to avoid budget deficits.*

3.33. County Government of Narok

3.33.1 Overview of FY 2023/24 Budget

The County's approved FY 2023/24 budget was Kshs.15.0 billion, comprising Kshs.4.57 billion (30.5 per cent) and Kshs.10.42 billion (69.5 per cent) allocation for development and recurrent programmes, respectively. The approved budget estimates represented an increase of 0.1 per cent compared to the previous financial year when the approved budget was Kshs.14.98 billion and comprised of Kshs.4.83 billion towards development expenditure and Kshs.10.15 billion for recurrent expenditure.

To finance the budget, the County expects to receive Kshs.9.2 billion (61.4 per cent) as the equitable share of revenue raised nationally, Kshs.1.21 billion (8.0 per cent) as conditional grants, and generate Kshs.4.59 billion (30.4 per cent) as ordinary own-source revenue. A breakdown of the conditional grants is provided in Table 3.196.

3.33.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.1.52 billion as the equitable share of the revenue raised nationally, Kshs.15.41 million as Appropriation in Aid (A-I-A), Kshs.19.11 million as Facility Improvement Fund (FIF), had a cash balance of Kshs.0.57 million from FY 2022/23, and raised Kshs.1.64 billion as own-source revenue. The total funds available for budget implementation during the period amounted to Kshs.3.19 billion, as shown in Table 3.196.

Figure 97: Trend in Own-Source Revenue Collection from the First Quarter of FY 2017/18 to the First Quarter of FY 2023/24

Source: Narok County Treasury

In the first quarter of FY 2023/24, the County generated Kshs.1.68 billion from its sources of revenue. This amount represented an increase of 56.2 per cent compared to Kshs.941.52 million realised in a similar FY 2022/23 period. It was 36.5 per cent of the annual target and 110.5 per cent of the equitable revenue share disbursed. However, the County Treasury did not provide information on the previous financial year's disaggregated revenue receipts, FIF and AIA.

The OSR performance can be attributed to the following revenue mobilisation strategies, among others: development of a Revenue Enhancement Action Plan (REAPs) covering the period between 2022 – 2027 as recommended in the Tax Administration Diagnostic Assessment Tool (TADAT) performance assessment report; Automation of other revenue outside Maasai Mara National Game Reserve; Staff re- alignment & Capacity building; Employment of new revenue collection staff as well as full implementation of County Finance policies and regulations spelt out in the Narok County Government Finance Act. The revenue streams which contributed the highest OSR receipts are shown in Figure 98.

Figure 98: Top Streams of Own Source Revenue in the First Quarter of FY 2023/24 (in Kshs)

Source: Narok County Treasury

The highest revenue stream of Kshs.1.56 billion was from Park Fees, contributing to 93 per cent of the total OSR receipts during the reporting period.

3.33.3 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.3.15 billion from the CRF account during the reporting period, which comprised Kshs.1.38 billion (43.9 per cent) for development programmes and Kshs.1.76 billion (56.1 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first quarter of FY 2023/24 indicates that Kshs.832.01 million was released towards Employee Compensation, and Kshs.932.89 million was for Operations and Maintenance expenditure.

The available cash balance in the County Revenue Fund Account at the end of the first quarter of FY 2023/24 was Kshs.5.82 million.

3.33.4 County Expenditure Review

The County spent Kshs.3.13 billion on development and recurrent programmes in the reporting period. The expenditure represented 99.5 per cent of the total funds released by the CoB and comprised of Kshs.1.37 billion and Kshs.1.76 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 30.0 per cent, while recurrent expenditure represented 16.9 per cent of the annual recurrent expenditure budget.

3.33.5 Settlement of Pending Bills

At the beginning of FY 2023/24, the County reported a stock of pending bills amounting to Kshs.1.53 billion, comprising Kshs.938.33 million for recurrent expenditure and Kshs.587.86 million for development activities. In the first quarter of FY 2023/24, no pending bills were settled, and therefore, as of 30th September 2023, the outstanding amount remains at Kshs.1.53 billion.

3.33.6 Expenditure by Economic Classification

Analysis of expenditure by economic classification indicates that the County Executive spent Kshs.744.85 million on employee compensation, Kshs.871.94 million on operations and maintenance, and Kshs.1.37 billion on development activities. Similarly, the County Assembly spent Kshs.87.16 million on employee compensation and Kshs.56.06 million on operations and maintenance. The County Assembly did not incur any expenditure on development activities, as shown in Table 3.197.

3.33.7 Expenditure on Employees' Compensation

In the first three months of FY 2023/24, expenditure on employee compensation was Kshs.832.01 million, or 26.04 per cent of the available revenue, which amounted to Kshs.3.19 billion. This expenditure represented a decrease from Kshs.1.07 billion reported in the first quarter of FY 2022/23. The wage bill included Kshs.258.99 million paid to health sector employees, translating to 31.1 per cent of the total wage bill. It's worth mentioning that the above figure excludes September 2023 salaries for the County Staff.

The County Assembly spent Kshs.8.50 million on committee sitting allowances for the 50 MCAs and the Speaker against the annual budget allocation of Kshs.36.11 million. The average monthly sitting allowance was Kshs.56,472 per MCA. The County Assembly has established 21 Committees.

3.33.8 County Emergency Fund and County-Established Funds

Section 110 of the PFM Act 2012 establishes the Emergency Fund, while Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly.

The County allocated Kshs.650.1 million to county-established funds in FY 2023/24, constituting 4.3 per cent of the County's overall budget. Table 3.198 summarizes each established Fund's budget allocation and performance during the reporting period.

3.33.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 26th October 2023.
2. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the five County Funds were not submitted to the Controller of Budget.
3. High level of pending bills, which amounted to Kshs.1.53 billion as of 30th September 2023.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
3. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*

Sub-programmes with the highest levels of implementation based on absorption rates were: General administration and support services in the Department of Finance and Accounting Services at 46.0 per cent, Committee management services in the Department of County Assembly at 45.3 per cent, County Financial Management and Control in the Department of Finance and accounting services at 44.0 per cent, and General administration and support services in the department of County Public Service Board at 42.7 per cent of budget allocation.

3.34.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The under performance of own-source revenue at Kshs.18.69 million against an annual projection of Kshs.345 million, representing 5.4 per cent of the annual target.
2. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.208, where the County incurred expenditure over approved exchequer issues in several departments.
3. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, contrary to the requirement of Section 168 of the PFM Act, 2012. The reports for all the Funds were not submitted to the Controller of Budget.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
3. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*

Sub-programmes with the highest levels of implementation based on absorption rates were: Revenue Collection and Administration, Treasury Services and County Statistics, all in the Department of Finance, Economic and ICT departments at 54.3 per cent, 49.2 per cent and 36.3 per cent of budget allocation respectively.

3.35.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.130.37 million against an annual projection of Kshs.985 million, representing 13.2 per cent of the annual target.
2. Use of manual payroll. Personnel emoluments amounting to Kshs.31.55 million were processed through the manual payroll, accounting for 4.8 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
3. High level of pending bills at Kshs.280.72 million despite the availability of Kshs.976.83 million in the CRF as of 30th June 2023.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
3. *The County leadership should come up with mechanisms to ensure the reported pending bills are cleared within the current financial year.*

3.36.1 Overview of FY 2023/24 Budget

The County's approved FY 2023/24 budget was Kshs.8.05 billion, comprising Kshs.2.41 billion (30 per cent) and Kshs.5.63 billion (70 per cent) allocation for development and recurrent programmes, respectively. The approved budget estimates represented an increase of 6 per cent compared to the previous financial year when the approved budget was Kshs.7.59 billion and comprised Kshs.2.33 billion towards development expenditure and Kshs.5.26 billion for recurrent expenditure.

To finance the budget, the County expects to receive Kshs.6.49 billion (80.6 per cent) as the equitable share of revenue raised nationally, Kshs.762.95 million as conditional grants, and generate Kshs.800 million (9.9 per cent) as ordinary own-source revenue. A breakdown of the conditional grants is provided in Table 3.216.

3.36.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.551.25 million as the equitable share of the revenue raised nationally, Kshs.229.24 million as FIF. It also generated Kshs.108.11 million as own-source revenue.

The total funds available for budget implementation during the period amounted to Kshs.888.61 million, as shown in Table 3.216.

Sub-programmes with the highest levels of implementation based on absorption rates were: Monitoring and Evaluation in the Department of Finance, Economic Planning and ICT at 41.8 per cent, Revenue Mobilization in the Department of Finance, Economic Planning and ICT at 31.2 per cent, Internal Audit in the Department of Finance, Economic Planning and ICT at 30.3 per cent and Administration and planning services in the County Assembly at 27.4 per cent of budget allocation.

3.36.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.108.11 million against an annual projection of Kshs.800 million, representing 12.2 per cent of the annual target.
2. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.222, where the County incurred expenditure over approved exchequer issues in several departments.
3. High level of pending bills, which amounted to Kshs.71.72 million as of 30th September 2023.
4. Use of manual payroll. Personnel emoluments amounting to Kshs.59.81 million were processed through the manual payroll, accounting for 9.4 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
5. Failure by Fund Administrators to submit the quarterly financial statements as of 30th September 2023 to the OCOB, as shown in Table 3.222.
6. The County Assembly spent Kshs.15.35 million on foreign travel during the period which may be wasteful expenditure.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
3. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the financial year.*
4. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
5. *The CECMF should follow up to ensure Fund Administrators prepare quarterly reports in line with the law.*
6. *The County leadership should prioritise executing planned development programmes to ensure that its citizenry realised the aspirations proposed during public participation forums.*

3.37.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The final report was received on 26th October 2023.
2. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Conservancies Fund – Department of Tourism, Trade Enterprise Development and Cooperatives, Executive Car Loan and Mortgage, Bursaries and Support Services - Department of Education and Vocational Training, PLWD Fund, Emergency Fund and County Assembly Car Loan and Mortgage Fund were not submitted to the Controller of Budget.
3. High level of pending bills, which amounted to Kshs.517.43 million as of 30th September 2023. This is despite the availability of Kshs.1.04 billion in the CRF account as of the end of the reporting period.
4. Use of manual payroll. Personnel emoluments amounting to Kshs.75.83 million were processed through the manual payroll, accounting for 12.2 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
3. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the financial year.*
4. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

Sub-programmes with the highest levels of implementation based on absorption rates were: General Administration, Planning and Support Services in the Department of Lands, Physical Planning, Urban Development and Housing at 19.4 per cent, Market services in the Department of Enterprise and Industrial Development at 10.7 per cent, ECD Programmes in the Department of Education, Youth Affairs, Gender and Social Services at 8.8 per cent, and Curative Services in the Department of County Health Services at 8.2 per cent of budget allocation.

3.38.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.102.89 million against an annual projection of Kshs.760 million, representing 13.5 per cent of the annual target.
2. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.234, where the County incurred expenditure over approved exchequer issues in several departments.
3. High level of pending bills, which amounted to Kshs.773.23 million as of 30th September 2023. This is despite the availability of Kshs.1.57 billion in the CRF as of the end of 30th September 2023.
4. Use of manual payroll. Personnel emoluments amounting to Kshs.52.33 million were processed through the manual payroll, accounting for 12.7 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
5. The County Assembly allocation for recurrent expenditure was above the recommended ceiling of Kshs.775.68 million as provided in CARA 2023.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
3. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the financial year.*
4. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
5. *The County government should prepare a supplementary budget to ensure the budget allocation for the County Assembly is within the ceiling provided in law.*

3.39.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.105.10 million against an annual projection of Kshs.626.68 million, representing 16.7 per cent of the annual target.
2. High level of pending bills, which amounted to Kshs.881.82 million as of 30th September 2023.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year.*

3.40. County Government of Tana River

3.40.1 Overview of FY 2023/24 Budget

The County's approved FY 2023/24 budget was Kshs.8.87 billion, comprising Kshs.3.65 billion (41.2 per cent) and Kshs.5.22 billion (58.8 per cent) allocation for development and recurrent programmes, respectively. The approved budget estimates represented an increase of 10 per cent compared to the previous financial year when the approved budget was Kshs.7.98 billion, comprising Kshs.2.51 billion (31.5 per cent) and Kshs.5.47 billion (68.5 per cent) allocation for development and recurrent programmes.

To finance the budget, the County expects to receive Kshs.6.79 billion (76.6 per cent) as the equitable share of revenue raised nationally, Kshs.3.95 million (0.04 per cent) as Facility Improvement Fund (revenue from health facilities), Kshs.872.98 (9.8 per cent) million as conditional grants, a cash balance of Kshs.1.11 billion (12.5 per cent) was brought forward from FY 2022/23, and generate Kshs.92.67 million (1 per cent) as ordinary own-source revenue. Sub-programmes with the highest levels of implementation based on absorption rates were Supplies Chain Management in the Department of Finance at 94 per cent, Monitoring and Evaluation in the Department of Finance at 94 per cent, PFM Enactment in the Department of Finance at 81 per cent, and Internal Audit in the department of Finance at 74 per cent of budget allocation.

3.40.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.8.18 million against an annual projection of Kshs.92.67 million, representing 8.8 per cent of the annual target.
2. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Inuka Fund, Tana River Car & Mortgage Fund, Tana River Scholarship Fund, Tana River Emergency Fund and Tana River Bursary Fund still need to be submitted to the Controller of Budget.
3. High pending bills amounted to Kshs.2.43 billion as of 30th September 2023.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
3. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*

3.41.1 Overview of FY 2023/24 Budget

The County's approved budget for the FY 2023/24 was Kshs.6.32 billion, comprising Kshs.2.52 billion (39.9 per cent) and Kshs.3.80 billion (60.1 per cent) allocation for development and recurrent programmes, respectively. A breakdown of the conditional grants is provided in Table 3.248.

3.41.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.1.09 billion as the equitable share of the revenue raised nationally, Kshs.11.81 million as FIF, Kshs.18.70 million as conditional grants, had a cash balance of Kshs.264.97 million from FY 2022/23, and raised Kshs.41.90 million as own-source revenue. The total funds available for budget implementation during the period amounted to Kshs.1.43 billion, as shown in Table 3.248.

3.41.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The final report was received on 30th October 2023.
2. The underperformance of own-source revenue at Kshs.53.70 million against an annual projection of Kshs. 400.00 million, representing 13.4 per cent of the annual target.
3. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.253, where the County incurred expenditure over approved exchequer issues in several departments.
4. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Tharaka Nithi County Assembly Car Loan & Mortgage Fund were not submitted to the Controller of Budget.
5. High level of pending bills, which amounted to Kshs.433.85 million as of 30th September 2023. This is despite the availability of Kshs.473.52 million in the CRF account at the end of the period.
6. Use of manual payroll. Personnel emoluments amounting to Kshs.64.00 million were processed through the manual payroll, accounting for 12.5 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
7. Inconsistencies in reporting pending bills: At the beginning of the financial year 2023/24, the pending bills were reported as Kshs.753.82 million as 30th June 2023, whereas at the end of the first quarter FY2023/24, the pending bills as of 30th June 2023 are reported as Kshs.547.58 million

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
3. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
4. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
5. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*
6. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
7. *The County should ensure accuracy and consistency in reporting pending bills. Regular reconciliations should be undertaken to enhance the credibility of the reports.*

3.42.7 Expenditure on Employees' Compensation

In the first three months of FY 2023/24, expenditure on employee compensation was Kshs.589.06 million, or 41.9 per cent of the available revenue, which amounted to Kshs.1.41 billion. This expenditure represented a decrease from Kshs. 856.32 million reported in the first quarter of FY 2022/23. The wage bill included Kshs.315.98 million paid to health sector employees, translating to 53.6 per cent of the total wage bill.

Further analysis indicates that PE costs amounting to Kshs.573.16 million were processed through the Integrated Personnel and Payroll Database (IPPD) system, while Kshs. 15.90 million was processed through manual payrolls. The manual payrolls accounted for 2.7 per cent of the total PE cost.

The County Assembly spent Kshs.3.91 million on committee sitting allowances for the 33 MCAs and the Speaker against the annual budget allocation of Kshs.72.47 million. The average monthly sitting allowance was Kshs.38,304 per MCA. The County Assembly has established 23 Committees.

3.42.8 County Emergency Fund and County-Established Funds

Section 110 of the PFM Act 2012 establishes the Emergency Fund, while Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly.

The County allocated Kshs.299.86 million to county-established funds in FY 2023/24, constituting 3.3 per cent of the County's overall budget. Table 3.256 summarises each established Fund's budget allocation and performance during the reporting period.

3.42.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation.

1. The underperformance of own-source revenue at Kshs.50.18 million against an annual projection of Kshs.342 million, representing 14.7 per cent of the annual target.
2. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Car Loan and Mortgage Fund, Elimu Bursary Fund, Emergency Fund and Car Loan and Mortgage Scheme Fund (Members and Staff) Fund were not submitted to the Controller of Budget.
3. High level of pending bills, which amounted to Kshs.1.16 billion as of 30th September 2023. This is despite the availability of Kshs.973.14 million in the CRF at the end of the reporting period.
4. Use of manual payroll. Personnel emoluments amounting to Kshs.15.90 million were processed through the manual payroll, accounting for 2.7 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County should institute measures to enhance its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
3. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*
4. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

3.43. County Government of Turkana

3.43.1 Overview of FY 2023/24 Budget

The County's approved budget for the FY 2023/24 was Kshs.14.53 billion, comprising Kshs.5.18 billion (64.4 per cent) and Kshs.9.35 billion (35.6 per cent) allocation for development and recurrent programmes, respectively. To finance the budget, the County expects to receive Kshs.13.13 billion (90.4 per cent) as the equitable share of revenue raised nationally, Kshs.1.20 billion as conditional grants (8.2 per cent) and generate Kshs.200 million (1.4 per cent) as ordinary own-source revenue. A breakdown of the conditional grants is provided in Table 3.260.

3.43.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.1.12 billion as the equitable share of the revenue raised nationally, and raised Kshs.38.85 million as own-source revenue. The total funds available for budget implementation during the period amounted to Kshs.1.16 billion, as shown in Table 3.260.

The highest revenue stream of Kshs.16.99 million was from Cess, contributing to 44 per cent of the total OSR receipts during the reporting period. Information on revenue receipts from the Health Sector as Appropriation in Aid (AIA)/Facility Improvement Fund (FIF) was not provided by the County Treasury.

3.43.3 Exchequer Issues

The Controller of Budget authorised withdrawals of Kshs.1.10 billion entirely for recurrent programmes from the CRF account during the reporting period. Analysis of the recurrent exchequers released in the first quarter of FY 2023/24 indicates that Kshs.895.17 million was released towards Employee Compensation, and Kshs.201.59 million was for Operations and Maintenance expenditure.

The available cash balance in the County Revenue Fund Account at the end of the first quarter of FY 2023/24 was Kshs.2.31 billion.

3.43.5 Settlement of Pending Bills

At the beginning of FY 2023/24, the County reported a stock of pending bills amounting to Kshs.281.13 million, comprising Kshs.154.30 million for recurrent expenditure and Kshs.126.83 million for development activities. In the first quarter of FY 2023/24, the County did not settle any pending bills.

3.43.6 Expenditure by Economic Classification

Sub-programmes with the highest levels of implementation based on absorption rates were: Internal Audit at 85.3 per cent, Financial Reporting, Research and Development at 68.9 per cent, Tax Management and Statutory Deductions at 43.8 per cent, and Consultancy Services at 42.7 per cent, all in the Department of Finance and Economic Planning, of budget allocation.

3.43.12 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was submitted on 25th October, 2023.

2. Diversion of funds and weak budgeting practice, as shown in Table 3.265, where the expenditure in the Department of Finance and Economic Planning exceeded the approved exchequer issues.
3. High level of pending bills, which amounted to Kshs.281.13 million as of 30th September 2023. This is despite the availability of Kshs.2.31 billion in the CRF as of 30th September 2023.
4. Use of manual payroll. Personnel emoluments amounting to Kshs.31.75 million were processed through the manual payroll, accounting for 3.6 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
5. Failure by the County to report expenditure on the development budget during the reporting period.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
3. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*
4. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
5. *The County leadership should prioritise expenditure on development programmes in order to achieve set objectives in line with approved plans.*

3.44. County Government of Uasin Gishu

3.44.1 Overview of FY 2023/24 Budget

The County's approved budget for the FY 2023/24 was Kshs.10.25 billion, comprising Kshs.3.19 billion (31.1 per cent) and Kshs.7.06 billion (68.9 per cent) allocation for development and recurrent programmes respectively. 3.44.7 Expenditure on Employees' Compensation

In the first three months of FY 2023/24, expenditure on employee compensation was Kshs.702.59 million, or 29.3 per cent of the available revenue, which amounted to Kshs.2.4 billion. This expenditure represented a decrease from Kshs.895.36 million reported in the first quarter of FY 2022/23. The wage bill included Kshs.445 million paid to health sector employees, translating to 63.3 per cent of the total wage bill. The Department of Partnership, Liaison and Linkages had the highest percentage of recurrent expenditure to budget at 54.9 per cent, while the Office of the County Attorney had the lowest at 1.4 per cent.

Sub-programmes with the highest levels of implementation based on absorption rates were: Sports facilities in the Department of Youth, Sports and Development at 100 per cent, Service Delivery Centers in the Department of Administration and Devolution at 82.9 per cent, Roads Infrastructure Services in Eldoret Municipality at 51.2 per cent and Health Services in the department of clinical services at 48.5 per cent of budget allocation.

3.44.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 24th October 2023.
2. Failure to budget Kshs.868.74 million cash balance from the previous financial year
3. The underperformance of own-source revenue at Kshs. 139.24 million against an annual projection of Kshs. 1.18 billion, representing 11.8 per cent of the annual target.
4. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.271, where the County incurred expenditure over approved exchequer issues in several departments.
5. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for Uasin Gishu County Bursary and Skills Development Support Fund Disbursement, Uasin Gishu County Staff Mortgage and Car Loans Scheme Fund, Uasin Gishu County Education Revolving Fund, Uasin Gishu County Enterprise Development Fund and Uasin Gishu County Inua Biashara Fund were not submitted to the Controller of Budget

6. Use of manual payroll. Personnel emoluments amounting to Kshs.37.05 million were processed through the manual payroll, accounting for 5.3 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County Treasury should factor in the Kshs.868.74 million cash balance from the previous financial year in the subsequent supplementary budget.*
3. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
4. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
5. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
6. *The Government requires that salaries be processed through the Unified Human Resource System, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

3.45.1 Overview of FY 2023/24 Budget

The County's approved budget for the FY 2023/24 was Kshs.5.9 billion, comprising Kshs.1.9 billion (32 per cent) and Kshs.4.05 billion (68 per cent) allocation for development and recurrent programmes, respectively. Sub-programmes with the highest levels of implementation based on absorption rates were: Resource mobilisation in the Department of Finance and Economic Planning at 41 per cent, ECD development in the Department of Education at 34 per cent, Administrative services in the Department of Public Service and Administration at 32 per cent, and Environmental protection and conservation at 27 per cent of budget allocation.

3.45.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Underperformance of own source revenue in the first quarter is attributed to two revenue streams that performed dismally, namely: Hire of machines and Tea cess. The dismal performance was because most of the county machinery had been grounded in the period under review; thus, no collections were made, and the latter has been attributed to the fact that the operationalisation of the Tea Cess Act is still underway and a substantive tea cess board is yet to be established to oversee the collection of tea cess.
2. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.277, where the County incurred expenditure over approved exchequer issues in several departments.
3. High level of pending bills, which amounted to Kshs.1.34 billion as of 30th September 2023. This is despite the availability of Kshs.767.7 million in the CRF account at the end of the reporting period.
4. Use of manual payroll. There are still personnel emoluments that are being processed through manual payroll. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County should expedite the rollout of the automation revenue system and conduct continuous capacity building of members of the public and staff to ensure the efficiency of the system.*
2. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*

3. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year.*
4. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

3.46.1 Overview of FY 2023/24 Budget

The County's approved FY 2023/24 budget was Kshs.12.5 billion, comprising Kshs.4.27 billion (34.1 per cent) and Kshs.8.25 billion (65.9 per cent) allocation for development and recurrent programmes, respectively. The approved budget estimates represented an increase compared to the previous financial year when the approved budget was Kshs.11.25 billion and comprised of Kshs.3.11 billion towards development expenditure and Kshs.8.13 billion for recurrent expenditure.

To finance the budget, the County expects to receive Kshs.9.85 billion (78.7 per cent) as the equitable share of revenue raised nationally, Kshs.30 million (0.2 per cent) as Appropriations-in-Aid (A-I-A) Kshs.1.47 billion (11.7 per cent) as conditional grants, a cash balance of Kshs.1.0 billion (8 per cent) from FY 2022/23, and generate Kshs.170 million (1.4 per cent) as ordinary own-source revenue. A breakdown of the conditional grants is provided in Table 3.278.

3.46.2 Revenue Performance

In the first three months of FY 2023/24, the County received Kshs.857.56 million as the equitable share of the revenue raised nationally, Kshs.5.9 million as A-I-A, Kshs.12.56 million as conditional grants, had a cash balance of Kshs1.0 billion from FY 2022/23, and raised Kshs.15.3 million as own-source revenue. The total funds available for budget implementation during the period amounted to Kshs.1.87 billion, as shown in Table 3.278.

3.46.3 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.1.0 billion from the CRF account during the reporting period for recurrent programmes. Sub-programmes with the highest levels of implementation based on absorption rates were: Human Resources Management in the Department of Public Service, Special Programs and Administration at 26 per cent, General

Planning, Administration and Support Services in the Department of ICT, Trade Cooperatives at 26 per cent, General Administration and Support Services under the Department of Health at 19 per cent, and Curative and rehabilitative services 18 per cent of budget allocation.

3.46.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges that hampered effective budget implementation;

1. The underperformance of own-source revenue at Kshs.21.2 million against an annual projection of Kshs. 200 million, representing 10.6 per cent of the annual target.
2. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.279, where the County incurred expenditure over approved exchequer issues in several departments.
3. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Emergency Fund, Bursary Fund and Revolving Fund were not submitted to the Controller of Budget.
4. Use of manual payroll. Personnel emoluments amounting to Kshs.88.2 million were processed through the manual payroll, accounting for 12 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
5. High level of pending bills at Kshs.5.38 billion and failure to finalise on the audit of the pending bills.

The County should implement the following recommendations to improve budget execution:

1. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
2. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget.*
3. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
4. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*
5. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year in line with the law.*

Sub-programmes with the highest levels of implementation based on absorption rates were: Peacebuilding and reconciliation in the Department of Special Programmes and Directorates at 279.1 per cent, Land Policy and Physical Planning in the Department of Lands, Housing, Physical Planning and Urban Development at 41.1 per cent, Curative Health Services in the Department of Health and Sanitation at 40.8 per cent, and county assembly 31.6 per cent of budget allocation. The Accounting Officer for the Department of Special Programmes and Directorates should correct the absorption rate above 100% reported under the Peacebuilding and Reconciliation sub-programme.

3.47.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

1. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was submitted on 27th September, 2023.
2. The underperformance of own-source revenue at Kshs.42.86 million against an annual projection of Kshs.270 million, representing 15.8 per cent of the annual target.
3. Failure by Fund Administrators to submit quarterly financial and non-financial reports to the COB, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the County Assembly Staff Car Loan and Mortgage Fund and the Bursary Fund were not submitted to the Controller of Budget.
4. High level of pending bills, which amounted to Kshs.253.99 million as of 30th September 2023.
5. Use of manual payroll. Personnel emoluments amounting to Kshs.3.44 million were processed through the manual payroll, accounting for 0.7 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.

The County should implement the following recommendations to improve budget execution:

1. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget in line with Section 166 of the PFM Act, 2012.*
2. *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
3. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
4. *The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the financial year.*
5. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, there should be strict compliance with the approved staff establishment.*

4. KEY CHALLENGES AND RECOMMENDATIONS

4.1. Introduction

This section highlights issues that affected budget implementation and reporting in the first quarter of FY 2023/24 and provides recommendations to address the challenges. The cross-cutting challenges included:

4.2. Delay by the Parliament to enact the County Governments Additional Allocations Bill, 2023

County Governments were allocated Kshs.42.64 billion as Additional allocation to finance their budgets in the FY 2023/24. However, the County Governments Additional Allocations Bill, 2023, which provides allocation for conditional grants, had not been approved by Parliament as of 30th September 2023.

Consequently, the National Treasury could not disburse conditional grants to Counties. Further delays by the Parliament to enact the Bill will adversely affect budget implementation. The OCoB, therefore, advises Parliament to expedite the enactment of the County Governments Additional Allocations Bill, 2023, to enable County governments to access conditional grants to implement their budgets.

4.3. Under-Performance in Own-Source Revenue Collection

Article 209 (3) of the Constitution allows County Governments to impose property rates, entertainment taxes and any other tax that a county is authorised to charge by an Act of Parliament.

During the reporting period, County governments generated a total of Kshs.10.21 billion from their own-source revenue (OSR), which was 13 per cent of the annual target of Kshs.78.61 billion. Counties that reported the lowest collection against their annual target were;- Machakos, Nandi, Kericho, Kajiado, Lamu, and Kajiado at 2.6 per cent, 4.8 per cent, 5.2 per cent, 5.6 per cent, and 5.6 per cent, respectively.

The underperformance of own-source revenue collection implies that the counties could not implement some planned activities due to budget deficits. The Controller of Budget advises County governments to enhance revenue collection strategies to realise the OSR targets and fully implement the approved programmes.

4.4. Low Expenditure on Development Budget

Section 107(2) (b) of the Public Finance Management (PFM) Act, 2012 provides that over the medium term, a minimum of thirty per cent of the County Governments' budget shall be spent on development expenditure.

During the reporting period, County governments spent Kshs.6.92 billion on development activities, representing an absorption rate of 3.7 per cent of the annual development budget of Kshs.188.13 billion. Analysis of development expenditure as a proportion of approved annual development budget shows that eleven counties did not report expenditure on development programmes. These were;- Embu, Homa Bay, Kericho, Kilifi, Machakos, Makueni, Nairobi City, Samburu, Turkana, Wajir, and West Pokot.

The Controller of Budget recommends that counties prioritise the implementation of development programmes to improve the standard of living for their citizens.

4.5. High Level of Pending Bills

Regulation 41 (2) of the Public Finance Management (County Governments) 2015 states that "debt service payments shall be a first charge on the County Revenue Fund and the Accounting Officer shall ensure this is done to the extent possible so that the County government does not default on debt obligations". Further, Regulation 55(2)

b of the Public Finance Management (County Governments) 2015 requires that the finalised and signed contracts are budgeted before an accounting officer of the County government entity considers new projects.

As of 30th September, 2023, Counties reported outstanding pending bills which amounted to Kshs.168.62 billion and comprised of Kshs.129.15 billion for recurrent expenditure and Kshs.34.47 billion for development expenditure. Nairobi City County reported the highest pending bills at Kshs.107.33 billion. Other Counties with a high level of pending bills were;- Kiambu at Kshs.5.62 billion, Wajir at Kshs.5.38 billion, and Mombasa at Kshs.4.10 billion.

Accumulation of pending bills adversely affects the delivery of public services and disrupts the business community. County Governments are advised to settle the eligible pending bills as a first charge on the budget in line with the law.

4.6. Failure by Fund Administrators to Submit Quarterly Financial Statements to the Controller of Budget

Section 168 of the PFM Act, 2012, requires Fund Administrators to prepare and submit quarterly financial statements for each Fund. The quarterly financial statements should be submitted to the County Treasury with a copy to the Controller of Budget within fifteen days after the end of each quarter. During the reporting period, it was observed that several Fund Administrators did not submit the quarterly financial statements to the Controller of Budget within the legal timeline. In most counties, as shown in Chapter Three of this report, Fund Administrators failed to furnish the OCoB with quarterly reports on financial and non-financial information contrary to the requirement of Section 168 of the PFM Act, 2012.

The Controller of Budget advises the County Executive Committee Members responsible for Finance to follow up and ensure Fund Administrators prepare and submit quarterly reports in line with the PFM Act, 2012.

4.7. Delay by the National Treasury to Disburse the Equitable Share of Revenue

County Governments were allocated Kshs.385.42 billion as an equitable share of revenue raised nationally to finance their budgets in the FY 2023/24. This allocation is contained in the County Allocation of Revenue Act, 2023, while the Disbursement Schedule provides for monthly transfers to County Governments by the National Treasury. As of 30th September 2023, the National Treasury had disbursed Kshs.61.11 billion as equitable share for the FY 2023/24, which translated to 15.9 per cent of the approved equitable share of revenue.

Failure by the National Treasury to release funds to County Governments affected budget implementation. Therefore, the National Treasury is required to ensure disbursements of equitable share of revenue to county governments are in line with the approved disbursement schedule to ensure effective budget implementation.

5. CONCLUSION

The County Budget Implementation Review Report is prepared and publicised in fulfilment of Article 228 (6) of the Constitution, which requires the CoB to submit to each House of Parliament a report on the implementation of the budgets of the national and county governments every four months. The report provides an overview of the budget implementation status during the first three months of FY 2023/24 and presents an analysis of the revenue outturn and expenditure against annual targets, and also identifies the key challenges faced by the county governments during the period under review.

The combined County governments' budgets for FY 2023/24 amount to Kshs.534.63 billion and comprise Kshs.188.13 billion (35.2 per cent) allocated to development expenditure and Kshs.346.51 billion (64.8 per cent) for recurrent expenditure. In the reporting period, own source revenue collection by counties amounted to Kshs.10.21 billion and translated to 13 per cent of the annual target of Kshs.78.61 billion. The realised revenue improved compared to Kshs.6.17 billion generated in a similar period in FY 2022/23. Though the improvement is noted, it remains below the expected target of 25 per cent for the reporting period. The equitable share of revenue raised nationally and transferred to the County Governments was Kshs.61.11 billion, representing 15.9 per cent of the approved equitable share of Kshs.385.42 billion as contained in the County Allocation of Revenue Act, 2023. The cash balance from FY 2022/23 was Kshs. 27.96 billion. Overall, the county governments had a total of Kshs. 99.28 billion available for spending in the first three months of FY 2023/24.

The total expenditure by County governments in the first quarter of FY 2023/24 was Kshs.67.47 billion, representing an absorption rate of 12.6 per cent of the annual County Governments' budget of Kshs.534.63 billion. Recurrent expenditure was Kshs.60.32 billion, representing 17.5 per cent of the annual recurrent budget, while development expenditure amounted to Kshs.6.92 billion, representing an absorption rate of 3.7 per cent.

The key challenges that adversely affected budget implementation during the reporting period were; the delay by the Parliament to enact the County Governments Additional Allocations Bill, 2023, which constrained the disbursement of conditional grants to counties, the underperformance of own source revenue collection, high level of pending bills, low expenditure on development programmes, failure by Fund Administrators to submit quarterly financial statements to the Controller of Budget, and delay by the National Treasury to disburse the equitable share of Revenue to Counties. The report provides appropriate recommendations to address the identified challenges.

The Office of the Controller of Budget recommends that the County Executive and the County Assembly should implement these recommendations to improve budget implementation.
