OFFICE OF THE CONTROLLER OF BUDGET

COUNTY GOVERNMENTS BUDGET IMPLEMENTATION REVIEW REPORT

THE FIRST HALF OF
FY 2024/25

FEBRUARY, 2025

FOREWORD

The Office of the Controller of Budget (OCoB) was established under Article 228 of the Constitution of Kenya in 2010. Its primary role is to oversee the implementation of budgets for National and County Governments by authorising withdrawals from public funds and reporting to each House of Parliament every four months. Additionally, Article 228(6) of the Constitution and Section 9 of the Controller of Budget Act, 2016, mandate the Controller of Budget (CoB) to submit quarterly budget implementation reports for the National and County Governments to Parliament thirty days after the end of each quarter.

I am pleased to present the County Governments' Budget Implementation Review Report for the first half of the Financial Year (FY) 2024/25, covering the period from July 1 to December 31, 2024. This report is based on data from the approved and revised county budgets for FY 2024/25, financial and non-financial reports from the County Governments, exchequer requisition records, and reports generated from the Integrated Financial Management Information System (IFMIS).

The report reviews how the forty-seven County Governments implemented their budgets. It analyses approved budgets, revenue received into the County Revenue Funds, exchequer issues, and expenditures. The expenditures are categorised into compensation to employees, operations and maintenance, and development spending, among others. It also presents the status of pending bills, programme expenditures, and absorption rates compared to the approved budgets.

Further, the report identifies key issues that affected budget implementation and provides recommendations for improvement. County Governments must act on these recommendations to ensure better budget implementation in the remaining FY 2024/25 period. This report offers the legislature and executive vital information on budget implementation, empowering them to make informed decisions about managing public funds. I urge all stakeholders in public finance to use this report to evaluate how County Governments utilise public money.

Lastly, I thank my staff for their hard work and commitment in reviewing the numerous reports from county governments to prepare this report. I also extend my appreciation to all County Treasuries that sent in their quarterly reports on time, which greatly facilitated the preparation of this report. My office is unwavering in its commitment to promoting good financial management in the public sector, a commitment that should reassure all stakeholders in public finance of our dedication to ensuring transparency and accountability.

EXECUTIVE SUMMARY

This is the First Half County Governments' Budget Implementation Review Report (CGBIRR) for FY 2024/25, covering July 2024 to December 2024. The report is prepared to fulfil the requirements of Article 228(6) of the Constitution of Kenya, 2010 and Section 9 of the Controller of Budget Act, 2016. It provides the status of budget implementation of each of the 47 County Governments during the period under review through analysis of revenue and expenditure performance, highlighting the challenges experienced and providing appropriate recommendations to address them from now on.

The combined County Governments' budgets for FY 2024/25, as approved by the County Assemblies, amounted to Kshs.588.38 billion, with Kshs.211.53 billion (36 per cent) being allocated to development expenditure and Kshs.376.86 billion (64 per cent) allocated to recurrent expenditure. The allocation for development expenditure met the Public Finance Management (PFM) Act, 2012 requirement, which mandates that at least 30 per cent of the budget be dedicated to development expenditure.

To finance the FY 2024/25 budget, the County Governments expect to receive Kshs.387.43 billion as an equitable share of revenue raised nationally to receive an equitable share of revenue raised nationally arrears for FY 2023/24 relating to June 2024 of Kshs.30.83 billion; raise Kshs.85.36 billion from ordinary own source of revenue, including Facility Improvement Fund (FIF)/Appropriation in Aid (A-I-A) of Kshs.20.88 billion; and utilise Kshs.29.31 billion of unspent funds from FY 2023/24. We, however, note that the County Governments Additional Allocations Bill, 2024, under which the County additional conditional allocations are anchored, was yet to be adopted by Parliament as of 31st December 2024.

The total available funds to the County Governments in the first half of FY 2024/25 amounted to Kshs.234.71 billion. This amount comprised of Kshs.160.78 billion as an equitable share of revenue raised nationally, which was authorised for withdrawal from Consolidated Fund to respective County Revenue Funds (CRF) accounts by the Controller of Budget (CoB) in line with Article 206(4) of the constitution; equitable share of revenue raised nationally arrears for FY 2023/24 relating to June, 2024 of Kshs.30.83 billion; Kshs.17.56 billion as cash balances brought forward from FY 2023/24; and Kshs.25.54 billion as revenue generated from own source revenue, which included Facility Improvement Fund (FIF)/Appropriation in Aid (A-I-A) of Kshs.9.81 billion.

During the reporting period, the County Governments generated a total of Kshs.25.54 billion from local revenue sources, which accounted for 30 per cent of the annual local revenue target of Kshs.84.52 billion. This represented an increase of 28 per cent compared to a similar FY 2023/24 period when the County Governments cumulatively generated a total of Kshs.19.95 billion. The Counties that achieved the higher proportion of their local revenue collection to their respective annual revenue targets were Narok County at 87 per cent, Elgeyo Marakwet County at 60 per cent, Samburu County at 59 per cent, Laikipia County at 55 per cent, Garissa County at 53 per cent and Wajir County at 52 per cent. The Counties that had the lowest proportion of their local revenue collection to their respective annual revenue targets included Kiambu and Bungoma Counties, each attaining 20 per cent, Kajiado County at 19 per cent, Kisumu County at 18 per cent, Bomet County at 16 per cent and Machakos County at 12 per cent and

In the first half of FY 2024/25, the Controller of Budget authorised the withdrawal of Kshs.182.05 billion from the County Revenue Funds (CRF) accounts to the County Operational Accounts for the County Governments. Of this amount, Kshs.150.22 billion (83 per cent) was for recurrent activities, and Kshs.31.83 billion (17 per cent) was for development activities. This was an increase of 4.2 per cent from Kshs.174.63 billion authorised in a similar FY 2023/24 period.

The County Government' cumulative expenditure in the period under review amounted to Kshs.184.83 billion. This expenditure consisted of Kshs.151.26 billion (82 per cent) for recurrent activities and Kshs.33.56 billion (18 per cent) for development activities. The expenditure represented an absorption rate of 31 per cent of the aggregate annual County Governments' budget, and a slight improvement from an absorption rate of 30 per cent achieved in a similar FY 2023/24 period.

The Counties that attained the highest absorption rates of their overall annual budgets were Narok at 53 per cent, Nandi at 40 per cent, Mandera at 39 per cent, Uasin Gishu at 39 per cent and Machakos at 38 per cent. On the other hand, Nakuru, Kisumu and Kericho recorded the lowest aggregate absorption rates, each at 26 per cent, followed by Tana River, Nyamira and Lamu, each at 23 per cent and Kisii County at 20 per cent.

In the first half of FY 2024/25, the County Governments' development expenditure amounted to Kshs.33.60 billion, translating to an absorption rate of 16 per cent of their aggregate annual development budget of Kshs.211.53 billion. This represented an increase from the 12 per cent absorption rate realised in a similar FY 2023/24 period when the County Governments' cumulative expenditure on development activities was Kshs.203.11 billion. Mandera County achieved the highest absorption rate of their approved development budget at 32 per cent, followed by Narok County at 30 per cent, Garissa County at 28 per cent, Uasin Gishu County at 27 per cent and Marsabit County at 26 per cent. Conversely, the following Counties attained the lowest absorption rates of their respective approved development budgets, i.e., Baringo and Tana River each at 7 per cent, followed by Taita-Taveta, Kisumu, Nairobi City and Nyeri each at 6 per cent and Elgeyo-Marakwet, Lamu, Nakuru and Kitui each at 5 per cent.

The County Governments' recurrent expenditure during the period under review amounted to Kshs.151.26 billion, accounting for 40 per cent of the annual County Governments' budget for recurrent activities, which is consistent with the absorption rate recorded in a similar period in FY 2023/24 when expenditure for recurrent activities was Kshs.143.72 billion. The expenditure comprised Kshs.102.32 billion (68 per cent) on compensation to employees and Kshs.48.95 billion (32 per cent) on operations and maintenance. Moreover, the County Assemblies incurred Kshs.722.89 million on MCAs' sitting allowances against an approved annual budget allocation for MCAs' sitting allowances of Kshs.1.95 billion, translating to 37 per cent of the approved MCAs sitting allowance budget, and an increase from an absorption rate of 35 per cent realised in FY 2023/24 when Kshs.703.62 million was incurred.

In the first half of FY 2024/25, the County Governments reported outstanding pending bills stock of Kshs.180.52 billion comprising of Kshs.143.49 billion for recurrent activities and Kshs.37.03 billion for development activities. The Counties with significant pending bills stock included Nairobi City at Kshs.118.26 billion, Kiambu at Kshs.5.63 billion, Machakos at Kshs.5.07 billion, Mombasa at Kshs.3.72 billion, and Bungoma at Kshs.2.83 billion.

During the reporting period, the Controller of Budget identified several challenges that hindered effective budget execution, including (i) Delay by the Parliament to enact the Government Additional Allocations Bill 2024, (ii) Under-performance in Own Source revenue collection, (iii) Overdependence on revenues from Appropriations in Aid, particularly the Facility Improvement Fund in the Health Sector, (iv) Non-Adherence to Pending Bills Payment Plans, (v) Non-adherence to Exchequer Workplans Submitted to the OCoB, (vi) Low Expenditure on Development Programmes, and (vii) Delay in submission of Financial and Non-Financial Reports to the Controller of Budget.

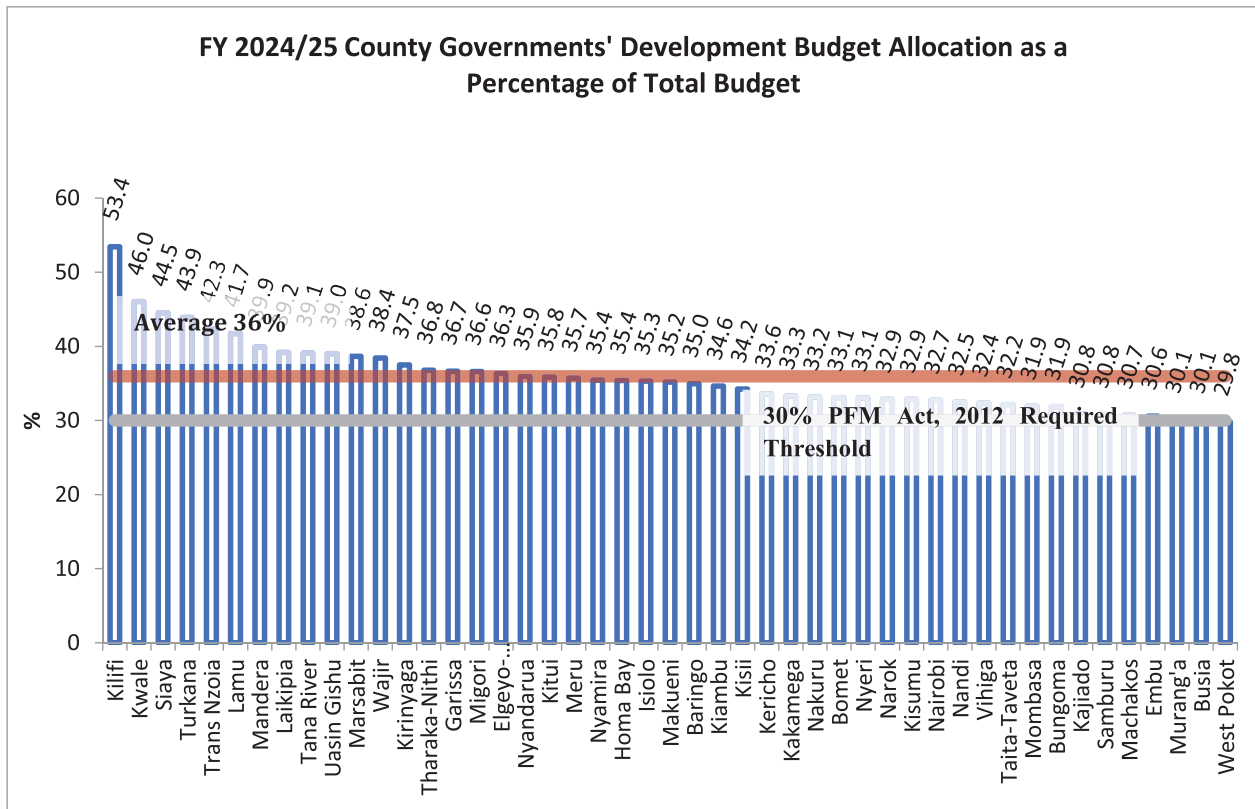

Based on the findings, the Controller of Budget recommends the following actions to improve budget implementation: (i) Parliament and relevant stakeholders should continue to address the outstanding issues related to mediation in the County Governments Allocation Act Budget (CGAAB); (ii) County Governments should enhance their efforts to collect own-source revenue during the remaining period of FY 2024/25; (iii) County Governments should explore and grow other own source revenue streams (iv) County Governments must adhere to their plans for paying pending bills; (v) the National Treasury should collaborate with key stakeholders to expedite the automation of the exchequer process for County Governments, ensuring that approved exchequer work plans are linked to actual execution; (vi) Robust project planning, monitoring, and implementation mechanisms should be adopted to improve the absorption rate of development funds; and (vii) Financial and non-financial reports should be submitted to the Controller of Budget promptly during the next reporting period).

1. INTRODUCTION

The Office of the Controller of Budget (OCoB) is an oversight institution established under Article 228 of the Constitution of Kenya. Its role is to oversee and report on the implementation of budgets for both the National and County Governments. According to Article 228 (6) of the Constitution and Section 9 of the Controller of Budget (COB) Act, 2016, the Controller of Budget must submit a report to each house of Parliament on budget implementation every four months. This County Budget Implementation Review Report (CBIRR) covers the first half of the fiscal year 2024/25, from July 2024 to December 2024.

The CBIRR presents an overview of budget execution by the County Governments. It analyses data on counties' local revenue collected, transfers received from the National Government and development partners, and total expenditures during the first half of the FY 2024/25. The report is based on quarterly financial reports submitted to the OCoB by County Treasuries, as outlined in Sections 166 and 168 of the Public Finance Management (PFM) Act of 2012, as well as data obtained from the Integrated Financial Management System (IFMIS) and information gathered by the OCoB while overseeing budget implementation.

The structure of this report is as follows: Chapter One provides an introduction, and Chapter Two analyses the budget performance of counties during the first half of FY 2024/25. In Chapter Two, the performance of county governments in generating own-source revenue is discussed, along with actual expenditures compared to the budget estimates for recurrent and development expenditures. Recurrent expenditures are categorised into Compensation of Employees and Operations and Maintenance. A summary of the pending bills for the forty-seven county governments as of 31 December 2024 is also included in this chapter. The absorption rate, which measures performance, is calculated as a percentage of actual expenditure relative to the approved annual budget estimates.

Chapter Three provides a detailed report by individual Counties. It discusses budget performance across recurrent and development expenditures, exchequer issues, and actual spending, categorised into Compensation of Employees, Operations and Maintenance, and Development Expenditure. Additionally, the Chapter analyses the execution of the budget by programmes and sub-programmes for each department, along with information on development projects undertaken in the first half of FY 2024/25

Chapter Four summarises the key challenges identified by the OCoB in budget implementation in the counties during the first half of FY 2024/25. The report also recommends enhancing effective and efficient budget implementation and promoting best practices. The conclusion of the report is presented in the final chapter.

2. FINANCIAL ANALYSIS OF COUNTY BUDGET IMPLEMENTATION IN THE FIRST HALF OF FY 2024/25

2.1. Introduction

This chapter presents the financial analysis of aggregated County budget implementation for the first half of FY 2024/25, covering the period from July to December 2024.

2.2. Revenue Analysis

The combined County Governments' budgets approved by the County Assemblies amounted to Kshs.588.38 billion, comprising Kshs.211.53 billion (36 per cent) allocated to development expenditures and Kshs.376.86 billion (64 per cent) to recurrent expenditures.

County Governments expect to receive an equitable share of nationally raised revenue for the FY 2024/25, amounting to Kshs.387.43 billion. Additionally, they expect arrears for the equitable share for the FY 2023/24 (for June 2024), totalling Kshs.30.83 billion. Own Source Revenue is estimated at Kshs.85.36 billion, which includes Appropriations in Aid (A-i-A) and the Facility Improvement Fund (FIF) of Kshs.20.88 billion. The unspent balance from FY 2023/24 is projected at Kshs.29.31 billion. The County Governments Additional Allocations Bill, 2024, proposes an allocation of Kshs.55.45 billion will be disbursed through the respective Ministries, Departments, and Agencies. However, Parliament had not yet approved the bill as of 31 December 2024.

2.2.1 Revenue Out-turn

The total funds available to the County Governments in the first half of FY 2024/25 amounted to Kshs.234.71 billion. This includes Kshs.160.78 billion in equitable shares of revenue raised nationally for FY 2024/25 and equitable share arrears for FY 2023/24 (June 2024) of Kshs.30.83 billion; own source revenue collection of Kshs.25.54 billion, which includes A-i-A/FIF of Kshs.9.81 billion, and the available balance brought forward was Kshs.17.56 billion.

2.2.2 Own-Source Revenue

During the reporting period, County Governments generated a total of Kshs.25.54 billion from their own-source revenue (OSR), which was 30 per cent of the annual target of Kshs.84.52 billion. The realised OSR is an increase compared to Kshs.19.95 billion generated in a similar period in FY 2023/24. Analysis of own-source revenue collection for July to December 2024 is shown in Table 2.1

Source: County Treasuries

An analysis of own-source revenue (OSR) as a proportion of the annual revenue target revealed that six counties attained above 50 per cent of their annual targets, namely Narok County (87 per cent of target), Elgeyo-Marakwet County (60 per cent), Samburu County (59 per cent), Laikipia County (55 per cent), Garissa County (53 per cent), and Wajir County (52 per cent). Conversely, the Counties whose OSR performance fell below 20 per cent include Kiambu County (20 per cent), Bungoma County (20 per cent), Kajiado County (19 per cent), Kisumu County (18 per cent), Bomet County (16 per cent), Machakos County (12 per cent). A detailed analysis of own-source revenue by stream for each county is provided in Chapter Three.

For County Governments whose OSR performance in the review period is below their projected target for the first half of FY 2024/25, the Controller recommends implementing strategies to collect the remaining balance within the remaining period. Additionally, these counties should consider revising their OSR projections for the subsequent period to align with more realistic and achievable targets.

2.3. Funds Released to the Counties

2.3.1 Funds Released from the Consolidated Fund to the Counties

In the First Half of FY 2024/25, the COB approved the transfer of Kshs.191.62 billion as the equitable share of revenue raised nationally from the Consolidated Fund to the various CRFs per Article 206 (4) of the Constitution of Kenya, 2010. The transferred amounts included Kshs.30.83 billion, which was in arrears from FY 2023/24. Chapter Three provides a detailed analysis of the released equitable share to each County.

2.3.2 Funds Released to the County Operational Accounts

The COB authorised withdrawals of Kshs.182.05 billion from the County Revenue Funds to the County Operational Accounts comprising Kshs.150.22 billion (83 per cent) for recurrent expenditure and Kshs.31.83 billion (17 per cent) for development expenditure. This was an increase from the Kshs.174.63 billion authorised in a similar period in FY 2023/24. A detailed analysis of the funds released to each County is provided in Chapter Three.

2.4. Expenditure Analysis

The total expenditure by County Governments in the first half of FY 2024/25 was Kshs.184.86 billion, representing an overall absorption rate of 31 per cent of the total Annual County government's budget of Kshs.588.38 billion. This is an increase from an absorption rate of 30 per cent reported in a similar period in FY 2023/24 when the total expenditure was Kshs.168.52 billion.

Recurrent expenditure was Kshs.151.26 billion, representing 40 per cent of the annual recurrent budget, a similar absorption rate to that reported in the First Half of FY 2023/24, where recurrent expenditure was Kshs.143.72 billion. Development expenditure amounted to Kshs.33.60 billion, representing an absorption rate of 16 per cent and an increase from 12 per cent in the first half of FY 2023/23 when total development expenditure was Kshs.24.81 billion. The analysis of expenditure by economic classification in the First Half of FY 2022/23 is provided in Table 2.2.

A review of cumulative expenditures by economic classification showed that Kshs.102.32 billion (55 per cent) was spent on Compensation to Employees, Kshs.48.95 billion (26 per cent) on Operations and Maintenance, and Kshs.33.60 billion (18 per cent) on Development Expenditures.

2.4.1 Development Expenditure

The County Governments spent Kshs.33.60 billion on development activities, representing an absorption rate of 16 per cent of the annual development budget of Kshs.211.53 billion, An increase from an absorption rate of

12 per cent reported in the first half of FY 2023/24, when development expenditure was Kshs.24.81 billion. Table 2.3 analyses County budget allocations, expenditures, and absorption rates during the period under review.

The analysis of development expenditures reveals that the following counties had the lowest development absorption rate: Elgeyo Marakwet County, Lamu, Nakuru, Kitui each at 5 per cent, Taita-Taveta, Kisumu, Nairobi City, and Nyeri each at 6 per cent, Baringo and Tana River at 7 per cent.

The counties with the highest absorption rates for development expenditures were Mandera County (32 per cent), Narok County (30 per cent), Garissa County (28 per cent), Uasin Gishu County (27 per cent) and Marsabit County (26 per cent). Chapter Three provides a detailed analysis of the counties' implementation of development expenditures.

2.4.2 Recurrent Expenditure

The Counties spent an aggregate of Kshs.151.26 billion, or 82 per cent of the total expenditure, on recurrent activities. This expenditure represented 40 per cent of the annual County Government's budget for recurrent activities and had a similar absorption rate in a similar period in FY 2023/24 when expenditure stood at Kshs.143.72 billion.

The recurrent expenditure comprised Kshs.102.32 billion (68 per cent) on Compensation to Employees and Kshs.48.95 billion (32 per cent) on Operations and Maintenance (O&M) expenditure. Chapter Three provides an analysis of the recurrent expenditure by Counties.

2.4.3 Review of MCA Sitting Allowances

The County Assemblies spent Kshs.722.89 million on MCA's Sitting allowances against an approved budget allocation of Kshs.1.95 billion during the reporting period. This expenditure translated to 37 per cent of the approved MCA sitting allowance budget, an increase from 35 per cent in the first half of FY 2023/24 when Kshs.703.62 million was spent. Table 2.4 shows the budgetary allocation and expenditure on MCAs' and Speakers' sitting allowances in the first half of FY 2024/25.

The County Assemblies with the highest absorption rate of their sitting allowance budget include the Homa Bay Assembly (69 per cent), Isiolo Assembly (64 per cent), Mombasa Assembly (56 per cent), Nyeri and Narok Assemblies (each at 54 per cent) and Kitui and Makueni Assemblies (each at 53 per cent).

2.4.4 Pending Bills as of 31 December 2024

A pending bill is an unsettled financial obligation at the end of a financial year. It arises when an entity fails to settle invoiced amounts for goods and services adequately procured, delivered, or rendered at the end of a financial year.

As of 31 December 2024, Counties reported outstanding pending bills, which amounted to Kshs.182.13 billion, comprised of Kshs.145.06 billion for recurrent expenditure and Kshs.37.07 billion for development expenditure, as shown in Table 2.5.

*Garissa County reported pending bills totalling Kshs.6.11 billion as of 30 June 2024, comprised of Kshs.2.82 billion and Kshs.3.29 billion on eligible and ineligible pending bills, respectively. The eligible pending bill amount includes Kshs.2.69 billion from the County Executive and Kshs.132.91 million from the County Assembly (more details are provided in Chapter Three).

During the period under review, several County Governments adjusted their pending bills as of 30 June 2024. Furthermore, several County Governments have not followed their scheduled payment plans for these outstanding bills. County Governments are expected to prioritise the payment of these outstanding bills according to their established payment plans.

The Office of the Controller of Budget (OCoB) recommends that the County Governments prioritise the settlement of all eligible pending bills in the budget as a first charge according to Regulation 55(2)(b) of the Public Finance Management (County Governments) Regulations, 2015. Furthermore, we urge the counties to comply with their pending bills payment plan for FY 2024/25 and the Senate resolutions, which were communicated in a letter to all the 47 County Governors Ref: SEN/RESOLS/05/2024(03) dated 9 May 2024.

3. BUDGET PERFORMANCE BY COUNTY GOVERNMENT

3.1. County Government of Baringo

3.1.1 Overview of FY 2024/25 Budget

The Baringo County Gross Approved Supplementary I FY 2024/25 budget was Kshs.9.20 billion. It comprised Kshs.3.20 billion (35 per cent) and Kshs.6.00 billion (65 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.0.35 billion (4 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.4.45 billion and a recurrent budget of Kshs.5.10 billion. The county government budget decreased due to the decrease in its own source revenue and the non-correct capture of balance carried forward. The County's Net Approved Supplementary I Budget is Kshs.9.20 billion, comprising Kshs.6.00 billion for recurrent and Kshs.3.20 billion for development.

The budget will be financed from different sources of revenue. These include; Kshs.7.45 billion (81 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.14 billion as additional allocations, a cash balance brought forward from FY 2023/24 was not indicated, and Kshs.600.10 million (7 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.149.38 million (2 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.450.72 million (5 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.1.

3.1.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.3.00 billion to fund its development and recurrent activities. This amount consisted of Kshs.2.82 billion from the equitable share of revenue raised nationally, no additional allocations from government and development partners, and its source revenue (OSR) collection of Kshs.179.58 million. The County did not indicate a cash balance from FY 2023/24.

The total OSR collection of Kshs.179.58 million includes Facilities Improvement Financing (FIF) of Kshs.47.07 million, and Kshs.132.51 million as ordinary OSR, no Appropriations in Aid (AIA). Table 3.1 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.179.58 million from its revenue sources, including FIF. This amount was an increase of 8.2 per cent compared to Kshs.170.77 million realised in a similar period in FY 2023/24 and was 30 per cent of the annual target and 6 per cent of the equitable revenue share disbursed. The OSR report did not indicate revenue arrears and penalties charged on fees and levies from previous financial years.

Figure 2: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.50.54 million, was from the Hire of County Machines, contributing 28 per cent of the total OSR receipts during the reporting period.

3.1.3 Borrowing by the County

The County Government did not borrow any money from any institution during the period.

3.1.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.3.00 billion from the CRF account comprised Kshs.344 million (11 per cent) for development programmes and Kshs.2.66 million (less than 1 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.63 million was released towards compensation of employees and Kshs.1.03 million for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to a delay in payroll processing.

Analysis of the operations and maintenance exchequer releases indicates that 9.3 per cent was for domestic travel and 0.05 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.98.54 million, including Kshs.66.53 million for the County Executive and Kshs.32.01 million for the County Assembly. The foreign exchequer totalled Kshs..488 million, comprising Kshs..488 million for the County Executive and Kshs.0.00 million for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.1,021.84.

3.1.5 County Expenditure Review

The County spent Kshs.2.39 billion on development and recurrent programmes in the reporting period. The expenditure represented 80 per cent of the total funds released by the CoB and comprised Kshs.216.12 million and Kshs.2.55 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 7 per cent, while recurrent expenditure represented 37 per cent of the annual recurrent expenditure budget.

3.1.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.486.47 million as of 30 June 2024. This includes Kshs.475.03 million from the County Executive and Kshs.11.45 million from the County Assembly. The pending bills from the County Executive consist of Kshs.146.03 million for recurrent expenditures and Kshs.105.90 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.245.87 million, comprising Kshs.100.05 million for recurrent programmes and Kshs.145.82 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.7.54 million, which included Kshs.7.54 million for recurrent activities and Kshs.0.0 million for development activities.

At the commencement of FY 2024/25, the County Executive and the Assembly submitted a pending bills payment plan, committing to pay Kshs.236.67 million and Kshs.15.24 million in the first half of FY 2024/25. The County adhered to this payment plan, clearing Kshs.238.34 million for the Executive and Kshs.7.54 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.240.58 million, comprising Kshs.236.67 for the County Executive and Kshs.3.91 billion for the County Assembly.

3.1.7 Expenditure by Economic Classification

The County Executive spent Kshs.1,444.64 million on employee compensation, Kshs.534.92 million on operations and maintenance, and Kshs.216.12 million on development activities. Similarly, the County Assembly spent Kshs.185.31 billion on employee compensation, Kshs.12.95 million on operations and maintenance, and nil expenditure towards development activities, as shown in Table 3.3.

Further analysis indicates that PE costs amounting to Kshs.1.51 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.121.05 million was processed through manual payrolls, which accounted for 8 per cent of the total PE cost.

The County Assembly spent Kshs.15.59 million on committee sitting allowances for the 45 MCAs against the annual budget allocation of Kshs.50.78 million. The average monthly sitting allowance was Kshs.57,746.76 per MCA. The County Assembly had 25 House Committees.

3.1.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.139.50 million to County-Established funds in FY 2024/25, or 2 per cent of the County's overall budget. Further, the County allocated Kshs.20 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.4 summarises each established Fund's budget allocation and performance during the reporting period.

Sub-programmes with the highest levels of implementation based on absorption rates were: Disaster Risk Management in the Office of the Governor and Deputy Governor at 87 per cent, Supply Chain Services in the Department of Trade, Cooperatives and Industrialisation at 85 per cent, and County Climate Change Fund – Matching Fund in the Department of Environment, Tourism, Wildlife Management, Natural Resources and Mining at 83 per cent of budget allocation.

3.1.15 Accounts Operated Commercial Banks

The County Government operated 265 accounts with commercial banks, including 230 accounts for Health Facilities, nine accounts for Established Funds, ten revenue accounts, five special purpose accounts (additional allocations), one interest account, and ten payment accounts (recurrent and development).

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.1.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.179.58 million against an annual target of Kshs.600.1 million, representing 30 per cent of the yearly target.
- ii. Use of manual payroll. Personnel emoluments amounting to Kshs.121.05 million were processed through manual payroll, accounting for 7.4 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- iii. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are mainly for the Health Facilities.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*

- ii. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iii. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.2. County Government of Bomet

3.2.1 Overview of FY 2024/25 Budget

The Bomet County Approved FY 2024/25 budget is Kshs.9.78 billion. It comprises Kshs.3.24 billion (33 per cent) and Kshs.6.54 billion (67 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.26 billion (15 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.2.39 billion and a recurrent budget of Kshs.6.13 billion. The increase in the budget was attributed to the anticipated growth in CARA at the beginning of the 2024/25 FY and the rise in the additional allocations of Kshs.273.20 million and Kshs.777.37 million, respectively, in addition to the enhanced OSR target by Kshs.123.71 million.

The budget will be financed from different sources of revenue. These include Kshs.7.25 billion (74 per cent) as the equitable share of revenue raised nationally, Kshs.1.35 billion (14 per cent) as additional allocations/conditional grants, a cash balance of Kshs.725.62 million (7 per cent) brought forward from FY 2023/24, and Kshs.455.75 million (5 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.175.72 million (2 per cent) as the Facility Improvement Fund (revenue from health facilities) and Kshs.280.03 million (3 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.1.

3.2.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.3.80 billion to fund its development and recurrent activities. This amount consisted of Kshs.2.91 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.83.56 million, and its own source revenue (OSR) collection of Kshs.72.22 million. In addition, the County had a cash balance of Kshs.736.22 million from FY 2023/24.

The total OSR collection of Kshs.72.22 billion includes Facilities Improvement Financing (FIF) of Kshs.45.39 million, and Kshs.26.83 million as ordinary OSR. Table 3.10 summarises the total revenue available to the County Government during the first half of FY 2024/25.

The County Treasury has not fully budgeted for the balance from the previous FY, so the unspent balances from FY 2023/24 performed more than 100 per cent, as shown in Table 3.10.

The County has not finalised the approval process for the governing legislation to operationalise the Facility Improvement Fund (FIF).

Figure 5 shows the trend in own-source revenue collection from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 5: Trend in Own-Source Revenue Collection from the First Half of FY 2018/19 to the First Half of FY 2024/25

During the first half of FY 2024/25, the County generated Kshs.72.22 million from its revenue sources, including FIF. This amount was an increase of 7 per cent compared to Kshs.69.70 million realised in a similar period in FY 2023/24 and was 16 per cent of the annual target and less than 1 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 6.

Figure 6: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Bomet County Treasury

The highest revenue stream, Kshs.45.39 million, was from the Public Health Services, which contributed 63 per cent of the total OSR receipts during the reporting period.

3.2.3 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.3.41 billion from the CRF account comprised Kshs.698.42 million (20 per cent) for development programmes and Kshs.2.71 billion (80 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.92 billion was released towards compensation of employees and Kshs.797.35 million for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer requests for the County Executive and the County Assembly due to delays in payroll processing due to the new HRIS Payroll System hitches.

Analysis of the operations and maintenance exchequer releases indicates that 11 per cent was for domestic travel and 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.84.27 million and included Kshs.44.34 million for the County Executive and Kshs.39.93 million for the County Assembly. The foreign travel exchequer totalled Kshs.4.65 million and was entirely for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.357.87 million.

3.2.4 County Expenditure Review

The County spent Kshs.3.33 billion on development and recurrent programmes in the reporting period. The expenditure represented 98 per cent of the total funds released by the CoB and comprised Kshs.617.86 million and Kshs.2.71 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 19 per cent, while recurrent expenditures represented 41 per cent of the annual recurrent expenditure budget.

3.2.5 Settlement of Pending Bills

The County reported pending bills totalling Kshs.1.11 billion as of 30 June 2024. This includes Kshs.1.02 billion from the County Executive and Kshs.86.96 million from the County Assembly. The pending bills from the County Executive consist of Kshs.193.12 million for recurrent expenditures and Kshs.830.77 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.313.89 million, comprising Kshs.117.45 million for recurrent programmes and Kshs.196.45 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.3.24 million on recurrent bills.

The County Executive and the Assembly submitted pending bill payment plans at the commencement of FY 2024/25, committing to pay Kshs.615.00 million and Kshs.3.00 million, respectively, in the first half of FY 2024/25. The County Assembly adhered to this payment plan, clearing Kshs.3.24 million, while the County Executive's settlement fell short by approximately Kshs.301.11 million.

As of 31 December 2024, the outstanding bills amounted to Kshs.793.72 million, comprising Kshs.710 million for the County Executive and Kshs.83.71 million for the County Assembly.

3.2.6 Expenditure by Economic Classification

The County Executive spent Kshs.1.74 billion on employee compensation, Kshs.614.16 million on operations and maintenance, and Kshs.588.20 million on development activities. Similarly, the County Assembly spent Kshs.172.84 million on employee compensation, Kshs.183.90 million on operations and maintenance, and Kshs.29.66 million on development activities, as shown in Table 3.12.

Table 3.12: Summary of Budget and Expenditure by Economic Classification

3.2.7 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.91 billion, or 50 per cent of the available revenue of Kshs.3.80 billion. This expenditure represented an increase from Kshs.1.54 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.552.00 million paid to the Health Sector employees, translating to 29 per cent of the total wage bill. The more than 10 per cent increase in Personnel Emoluments compared to a similar period in the previous financial year is attributed to, among other factors - the recruitment of 334 critical staff in all the county departments, settlement of arrears for staffs who didn't get their personnel numbers on time and also the introduction of housing levy at 1.5% of the gross salary of an employee with a matching contribution being made by the employer.

Figure 7 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.1.74 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.170.25 million was processed through manual payrolls, which accounted for 9 per cent of the total PE cost.

The County Assembly spent Kshs.12.96 million on committee sitting allowances for the 38 MCAs and the Speaker against the annual budget allocation of Kshs.30.94 million. The average monthly sitting allowance was Kshs.55,381 per MCA. The County Assembly had 21 House Committees.

1.1.1 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.130 million to County-Established funds in FY 2024/25, or 1 per cent of the County's overall budget. Further, the County allocated Kshs.2 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.13 summarises each established Fund's budget allocation and performance during the reporting period.

During the reporting period, the CoB received the quarterly financial reports from the three Fund Administrators, as indicated in Table 3.4, as per the requirement of Section 168 of the PFM Act, 2012. The funds' administration costs were within the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

3.2.8 Expenditure on Operations and Maintenance

Figure 8 summarises the Operations and Maintenance expenditure by major categories.

The operations and maintenance costs include an expenditure of Kshs.20.82 million on garbage collection and Kshs.5.00 million on Legal fees/Dues, arbitration and compensation payments expenditure legal fees.

3.2.9 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.45.39 million as FIF, which was 26 per cent of the annual target of Kshs.175.72 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. However, the county has not developed regulations to operationalise the FIF Act of 2023.

The entire collection of Kshs.45.39 million by the Health Facilities was expended, as shown in Table 3.15.

The Health Facilities with the highest absorption rates were Sigor and Ndanai Sub-County Hospitals, which reported 55 per cent and 45 per cent absorption levels, respectively.

3.2.10 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.617.86 million on development programmes, representing a decrease of 5 per cent compared to a similar period in FY 2023/24, when the County spent Kshs.647.99 million. Table 3.16 summarises development projects with the highest expenditure in the reporting period.

Based on absorption rates, the sub-programmes with the highest implementation levels were Administration in the Department of Water Sanitation and Environment at 85 per cent, Veterinary Services in the Department of Agriculture, Livestock and Cooperatives at 53 per cent, and Legislative Services in the County Assembly at 50 per cent of budget allocation.

3.2.13 Accounts Operated Commercial Banks

The County Government operated 148 accounts with commercial banks, including 131 accounts for Health Facilities, four accounts for Established Funds, one revenue account, seven special purpose accounts (additional allocations), four imprest accounts, one recurrent operational account and one development operational account.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.2.14 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.72.22 million against an annual target of Kshs.455.75 million, representing 16 per cent of the yearly target.
- ii. High level of pending bills amounted to Kshs.793.72 billion as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- iii. Use of manual payroll. Personnel emoluments amounting to Kshs.170.25 million were processed through manual payroll, accounting for 9 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- iv. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.
- v. The County Treasury did not fully budget for the unspent balances from FY 2023/24, resulting in more than 100 per cent receipts vis the budgeted figures.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining period of the financial year. Further, compliance with the payment plan should be enforced.*
- iii. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iv. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*
- v. *The County Treasury should thoroughly budget for all unspent balances from the previous Financial Years.*

3.3. County Government of Bungoma

3.3.1 Overview of FY 2024/25 Budget

The Bungoma County approved FY 2024/25 budget is Kshs.15.59 billion. This comprises of Kshs.4.97 billion (32 per cent) and Kshs.10.62 billion (68 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.56 billion (11 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.4.76 billion and a recurrent budget of Kshs.9.27 billion. The increase in the county government budget was attributed to a rise in its own-source revenue projection and equitable share of revenue raised nationally.

The Bungoma County Government budget will be financed from different sources. The County governments expect to receive Kshs.11.54 billion (74 per cent) as the equitable share of revenue raised nationally, Kshs.1.79 billion (12 per cent) as additional allocations/conditional grants, and generate Kshs.2.25 billion (15 per cent) as gross own source revenue. The own-source revenue includes Kshs.1.06 billion (47 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.1.19 billion (53 per cent) as ordinary own-source revenue. A breakdown of the additional allocations/conditional grants is provided in Table 3.19.

3.3.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.6.03 billion to fund its development and recurrent activities. This amount consisted of Kshs.4.62 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.65.13 million, Facility Improvement Fund of Kshs.314.89 million and its own-source revenue (OSR) collection of Kshs.141.91 million. In addition, the County had a cash balance of Kshs.888.96 million from FY 2023/24. This opening balance includes Kshs.888.96 million from the June 2024 disbursement of the equitable share of revenue, released in July 2024.

The total OSR collection of Kshs.456.89 million includes Facilities Improvement Financing (FIF) of Kshs.314.98 million and Kshs.141.91 million as ordinary OSR. Table 3.19 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.459.89 million from its revenue sources, including AIA and FIF. This amount was an increase of 9 per cent compared to Kshs.422.38 million realised in a similar period in FY 2023/24, which was 39 per cent of the annual target and 52 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 10.

Figure 10: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.314.98 million, was from Health /Hospital -FIF, contributing to 69 per cent of the total OSR receipts during the reporting period.

3.3.3 Borrowing by the County

The County Government borrowed Kshs.642.08 million from a commercial bank, the County Executive (Kshs.601.09 million), and the County Assembly (Kshs.40.99 million) to support its operations. As of 31 December 2024, the County had a short-term arrangement with the Kenya Commercial Bank, Bungoma Branch, to facilitate salary payments and avoid salary delays.

3.3.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.4.73 billion from the CRF account comprised Kshs.732.87 million (15 per cent) for development programmes and Kshs.4 billion (85 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.3.02 billion was released towards compensation of employees and Kshs.968.28 million for operations and maintenance expenditure.

Analysis of the operations and maintenance exchequer releases indicates that 18 per cent was for domestic travel and 0.4 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.171.61 million, including Kshs.119.09 million for the County Executive and Kshs.52.52 million for the County Assembly. The foreign exchequer totalled Kshs.4.66 million, comprising Kshs.2.62 million for the County Executive and Kshs.2.04 million for the County Assembly.

As of 31 December 2024, the County Government's cash balance in the CRF account was Kshs.794.10 million.

3.3.5 County Expenditure Review

The County spent Kshs.5.13 billion on development and recurrent programmes in the reporting period. The expenditure represented 109 per cent of the total funds released by the CoB and comprised Kshs.760.70 million and Kshs.4.37 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 15 per cent, while recurrent expenditure represented 41 per cent of the annual recurrent expenditure budget.

3.3.6 Settlement of Pending Bills

As of 30 June 2024, the County reported pending bills totalling Kshs.4.52 billion. This includes Kshs.4.49 billion from the County Executive and Kshs.28.57 million from the County Assembly. The pending bills from the County Executive consist of Kshs.2.45 billion for recurrent expenditures and Kshs.2.04 billion for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.1.68 billion, comprising of Kshs.1.1 billion for recurrent programmes and Kshs.580.58 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.12.46 million for recurrent activities.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.2.4 billion and Kshs.14.29 million in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.1.68 billion for the Executive and Kshs.12.46 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.2.83 billion, comprising Kshs.2.81 billion for the County Executive and Kshs.16.01 million for the County Assembly.

3.3.7 Expenditure by Economic Classification

The County Executive spent Kshs.3.32 billion on employee compensation, Kshs.668.13 million on operations and maintenance, and Kshs.700.29 million on development activities. Similarly, the County Assembly spent Kshs.78.06 million on employee compensation, Kshs.305.90 million on operations and maintenance, and Kshs.60.4 million on development activities, as shown in Table 3.21.

3.3.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.3.54 billion, or 59 per cent of the available revenue of Kshs.6.03 billion. This expenditure represented an increase from Kshs.2.58 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.60 billion paid to the Health Sector employees, translating to 45 per cent of the total wage bill. The Increase in PE expenditure in the reporting period compared to a similar period in FY 2023/24 is attributable to the employment of nurses and other staff cadres, annual salary increments and promotion of staff.

Figure 11 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.3.44 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.99.12 million was processed through manual payrolls, which accounted for 3 per cent of the total PE cost.

The County Assembly spent Kshs.25.73 million on committee sitting allowances for the 63 MCAs against the annual budget allocation of Kshs.56.35 million. The average monthly sitting allowance was Kshs.68,075 per MCA. The County Assembly had 24 House Committees.

3.3.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.395 million to County-Established funds in FY 2024/25, or 3 per cent of the County's overall budget. Further, the County, in line with Section 110 of the PFM Act, 2012, allocated Kshs.100 million to the Emergency Fund (less than 1 per cent of the total budget).

Table 3.22 summarises each established Fund's budget allocation and performance during the reporting period.

The operations and maintenance costs include Kshs.173.33 million for garbage collection and Kshs.2.72 million for Legal Fees/Dues, Arbitration, and Compensation Payments.

3.3.11 Facility Improvement Financing

During the period under review, the County reported collecting Kshs.315.02 million as FIF, which was 33 per cent of the annual target of Kshs.956.25 million. The collected amount was retained and utilised at the source in accordance with the Facility Improvement Financing Act of 2023. The County has, however, not developed regulations to operationalise the FIF Act of 2023.

The health facilities reported using the FIF during the reporting period. The expenditure by the health facilities amounted to Kshs.300.76 million, as shown in Table 3.24.

Analysis of expenditure by departments shows that the Department of Gender, Culture, Youth and Sports

recorded the highest absorption rate of development budget at 58 per cent, followed by the Departments of Finance and Planning and County Public Service at 50 per cent. The Department of Housing had the highest percentage of recurrent expenditure to budget at 60 per cent, while the Department of Kimilili Municipality had the lowest at 26 per cent.

The absorption of funds above the approved exchequers was due to some funds carried forward from the 2023/24 financial year in special purpose accounts for additional allocations in the Department of Tourism, Forestry, Agriculture, Livestock, Fisheries and Co-operative Development, Kimilili Municipality, Environment, Water and Natural Resources. The County Assembly had overcommitted funds in the system.

3.3.14 Budget Execution by Programmes and Sub-Programmes

Sub-programmes with the highest levels of implementation based on absorption rates were Human Resource Management Development in the Department of Public Administration at 100 per cent, Co-operative, Governance, Advisory and Training Services in the Department of Agriculture, Livestock, Fisheries and Co-operative at 97 per cent, Administration Support and Services at 90 per in the Department of Finance and Economic Planning, Administration, Planning and Support Services in the Department of Gender and Culture at 80 per cent, of budget allocation.

3.3.15 Accounts Operated Commercial Banks

The County Government operated 301 accounts with commercial banks, including 145 accounts for Health Facilities and Dispensaries, 12 accounts for Level 4 and 5 Hospitals, 116 accounts for Vocational Training Centers, nine accounts for Established Funds, four revenue accounts, seven special purpose accounts (additional allocations), two imprest accounts, and six recurrent operational accounts (County Assembly).

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.3.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.141.91 million against an annual target of Kshs.1.19 billion, representing 12 per cent of the yearly target.
- ii. The County Treasury failed to appropriate the unspent cash balance from the previous financial year, which amounted to Kshs.888.96 million
- iii. High pending bills amounted to Kshs.2.83 billion as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- iv. Use of manual payroll. Personnel emoluments amounting to Kshs.99.12 million were processed through manual payroll, accounting for 2.8 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- v. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for Health Facilities and Dispensaries, accounts for Level 4 and 5 Hospitals, Vocational Training Centres, Established Funds, revenue accounts, special purpose accounts (additional allocations), interest accounts, and recurrent operational accounts (County Assembly).

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County Treasury should prepare a Supplementary budget to appropriate the unspent cash balances from the previous financial year.*
- iii. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iv. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- v. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.4. County Government of Busia

3.4.1 Overview of FY 2024/25 Budget

The Busia County Gross Approved Budget FY 2024/25 budget is Kshs.9.31 billion. It comprises Kshs.2.80 billion (30 per cent) and Kshs.6.51 billion (70 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.Kshs.0.89 billion (9 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.3.36 billion and a recurrent budget of Kshs.6.85 billion. The increase/decrease in the budget was attributed to the decline in balance b/f from FY 2023/24. The County's Net Approved Budget (gross budget less AIA estimates) is Kshs.9.11 billion, which consists of Kshs.6.31 billion for recurrent and Kshs.2.80 billion for development.

The Busia County Government budget will be financed from different sources of revenue. These include Kshs.7.76 billion (83 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.902.11 million as conditional grants (10 per cent) and Kshs.647.01 million (7 per cent) generated as gross own source revenue. The own-source revenue is Kshs.204.74 million (2 per cent) as Facility

Improvement Fund (revenue from health facilities) and Kshs.442.26 million (5 per cent) as ordinary own-source revenue. A breakdown of the conditional grants includes FLLoCA – Development grant Kshs.434.10 million, National value chain development program Kshs.250.00 million, Kenya climate-smart agriculture project Kshs.90.00 million, Kenya devolution support program II Kshs.37.50 million, Kenya livestock commercialisation project Kshs.33.50 million, Agriculture business development project Kshs.22.59 million, FLLoCa – CCIS grant Kshs.11.00 million, DANIDA Kshs.10.97 million, Nutrition international Kshs.10.00 million and Agricultural sector development Kshs.2.45 million. A breakdown of the additional allocations is shown in Table 3.28.

3.4.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.4.12 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.12 billion from the equitable share of revenue raised nationally and its own-source revenue (OSR) collection of Kshs.141.05 million. In addition, the County had a cash balance of Kshs.857.08 million from FY 2023/24.

The total OSR collection of Kshs.141.05 million includes Facilities Improvement Financing (FIF) of Kshs.66.94 million, and Kshs.74.11 million as ordinary OSR. Table 3.28 summarises the total revenue available to the County Government of Busia during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.141.05 million from its revenue sources, including AIA and FIF. This amount was an increase of 6 per cent compared to Kshs..133.56 million realised in a similar period in FY 2023/24, 22 per cent of the annual target and 5 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 14.

Figure 14: Top Streams of Own Source Revenue in the First Half FY 2024/25.

The highest revenue stream, Kshs.66.94 million, was from the Health Facility Improvement Fund, which contributed 47 per cent of the total OSR receipts during the reporting period.

3.4.3 Borrowing by the County

Busia's county government did not report any borrowings made during the review period.

3.4.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.3.79 billion from the CRF account during the reporting period, which comprised Kshs.575.62 million (15 per cent) for development programmes and Kshs.3.22 billion (84 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.78 billion was released towards compensation of employees and Kshs.1.34 billion for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to a delay in uploading staff data in the new HRIS – Kenya payroll management system.

Analysis of the operations and maintenance exchequer releases indicates that 6 per cent was for domestic travel and 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.103.45 million, including Kshs.30.10 million for the County Executive and Kshs.73.35 million for the County Assembly. The foreign exchequer totalled Kshs.23.77 million, comprising Kshs.13.77 million for the County Executive and Kshs.10.00 million for the County Assembly.

As of 31 December 2024, the County Government's cash balance in the CRF account was Kshs.476.24 million.

3.4.5 County Expenditure Review

The County spent Kshs.2.63 billion on development and recurrent programmes in the reporting period. The expenditure represented 69 per cent of the total funds released by the CoB and comprised of Kshs.647.27 million and Kshs.1.98 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 23 per cent, while recurrent expenditures represented 30 per cent of the annual recurrent expenditure budget.

3.4.6 Settlement of Pending Bills

As of 30 June 2024, the County reported pending bills totalling Kshs.2.25 billion. This includes Kshs.2.21 billion from the County Executive and Kshs.40.00 million from the County Assembly. The pending bills from the County Executive consist of Kshs.1.51 billion for recurrent expenditures and Kshs.698.72 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.183.59 million, comprising Kshs.45.55 million for recurrent programmes and Kshs.135.04 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.25.00 million for development activities.

At the commencement of FY 2024/25, the County Executive and the Assembly submitted pending bill payment plans. The county executive committed to paying the pending bills in **monthly** instalments of Kshs.118.38 million, while the Assembly committed to paying Kshs.5.0 million. In the first half of FY 2024/25, the county executive did not adhere to this payment plan, clearing a cumulative Kshs.180.59 million in the review period. The County Assembly adhered to the pending plan, clearing Kshs.25 million in the review period.

As of 31 December 2024, the outstanding bills amounted to Kshs.2.04 billion, comprising Kshs.2.02 billion for the County Executive and Kshs.15.00 million for the County Assembly.

3.4.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.00 billion on employee compensation, Kshs.581.06 million on operations and maintenance and Kshs.623.38 million on development activities. The County Assembly spent Kshs.95.77 million on employee compensation, Kshs.299.58 million on operations and maintenance and Kshs.23.90 on development activities, as shown in Table 3.30.

The County Treasury did not provide an explanation for why certain departments' expenditures exceeded their respective exchequer receipts.

Analysis of expenditure by departments shows that the Department of Trade, Cooperatives, Tourism & Industry recorded the highest absorption rate of development budget at 60 per cent, followed by the Department of County Assembly at 60 per cent. The Department of County Assembly had the highest percentage of recurrent expenditure to budget at 44 per cent, followed by the Department of Health and Sanitation at 34 per cent. The Department of Strategic Partnerships & Digital Economy had the lowest at 5 per cent.

3.4.13 Budget Execution by Programmes and Sub-Programmes

Sub-programmes with the highest levels of implementation based on absorption rates were: lower-level hospital equipment in the Department of Health and Sanitation at 100 per cent, diagnostic services in higher-level hospitals in the Department of Health and Sanitation at 80 per cent, market modernisation and development in the Department of Trade, Cooperative, Tourism and Industry at 73 per cent and Infrastructure Development in the County Assembly at 60 per cent of budget allocation.

3.4.14 Accounts Operated Commercial Banks

The County Government operated thirteen accounts with commercial banks, including five accounts for Health Facilities, two accounts for Established Funds, one revenue account, two special purpose accounts (additional allocations), and two imprest accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.4.15 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

- The underperformance of own-source revenue at Kshs.141.06 million against an annual target of Kshs.647.00 million, representing 22 per cent of the yearly target.
- Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The Fund reports were not submitted to the Controller of Budget as of 15 January 2025.
- High pending bills amounted to Kshs.2.04 billion as of 31 December 2024. Further, the county executive did not adhere to the payment plan for the pending bills.
- Use of manual payroll. Personnel emoluments amounting to Kshs.122.71 million were processed

- through manual payroll, accounting for 11 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- v. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for operational purposes.
 - vi. The programmes and sub-programmes in Table 3.35 were not aligned with the approved budget for each Department; for example, the IFMIS data does not capture programmes under respective departments but only at the sub-programme level.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iii. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iv. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- v. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*
- vi. *The County Treasury must ensure compliance with the approved programme and sub-programmes in the approved county government budget.*

3.5. County Government of Elgeyo Marakwet

3.5.1 Overview of FY 2024/25 Budget

The Elgeyo Marakwet County approved FY 2024/25 budget is Kshs.6.29 billion. It comprises Kshs.2.29 billion (36 per cent) and Kshs.4.00 billion (64 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.0.5 billion (7 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.2.55 billion and a recurrent budget of Kshs.4.24 billion. The decrease in the budget was attributed to the decline in the expected total revenue.

The budget will be financed from different sources of revenue. These include; Kshs.4.87 billion (77 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.12 billion as additional allocation/Conditional grant (18 per cent), and Kshs.300.78 million (5 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.195.0 million (3 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.105.78 million (2 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.37.

3.5.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.2.56 billion to fund its development and recurrent activities. This amount consisted of Kshs.2.00 billion from the equitable share of revenue raised nationally and its own-source revenue (OSR) collection of Kshs.179.31 billion. In addition, the County had a cash balance of Kshs.384.12 billion from FY 2023/24.

The total OSR collection of Kshs.179.31 billion includes Facilities Improvement Financing (FIF) of Kshs.150.57 million, and Kshs.28.74 million as ordinary OSR. Table 3.37 summarises the total revenue available to the County Government during the first half of FY 2024/25.

Figure 17: Trend in Elgeyo Marakwet County Own Source Revenue Collection

Source: Elgeyo Marakwet County Treasury

During the first half of FY 2024/25, the County generated Kshs.179.31 million from its revenue sources, including A-i-A and FIF. This amount was an increase of 44.5 per cent compared to Kshs.124.06 million realised in a similar period in FY 2023/24 and was 59.6 per cent of the annual target and 8.9 per cent of the equitable revenue share disbursed. The OSR includes revenue arrears and penalties on fees and levies from previous financial years of Kshs.0.94 million.

The increase in OSR can be attributed to ongoing automation, enhanced compliance, widening revenue streams, and implementation of the FIF Act of 2023.

The revenue streams which contributed the highest OSR receipts are shown in Figure 18.

Figure 18: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Elgeyo Marakwet County Treasury

The highest revenue stream, Kshs.150.57 million, was from the Facility Improvement Fund, which contributed 74 per cent of the total OSR receipts during the reporting period.

3.5.3 Borrowing by the County

The County did not borrow any funds during the period under review.

3.5.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.2.00 billion from the CRF account during the reporting period comprised Kshs.159.96 million (8 per cent) for development programmes and Kshs.1.84 billion (92 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.56 billion was released towards compensation of employees and Kshs.276.65 million for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 include the December 2024 exchequer request for the County Executive and County Assembly.

Analysis of the operations and maintenance exchequer releases indicates that 51 per cent was for domestic travel and 26 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.51.18 million and included Kshs.16.36 million for the County Executive and Kshs.34.91 million for the County Assembly. The foreign exchequer totalled Kshs.9.47 million, for the County Assembly. The County Executive did not incur any expenditure on foreign travel.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.856.51 million.

3.5.5 County Expenditure Review

The County spent Kshs.1.96 billion on development and recurrent programmes in the reporting period. The expenditure represented 97.7 per cent of the total funds released by the CoB and comprised Kshs.110.81 million and Kshs.1.85 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 5 per cent of the annual Development expenditure Budget, while recurrent expenditure represented 46 per cent of the annual recurrent expenditure budget.

3.5.6 Settlement of Pending Bills

As of 30 June 2024, the County reported pending bills totalling Kshs.103.63 million, including Kshs.103.63 billion from the County Executive. The County Assembly did not have any pending bills. The pending bills from the County Executive consist of Kshs.92.85 million for recurrent expenditures and Kshs.10.78 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.85.74 million, comprising Kshs.85.74 million for recurrent programmes and none for development programmes. Meanwhile, the County Assembly did not have any pending bills to settle.

The County Executive submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.103.64 million in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.85.74 million for the Executive.

As of 31 December 2024, the outstanding bills amounted to Kshs.17.89 million, comprising all from the County Executive.

3.5.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.37 billion on employee compensation, Kshs.125.58 million on operations and maintenance, and Kshs.110.80 million on development activities. Similarly, the County Assembly spent Kshs.178.52 million on employee compensation and Kshs.153.67 million on operations and maintenance, as shown in Table 3.39

Further analysis indicates that PE costs amounting to Kshs.1.24 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.325.96 million was processed through manual payrolls, which accounted for 21 per cent of the total PE cost.

The County Assembly spent Kshs.15.44 million on committee sitting allowances for the 34 MCAs against the annual budget allocation of Kshs.30.22 million. The average monthly sitting allowance was Kshs.75,715 per MCA. The County Assembly had 18 House committees.

3.5.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.101.86 million to County-Established funds in FY 2024/25, or 2.0 per cent of the County's overall budget. Further, the County allocated Kshs.3.0 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.40 summarises each established Fund's budget allocation and performance during the reporting period.

3.5.15 Accounts Operated Commercial Banks

The County Government operated 127 accounts with commercial banks, including 89 accounts for Health Facilities, nine accounts for Established Funds, four revenue accounts, nine special purpose accounts (additional allocations), five imprest accounts, seven recurrent operational accounts and four development operational accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.5.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 20 January 2025
- ii. Use of manual payroll. Personnel emoluments amounting to Kshs.325.96 million were processed through manual payroll, accounting for 20.8 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- iii. Excessive foreign travel by the County Assembly is not prudent.
- iv. Under budgeting for Emergency funds contrary to Section 110 of the PFM Act, 2012.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iii. *The County Assembly should curb excessive foreign travel and train locally, if necessary, to conserve resources for development purposes.*
- iv. *The County should consider allocating funds for the Emergency Fund in their subsequent supplementary in the requirements of Section 110 of the PFM Act, 2012*

3.6. County Government of Embu

3.6.1 Overview of FY 2024/25 Budget

The Embu County Approved FY 2024/25 budget is Kshs.7.37 billion. It comprises Kshs.2.26 billion (31 per cent) and Kshs.5.12 billion (69 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.579.86 million (7 per cent) from the FY 2023/24 budget, which comprised a development budget of Kshs.2.63 billion and a recurrent budget of Kshs.5.32 billion. The decrease in the county government budget was attributed to not factoring the FY 2023/24 cash balances in the budget. The County's Net Approved Budget is Kshs.6.87 billion, which consists of Kshs.4.62 billion for recurrent and Kshs.2.26 billion for development.

The Embu County Government budget will be financed from different sources of revenue. These include Kshs.5.55 billion (73 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.824.65 million as additional allocations, and Kshs.1.00 billion (14 per cent) generated as gross own source revenue. The own source revenue includes Kshs.47.37 million (1 per cent) as Appropriations-in-Aid (A-I-A), Kshs.498.26 million (7 per cent) as Facility Improvement Fund (revenue from health facilities), and Kshs.454.38 million (6 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.46.

3.6.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.2.97 billion to fund its development and recurrent activities. This amount consisted of Kshs.2.66 billion from the equitable share of revenue raised nationally and its own-source revenue (OSR) collection of Kshs.318.21 million.

The total OSR collection of Kshs.318.21 billion includes Appropriations in Aid (AIA) of Kshs.526.02 thousand, Facilities Improvement Financing (FIF) of Kshs.197.28 million, and Kshs.120.41 million as ordinary OSR. Table 3.46 summarises the total revenue available to the County Government during the first half of FY 2024/25.

The County has governing legislation on the operation of ordinary A-I-A and FIF. Figure 21 shows the trend in own-source revenue collection from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 21: Trend in Own-Source Revenue Collection from the First Half of FY 2018/19 to the First Half of FY 2024/25

During the first half of FY 2024/25, the County generated Kshs.318.21 million from its revenue sources, including AIA and FIF. This amount was an increase of 15 per cent compared to Kshs.272.20 million realised in a similar period in FY 2023/24. It was 32 per cent of the annual target and 12 per cent of the equitable revenue share disbursed.

The increase in OSR can be attributed to various strategies put in place by the County that include the following:

- (i) The establishment and execution of the Facility Improvement Fund (FIF) under the Health Department to enhance healthcare infrastructure, improve service delivery, and ensure the optimal allocation of resources for developing and upgrading health facilities.
- (ii) Regular oversight of operations, coupled with efforts to expedite the Embu County Revenue Authority (ECRA) performance, ensuring efficient service delivery, timely revenue collection, and optimal functioning of the Authority.
- (iii) Deployment of Cashless Collection Systems and Revenue Stream Automation:
- (iv) Implementing digital, cashless payment systems, coupled with automating various revenue streams. This has enhanced efficiency, transparency, and accountability in revenue collection and management.
- (v) Mitigation of Revenue Leakages: Identifying and addressing potential revenue leakages through establishing robust monitoring systems, auditing procedures, and enhanced enforcement measures to ensure maximum revenue retention.
- (vi) Implement a systematic approach to staff rotation and transfer to promote skill diversification, prevent stagnation, and maintain the integrity and efficiency of operations.
- (vii) Setting clear, measurable performance targets for revenue generation aligned with fiscal objectives to ensure accountability and progress toward financial goals.
- (viii) Fostering collaboration with the local population through public awareness programs, community involvement, and partnerships that encourage timely revenue collection compliance.

The revenue streams which contributed the highest OSR receipts are shown in Figure 22.

Figure 22: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Embu County Treasury

The highest revenue stream, Kshs.197.28 million, was from Health/Hospital Fees/FIF, contributing 62 per cent of the total OSR receipts during the reporting period.

3.6.3 Borrowing by the County

The County Government did not borrow any funds during the reporting period.

3.6.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.2.18 billion from the CRF account comprised Kshs.248.92 million (11 per cent) for development programmes and Kshs.1.93 billion (89 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.39 million was released towards compensation of employees and Kshs.627.97 million for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 include the December 2024 exchequer request for the County Executive and County Assembly.

Analysis of the operations and maintenance exchequer releases indicate that 6 per cent was for domestic travel and 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.102.80 million and included Kshs.36.00 million for the County Executive and Kshs.66.80 million for the County Assembly. The foreign exchequer totalled Kshs.15.16 million, comprising Kshs.2.98 million for the County Executive and Kshs.12.16 million for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.581.50 million.

3.6.5 County Expenditure Review

The County spent Kshs.2.17 billion on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB and comprised Kshs.234.81 million and Kshs.1.93 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 10 per cent, while recurrent expenditure represented 32 per cent of the annual recurrent expenditure budget.

3.6.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.2.4 billion as of 30th June 2024. This includes Kshs.2.31 billion from the County Executive and Kshs.75.33 million from the County Assembly. The pending bills from the County Executive consist of Kshs.1.25 billion for recurrent expenditures and Kshs.1.07 billion for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.527.93 million, comprising Kshs.431.05 million for recurrent programmes and Kshs.96.88 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.75.33 million for recurrent activities. The County Assembly cleared all its pending bills.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.421.51 million and Kshs.75.33 million in the first half of FY 2024/25. However, the County did adhere to this payment plan, clearing Kshs.527.93 million for the Executive and Kshs.75.33 million for the Assembly.

As of December 31, 2024, the outstanding bills amounted to Kshs.1.78 billion for the County Executive only.

3.6.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.43 billion on employee compensation, Kshs.207.21 million on operations and maintenance, and Kshs.234.81 million on development activities. Similarly, the County Assembly spent Kshs.139.90 million on employee compensation, Kshs.157.32 million on operations and maintenance, and Kshs.7.27 million on development activities, as shown in Table 3.48.

3.6.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.56 billion, or 46 per cent of the available revenue of Kshs.2.97 billion. This expenditure represented a decrease from Kshs.1.66 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.950.75 billion paid to the Health Sector employees, translating to 61 per cent of the total wage bill.

Figure 23 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 23: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2018/19 to the First Half of FY 2024/25

Further analysis indicates that PE costs amounting to Kshs.1.56 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.34.73 million was processed through manual payrolls, which accounted for 2 per cent of the total PE cost.

The County Assembly spent Kshs.11.40 million on committee sitting allowances for the 31 MCAs against the annual budget allocation of Kshs.28.60 million. The average monthly sitting allowance was Kshs.122,608 per MCA. The County Assembly had 27 House Committees.

3.6.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.307.22 million to County-Established funds in FY 2024/25, or 4 per cent of the County's overall budget. Further, the County allocated Kshs.8.00 million to the Emergency Fund (less than 1 per cent of the total budget), which is not in line with Section 110 of the PFM Act, 2012.

Table 3.49 summarises each established Fund's budget allocation and performance during the reporting period.

Analysis of expenditure by departments shows that the Department of Trade, Tourism, Investment, Industrial Development and Marketing recorded the highest absorption rate of the development budget at 36 per cent, followed by the Department of Office of Governor at 34 per cent. The Department of Health had the highest percentage of recurrent expenditure to budget at 78 per cent, while Embu Level 5 Hospital had the lowest at 1 per cent.

All expenditure percentages exceeding 100 per cent for Exchequer Issues are due to delays in fund disbursement by the National Treasury, which also affects the number and timeliness of processed requisitions.

3.6.15 Accounts Operated Commercial Banks

The County Government operated 26 accounts with commercial banks for the Health department.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.6.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. Late submission of financial reports by the County Treasury to the Controller of Budget, which affected the timely preparation of the budget implementation report. The report was received on 27th January

2025

- ii. Own-source revenue underperformed at Kshs.318.21 million against an annual target of Kshs.1.00 billion, representing 32 per cent of the yearly target.
- iii. High level of pending bills, which amounted to Kshs.1.78 billion as of 31st December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- iv. Use of manual payroll. Personnel emoluments amounting to Kshs.34.73 million were processed through manual payroll, accounting for 2 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County Leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iv. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*

3.7. County Government of Garissa

3.7.1 Overview of FY 2024/25 Budget

The Garissa County Gross Approved FY 2024/25 budget is Kshs.11.46 billion. It comprises Kshs.4.20 billion (37 per cent) and Kshs.7.26 billion (63 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.0.76 billion (7.1 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.4.31 billion and a recurrent budget of Kshs.6.39 billion. The increase in the budget was attributed to the rise in Equitable Share from 8.2 to 8.55 billion, the increase in OSR from 230 to 300 million, and the increase in carry forward for two months. The County's Net Approved Budget was the same as the (gross budget, as there were no AIA estimates.

The budget will be financed from different sources of revenue. These include Kshs.8.56 billion (74.6 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.27 billion as additional allocations/conditional grants, and a cash balance of Kshs.1.33 billion (11.6 per cent) was brought forward from FY 2023/24, and Kshs.300 million (2.6 per cent) was generated as gross own source revenue. The own-source revenue includes Kshs.160 million (1.4 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.140 million (1.2 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.56.

3.7.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.5.16 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.43 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.11 million, and its own-source revenue (OSR) collection of Kshs.160.09 million. In addition, the County had a cash balance of Kshs.1.57 billion from FY 2023/24.

The total OSR collection of Kshs.160.09 billion includes Facilities Improvement Financing (FIF) of Kshs.121.97 million, and Kshs.38.13 million as ordinary OSR. Table 3.56 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.160.09 million from its revenue sources, including AIA and FIF. This amount was an increase of 109 per cent compared to Kshs.76.52 million realised in a similar period in FY 2023/24 and was 53 per cent of the annual target and 5 per cent of the equitable revenue share disbursed.

The increase in OSR is attributed to the enactment of the FIF Act and a timely supply of drugs, which has occasioned seamless operations in health facilities, thus increasing revenue generation from user charges and public health fees. There has also been continuous engagement and follow-up with taxpayers, enhanced supervision and an internal control system for revenue collection. Further, enhanced staff welfare and adequate staffing have improved the ability to raise more OSR. There was a collection from gypsum transportation cess in previous years, which was later banned. We recommend that the executive lift the ban and undertake revenue automation.

The revenue streams which contributed the highest OSR receipts are shown in Figure 26.

Figure 26: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Garissa County Treasury

The highest revenue stream of Kshs.121.97 million was from Health (Hospital Fees/FIF), contributing to 76 per cent of the total OSR receipts during the reporting period.

3.7.3 Borrowing by the County

The county government has not borrowed so far.

3.7.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.4.18 billion from the CRF account during the reporting period, which comprised Kshs.1.24 billion (30 per cent) for development programmes and Kshs.2.94 billion (70 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.03 billion was released towards compensation of employees and Kshs.911.46 million for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 include the December 2024 exchequer request for the County Executive and County Assembly.

Analysis of the operations and maintenance exchequer releases indicate that 10 per cent was for domestic travel and 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.60.70 million, including Kshs.14.16 million for the County Executive and Kshs.46.55 million for the County Assembly. The foreign exchequer totalled Kshs.5.74 million, comprising nil for the County Executive and Kshs.5.74 million for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.986.04 million.

3.7.5 County Expenditure Review

The County spent Kshs.3.67 billion on development and recurrent programmes in the reporting period. The expenditure represented 88 per cent of the total funds released by the CoB and comprised Kshs.1.18 billion and Kshs.2.49 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 28 per cent, while recurrent expenditure represented 34 per cent of the annual recurrent expenditure budget.

3.7.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.6.11 billion as of 30 June 2024, comprised of Kshs.2.82 billion and Kshs.3.29 billion on eligible and ineligible pending bills, respectively. The eligible pending bill amount includes Kshs.2.69 billion from the County Executive and Kshs.132.91 million from the County Assembly. The eligible pending bills from the County Executive consist of Kshs.691.84 million for recurrent expenditures and Kshs.2.0 billion for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.91.77 million, comprising only development. Meanwhile, the County Assembly settled pending bills worth Kshs.108.29 million, which included Kshs.58.38 million for recurrent activities and Kshs.49.91 million for development activities.

The County Executive and the County Assembly submitted pending bills payment plans at the commencement of FY 2024/25, committing to pay Kshs.80 million and Kshs.100 million, respectively, in the first half of FY 2024/25. The County cleared Kshs.91.77 million for the Executive and Kshs.108.29 million for the Assembly.

As of 31 December 2024, the eligible outstanding bills amounted to Kshs.2.62 billion, comprising Kshs.2.60 billion for the County Executive and Kshs.24.62 million for the County Assembly.

3.7.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.62 billion on employee compensation, Kshs.469.87 million on operations and maintenance, and Kshs.1.13 billion on development activities. Similarly, the County Assembly spent Kshs.288.98 million on employee compensation, Kshs.112.02 million on operations and maintenance, and Kshs.49.91 million on development activities, as shown in Table 3.58.

3.7.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.91 billion, or 37 per cent of the available revenue of Kshs.5.16 billion. This expenditure represented a decrease from Kshs.2.06 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.887.30 billion paid to the Health Sector employees, translating to 47 per cent of the total wage bill.

Figure 27 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2020/21 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.1.72 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.188.77 million was processed through manual payrolls, which accounted for xx per cent of the total PE cost.

The County Assembly spent Kshs.15.65 million on committee sitting allowances for the 48 MCAs, including the Speaker, against the annual budget allocation of Kshs.30.97 million. The average monthly sitting allowance was Kshs.108,680.56 per MCA. The County Assembly had 19 House Committees.

3.7.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.130 million to County-Established funds in FY 2024/25, or 1 per cent of the County’s overall budget. Further, in line with Section 110 of the PFM Act, 2012, the County allocated Kshs.60.00 million to the Emergency Fund (0.5 per cent of the total budget).

Table 3.59 summarises each established Fund’s budget allocation and performance during the reporting period.

3.7.12 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.1.18 billion on development programmes, representing a 47 per cent increase compared to a similar period in FY 2023/24, when the County spent Kshs.804.73 million. Table 3.62 summarises the development projects with the highest expenditure in the reporting period.

Health Department recurrent expenditure exceeded exchequer issued because there were casuals and consultants which were paid from the hospital revenue collection account (FI.F).

Analysis of department expenditure shows that the Department of Roads, Transport and Public Works recorded the highest absorption rate of development budget at 85 per cent, followed by the Department of Finance & Economic Planning at 61 per cent. The Department of Education, Information and ICT had the highest percentage of recurrent expenditure to budget at 51 per cent. In contrast, the Department of Culture, Gender, Youth & Sports had the lowest at 17 per cent.

Sub-programmes with the highest levels of implementation based on absorption rates were Road and transport at 88 per cent, Administration and Support Services at 76 per cent, Public works & housing at 72 per cent, all three in the Department of Roads, Transport and Public Works, and Administration and Support Services the Department of Finance at 61 per cent of budget allocation.

3.7.15 Accounts Operated Commercial Banks

The County Government operated eleven accounts with commercial banks, including four accounts for Health Facilities, three accounts for Vocational Training Centers, three accounts for Established Funds, and one revenue account.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.7.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 28 January 2025.
- ii. Own-source revenue underperformed at Kshs.38.13 million against an annual target of Kshs.140 million, representing 27 per cent of the yearly target.
- iii. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. As of 15 January 2025, only the Bursary Fund reports were submitted to the Controller of Budget.
- iv. Use of manual payroll. Personnel emoluments amounting to Kshs.188.77 million were processed through manual payroll, accounting for 10 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iv. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*

3.8. County Government of Homa Bay

3.8.1 Overview of FY 2024/25 Budget

The Homa Bay County's Gross Approved FY 2024/25 Budget is Kshs.11.88 billion. It comprises Kshs.4.21 billion (35 per cent) and Kshs.7.67 billion (65 per cent) allocation for development and recurrent programmes, respectively. The Approved budget estimates represent an increase of 6 per cent from FY 2023/24, comprising a development budget of Kshs.3.51 billion and a recurrent budget of Kshs.7.66 billion.

The budget will be financed from different sources of revenue. These include; Kshs.8.44 billion (71 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.83 billion (15 per cent) as additional allocations/conditional grants, Kshs.128.60 million (1 per cent) as a share of the equalisation funds, and Kshs.1.48 billion (13 per cent) generate as gross own source revenue. The own source revenue includes Kshs.981.07 million as Appropriation in Aid (A.I.A)/Facility Improvement Fund (FIF) and Kshs.501.74 million as ordinary own-source revenue. A breakdown of the additional allocations/conditional grants is shown in Table 3.65.

3.8.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.4.65 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.38 billion from the equitable share of revenue raised nationally; Conditional grants from the National Government and Development Partners amounted to Kshs.65.13 million and its own source revenue (OSR) collection of Kshs.517.87 million. In addition, the County had a cash balance of Kshs.693.09 million from FY 2023/24.

The total OSR collection of Kshs.517.87 million includes Facilities Improvement Financing (FIF) of Kshs.376.21 million, and Kshs.141.66 million as ordinary OSR. Table 3.65 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.517.87 million from its revenue sources, such as the Health Sector Appropriation in Aid (A.I.A)/Facility Improvement Fund (FIF). This amount was a decrease of 8.6 per cent compared to Kshs.566.45 million realised in the same period in FY 2023/24 and 34.9 per cent of the annual target and 15.3 per cent of the equitable revenue share disbursed during the period.

The revenue streams which contributed the highest OSR receipts are shown in Figure 30.

Figure 30: Top Streams of Own Source Revenue in the First Half of FY 2024/25

Source: Homa Bay County Treasury

The highest revenue stream of Kshs.376.21 million was from the Health Sector Appropriation in Aid (A.I.A)/ Facility Improvement Fund (FIF), contributing 72.6 per cent of the total OSR receipts during the reporting period.

3.8.3 Borrowing by the County

The County Government borrowed Kshs.479.15 billion from the Kenya Commercial Bank Limited to support its operations. The County entered an agreement with Kenya Commercial Bank Limited at an interest of 1.0 per cent and excise duty of 20 per cent. The outstanding payroll management overdraft facility from Kenya Commercial Bank Limited as of 31st December 2024 amounted to Kshs..479.15 million.

3.8.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.4.25 billion from the CRF account comprised Kshs.717.96 million (16.9 per cent) for development programmes and Kshs.3.53 billion (83.1 per cent) for recurrent programmes, as shown in Table 3.66. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.82 billion was released towards compensation of employees and Kshs.691.43 million for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive due to the delay in disbursement of funds from the equitable share of revenue by the National Treasury.

The County Government had a cash balance of Kshs.108.38 million in the CRF account on 31st December 2024.

3.8.5 County Expenditure Review

The County spent Kshs.4.37 billion on development and recurrent programmes in the reporting period. The expenditure represented 103 per cent of the total funds released by the CoB and comprised Kshs.889.32 million and Kshs.3.48 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 21 per cent, while recurrent expenditure represented 45.5 per cent of the annual recurrent expenditure budget.

3.8.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.1.36 billion as of 30th June 2024. This includes Kshs.1.19 billion from the County Executive and Kshs.172.58 million from the County Assembly. The pending bills from the County Executive consist of Kshs.591.66 million for recurrent expenditures and Kshs.600.60 million for development expenditures. The pending bills from the County Assembly consist of Kshs.83.35 million for recurrent expenditures and Kshs.89.23 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.843.23 million, comprising Kshs.591.66 million for recurrent programmes and Kshs.251.57 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.19.35 million solely for recurrent activities.

As of 31st December 2024, the outstanding bills amounted to Kshs.502.26 million, comprising Kshs.349.04 million for the County Executive and Kshs.153.22 million for the County Assembly.

3.8.7 Expenditure by Economic Classification

The County Executive spent Kshs.2.59 billion on employee compensation, Kshs.399.02 million on operations and maintenance, and Kshs.889.32 million on development activities. Similarly, the County Assembly spent Kshs.228.46 million on employee compensation and Kshs.261.54 million on operations and maintenance. The County Assembly did not incur any expenditure on development activities, as shown in Table 3.67.

3.8.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.82 billion, translating to 61 per cent of the available revenue, which amounted to Kshs.4.65 billion. This expenditure represented an increase of 57.9 per cent from Kshs.1.79 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.22 billion paid to health sector employees, translating to 43 per cent of the total wage bill. The increase in PE expenditure in the reporting period compared to a similar period in FY 2023/24 is attributable to the annual salary increments for various staff cadres.

Figure 31 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 31: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2018/19 to the First Half of FY 2024/25

Further analysis indicates that PE costs amounting to Kshs.2.79 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system, while Kshs34.50 million was processed through manual pay-rolls. The manual payrolls accounted for 1 per cent of the total PE cost.

The County Assembly spent Kshs.30.90 million on committee sitting allowances for the 54 MCAs and the Speaker against the annual budget allocation of Kshs.45.05 million. The average monthly sitting allowance was Kshs.95,368.68 per MCA. The County Assembly has established 22 Committees.

3.8.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.338.26 million to County-Established funds in FY 2024/25, accounting for 3 per cent of the County’s overall budget. Further, the County allocated Kshs.23.00 million to the Emergency Fund (equivalent to 0.2 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.68 summarises each established Fund’s budget allocation and performance during the reporting period.

During the reporting period, the CoB did not receive quarterly financial reports from the Homa Bay County Assembly Car and Loan and Mortgage Scheme Fund Administrator, as indicated in Table 3.68, contrary to the requirement of Section 168 of the PFM Act, 2012. The administration costs of the Homa Bay County Bursary Fund and Homa Bay County Car Loan and Mortgage Scheme Fund were within the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

3.8.10 Expenditure on Operations and Maintenance

Figure 32 summarises the Operations and Maintenance expenditure by major categories.

Figure 32: Homa Bay County, Operations and Maintenance Expenditure by Major Categories

Expenditure on domestic travel amounted to Kshs.168.59 million and comprised Kshs.149.98 million spent by the County Assembly and Kshs.18.60 million spent by the County Executive. The County Entities did not incur any expenditure on foreign travel during the reporting period.

The operations and maintenance costs include an expenditure of Kshs.8.40 million on legal fees/dues, arbitration and compensation payments, and legal fees during the reporting period.

3.8.11 Facility Improvement Financing

During the period under review, the County reported collection of Kshs.376.21 million as FIF, 38 per cent of the annual target of Kshs.981.07 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023, as well as the Homa Bay County Facility Improvement Fund Act, 2023, which allowed the County health facilities to collect and retain revenue paid as user fees to defray operational, management and capital costs.

The health facilities reported using the FIF during the reporting period, contrary to Section 18 (e) of the FIF Act, 2023.

The expenditure by the health facilities amounted to Kshs.123.08 million, as shown in Table 3.69 below;-

Analysis of expenditure by the department shows that the Department of Public Health and Medical Services recorded the highest absorption rate of development budget at 59 per cent, followed by the Department of Executive Office of the Governor at 41 per cent and the Department of Roads, Public Works, Transport and Infrastructure at 38 per cent. The Department of Public Health and Medical Services had the highest percentage of recurrent expenditure to budget at 51 per cent, while Ndhiwa Municipal Board had the lowest at 6 per cent.

Further analysis shows the development expenditure for some departments exceeded the exchequer releases. These anomalies can be attributed to many transactions appearing to have been paid at the IFMIS level. However, in practice, they were awaiting funding at the CBK Internet Banking (IB) level at the reporting time.

The Sub-programmes with the highest levels of budget implementation based on absorption rates were Legislative Development and approval services in the County Assembly Service Board at 74 per cent; the Personnel Remuneration and Welfare in the Department of Gender Equality and Inclusivity Youth, sports, Talent Development, Cultural Heritage and Social Services at 72 per cent; Rural Water Supply Services in the Department of Water Sanitation, Irrigation, Environment, Energy and Climate Change at 69.8 per cent; Capacity building services in the County Assembly Service Board at 65 per cent and Trade infrastructure and development services in the Department of Trade, Industry, Tourism, Cooperative Development and Marketing at 63 per cent.

3.8.15 Accounts Operated Commercial Banks

The County Government operated twelve accounts with commercial banks, including five accounts for Established Funds, one revenue account, three recurrent operational accounts, two salary holding accounts and one retention account.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.8.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- (i) The underperformance of own-source revenue at Kshs.517.87 million against an annual target of Kshs.1.48 billion, representing 35 per cent of the yearly target.
- (ii) The Fund Administrator for the Homa Bay County Assembly Car and Loan and Mortgage Scheme Fund failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012.
- (iii) A high wage bill accounted for 61 per cent of the County's revenue in the first half of FY 2024/25 of Kshs.4.65 billion, which is above the ceiling provided by law.
- (iv) The County government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which required that County government bank accounts must be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for County-Established funds, salary processing and operations.

The County should implement the following recommendations to improve budget execution:

- (i) *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- (ii) *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- (iii) *The County Public Service Board should establish an optimal staffing structure to ensure expenditure on personnel emoluments complies with Regulation 25 (1) (b) of the Public Finance Management (County Governments) Regulations, 2015.*
- (iv) *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and own source revenue collection accounts are exempted.*

3.9. County Government of Isiolo

3.9.1 Overview of FY 2024/25 Budget

The Isiolo County Gross Approved FY 2024/25 budget is Kshs.6.83 billion. It comprises Kshs.2.41 billion (35 per cent) and Kshs.4.42 billion (65 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.50 billion (28 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.1.58 billion and a recurrent budget of Kshs.3.75 billion. The increase in the budget was attributed to the rise in projection for additional allocation receipts and the balance b/f from FY 2023/24.

The budget will be financed from different sources of revenue. These include; Kshs.5.08 billion (74 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.944.53 million (14 per cent) million as additional allocations, a cash balance of Kshs.438.73 million (6 per cent) brought forward from FY 2023/24, and Kshs.371.21 million (5 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.100 million (27 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.271.21 million (73 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.73.

3.9.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.2.60 billion to fund its development and recurrent activities. This amount consisted of Kshs.2.04 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.1.96 million, and its own source revenue (OSR) collection of Kshs.119.60 million. In addition, the County had a cash balance of Kshs.438.73 billion from FY 2023/24.

The total OSR collection of Kshs.119.60 billion includes Facilities Improvement Financing (FIF) of Kshs.31.43 million and Kshs.88.18 million as ordinary OSR. Table 3.73 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.119.60 million from its revenue sources, including AIA and FIF. This amount was a decrease of 29 per cent compared to Kshs.168.23 million realised in a similar period in FY 2023/24 and was 32 per cent of the annual target and 5 per cent of the equitable revenue share disbursed. The OSR includes revenue arrears and penalties charged on fees and levies from previous financial years of Kshs.1.40 million.

The revenue streams which contributed the highest OSR receipts are shown in Figure 34

Figure 34: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.75.36 million, was from Game Entrance & Royalties, which contributed 63 per cent of the total OSR receipts during the reporting period.

3.9.3 Borrowing by the County

The County Government did not report any borrowing in the reporting period

3.9.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.2.16 billion from the CRF account comprised Kshs.521.09 million (24.2 per cent) for development programmes and Kshs.1.63 billion (75.8 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.20 billion was released towards compensation of employees and Kshs.434.09 million for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to the delay in receiving two disbursements of equitable share and underperformance of OSR.

Analysis of the operations and maintenance exchequer releases indicate that 1.2 per cent was for domestic travel. There was no expenditure for foreign travel. The domestic travel exchequer amounted to Kshs.19.71 million, including Kshs.7.39 million for the County Executive and Kshs.12.32 million for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.406.05 million.

3.9.5 County Expenditure Review

The County spent Kshs.2.13 billion on development and recurrent programmes in the reporting period. The expenditure represented 99 per cent of the total funds released by the CoB and comprised Kshs.481.52 million and Kshs.1.64 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 20 per cent, while recurrent expenditure represented 37 per cent of the annual recurrent expenditure budget.

3.9.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.1.3 billion as of 30 June 2024. This amount includes Kshs.1.24 billion from the County Executive and Kshs.56.79 million from the County Assembly. The pending bills from

the County Executive consist of Kshs.862.69 million for recurrent expenditures and Kshs.380.66 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.383.68 million, comprising Kshs.275.18 million for recurrent programmes and Kshs.108.49 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.42.88 million for recurrent activities.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.545.89 million and Kshs.55.63 million, respectively, in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.383.68 million for the Executive and Kshs.42.88 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.873.58 million, comprising Kshs.859.68 million for the County Executive and Kshs.13.91 million for the County Assembly.

3.9.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.04 billion on employee compensation, Kshs.380.36 million on operations and maintenance, and Kshs.441.52 million on development activities. Similarly, the County Assembly spent Kshs.141.87 million on employee compensation, Kshs.86 million on operations and maintenance, and Kshs.39.99 million on development activities, as shown in Table 3.75.

3.9.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.17 billion, or 45 per cent of the available revenue of Kshs.2.6 billion. This expenditure represented an increase from Kshs.923.33 reported in a similar period in FY 2023/24. The wage bill included Kshs.478.26 million paid to the Health Sector employees, translating to 40.6 per cent of the total wage bill.

Figure 35 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2019/20 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.1.11 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.25.74 million was processed through manual payrolls, which accounted for 2.3 per cent of the total PE cost. The 25.74 million processed outside IPPD includes Kshs.14.37 million housing levy employer contribution for county executive, Kshs.4.15 million gratuity contribution for county Assembly, and Kshs.7.22 million manual payrolls for county assembly.

The County Assembly spent Kshs.6.75 million on committee sitting allowances for the 18 MCAs against the annual budget allocation of Kshs.10.50 million. The average monthly sitting allowance was Kshs.124,981 per MCA. The County Assembly had 11 House Committees.

3.9.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.345.06 million to County-Established funds in FY 2024/25, or 5 per cent of the County's overall budget. Further, the County allocated Kshs.110 million to the Emergency Fund (1.6 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.76 summarises each established Fund's budget allocation and performance during the reporting period.

The operations and maintenance costs include Kshs.15.5 million in legal fees/dues, arbitration and compensation payments, and legal fees.

3.9.11 Facility Improvement Financing

During the period under review, the County reported collecting Kshs.31.43 million as FIF, which was 32.2 per cent of the annual target of Kshs.100 million. The collected amount was retained and utilised at the source in accordance with the Facility Improvement Financing Act of 2023. However, the County has not developed regulations to operationalise the FIF Act of 2023.

The County Health Facilities did (not) provide a report on the utilisation of the FIF during the reporting period, in line with (contrary to) Section 18 (e) of the FIF Act, 2023.

3.9.12 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.481.52 million on development programmes, representing an increase of 184.7 per cent compared to a similar period in FY 2023/24, when the County spent Kshs.169.11 million. Table 3.78 summarises development projects with the highest expenditure in the reporting period.

Sub-programmes with the highest levels of implementation based on absorption rates were: General Administration & Support Services in the Department of Education, Vocational Youth, Sports Gender & Social Services at 82 per cent, infrastructure Support in the County Assembly at 57 per cent, Audit Services in the Department of Finance, Economic Planning, Special Programs, Revenue and Cohesion at 50 per cent, and Disaster Risk Awareness Preparedness & Management at 50 per cent of budget allocation.

3.9.15 Accounts Operated Commercial Banks

The County Government operated ten accounts with commercial banks, including three accounts for Established Funds, four revenue accounts, and three special purpose accounts (additional allocations). However, bank accounts for County Health Facilities, bank accounts for County Vocational Training Centers, and bank accounts for County Imprest accounts were not provided.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.9.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- Late submission of financial reports by the County Treasury to the Controller of Budget, which affected the timely preparation of the budget implementation report. The report from the county assembly was received on 22 January, 2025.
- The underperformance of own-source revenue at Kshs.119.60 million against an annual target of Kshs.371.21 million, representing 32 per cent of the yearly target.

- iii. High level of pending bills which amounted to Kshs.873.58 million as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- iv. Use of manual payroll. Personnel emoluments amounting to Kshs.25.74 million were processed through manual payroll, accounting for 2.3 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- v. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for operational Funds, Conditional grants and OSR collection.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County Leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iv. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- v. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.10. County Government of Kajiado

3.10.1 Overview of FY 2024/25 Budget

The Kajiado County Gross Approved FY 2024/25 budget is Kshs.13.19 billion. It comprises Kshs.4.07 billion (31 per cent) and Kshs.9.12 billion (69 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.6 billion (14 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.3.55 billion and a recurrent budget of Kshs.8.04. billion.

The budget will be financed from different sources of revenue. These include; Kshs.9.29 billion (70 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.2.26 billion (17 per cent) as additional allocations and Kshs.1.64 million (13 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.70 million (0.5 per cent) as Liquor fee, Kshs.370 million (3 per cent) as Facility Improvement Fund (revenue from health facilities), and Kshs.1.2 billion (9 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.81.

3.10.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.4.46 billion to fund its development and recurrent activities. This amount consisted of Kshs.4.13 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.16 million, and its own source revenue (OSR) collection of Kshs.310.90 million. In addition, the County had a cash balance of Kshs.6.68 million from FY 2023/24.

The total OSR collection of Kshs.310.90 million includes liquor fees of Kshs.9.48 million, Facilities Improvement Financing (FIF) of Kshs.157.45 million, and Kshs.143.96 million as ordinary OSR. Table 3.81 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.301.41 million from its revenue sources, including AIA and FIF. This amount was an increase of 0.8 per cent compared to Kshs.299.02 million realised in a similar period in FY 2023/24 and was 19 per cent of the annual target and 7 per cent of the equitable revenue share disbursed. The OSR does not include any revenue arrears and penalties.

The revenue streams which contributed the highest OSR receipts are shown in Figure 38

Figure 38: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.157.45 million, was from Health/Hospital Fees/FIF, contributing to xx per cent of the total OSR receipts during the reporting period.

3.10.3 Borrowing by the County

There was no short-term borrowing during the period under review.

3.10.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.3.96 billion from the CRF account comprised Kshs.518.71 million (13 per cent) for development programmes and Kshs.3.45 billion (87 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.50 million was released towards compensation of employees and Kshs.949.4 million for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to delays in the exchequer releases.

Analysis of the operations and maintenance exchequer releases indicates that 20 per cent was for domestic travel and 0.4 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.193.40 million, including Kshs.57.25 million for the County Executive and Kshs.136.15 million for the County Assembly. The foreign exchequer totalled Kshs.3.56 million, entirely for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.368.44 million.

3.10.5 County Expenditure Review

The County spent Kshs.3.86 billion on development and recurrent programmes in the reporting period. The expenditure represented 98 per cent of the total funds released by the CoB and comprised Kshs.485.14 million and Kshs.3.37 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 12 per cent, while recurrent expenditure represented 37 per cent of the annual recurrent expenditure budget.

3.10.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.2.46 billion as of 30 June 2024. This includes Kshs.2.29 billion from the County Executive and Kshs.166.03 million from the County Assembly. The pending bills from the County Executive consist of Kshs.758.9 million for recurrent expenditures and Kshs.1.53 billion for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.679.84 million, comprising Kshs.431.71 million for recurrent programmes and Kshs.248.13 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.129.86 million, which included Kshs.88.92 million for recurrent activities and Kshs.40.94 million for development activities.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.1.19 billion and Kshs.169.36 million, respectively, in the first half of FY 2024/25. However, the County adhered to this payment plan, clearing Kshs.679.84 million for the Executive and Kshs.129.86 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.1.65 billion, comprising Kshs.1.61 billion for the County Executive and Kshs.36.17 million for the County Assembly.

3.10.7 Expenditure by Economic Classification

The County Executive spent Kshs.2.33 billion on employee compensation, Kshs.639.43 million on operations and maintenance, and Kshs.416.93 million on development activities. Similarly, the County Assembly spent Kshs.169.23 million on employee compensation, Kshs.233.21 million on operations and maintenance, and Kshs.68.21 million on development activities, as shown in Table 3.83.

3.10.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.5 billion, or 56 per cent of the available revenue of Kshs.4.46 billion. This expenditure represented an increase from Kshs.1.99 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.994.94 million paid to the Health Sector employees, translating to 40.3 per cent of the total wage bill.

Figure 39 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2019/20 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.2.42 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.79.99 million was processed through manual payrolls, which accounted for 3 per cent of the total PE cost.

The County Assembly spent Kshs.8.02 million on committee sitting allowances for the 42 MCAs against the annual budget allocation of Kshs.51.24 million. The average monthly sitting allowance was Kshs.31,810 per MCA. The County Assembly had 19 House Committees.

3.10.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.361 million to County-Established funds in FY 2024/25, or 3 per cent of the County's overall budget. Further, the County allocated Kshs.150 million to the Emergency Fund (1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.84 summarises each established Fund's budget allocation and performance during the reporting period.

The operations and maintenance costs include an expenditure of Kshs.54.75 million on legal fees/dues, arbitration and compensation payments, and legal fees.

3.10.10 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.157.45 million as FIF, which was 43 per cent of the annual target of Kshs.370 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has, however, developed regulations in 2020 to operationalise the FIF Act of 2023.

The Health Facilities has provided a report on the utilisation of the FIF during the reporting period, in line with (contrary to) Section 18 (e) of the FIF Act, 2023.

The expenditure by the health facilities amounted to Kshs.159.13 million, as shown in Table 3.86.

Sub-programmes with the highest levels of implementation based on absorption rates were: Public works in the Department of Roads, Transport, Public Works and Energy at 166 per cent, Budget Coordination and management in the Department of County Treasury at 101 per cent, Legislation, representation and Oversight in the Department of County Assembly at 80.4 per cent, and County Executive Affairs at 68 per cent of budget allocation.

3.10.14 Accounts Operated Commercial Banks

The County Government operated 50 accounts with commercial banks, including nine accounts for Health Facilities, one account for Vocational Training Centers, eight accounts for Established Funds, five revenue accounts, twenty-two special purpose accounts (additional allocations), one imprest account, and two recurrent operational accounts and two development operational accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.10.15 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 22 January.
- ii. The underperformance of own-source revenue at Kshs.301.41 million against an annual target of Kshs.1.57 billion, representing 19 per cent of the yearly target.
- iii. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Youth and Sport, Liquor Fund, Women Empowerment Fund, and MCA's Car Loan and Mortgage Fund were not submitted to the Controller of Budget as of 15 January 2025.
- iv. High level of pending bills which amounted to Kshs.1.65 billion as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.

- v. Use of manual payroll. Personnel emoluments amounting to Kshs.79.99 million were processed through manual payroll, accounting for 3 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- vi. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are mainly for County Health facilities, Established Funds and Conditional grants for various departments.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iv. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- v. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- vi. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.11. County Government of Kakamega

3.11.1 Overview of FY 2024/25 Budget

The Kakamega County Gross Approved FY 2024/25 budget is Kshs.17.86 billion. It comprises Kshs.5.95 billion (33 per cent) and Kshs.11.91 billion (67 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.07 billion (6 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.4.87 billion and a recurrent budget of Kshs.11.92 billion. The increase in the county government budget was attributed to the increase in national shareable revenue. The County's Net Approved Budget is Kshs.17.02 billion excluding the FIF estimates of Kshs.841 million.

The budget will be financed from different sources of revenue. These include Kshs.13.41 billion (75 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.15 billion as conditional grants, and a cash balance of Kshs.1.10 billion (7 per cent) was brought forward from FY 2023/24, and Kshs.2.2 billion (12 per cent) was generated as gross own source revenue. The own-source revenue includes Kshs.841 million (5 per cent) as Facility Improvement Fund (revenue from health facilities and public health services) and Kshs.1.36 billion (8 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.90.

3.11.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.7.43 billion to fund its development and recurrent activities. This amount consisted of Kshs.5.36 billion from the equitable share of revenue raised nationally, additional

allocations from government and development partners of Kshs.22.39 million, and its own source revenue (OSR) collection of Kshs.705.61 million. In addition, the County had a cash balance of Kshs.1.34 billion from FY 2023/24.

The total OSR collection of Kshs.705.61 million includes Facilities Improvement Financing (FIF) of Kshs.365.23 million and Kshs.340.39 million as ordinary OSR. Table 3.90 summarises the total revenue available to the County Government during the first half of FY 2024/25.

The County has governing legislation on the operation of the FIF. Figure 41 shows the trend in own-source revenue collection from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 41: Trend in Own-Source Revenue Collection from the First Half of FY 2018/19 to the First Half of FY 2024/25

Source: Kakamega County Treasury¹

During the first half of FY 2024/25, the County generated Kshs.705.61 million from its revenue sources, including FIF. This amount was an increase of 134 per cent compared to Kshs.301.67 million realised in a similar period in FY 2023/24, 32 per cent of the annual target, and 11 per cent of the equitable revenue share disbursed.

The 134 per cent increase in OSR can be attributed to accounting for finances raised by corporations and companies such as Kakamega County Urban Water and Sewerage Company and the harnessed collection of hospital fees.

The revenue streams which contributed the highest OSR receipts are shown in Figure 42.

Figure 42: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Kakamega County Treasury

¹ The OSR data provided only separated FIF from OSR from FY2022/23 to date.

The highest revenue stream, Kshs.365.23 million, was from Health Services, which contributed 52 per cent of the total OSR receipts during the reporting period.

3.11.3 Borrowing by the County

The County Government did not report any borrowed amounts as of 31 December 2024. However, both arms of the Government have each signed a renewable salary Memorandum of Understanding (MoU) with commercial banks to manage monthly salary payments.

3.11.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.6.05 billion from the CRF account during the reporting period, which comprised Kshs.1.07 billion (18 per cent) for development programmes and Kshs.5 billion (82 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.94 million was released towards compensation of employees and Kshs.2.04 billion for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 include June 2024 compensation to employees but do not include the December 2024 exchequer request for the County Executive and County Assembly. Delayed releases of national sharable revenue occasioned this.

Analysis of the operations and maintenance exchequer releases indicates that 15 per cent was for domestic travel and 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.202.06 million, including Kshs.65.93 million for the County Executive and Kshs.163.13 million for the County Assembly. The foreign exchequer totalled Kshs.13.41 million, comprising Kshs.2.89 million for the County Executive and Kshs.10.53 million for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.707.08 million.

3.11.5 County Expenditure Review

The County spent Kshs.5.48 billion on development and recurrent programmes in the reporting period. The expenditure represented 91 per cent of the total funds released by the CoB and comprised Kshs.698.49 million

and Kshs.4.78 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 40 per cent, while recurrent expenditure represented 12 per cent of the annual recurrent expenditure budget.

3.11.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.1.86 billion as of 30 June 2024. This amount includes Kshs.1.69 billion from the County Executive and Kshs.175.93 million from the County Assembly. The pending bills from the County Executive consist of Kshs.543.84 million for recurrent expenditures and Kshs.1.14 billion for development expenditures. However, the County Executive and County Assembly reported a higher opening balance as of 30 June 2024 than previously reported as of 31 December 2024, Kshs.1.71 billion and Kshs.250.59 million, respectively.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.409.25 million, comprising Kshs.105.27 million for recurrent programmes and Kshs.303.99 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.30.89 million for recurrent activities.

The County Executive and the Assembly did not submit a pending bills payment plan at the commencement of FY 2024/25. However, the County cleared Kshs.409.25 million for the Executive and Kshs.30.89 million for the Assembly. As of 31 December, 2024, the outstanding bills amounted to Kshs.1.52 billion, comprising Kshs.1.30 billion for the County Executive and Kshs.219.71 million for the County Assembly.

3.11.7 Expenditure by Economic Classification

The County Executive spent Kshs.3.19 billion on employee compensation, Kshs.986.29 million on operations and maintenance, and Kshs.698.49 million on development activities. Similarly, the County Assembly spent Kshs.283.01 million on employee compensation and Kshs.322.46 million on operations and maintenance, as shown in Table 3.92.

3.11.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, the county expenditure on employee compensation was Kshs.3.47 billion, or 47 per cent of the available revenue of Kshs.7.43 billion. This expenditure represented an increase from Kshs.2.15 billion reported in a similar period in FY 2023/24. The wage bill included the Health Sector employees, but the county did not submit the proportionate employee compensation for health services. The Personnel Emoluments increased by 61 per cent compared to the prior period because the county paid June 2024 PE in July 2024. The county assembly reported all transactions after 30 June 2024 in FY2024/25, as advised by OAG during previous audits.

Figure 43 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 43: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2018/19 to the First Half of FY 2024/25

Further analysis indicates that PE costs amounting to Kshs.3.32 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.95.73 million was processed through manual payrolls, which accounted for 3 per cent of the total PE cost.

The County Assembly spent Kshs.41.88 million on committee sitting allowances for the 88 MCAs against the annual budget allocation of Kshs.131.51 million. The average monthly sitting allowance was Kshs.156,854.31 per MCA. The County Assembly had 26 House Committees.

3.11.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.1.29 billion to County-Established funds in FY 2024/25, or 7 per cent of the County’s overall budget. Further, the County allocated Kshs.100 million to the Emergency Fund (1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.93 summarises each established Fund’s budget allocation and performance during the reporting period.

Note: Cumulative disbursements to a fund include all monies that the county treasury has transferred to the Fund since its inception to the reporting period.

During the reporting period, the CoB did not receive quarterly financial reports from the County Executive Car Loan and Mortgage and the County Assembly Car Loan and Mortgage Fund Administrators, as indicated in Table 3.93, contrary to the requirement of Section 168 of the PFM Act, 2012. The administration costs of the reported funds were within the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

The operations and maintenance costs include an expenditure of Kshs.6.06 million on legal fees or dues, arbitration and compensation payments, and legal fees by the county assembly.

3.11.11 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.365.23 million as FIF, which was 43 per cent of the annual target of Kshs.841 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has regulations duly approved by the County Assembly but has not yet aligned the regulations to the FIF Act of 2023.

The Health Facilities provided a report on using the FIF during the reporting period, though this is not in line with Section 18 (e) of the FIF Act, 2023. The report did not tabulate the specific expenditures by the health facilities but the cumulative amount transferred to health facilities under the FIF Act, as shown in Table 3.95.

The County reported that expenditures in some departments exceeded the amounts released by the exchequer, as indicated in Table 3.97. This situation arose due to the diversion of funds from the exchequer work plans submitted to the OCoB and the use of funds carried forward from special purpose accounts.

Analysis of department expenditure shows that the Department of Finance and Economic Planning recorded the highest absorption rate of development budget at 64 per cent, followed by the Department of Infrastructure, Public Works and Energy at 21 per cent. The Department of Social Services, Youth and Sports had the highest percentage of recurrent expenditure to budget at 49 per cent. In contrast, the Department of Infrastructure, Public Works and Energy had the lowest at 3 per cent.

3.11.14 Budget Execution by Programmes and Sub-Programmes

The County did not provide information on budget execution by programmes and sub-programmes.

3.11.15 Accounts Operated Commercial Banks

The County Government operated forty-four accounts with commercial banks, including five accounts for the county Assembly, six accounts for the Department of Health Services, and thirty-three accounts for Established Funds, agencies, and county corporations.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.11.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

- i. The County Treasury submitted its financial reports late to the Controller of Budget, which affected the timely preparation of the budget implementation report. The report was received on 17 January 2025.
- ii. Funds misallocated to other uses after CoB approval and unspent funds from FY 2023/24 were not refunded into the CRF account, leading to actual expenditures exceeding the approved exchequer in several departments, as shown in Table 3.97.
- iii. High pending bills amounted to Kshs.1.52 billion as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- iv. Use of manual payroll. Personnel emoluments amounting to Kshs.95.73 million were processed through manual payroll. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- v. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.
- vi. The County did not submit budget implementation programmes and sub-programmes performance reports in the review period.

- vii. The county FIF Act, guidelines and financial statement are not aligned with the country FIF Act 2023
- The County should implement the following recommendations to improve budget execution:
- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
 - ii. *The County Treasury should ensure unspent funds from the previous financial year are deposited to the CRF Account in line with Section 136 of the PFM Act 2012.*
 - iii. *The County leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
 - iv. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
 - v. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*
 - vi. *The County Treasury should build capacity for preparing and reporting program-based budgets.*
 - vii. *The County should fast-track the alignment of the county FIF act and regulations to the National FIF Act 2023 through the County Assembly.*

3.12. County Government of Kericho

3.12.1 Overview of FY 2024/25 Budget

The Kericho County Gross Approved FY 2024/25 budget was Kshs.9.22 billion. It comprised Kshs.3.09 billion (34.0 per cent) and Kshs.6.12 billion (66.0 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.0.31 billion (3.4 per cent) from the FY 2023/24 budget comprised of a development budget of Kshs.2.94 billion and a recurrent budget of Kshs.5.97. billion. The increase in the county government budget was attributed to the increase in the Equitable Share of Revenue Raised Nationally.

The Kericho County Government budget will be financed from different sources of revenue. These include Kshs.6.96 billion (75.5 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.04 billion (11.2 per cent) as additional allocations/conditional grants and Kshs.1.22 million (13.2 per cent) generated as gross own source revenue. The own source revenue includes Kshs.646.36 million (53.0 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.573.74 million (47.0 per cent) as ordinary own-source revenue. Additional allocations/conditional grants Comprise of Kshs.169.75 million as Routine Maintenance Fuel Levy Fund, Kshs.250.00 million as County Aggregated Industrial Parks, Kshs.45.69 million as County health promoters, Kshs.8.23 million as DANIDA FUND, Kshs.37.5million as Kenya Devolution Support Project 11 (world bank), Kshs.35 million Kenya Urban Support Program UDG (SIDA), Kshs.11.0 million as FLOCCA Grants to support climate change CCIs, Kshs.203.39 million as FLOCCA Grants to support climate change CCIR, Kshs.68.75 million as FLLOCA Grants to Support Climate Change CCIR (UNSPENT DONOR), Kshs.151.52 million as IDA National Agricultural Value Chain Devt Project(NAVCDP) and Kshs.10.92 million as SWEDEN Kenya Agricultural Business Dev't Project(KABDP. A breakdown of the additional allocations is shown in Table 3.98.

3.12.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.3.71 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.33 billion from the equitable share of revenue raised nationally, additional allocations from the government and its own source revenue (OSR) collection of Kshs.337.52 million. In addition, the County had no cash balance from FY 2023/24.

The total OSR collection of Kshs.337.52 million includes Facilities Improvement Financing (FIF) of Kshs.315.84 million, and Kshs.61.68 million as ordinary OSR. Table 3.98 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.377.52 million from its revenue sources, including AIA and FIF. This amount was an increase of 134.0 per cent compared to Kshs.161.33 million were realised in a similar period in FY 2023/24, which was 30.9 per cent of the annual target and 11.3 per cent of the equitable revenue share disbursed. The increase in OSR can be attributed to the proper placement of staff in the Revenue Directorate and the piloting of Revenue Automation by the County Government.

The revenue streams which contributed the highest OSR receipts are shown in Figure 46.

Figure 46: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Kericho County Treasury

The highest revenue stream of Kshs.315.84 million was from the Facility Improvement Fund (FIF), contributing to 84.0 per cent of the total OSR receipts during the reporting period.

3.12.3 Borrowing by the County

During the first quarter of FY 2024/25, the County government of Kericho did not borrow any funds.

3.12.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.2.79 billion from the CRF account during the reporting period comprised Kshs.693.26 million (24.9 per cent) for development programmes and Kshs.2.10 billion (75.2per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.59 billion was released towards compensation of employees and Kshs.510.45 million for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to late disbursement of funds by the National Government.

Analysis of the operations and maintenance exchequer releases indicate that 26.1 per cent was for domestic travel and 1.0 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.133.14 million and included Kshs.41.76 million for the County Executive and Kshs.91.38 million for the County Assembly. The foreign exchequer totalled Kshs.5.29 million, comprising Kshs.4.32 million for the County Executive and Kshs.0.97 million for the County Assembly.

3.12.5 County Expenditure Review

The County spent Kshs.2.34 billion on development and recurrent programmes in the reporting period. The expenditure represented 84.9 per cent of the total funds released by the CoB and comprised Kshs.639.53 million and Kshs.1.70 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 21 per cent, while recurrent expenditure represented 28 per cent of the annual recurrent expenditure budget.

3.12.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.1.15 billion as of 30th June 2024. This pending payment is by only the county executive. The pending bills from the County Executive consist of Kshs.211.61 million for recurrent expenditures and Kshs.936.32 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.523.41 million, comprising Kshs.76.39 million for recurrent programmes and Kshs.447.03 million for development programmes. Meanwhile, the County Assembly didn't provide pending bills for recurrent and development activities.

The County Executive submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.779.93 million, in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it has not cleared Kshs.256.52 million for the Executive.

As of December 31, 2024, the outstanding bills amounted to Kshs.624.52 million for the County Executive Only.

3.12.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.10 billion on employee compensation, Kshs.285.63 million on operations and maintenance, and Kshs.639.53 million on development activities. Similarly, the County Assembly spent

Kshs.142.71 million on employee compensation, Kshs.176.48 million on operations and maintenance, and no development activities, as shown in Table 3.100.

3.12.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.27 billion, or 34 per cent of the available revenue of Kshs.3.71 billion. This expenditure represented a decrease from Kshs.1.50 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.891.30 million paid to the Health Sector Employees, translating to 70 per cent of the total wage bill.

Figure 47 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 47: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2018/19 to the First Half of FY 2024/25

Further analysis indicates that PE costs amounting to Kshs.1.22 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.51.50 million was processed through manual payrolls, which accounted for 4.0 per cent of the total PE cost.

The County Assembly spent Kshs.12.58 million on committee sitting allowances for the 48 MCAs against the annual budget allocation of Kshs.33.67 million. The average monthly sitting allowance was Kshs.43,670 per MCA. The County Assembly had 24 House committees.

3.12.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.45.26 million to county-established funds in FY 2024/25, or 0.49 per cent of the County's overall budget. Further, the County allocated Kshs.10.00 million to the Emergency Fund (0.11 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.101 summarises each established Fund's budget allocation and performance during the reporting period.

3.12.11 Facility Improvement Financing

The Health Facilities did (not) provide a report on the utilisation of the FIF during the reporting period, in line with (contrary to) Section 18 (e) of the FIF Act, 2023. The County has, however, not developed regulations to operationalise the FIF Act of 2023.

3.12.12 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.639.53 million on development programmes, representing an increase of 187.1 per cent compared to a similar period in FY 2023/24, when the County spent Kshs.222.79 million. Table 3.103 summarises development projects with the highest expenditure in the reporting period.

Sub-programmes with the highest levels of implementation based on absorption rates were: County Audit in the Department of Finance & Economic Planning at 50 per cent, Land Policy and Planning in the Department of Land, Housing & Physical Planning at 50 per cent, Infrastructure, Roads and Transport in the department of Public Works, Roads & Transport at 47 per cent and Housing Development and Human Resource in the department of Land, Housing & Physical Planning at 46 per cent of budget allocation.

3.12.15 Accounts Operated Commercial Banks

The County Government Operates 51 accounts with commercial banks, including 14 for Health Facilities, 12 for Vocational Training Centres, 24 for established funds and one for county revenue.

The County government uses commercial bank accounts to operate the above-established Funds contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts must be opened and maintained at the Central Bank of Kenya.

3.12.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- (i) Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 20th January 2025.
- (ii) The underperformance of own-source revenue at Kshs.377.52 million against an annual target of Kshs.1.22 Billion, representing 30.9 per cent of the yearly target.
- (iii) Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Kericho County Emergency Fund, Kericho County Executive Staff Mortgage Fund, Kericho County Executive Car Loan, Car loans for MCA'S and Car loans/Mortgage for Staff Fund were not submitted to the Controller of Budget as of 31st December 2024.
- (iv) The high pending bills amounted to Kshs.624.52 million as of 30th December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- (v) Use of manual payroll. Personnel emoluments amounting to Kshs.51.5 million were processed through the manual payroll, accounting for 4.0 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
- (vi) The County Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County government bank accounts be opened and maintained at the Central Bank of Kenya.

The County should implement the following recommendations to improve budget execution:

- (i) *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- (ii) *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- (iii) *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- (iv) *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- (v) *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- (vi) *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted*

3.13. County Government of Kiambu

3.13.1 Overview of FY 2024/25 Budget

The Kiambu County Gross Approved Budget FY 2024/25 budget is Kshs.23.57 billion. It comprises Kshs.8.16 billion (35 per cent) and Kshs.15.41 billion (65 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.359.90 million (2 per cent) from the FY 2023/24 budget comprised of a development budget of Kshs.6.97 billion and a recurrent budget of Kshs.16.25. billion. The increase in the budget was attributed to the provision for pending bills.

The budget will be financed from different sources of revenue. These include Kshs.12.35 billion (52 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.3.25 billion (14 per cent) as additional allocations, and Kshs.7.98 billion (34 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.2.1 billion (10 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.5.88 billion (25 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.106.

3.13.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.7.78 billion to fund its development and recurrent activities. This amount consisted of Kshs.6.08 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.64.89 million, and its own-source revenue (OSR) collection of Kshs.1.64 billion.

The total OSR collection of Kshs.1.64 billion includes Facilities Improvement Financing (FIF) of Kshs.676.95 million and Kshs.958.45 million as ordinary OSR. Table 3.106 summarises the total revenue available to the County Government during the first half of FY 2024/25.

The County has governing legislation on the operation of ordinary A-I-A and FIF, known as the Kiambu County Health Services Act of 2019.

Figure 49 shows the trend in own-source revenue collection from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 49: Trend in Own-Source Revenue Collection from the First Half of FY 2018/19 to the First Half of FY 2024/25

Source: Kiambu County Treasury

During the first half of FY 2024/25, the County generated Kshs.1.64 billion from its revenue sources, including AIA and FIF. This amount was an increase of 0.3 per cent compared to Kshs.1.64 billion realised in a similar period in FY 2023/24. This was 21 per cent of the annual target and 27 per cent of the equitable revenue share disbursed. The OSR includes revenue arrears and penalties charged on fees and levies from previous financial years of Kshs.5.67 million.

The revenue streams which contributed the highest OSR receipts are shown in Figure 50.

Figure 50: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Kiambu County Treasury

The highest revenue stream, Kshs.676.95 million, was from the Facility Improvement Fund, which contributed 41 per cent of the total OSR receipts during the reporting period.

3.13.3 Borrowing by the County

No borrowing was reported during the period under review.

3.13.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.6.37 billion from the CRF account during the reporting period, which comprised Kshs.1.18 billion (19 per cent) for development programmes and Kshs.5.20 billion (82 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.3.26 billion was released towards compensation of employees and Kshs.1.94 billion for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to the challenges of migration from the IPPD to the HRIS-KE system, which delayed processing of the payroll.

Analysis of the operations and maintenance exchequer releases indicates that 2 per cent was for domestic travel and 0.3 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.124.08 million and included Kshs.22.84 million for the County Executive and Kshs.101.24 million for the County Assembly. The foreign exchequer totalled Kshs.17.25 million, comprising only the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.862.79 million.

3.13.5 County Expenditure Review

The County spent Kshs.6.26 billion on development and recurrent programmes in the reporting period. The expenditure represented 7 per cent of the total funds released by the CoB and comprised Kshs.1.05 billion and Kshs.5.20 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 13 per cent, while recurrent expenditure represented 34 per cent of the annual recurrent expenditure budget.

3.13.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.6.78 billion as of 30th June 2024. This amount includes Kshs.6.63 billion from the County Executive and Kshs.146.25 million from the County Assembly. The pending bills from the County Executive consist of Kshs.4.32 billion for recurrent expenditures and Kshs.2.31 billion for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.1.15 billion, comprising Kshs.709.55 million for recurrent programmes and Kshs.437.24 million for development programmes. The County Assembly did not pay for any pending bills during the first half.

At the commencement of FY 2024/25, the county executive submitted a pending bills payment plan, committing to pay Kshs.600 million in the first half of FY 2024/25. The County adhered to this payment plan by surpassing the targeted payment, clearing Kshs.1.15 billion for the County Executive.

As of December 31, 2024, the outstanding bills amounted to Kshs5.63 billion, comprising Kshs.5.48 for the County Executive and Kshs.146.25 million for the County Assembly.

3.13.7 Expenditure by Economic Classification

The County Executive spent Kshs.2.98 billion on employee compensation, Kshs.1.81 billion on operations and maintenance, and Kshs.1.05 billion on development activities. Similarly, the County Assembly spent Kshs.304.43 million on employee compensation and Kshs.127.23 million on operations and maintenance, with no expenditure on development activities, as shown in Table 3.108.

3.13.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.3.29 billion, or 42 per cent of the available revenue of Kshs.7.73 billion. This expenditure represented a decrease from Kshs.3.69 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.58 billion paid to the Health Sector employees, translating to 48 per cent of the total wage bill.

Figure 51 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.3.11 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.179.38 million was processed through manual payrolls, which accounted for 5.5 per cent of the total PE cost.

The County Assembly spent Kshs.39.33 million on committee sitting allowances for the 87 MCAs against the annual budget allocation of Kshs.75 million. The average monthly sitting allowance was Kshs.75,340 per MCA. The County Assembly had 23 House Committees.

3.13.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.2.95 billion to County-Established funds in FY 2024/25, or 13 per cent of the County's overall budget. Further, the County allocated Kshs.50 million to the Emergency Fund (below 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.109 summarises each established Fund's budget allocation and performance during the reporting period.

The operations and maintenance costs include Kshs.18.78 million in management fees, Kshs.14.21 million on “Other operating expenses”, and Kshs.7.22 million in Bank Charges.

3.13.11 Facility Improvement Financing

During the period under review, the County reported collecting Kshs.676.95 million as FIF, which was 32 per cent of the annual target of Kshs.2.10 billion. The collected amount was retained and utilised at the source per the Facility Improvement Financing Act of 2023.

The health facilities did not provide a report on the utilisation of the FIF during the reporting period, contrary to Section 18 (e) of the FIF Act, 2023.

3.13.12 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.1.05 billion on development programmes, representing a 26 per cent increase compared to a similar period in FY 2023/24, when the County spent Kshs.838.68 million. Table 3.111 summarises the development projects with the highest expenditure in the reporting period.

Analysis of department expenditures shows that the Department of Education, Culture, and Social Services recorded the highest absorption rate for development and recurrent budgets, at 42 per cent and 37 per cent, respectively. It was followed by the Department of Health Services, at 39 per cent and 37 per cent for development and recurrent expenditures, respectively.

The County had over-expenditure above the exchequer releases in the departments of County Executive, Water, Environment and Natural Resources, Health Services, Agriculture, Crop Production & Irrigation, Education, Culture & Social Services and Youth & Sports as a result of diverting funds meant for payments in one department to the other.

Sub-programmes with the highest levels of implementation based on absorption rates were ICT Services in the Department of Finance and Economic Planning at 49 per cent, Administration & Support in the Department of Health Services at 47 per cent, Pre-Primary education in the Department of Education, Gender, Culture & Social Services at 44 per cent, and Water Resource Management in the Department of Water, Environment, Energy & Natural Resources at 37 per cent of budget allocation.

3.13.15 Accounts Operated Commercial Banks

The County Government operated seventy-four accounts with commercial banks, including eleven for Health Facilities, fourteen for FIF, seven for Established Funds, six special purpose accounts, and thirty-six for revenue.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.13.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. Own-source revenue underperformed at Kshs.1.64 billion against an annual target of Kshs.7.98 billion, representing 21 per cent of the yearly target.
- ii. The high pending bills amounted to Kshs.5.63 billion as of 31st December 2024.
- iii. Use of manual payroll. Personnel emoluments amounting to Kshs.179.38 million were processed through manual payroll, accounting for 6 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- iv. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year.*
- iii. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iv. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.14. County Government of Kilifi

3.14.1 Overview of FY 2024/25 Budget

The Kilifi County Gross Approved FY 2024/25 budget is Kshs.21.41 billion. It comprises Kshs.9.97 billion (47 per cent) and Kshs.11.44 billion (53 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.4.39 billion (26 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.5.42 billion and a recurrent budget of Kshs.11.59 billion. The increase in the budget was attributed to the rise in the balance of unspent funds from the previous financial year and an increment in the County's own source revenue collection target. The County's Net Approved Budget is Kshs.21.01 billion, comprising Kshs.9.57 billion for recurrent and Kshs.11.44 billion for development.

The budget will be financed from different sources of revenue. These include Kshs.12.55 billion (59 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.3.45 million (16 per cent) as additional allocations, and a cash balance of Kshs.3.43 billion (16 per cent) was brought

forward from FY 2023/24, and Kshs.1.97 billion (9 per cent) was generated as gross own source revenue. The own-source revenue includes Kshs.400 million (2 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs1.57 billion (7 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in **Table 3.114**.

3.14.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.8.89 billion to fund its development and recurrent activities. This amount consisted of Kshs.4.99 billion from the equitable share of revenue raised nationally and its own-source revenue (OSR) collection of Kshs.467.94 million. In addition, the County had a cash balance of Kshs.3.43 billion from FY 2023/24.

The total OSR collection of Kshs.467.94 billion includes Facilities Improvement Financing (FIF) of Kshs.159.58 million and Kshs.308.35 million as ordinary OSR. Table 3.114 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.467.94 million from its revenue sources, including AIA and FIF. This amount was 150 per cent higher than the Kshs.187.12 million realised in a similar period in FY 2023/24, 24 per cent of the annual target, and 9 per cent of the equitable revenue share disbursed.

The increase is attributed to the rise in Cess in the extraction of natural resources.

The revenue streams which contributed the highest OSR receipts are shown in Figure 54.

Figure 54: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Kilifi County Treasury

The highest revenue stream, Kshs.179.80 million, was from Cess on natural resources, which contributed 38 per cent of the total OSR receipts during the reporting period.

3.14.3 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.5.12 billion from the CRF account during the reporting period, which comprised Kshs.1.60 million (31 per cent) for development programmes and Kshs.3.51 billion (69 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.03 billion was released towards compensation of employees and Kshs.1.48 billion for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to the late submission of their December salaries exchequer request.

Analysis of the operations and maintenance exchequer releases indicates that 1 per cent was for domestic travel and less than 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.18.87 million by the County Assembly and 60.50 million by the County Executive. The foreign exchequer totalled Kshs.2.86 million by the County Executive.

Some departments had exchequer abortions because of delays in the procurement process.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.1.72 billion.

3.14.4 County Expenditure Review

The County spent Kshs.5.73 billion on development and recurrent programmes in the reporting period. This expenditure represented 112 per cent of the total funds released by the CoB and comprised Kshs.2.03 billion and Kshs.3.69 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 18 per cent, while recurrent expenditures represented 37 per cent of the annual recurrent expenditure budget.

3.14.5 Settlement of Pending Bills

The County reported pending bills totalling Kshs.2.3 billion as of 30th June 2024. This amount includes Kshs.2.19 billion from the County Executive and Kshs.105.93 million from the County Assembly. The pending bills from the County Executive consist of Kshs.858.60 million for recurrent expenditures and Kshs.1.34 billion for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.174.75 million for recurrent activities. Meanwhile, the County Assembly settled pending bills worth Kshs.37.75 million for their recurrent activities.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.279.56 million and Kshs.45.20 million, respectively, in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.137 million for the Executive and Kshs.37.75 million for the Assembly.

As of December 31, 2024, the outstanding bills amounted to Kshs.2.13 billion, comprising Kshs.2.06 billion for the County Executive and Kshs.68.18 million for the County Assembly.

3.14.6 Expenditure by Economic Classification

The County Executive spent Kshs.1.83 billion on employee compensation, Kshs.1.87 billion on operations and maintenance, and Kshs.2.03 million on development activities. Similarly, the County Assembly spent Kshs.189.36 million on employee compensation, Kshs.141.63 million on operations and maintenance, and Kshs.75.14 million on development activities, as shown in **Table 3.116**.

3.14.7 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.02 billion, or 23 per cent of the available revenue of Kshs.8.89 billion. This expenditure represented a decrease from Kshs.2.15 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.15 billion paid to the Health Sector employees, translating to 57 per cent of the total wage bill.

Figure 55 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2021/22 to the first half of FY 2024/25.

Figure 55: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2021/22 to the First Half of FY 2024/25

Further analysis indicates that PE costs amounting to Kshs.2.02 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.8.86 million was processed through manual payrolls, which accounted for 0.4 per cent of the total PE cost.

The County Assembly spent Kshs.11.69 million on committee sitting allowances for the 56 MCAs against the annual budget allocation of Kshs.36 million. The average monthly sitting allowance was Kshs69,611.90 per MCA. The County Assembly had 23 House Committees.

3.14.8 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.750 million to county-established funds in FY 2024/25, constituting 4 per cent of the County's overall budget. Further, the County allocated Kshs.250 million to the Emergency Fund (1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.117 summarises each established Fund's budget allocation and performance during the reporting period.

During the reporting period, the CoB did not receive quarterly financial returns from the Fund Administrators of all funds, as indicated in Table 3.117, contrary to the requirement of Section 168 of the PFM Act, 2012.

The County government uses commercial bank accounts to operate the above-established public funds contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which require that County government bank accounts must be opened and maintained at the Central Bank of Kenya.

3.14.9 Expenditure on Operations and Maintenance

Figure 56 summarises the Operations and Maintenance expenditure by major categories.

Figure 56: Kilifi County, Operations and Maintenance Expenditure by Major Categories

Source: Kilifi County Treasury

Expenditure on domestic travel amounted to Kshs.97.54 million, comprised of Kshs.64.12 million spent by the County Assembly and Kshs.33.42 million by the County Executive. No expenditure was incurred on foreign travel.

3.14.10 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.159.58 million as FIF, which was 40 per cent of the annual target of Kshs.400 million. The collected amount was retained and utilised at the source in line with the Facility Improvement Financing Act of 2023. The County developed regulations in 2023 to operationalise the FIF Act of 2023.

The Health Facilities did not provide a report on the utilisation of the FIF during the reporting period, in line with Section 18 (e) of the FIF Act, 2023.

3.14.11 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.2.10 billion on development programmes, representing a 45 per cent increase compared to a similar period in FY 2023/24, when the County spent Kshs.940.13 million. Table 3.118 summarises the development projects with the highest expenditure in the reporting period.

Analysis of expenditure against exchequer issues shows that the County does not adhere to the exchequer requisitions work plans during expenditure, leading to the diversion of funds across departments.

Analysis of department expenditures shows that the Department of Finance recorded the highest absorption rate of the development budget at 63 per cent, followed by the Department of Agriculture at 52 per cent. The Department of Health had the highest percentage of recurrent expenditures to budget at 67 per cent, while the Department of Special Programs & Disaster Management had the lowest at 1 per cent.

3.14.13 Budget Execution by Programmes and Sub-Programmes

The County failed to report appropriately on budget execution by programmes and sub-programmes, leading to gaps and differences between expenditures by departments and expenditures by Programs.

The total does not add up for the Budget and actual expenditures by departments because some departments failed to report on expenditures by programs, and some departments have differences in their expenditures between program-based reports and departmental expenditures.

Based on absorption rates, the sub-programmes with the highest implementation levels were General Administration in Gender Culture and Social Services at 44 per cent, General Administration in the Department of Water & Natural Resources Management at 58 per cent, and General Administration in the Department of County Public Service Board at 24 per cent. Accounts Operated Commercial Banks.

3.14.14 Accounts Operated Commercial Banks

The County government operated eleven accounts with commercial banks, as shown in Table 3.121. This is contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.14.15 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges that hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 30 January 2025.
- ii. The underperformance of own-source revenue at Kshs.308.36 million against an annual target of Kshs.1.57 billion, representing 20 per cent of the yearly target
- iii. Unspent funds from FY 2023/24 were not refunded into the CRF account, which led to actual expenditures exceeding the approved exchequer in several departments, as shown in Table 3.119.
- iv. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The Emergency Fund and Ward Scholarship fund reports were not submitted to the Controller of Budget as of 15th January 2025.
- v. High pending bills amounted to Kshs.2.13 billion as of 31st December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- vi. The programmes and sub-programmes in Table 3.120 were not aligned with the approved budget for each department. For example, the Department of Education and the Department of Finance

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County Treasury should ensure unspent funds from the previous financial year are deposited to the*

CRF Account in line with Section 136 of the PFM Act 2012.

- iv. The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.
- v. The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.
- vi. The County Treasury must ensure compliance with the approved programme and sub-programmes in the approved budget.

3.15. County Government of Kirinyaga

3.15.1 Overview of FY 2024/25 Budget

The Kirinyaga County Gross approved FY 2024/25 budget is Kshs.8.08 billion. It comprises Kshs.3.03 billion (37 per cent) and Kshs.5.05 billion (67 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.840 million (12 per cent) from the FY 2023/24 budget, comprised of a development budget of Kshs.2.45 billion and a recurrent budget of Kshs.4.79 billion. The increase in the County Government budget was attributed to the rise in the Own Source Revenue Collections target.

The Kirinyaga County Government budget will be financed from different sources of revenue. These include Kshs.5.63 billion (70 per cent) expected as the equitable share of revenue raised nationally, Kshs.611 million as additional/conditional grants, a cash balance of Kshs.952.94 million (12 per cent) brought forward from FY 2023/24, and Kshs.811.55 million (11 per cent) generated as gross own source revenue. The own source revenue includes Kshs.39.55 million (0.5 per cent) as Appropriations-in-Aid (A-I-A), Kshs.200 million (3 per cent) as Facility Improvement Fund (revenue from health facilities), and Kshs.410.45 million (5 per cent) as ordinary own-source revenue and Kshs.231.55 million (3 per cent) as other Revenue. A breakdown of the additional allocations/conditional grants is provided in Table 3.122.

3.15.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.3.46 billion to fund its development and recurrent activities. This amount consisted of Kshs.2.26 billion from the equitable share of revenue raised nationally and Kshs.241.37 million from its own source revenue (OSR) collection. In addition, the County had a cash balance of Kshs.952.94 million from FY 2023/24.

The total OSR collection of Kshs.241.37 million includes Facilities Improvement Financing (FIF) of Kshs.150.75 million and Kshs.90.62 million as ordinary OSR. Table 3.122 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.247.87 million from its revenue sources, including AIA and FIF. This amount was an increase of 29 per cent compared to Kshs.192.71 million realised in a similar period in FY 2023/24, 37 per cent of the annual target, and 4 per cent of the equitable revenue share disbursed.

The increase in revenue can be attributed to the revenue enforcement measures done by the County Government of Kirinyaga.

The revenue streams which contributed the highest OSR receipts are shown in Figure 58.

Figure 58: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Kirinyaga County Treasury

The highest revenue stream, Kshs.150.75 million, was from Health/Hospital Fees/FIF, contributing 64 per cent of the total OSR receipts during the reporting period.

3.15.3 Borrowing by the County

The County did not disclose any short-term borrowings as of 31 December 2024.

3.15.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.2.41 billion from the CRF account comprised Kshs.607.10 million (23 per cent) for development programmes and Kshs.1.80 billion (77 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.22 billion was released towards compensation of employees and Kshs.590.13 million for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and the County Assembly IPPD Salaries due to non-remittance of the December 2024 disbursement by the National Treasury.

Analysis of the operations and maintenance exchequer releases indicates that 10.3 per cent was for domestic travel, while no expenditure was on foreign travel. The domestic travel exchequer amounted to Kshs.61.16 million, including Kshs.17.40 million for the County Executive and Kshs.43.76 million for the County Assembly.

As of 31 December 2024, the County Government's cash balance in the CRF account was Kshs.579.97 million.

3.15.5 County Expenditure Review

The County spent Kshs.2.59 billion on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB and comprised Kshs.670.10 million and Kshs.1.99 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 20 per cent, while recurrent expenditure represented 35.8 per cent of the annual recurrent expenditure budget.

3.15.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.1.23 billion as of 30th June 2024. This amount includes Kshs.1.23 billion from the County Executive. The County Assembly did not have a pending bill. The pending bills from the County Executive consist of Kshs.340.64 million for recurrent expenditures and Kshs.887.56 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.200.84 million, all related to development programmes.

The County Executive submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.100 million in the first half of FY 2024/25.

As of December 31, 2024, the outstanding bills amounted to Kshs.1.03 billion, all of which were for the County Executive.

3.15.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.03 billion on employee compensation, Kshs.478.76 million on operations and maintenance, and Kshs.577.95 million on development activities. Similarly, the County Assembly spent Kshs.187.14 million on employee compensation, Kshs.111.37 million on operations and maintenance, and Kshs.29.15 million on development activities, as shown in Table 3.124.

3.15.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.22 billion, or 47 per cent of the available revenue of Kshs.2.59 billion. This expenditure represented an increase from Kshs.979.03 million reported in a similar period in FY 2023/24. The wage bill included Kshs.577.14 million paid to the Health Sector employees, translating to 47 per cent of the total wage bill.

Figure 59 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.1.14 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.75.66 million was processed through manual payrolls, which accounted for 6 per cent of the total PE cost.

The County Assembly spent Kshs.13.30 million on committee sitting allowances for the 34 MCAs against the annual budget allocation of Kshs.68.23 million. The average monthly sitting allowance was Kshs.65,197 per MCA. The County Assembly had 23 House Committees.

3.15.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.205.67 million to County-Established Funds in FY 2024/25, or 3 per cent of the County’s overall budget. Further, the County allocated Kshs.8 million to the Emergency Fund (4 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.125 summarises each established Fund’s budget allocation and performance during the reporting period.

Based on absorption rates, the sub-programmes with the highest implementation levels were Disaster Management in the Department of Transport and Infrastructure, at 63 per cent, Control and Campaign Against Drug and Substance Abuse in the Department of Sports, Culture and Social Services, at 50 per cent, and Finance services in the Department of Finance & Economic Planning, at 47 per cent of budget allocation.

3.15.12 Accounts Operated Commercial Banks

The County Government operated twelve accounts with commercial banks, including four accounts for Health Facilities, four accounts for Established Funds, two revenue accounts, two special purpose accounts (additional allocations)

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.15.13 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- (i) The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 23rd January 2025. Further, the health facilities did not submit their expenditure reports for the first half of FY 2024/25.
- (ii) Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The Emergency Fund, Bursary Fund and Car Loan & Mortgage Fund reports were not submitted to the Controller of Budget.
- (iii) There was a high level of pending bills, which amounted to Kshs.1.02 billion as of 31 December 2024. Further, the county Treasury did not adhere to the payment plan for the pending bills.
- (iv) The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for the collection of own-source revenue.

The County should implement the following recommendations to improve budget execution:

- (i) *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
- (ii) *The County Leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. A payment plan should be provided at the beginning of the FY.*
- (iii) *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- (iv) *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.16. County Government of Kisii

3.16.1 Overview of FY 2024/25 Budget

The Kisii County Gross Approved FY 2024/25 budget is Kshs.16.09 billion. It comprises Kshs.5.51 billion (34 per cent) and Kshs.10.58 billion (66 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.64 billion (11 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.4.34 billion and a recurrent budget of Kshs.10.12 billion. The increase in the budget was mainly attributed to the rise in unspent balances for FY2023/24, which was Kshs.3.49 billion. The County's Net Approved Budget is Kshs.14.53 billion, comprising Kshs.9.02 billion for recurrent and Kshs.5.51 billion for development.

The budget will be financed from different sources of revenue. These include; Kshs.9.61 billion (60 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.783.08 million as additional allocations, a cash balance of Kshs.3.49 billion (22 per cent) was brought forward from FY 2023/24, and Kshs.2.21 billion (14 per cent) was generated as gross own source revenue. The own-source revenue includes Kshs.1.56 billion (10 per cent) as Facility Improvement Fund (revenue from health facilities) and

Kshs.650 million (4 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.130.

3.16.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.7.42 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.86 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.11 million, and its own source revenue (OSR) collection of Kshs.583.88 million. In addition, the County had a cash balance of Kshs.2.96 billion from FY 2023/24.

The total OSR collection of Kshs.583.88 million includes, Facilities Improvement Financing (FIF) of Kshs.443.90 million, and Kshs.139.98 million as ordinary OSR. Table 3.130 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.584 million from its revenue sources, including FIF. This amount was an increase of 46 per cent compared to Kshs.401 million realised in a similar period in FY 2023/24 and was less than 1 per cent of the annual target and less than 1 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 62

Figure 62: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Kisii County Treasury

The highest revenue stream, Kshs.443.90 million, was from Health/FIF, which contributed 76 per cent of the total OSR receipts during the reporting period.

3.16.3 Borrowing by the County

The County government borrowed a total of Kshs.256.27 million from Family Bank, Kshs.229.97 million, and Kshs.26.29 million for the July 2024 net salaries of the County Executive and County Assembly, respectively.

3.16.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.3.26 billion from the CRF account during the reporting period, which comprised Kshs.489.76 million (15 per cent) for development programmes and Kshs.2.77 billion (85 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.44 billion was released towards compensation of employees and Kshs.332.35 million for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to delay by the County in making the subject request.

Analysis of the operations and maintenance exchequer releases indicates that 41 per cent was for domestic travel and 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.136.29 million and included Kshs.9.97 million for the County Executive and Kshs.126.32 million for the County Assembly. The foreign travel exchequer totalled Kshs.3.53 million, which the County Assembly spent.

As of 31 December 2024, the County government's cash balance in the CRF account was Kshs.3.71 billion.

3.16.5 County Expenditure Review

The County spent Kshs.3.20 billion on development and recurrent programmes in the reporting period. This expenditure represented 99 per cent of the total funds released by the CoB and comprised Kshs.463.48 million and Kshs.2.73 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 8 per cent, while recurrent expenditures represented 30 per cent of the annual recurrent expenditure budget.

3.16.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.2.31 billion as of 30 June 2024. This includes Kshs.2.26 billion from the County Executive and Kshs.56.21 million from the County Assembly. The pending bills from the County Executive consist of Kshs.483.53 million for recurrent expenditures and Kshs.1.77 billion for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.311.36 million, comprising Kshs.107.75 million for recurrent programmes and Kshs.203.61 million for development programmes. Meanwhile, the County Assembly did not settle any pending bills in the reporting period.

The County Executive and the Assembly submitted payment plans for pending bills at the commencement of FY 2024/25, committing to pay Kshs.610.42 million and Kshs.29.33 million, respectively, in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.311.36 million for the Executive and didn't clear for the County Assembly.

The County Executive's additional pending bills for the reporting period are Kshs.382.20 million and Kshs.209.41 for recurrent and development bills, respectively.

As of 31 December 2024, the outstanding bills amounted to Kshs.2.61 billion, comprising Kshs.2.55 billion for the County Executive and Kshs.56.98 million for the County Assembly.

3.16.7 Expenditure by Economic Classification

The County Executive spent Kshs.2.17 billion on employee compensation, Kshs.143.96 million on operations and maintenance, and Kshs.463.48 million on development activities. Similarly, the County Assembly spent Kshs.267.36 million on employee compensation and Kshs.154.90 million on operations and maintenance. The County Assembly spent zero on development activities, as shown in Table 3.132.

1.1.4 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.44 billion, or 33 per cent of the available revenue of Kshs.7.42 billion. This expenditure represented a decrease from Kshs.2.95 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.11 billion paid to the Health Sector employees, translating to 45 per cent of the total wage bill.

Figure 63 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 63: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2018/19 to the First Half of FY 2024/25

Further analysis indicates that PE costs amounting to Kshs.2.43 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.6.56 million was processed through manual payrolls, which accounted for less than 1 per cent of the total PE cost.

The County Assembly spent Kshs.28.71 million on committee sitting allowances for the 71 MCAs against the annual budget allocation of Kshs.65 million. The average monthly sitting allowance was Kshs.67,404 per MCA. The County Assembly had 20 House Committees.

3.16.8 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.1.95 billion to County-Established funds in FY 2024/25, or 14 per cent of the County's overall budget. Further, the County allocated Kshs.5 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.133 summarises each established Fund's budget allocation and performance during the reporting period.

Sub-programmes with the highest levels of implementation based on absorption rates were: Stakeholder Management in the Department of Administration, Corporate Services and Stakeholder Management at 41 per cent, Administration, Planning and Support Services in the Executive Office of the Governor, Deputy Governor, County Secretary and Public Service Board at 40 per cent, General administration, planning and support services in the Department of Kisii Municipality at 39 per cent, and Medical Services at 34 per cent of budget allocation.

3.16.13 Accounts Operated Commercial Banks

The County Government operated seventeen accounts with commercial banks, including three accounts for Health Facilities, seven accounts for Established Funds, one revenue account, four special purpose accounts (additional allocations), and two imprest accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.16.14 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. The underperformance of own-source revenue (including hospital charges) at Kshs583.88 million against an annual target of Kshs.2.21 billion, representing 26 per cent of the yearly target.
- ii. Development funds are not being absorbed, as indicated by the expenditure of Kshs.463.48 million from the annual development budget allocation of Kshs.5.51 billion, which represented 8 per cent of the annual development budget.
- iii. High pending bills amounted to Kshs.2.59 billion as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- iv. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for Conditional Grants/ Additional allocations and established County Funds.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County should identify and address issues causing delays in implementing development projects.*
- iii. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iv. *The County government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.17. County Government of Kisumu

3.17.1 Overview of FY 2024/25 Budget

The Kisumu County Gross Approved FY 2024/25 budget is Kshs.15.30 billion. It comprises Kshs.5.03 billion (33 per cent) and Kshs.10.27 billion (67 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.60 billion (12 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.4.19 billion and a recurrent budget of Kshs.9.51 billion. The increase in the budget was attributed to the rise in the balance carried forward due to the late disbursement of funds in FY2023/24. The County's Net Approved Budget is Kshs.14.38 billion, comprising Kshs.9.35 billion for recurrent and Kshs.5.03 billion for development.

The budget will be financed from different sources of revenue. These include Kshs.8.68 billion (57 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.2.15 billion (14 per cent) as additional allocations, a cash balance of Kshs.669.46 million (4 per cent) brought forward from FY 2023/24, and Kshs.3.80 billion (25 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.926.12 million (24.2 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.2.88 billion (75.8 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.140.

3.17.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.5.52 billion to fund its development and recurrent activities. This amount consisted of Kshs.4.16 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.13.93 million, and its own source revenue (OSR) collection of Kshs.670.52 million. In addition, the County had a cash balance of Kshs.669.46 million from FY 2023/24.

The total OSR collection of Kshs.670.52 billion includes Facilities Improvement Financing (FIF) of Kshs.444.83 million and Kshs.232.80 million as ordinary OSR. Table 3.140 summarises the total revenue available to the County Government during the first half of FY 2024/25.

The low performance in the Conditional grants is due to the Parliament's delayed approval of CARA 2024, while the low performance of the own-source Revenue is primarily due to the overestimation of the annual Own-Source Revenue target.

The County has governing legislation on the operation of ordinary A-I-A and FIF.

Figure 65 shows the trend in own-source revenue collection from the first half of FY 2019/20 to the first half of FY 2024/25.

Figure 65: Trend in Own-Source Revenue Collection from the First Half of FY 2019/20 to the First Half of FY 2024/25

Source: Kisumu County Treasury

During the first half of FY 2024/25, the County generated Kshs.670.52 million from its revenue sources, including AIA and FIF. This amount was an increase of 57.3 per cent compared to Kshs.426.28 million realised in a similar period in FY 2023/24 and was 17.8 per cent of the annual target and 16.1 per cent of the equitable revenue share disbursed. The OSR excludes revenue arrears and penalties charged on fees and levies from previous financial years of Kshs.1.27 million.

The increase can be attributed to the automation of the revenue management system.

The revenue streams which contributed the highest OSR receipts are shown in Figure 66.

Figure 66: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Kisumu County Treasury

The highest revenue stream, Kshs.444.83 million, was from Health/Hospital Fees/FIF, which contributed 66 per cent of the total OSR receipts during the reporting period.

3.17.3 Borrowing by the County

The County Government borrowed Kshs.2.64 billion from the Kenya Commercial Bank to support its operations and pay salaries promptly. The outstanding amount as of 31 December 2024 was Kshs.430.04 million.

3.17.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.4.04 billion from the CRF account comprised Kshs.327.31 million (8 per cent) for development programmes and Kshs.3.71 billion (92 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.88 billion was released towards compensation of employees and Kshs.825.11 million for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to delayed disbursement of funds by the National Treasury, which was occasioned by delay in the approval of CARA, 2024.

Analysis of the operations and maintenance exchequer releases indicates that 9 per cent was for domestic travel and 0.5 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.76.53 million, including Kshs.13.19 million for the County Executive and Kshs.63.34 million for the County Assembly. The foreign travel exchequer totalled Kshs.4.34 million, which the County Assembly incurred.

The annual target's underperformance can be attributable to delays in the disbursements of sharable revenue by the National Treasury, delayed procurement processes at the County, and slow verification of the pending bills owed by the County.

As of 31 December 2024, the County government's cash balance in the CRF account was Kshs.372.78 million.

3.17.5 County Expenditure Review

The County spent Kshs.3.99 billion on development and recurrent programmes in the reporting period. This expenditure represented 99 per cent of the total funds released by the CoB and comprised Kshs.302.84 million and Kshs.3.68 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 6 per cent, while recurrent expenditures represented 36 per cent of the annual recurrent expenditure budget.

3.17.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.3.47 billion as of 30 June 2024. This includes Kshs.3.32 billion from the County Executive and Kshs.145.31 million from the County Assembly. The pending bills from the County Executive consist of Kshs.1.71 billion for recurrent expenditures and Kshs.1.62 billion for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.1.02 billion, comprising Kshs.713.70 million for recurrent programmes and Kshs.302.84 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.139.03 million for recurrent activities.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.1.55 billion and Kshs.145.31 million, respectively, in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.1.02 billion for the Executive and Kshs.139.03 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.2.31 billion, comprising Kshs.2.31 billion for the County Executive and Kshs.6.28 million for the County Assembly.

3.17.7 Expenditure by Economic Classification

The County Executive spent Kshs.2.70 billion on employee compensation, Kshs.580.16 million on operations and maintenance, and Kshs.302.84 million on development activities. Similarly, the County Assembly spent Kshs.183.13 million on employee compensation and Kshs.217.41 million on operations and maintenance, as shown in Table 3.142.

3.17.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.88 billion, or 52 per cent of the available revenue of Kshs.5.52 billion. This expenditure represented an increase from Kshs.2.28 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.44 billion paid to the Health Sector employees, translating to 50 per cent of the total wage bill.

Figure 67 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2020/21 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.2.68 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.199.11 million was processed through manual payrolls, which accounted for 7 per cent of the total PE cost.

The County Assembly spent Kshs.19.21 million on committee sitting allowances for the 48 MCAs against the annual budget allocation of Kshs.60.75 million. The average monthly sitting allowance was Kshs.66,716 per MCA. The County Assembly had 23 House Committees.

3.17.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.220.00 million to County-Established funds in FY 2024/25, or 1 per cent of the County's overall budget. Further, the County allocated Kshs.150.00 million to the Emergency Fund (1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.143 summarises each established Fund's budget allocation and performance during the reporting period.

During the reporting period, the CoB did not receive quarterly financial reports from Kisumu County Bursary Fund Administrators, as indicated in Table 3.143, contrary to the requirement of Section 168 of the PFM Act, 2012. The administration costs of the Kisumu County Bursary Fund and Kisumu County Assembly MCA's Car Loan and Mortgage Fund were within the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

3.17.10 Expenditure on Operations and Maintenance

Figure 68 summarises the Operations and Maintenance expenditure by major categories.

The operations and maintenance costs include an expenditure of Kshs.16.23 million on garbage collection and Kshs.48.21 million on Legal fees/Dues, arbitration and compensation payments expenditure legal fees.

3.17.11 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.444.83 million as FIF, which was 48.0 per cent of the annual target of Kshs.926.12 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed the Kisumu County Health Facilities Improvement Fund Act Regulations, 2021, to operationalise the FIF Act of 2023.

The County provided a report on the utilisation of the FIF during the reporting period, in line with (contrary to) Section 18 (e) of the FIF Act, 2023.

The expenditure by the health facilities amounted to Kshs.319.96 million, as shown in Table 3.145.

The Health Facility with the highest absorption rate was Lumumba Sub County Hospital at 50 per cent.

3.17.12 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.302.84 million on development programmes, representing a decrease of 25 per cent compared to a similar period in FY 2023/24, when the County spent Kshs.401.63 million. Table 3.146 summarises development projects with the highest expenditure in the reporting period.

Source: Kisumu County Treasury

Analysis of expenditure by departments shows that the Department of Finance, Economic Planning and ICT Services recorded the highest absorption rate of development budget at 30 per cent, while other departments did not incur development expenditure. The Department of Public Service, County Administration and Participatory Development had the highest percentage of recurrent expenditure to budget at 49 per cent, while the Department of Education, Technical Training, innovation and Social Services had the lowest at 0.5 per cent. The expenditure exceeding the exchequer is mainly due to non-adherence to the exchequer-approved work plans that supported the County's request for withdrawal of funds from the Kisumu County Revenue Fund.

Sub-programmes with the highest levels of implementation based on absorption rates were: Physical Planning Services in the Department of Sports, Culture, Gender and Youth Affairs at 80 per cent, Youth Polytechnics Services in the Department of City of Kisumu at 68 per cent, Human Resources Recruitment and Development in the Department of Public Service, County Administration and Participatory Development at 56 per cent, and Urban ICT Services in the Department of Finance, Economic Planning and ICT Services at 48 per cent of budget allocation.

3.17.15 Accounts Operated Commercial Banks

The County Government operated seventy-eight accounts with commercial banks, including twenty-three accounts for Health Facilities, twenty-eight accounts for Vocational Training Centres, four accounts for Established Funds, four revenue accounts, nine special purpose accounts (additional allocations), three imprest accounts, and seven recurrent operational accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.17.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

- i. Own-source revenue underperformed at Kshs.670.52 million against an annual target of Kshs.3.80 billion, representing 18 per cent of the annual target.
- ii. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Kisumu County Bursary Fund, Kisumu County Emergency Fund and Kisumu County Assembly MCA's & Staff Car Loan and Mortgage Fund were not submitted to the Controller of Budget as of 15 January 2025.

- iii. There was a high level of pending bills, which amounted to Kshs.2.31 billion as of 31 December 2024. Further, the County Treasury did not adhere to the payment plan for the pending bills.
- iv. Use of manual payroll. Personnel emoluments amounting to Kshs.199 million were processed through manual payroll, accounting for 7 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- v. The County government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for the collection of own-source revenue.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iii. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iv. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- v. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.18. County Government of Kitui

3.18.1 Overview of FY 2024/25 Budget

The Kitui County Gross Approved Supplementary I FY 2024/25 budget is Kshs.14.84 billion. It comprises Kshs.5.31 billion (36 per cent) and Kshs.9.52 billion (64 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.0.58 billion (4 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.5.38 billion and a recurrent budget of Kshs.8.88 billion. The increase in the budget was attributed to unspent cash balances brought forward from FY 2023/24 in both CRF and SPAs Accounts. The County's Net Approved Supplementary I Budget (gross budget less AIA estimates) is Kshs.14.24 billion, comprising Kshs.9.52 billion for recurrent and Kshs.5.12 billion for development.

The budget will be financed from different sources of revenue. These include; Kshs.11.24 billion (76 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.11 billion (8 per cent) as additional allocations, a cash balance of Kshs.1.50 billion (10 per cent) was brought forward from FY 2023/24, and Kshs.988.65 million (7 per cent) was generated as gross own source revenue. The own-source revenue includes Kshs.598.01 million (40 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.390.64 million (61 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.149.

3.18.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.7.20 billion to fund its development and recurrent activities. This amount consisted of Kshs.5.38 billion from the equitable share of revenue raised nationally, raised Kshs.334.46 million as own-source revenue (OSR) and had a cash balance of Kshs.1.50 billion from FY 2023/24.

The total OSR collection of Kshs.334.46 million includes Facilities Improvement Financing (FIF) of Kshs.249.73 million, and Kshs.74.73 million as ordinary OSR. Table 3.149 summarises the total revenue available to the County Government during the first half of FY 2024/25.

The County does not have governing legislation for operating ordinary A-I-A and FIF.

During the first half of FY 2024/25, the County generated Kshs.324.46 million from its revenue sources, including FIF. This amount was an increase of 64 per cent compared to Kshs.198.30 million realised in a similar period in FY 2023/24. This was 25 per cent of the annual target and 5 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 70.

Figure 70: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.249.73 million, was from Health/Hospital Fees/FIF, contributing 79 per cent of the total OSR receipts during the reporting period.

3.18.3 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.4.75 billion from the CRF account during the reporting period, which comprised Kshs.285.58 million (6 per cent) for development programmes and Kshs.4.46 billion (94 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.68 billion was released towards compensation of employees and Kshs.1.78 billion for operations and maintenance expenditure.

Analysis of the operations and maintenance exchequer releases indicates that 16 per cent was for domestic travel and 2 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.279.10 million, including Kshs.93.33 million for the County Executive and Kshs.114.92 million for the County Assembly. The foreign exchequer totalled Kshs.36.22 million, entirely for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.1.152 billion.

3.18.4 County Expenditure Review

The County spent Kshs.4.74 billion on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB and comprised Kshs.285.59 million and Kshs.4.46 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 5 per cent, while recurrent expenditure represented 47 per cent of the annual recurrent expenditure budget. The over-expenditure is attributed to opening cash balances retained and utilised in the unique purpose bank operational accounts at the beginning of the year for conditional grants and re-voted in the current budget.

3.18.5 Settlement of Pending Bills

The County reported pending bills totalling Kshs.1.33 billion for the County Executive as of 30 June 2024. The pending bills consist of Kshs.261.38 million for recurrent expenditures and Kshs.1.07 billion for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.495.73 million, comprising Kshs.59.80 million for recurrent programmes and Kshs.435.93 million for development programmes.

The County Executive did not submit a pending bills payment plan at the commencement of FY 2024/25. However, the plan was submitted in January 2025. Moreover, the County has committed to settle bills amounting to Kshs.835.87 million, which comprises Kshs.634.27 million and Kshs.201.59 million for development and recurrent, respectively.

As of 31 December 2024, the outstanding bills amounted to Kshs.835.87 million for the County Executive.

3.18.6 Expenditure by Economic Classification

The County Executive spent Kshs.2.50 billion on employee compensation, Kshs.1.52 million on operations and maintenance, and Kshs.284.53 million on development activities. Similarly, the County Assembly spent Kshs.180.66 million on employee compensation, Kshs.253.66 million on operations and maintenance, and nil on development activities, as shown in Table 3.151.

3.18.7 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.68 billion, or 48 per cent of the available revenue of Kshs.7.20 billion. This expenditure represented a 10 per cent decrease from Kshs.2.96 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.81 billion paid to Health Sector employees, translating to 69 per cent of the total wage bill.

Figure 71 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2019/20 to the first half of FY 2024/25.

Further analysis indicates that the entire PE cost of Kshs.2.60 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system.

The County Assembly spent Kshs.16.97 million on committee sitting allowances for the 61 MCAs against the annual budget allocation of Kshs.31.83 million. The average monthly sitting allowance was Kshs.92,721 per MCA. The County Assembly had 22 House Committees.

3.18.8 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.180.60 million to County-Established funds in FY 2024/25, or 1 per cent of the County’s overall budget. Further, contrary to Section 110 of the PFM Act, 2012, the County did not allocate any funds to the emergency fund in the budget.

Table 3.152 summarises each established Fund’s budget allocation and performance during the reporting period.

Sub-programmes with the highest levels of implementation based on absorption rates were Water Resource Management services in the Department of Water and Irrigation at 143 per cent,

Irrigation Development and Management in the Department of Water and Irrigation, at 132 per cent, was followed closely by County government administration and field services in the Department of Office of the Governor, at 129 per cent.

3.18.14 Accounts Operated Commercial Banks

The County government operated eleven commercial accounts, including four accounts for Established Funds, one revenue account, three special purpose accounts (additional allocations) and three recurrent operational accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.18.15 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 24 January 2025.
- ii. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the empowerment fund were not submitted to the Controller of Budget.
- iii. The high pending bills amounted to Kshs.835.87 million as of 31 December 2024.
- iv. High wage bills accounted for 38 per cent of the County's total revenue in FY 2024/25, which is above the ceiling provided in law.
- v. Use of manual payroll. Personnel emoluments amounting to Kshs.89.58 million were processed through manual payroll, accounting for 3 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
- vi. The County government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County government bank accounts be opened and maintained at the Central Bank of Kenya.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iii. *County leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the next financial year. Further, compliance with the payment plan should be enforced.*
- iv. *The County Leadership should develop strategies to ensure the wage bill is within the legal limit of 35 per*

cent of total revenue as provided under Regulation 25 (1) (b) of the Public Finance Management (County Governments) Regulations, 2015.

- v. The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.
- vi. The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.

3.19. County Government of Kwale

3.19.1 Overview of FY 2024/25 Budget

The Kwale County Gross Approved Supplementary I FY 2024/25 budget is Kshs.15.04 billion. It comprises Kshs.6.92 billion (46 per cent) and Kshs.8.11 billion (54 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a marginal increase of less than 1 per cent from the FY 2023/24 budget, comprised a development budget of Kshs.7.25 billion and a recurrent budget of Kshs.7.73 billion. The increase in the budget was attributed to the rise in OSR. The County's Net Approved Supplementary I Budget is Kshs.15.04 billion, comprising Kshs.8.11 billion for recurrent and Kshs.6.92 billion for development.

The Kwale County Government budget will be financed from different sources of revenue. These include Kshs.8.89 billion (59 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.73 billion (12) as conditional grants, a cash balance of Kshs.3.78 billion (25 per cent) brought forward from FY 2023/24, and Kshs.650 million (4 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.300 million (2 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.350 million (2 per cent) as ordinary own-source revenue. A breakdown of the additional allocations/conditional grants is in Table 3.157.

3.19.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.5.47 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.58 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.52 million, and its own source revenue (OSR) collection of Kshs.164 million. In addition, the County had a cash balance of Kshs.1.67 billion from FY 2023/24.

The total OSR collection of Kshs.164 million includes Facilities Improvement Financing (FIF) of Kshs.84 million, and Kshs.80 million as ordinary OSR. Table 3.157 summarises the total revenue available to the County Government during the first half of FY 2024/25.

The County does not have governing legislation on the operation of ordinary A-I-A and FIF; hence, all the revenue collected is swept to the CRF.

Figure 73 shows the trend in own-source revenue collection from the first half of FY 2018/19 to the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.164 million from its revenue sources, including AIA and FIF. This amount was an increase of 18 per cent compared to Kshs, 138 million realised in a similar period in FY 2023/24, 25 per cent of the annual target and 3.8 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 74.

(The highest revenue stream of Kshs.84 million was from the facility improvement fund, contributing to 69 per cent of the total OSR receipts during the reporting period.

3.19.3 Borrowing by the County

The county has not provided any information on borrowing.

3.19.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.5.30 billion from the CRF, including over Kshs.500 million approved requests for the previous financial year, were debited immediately in July of the current financial year. For the current amount, it is comprised of Kshs.1.37 billion (34 per cent) for development programmes and Kshs.2.71 billion (66.3 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.91 billion was released towards compensation of employees and Kshs.794 million for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to the county's late requisition plan.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.1.04 billion

Analysis of the operations and maintenance exchequer releases indicates that 11.8 per cent was for domestic travel and 1.32 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.31.7 million, including Kshs.0.1 million for the County Executive and Kshs.31.6 million for the County Assembly. The foreign exchequer totalled Kshs.0.5 million for the County Executive, and the County Assembly has no foreign travel.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.1.04 billion.

3.19.5 County Expenditure Review

The County spent Kshs.4.45 billion on development and recurrent programmes in the reporting period. The expenditure represented 99 per cent of the total funds released by the CoB and comprised of Kshs.1.65 billion and Kshs.1.37 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 24 per cent, while recurrent expenditure represented 36 per cent of the annual recurrent expenditure budget.

3.19.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.2.43 billion as of 30 June 2024. This includes Kshs.2.13 billion from the County Executive and Kshs.3.00 million from the County Assembly. The pending bills from the County Executive consist of Kshs.1.10 million for recurrent expenditures and Kshs.1.01 billion for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.1.67 billion, comprising Kshs.6.61 million for recurrent programmes and Kshs.1.01 billion for development programmes. Meanwhile, the County Assembly settled no pending bills worth Kshs.3.00 million, which included Kshs.1.14 million for recurrent activities and Kshs.1.86 million for development activities. The assembly made the request for these pending bills, but the controller of the budget did not grant the approval but later approved it in January 2025.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.1.05 billion and Kshs.9.00 million in the first half of FY 2024/25. However, the County did not fully adhere to this payment plan, clearing Kshs.1.67 billion for the Executive. The county assembly did not pay any pending bills.

As of 31 December, 2024, the outstanding bills amounted to Kshs.7.63 million, comprising Kshs.4.62 Million for the County Executive and Kshs.3.01 million for the County Assembly.

3.19.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.75 billion on employee compensation, Kshs.9.60 million on operations and maintenance, and Kshs.1.65 billion on development activities. Similarly, the County Assembly spent Kshs.1.07 million on employee compensation, Kshs.1.95 million on operations and maintenance, and none on development activities, as shown in Table 3.159.

3.19.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.85 billion, or 33 per cent of the available revenue of Kshs.5.47 billion. This expenditure represented an increase from Kshs.1.66 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.30 billion paid to the Health Sector employees, translating to 70 per cent of the total wage bill.

Figure 75 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.1.81 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.33.8 million was processed through manual payrolls, which accounted for 2 per cent of the total PE cost.

The County Assembly spent Kshs.6.6 million on committee sitting allowances for the 31 MCAs against the annual budget allocation of Kshs.36 million. The average monthly sitting allowance was Kshs.71,275 per MCA. The County Assembly had not specified the number of House Committees.

3.19.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.969.05 million to County-Established funds in FY 2024/25, (less than 1 per cent of the County's overall budget). Further, the County allocated Kshs.5 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.160: Summarises each established Fund's budget allocation and performance during the reporting period.

Sub-programmes with the highest levels of implementation based on absorption rates were personnel under the finance department, tourism and ICT, and Health and infrastructure, which were all above 80 per cent absorption rate.

3.19.15 Accounts Operated Commercial Banks

The County government operated a total of 66 accounts with commercial banks.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.19.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

- i. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 31 January 2025
- ii. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The report for the Kwale Climate Change Fund was not submitted to the Controller of Budget as of 15th January 2025.
- iii. Use of manual payroll. Personnel emoluments amounting to Kshs.33.8 million were processed through manual payroll, accounting for 2 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- iv. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.
- v. The programmes and sub-programmes in Table 3.165 were not aligned with the approved budget for each department;

- The County should implement the following recommendations to improve budget execution:
- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
 - ii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
 - iii. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
 - iv. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.20. County Government of Laikipia

3.20.1 Overview of FY 2024/25 Budget

The Laikipia County approved FY 2024/25 budget was Kshs.8.05 billion. It comprised Kshs.3.15 billion (39 per cent) and Kshs.4.89 billion (61.0 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.798.58 million (11 per cent) from the FY 2023/24 budget, comprised of a development budget of Kshs.2.37 billion and a recurrent budget of Kshs.4.87 billion. The increase in the county government budget was attributed to the increase in recurrent balance.

The Laikipia County Government budget will be financed from different sources of revenue. These include Kshs.5.57 billion (69 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.850.57 million as additional allocations/conditional grants, a cash balance of Kshs.145.84 million (5 per cent) brought forward from FY 2023/24, and Kshs.1.47 billion (18 per cent) generated as gross own-source revenue. The own source revenue includes Kshs.30.0 million (less than 1 per cent) as Appropriations-in-Aid (A-I-A), Kshs.602.5 million (8 per cent) as Facility Improvement Fund (revenue from health facilities), and Kshs.842.5 million (11 per cent) as ordinary own-source revenue. A breakdown of the additional allocations/conditional grants.

3.20.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.3.28 billion to fund its development and recurrent activities. This amount consisted of Kshs.2.23 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.151.69 million, and its own source revenue (OSR) collection of Kshs.467.91 million. In addition, the County had a cash balance of Kshs.428.66 million from FY 2023/24. This detailed breakdown of the County's revenue performance provides a clear picture of its financial status.

The total OSR collection of Kshs.467.91 million includes Appropriations in Aid (AIA) of Kshs.8.62 million, Facilities Improvement Financing (FIF) of Kshs.308.97 and Kshs.158.94 million as ordinary OSR. Table 3.166 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.467.91 million from its revenue sources, including AIA and FIF. This amount was an increase of 10 per cent compared to Kshs.425.50 million realised in a similar period in FY 2023/24. This was 32 per cent of the annual target and 21 per cent of the equitable revenue

share disbursed. The OSR includes revenue arrears and penalties charged on fees and levies from previous financial years of Kshs.955.94 million.

The revenue streams which contributed the highest OSR receipts are shown in Figure 78.

Figure 78: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.308.96 million, was from Health /Hospital and FIF, contributing 66 per cent of the total OSR receipts during the reporting period.

3.20.3 Borrowing by the County

The County Government borrowed Kshs.250.60 million from the National Bank to support its operations.

3.20.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.2.77 billion from the CRF account during the reporting period comprised Kshs.510.56 million (18 per cent) for development programmes and Kshs.2.26 billion (82 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.72 billion was released towards the compensation of employees and Kshs.548.08 million for operations and maintenance expenditures. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive.

Analysis of the operations and maintenance exchequer releases indicates that 15 per cent was for domestic travel and 7 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.83.24 million and included Kshs.36.20 million for the County Executive and Kshs.47.04 million for the County Assembly. The foreign travel exchequer totalled Kshs.26.45 million, which the County Assembly incurred.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.576.86 million.

3.20.5 County Expenditure Review

The County spent Kshs.2.57 billion on development and recurrent programmes in the reporting period. The expenditure represented 93 per cent of the total funds released by the CoB and comprised Kshs.460.64 million and Kshs.2.11 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 15 per cent, while recurrent expenditures represented 43 per cent of the annual recurrent expenditure budget.

3.20.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.1.74 billion as of 30 June 2024. This amount includes Kshs.1.69 billion from the County Executive and Kshs.50.02 million from the County Assembly. The pending bills from the County Executive consist of Kshs.777.74 million for recurrent expenditures and Kshs.907.86 million for development expenditures in the first half of FY 2024/25; the County Executive paid off pending bills amounting to Kshs.205.96 million, comprising Kshs.100.74 million for recurrent programmes and Kshs.105.22 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.31.66 million, which was entirely for recurrent activities.

The County Executive and the Assembly submitted pending bill payment plans at the commencement of FY 2024/25, committing to pay Kshs.842.80 million and Kshs.25.01 million, respectively, in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.205.96 million for the Executive and Kshs.31.66 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.1.49 billion, comprising Kshs.1.48 for the County Executive and Kshs.18.36 million for the County Assembly.

3.20.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.60 billion on employee compensation, Kshs.242.95 million on operations and maintenance, and Kshs.434.12 million on development activities. Similarly, the County Assembly spent Kshs.113.31 million on employee compensation, Kshs.150.88 million on operations and maintenance, and Kshs.26.52 million on development activities, as shown in Table 3.168.

3.20.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.72 billion, or 52 per cent of the available revenue of Kshs.3.28 billion. This expenditure represented an increase from Kshs.1.27 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.759.0 million paid to the Health Sector employees, translating to 44 per cent of the total wage bill.

Figure 79 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2019/20 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.1.49 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.224.23 million was processed through manual payrolls, which accounted for 13 per cent of the total PE cost.

The Assembly spent Kshs.3.58 million on committee sitting allowances for the 22 MCAs against the annual budget allocation of Kshs.22.97 million. The average monthly sitting allowance was Kshs.27,103 per MCA. The Assembly had 18 House committees.

3.20.9 Emergency Fund and -Established Funds

Section 116 of the PFM Act 2012 allows Governments to establish other public funds with approval from the Executive Committee and the Assembly. The Government allocated Kshs248.24 million to Established funds in FY 2024/25, or 4 per cent of the overall budget. Further, in line with Section 110 of the PFM Act, 2012, the Government allocated Kshs.45.0 million to the Emergency Fund (0.56 per cent of the total budget).

Table 3.169 summarises each established Fund's budget allocation and performance during the reporting period.

The operations and maintenance costs include an expenditure of Kshs.7.04 million on legal fees/dues, arbitration and compensation payments, and legal fees.

3.20.11 Facility Improvement Financing

During the period under review, the reported a collection of Kshs.308.48 million as FIF, which was 51 per cent of the annual target of Kshs.602.5 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations in 2021 to operationalise the FIF Act of 2023.

The Health Facilities did provide a report on the utilisation of the FIF during the reporting period, in line with (contrary to) Section 18 (e) of the FIF Act, 2023.

The expenditure by the health facilities amounted to Kshs.308.48 million, as shown in Table 3.171.

Based on absorption rates, the sub-programmes with the highest implementation levels were the General Administrative Service in the Department of Rumuruti Municipality, at 100 per cent; the Administrative Service in the Department of Finance, at 89 per cent; the Administrative and Support Service in the Department of Finance, at 82 per cent; and Urban Development at Rumuruti, at 50 per cent of budget allocation.

3.20.15 Accounts Operated Commercial Banks

The Government operated thirty-two accounts with commercial banks, including five accounts for Health Facilities, three accounts for Vocational Training Centers, five accounts for Established Funds, ten revenue accounts, five special purpose accounts (additional allocations), two imprest accounts, one recurrent operational account, and one development operational account.

Regulations 82(1)(b) of the PFM (Governments) Regulations, 2015, requires that Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.20.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the budget, the COB identified the following challenges which hampered effective budget implementation;

- i. Own-source revenue underperformed at Kshs.467.91 million against an annual target of Kshs.1.48 million, representing 32 per cent of the yearly target.
- ii. High pending bills, which amounted to Kshs.1.49 billion as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the Treasury.
- iii. Use of manual payroll. Personnel emoluments amounting to Kshs.224.23 million were processed through manual payroll, accounting for 13 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.

- iv. The Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (Governments) Regulations, 2015, which requires that Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for 32

The County government should implement the following recommendations to improve budget execution:

- i. *It should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iii. *The Government requires that salaries be processed through the IPPD system, and it is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iv. *The County government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.21. County Government of Lamu

3.21.1 Overview of FY 2024/25 Budget

The Lamu County Gross Approved FY 2024/25 budget is Kshs.5.29 billion. It comprises Kshs.2.21 billion (42 per cent) and Kshs.3.08 billion (58 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.747.94 million (17 per cent) from the FY 2023/24 budget, comprised of a development budget of Kshs.1.54 billion and a recurrent budget of Kshs.3 billion. The increase in the budget is attributed to the rise in the equitable sharable revenue from the national government from the revenue raised nationally, additional conditional grants allocation and improved own-source revenue collection

The Lamu County Government budget will be financed from different sources of revenue. These include Kshs.3.36 billion (64 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.16 billion as additional allocations/conditional grants, a cash balance of Kshs.478.61 million (9 per cent) brought forward from FY 2023/24, and Kshs.290 million (6 per cent) generated as gross own-source revenue (OSR). The own-source revenue includes Kshs.130 million (3 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.160 million (3 per cent) as ordinary own-source revenue. A breakdown of the additional allocations/conditional grants.

3.21.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.1.21 billion to fund its development and recurrent activities. This amount consisted of Kshs.1.61 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.11 million, and OSR collection of Kshs.87.83 million. In addition, the County had a cash balance of Kshs.478.61 billion from FY 2023/24.

The total OSR collection included Facilities Improvement Financing (FIF) of Kshs.60.96 million, and Kshs.26.88 million as ordinary OSR. Table 3.175 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.87.83 million from its revenue sources, including FIF. This amount was a decrease of 3 per cent compared to Kshs.90.35 million realised in a similar period in FY 2023/24 and was 30 per cent of the annual target, and 7 per cent of the share of equitable revenue received. The OSR includes revenue arrears and penalties charged on fees and levies from previous financial years of Kshs.2.69 million.

Figure 82: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.60.96 million, was from Facility Improvement Financing, which contributed 69 per cent of the total OSR receipts during the reporting period.

3.21.3 Exchequer Issues

During the reporting period, the Controller of Budget approved the withdrawal of Kshs.1.21 billion from the CRF account, comprising Kshs.113.2 million (9 per cent) for development programmes and Kshs.1.1 billion (91 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.798.63 million was released towards compensation of employees and Kshs.302.66 million for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to delays in exchequer requisition.

Analysis of the operations and maintenance exchequer releases indicates that 15 per cent was for domestic travel and 13 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.43.97 million, including

Kshs.18.82 million for the County Executive and Kshs.25.14 million for the County Assembly. The foreign exchequer totalled Kshs.34.86 million, comprising Kshs.348,981 for the County Executive and Kshs.34.51 million for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.698.39 million. The performance of expenditures to exchequer issues that are above 100 per cent was attributed to the County utilising the balances in the special purpose accounts (SPA)

3.21.4 County Expenditure Review

The County spent Kshs.1.21 billion on development and recurrent programmes in the reporting period. The expenditure represented 63 per cent of the total funds released by the CoB and comprised Kshs.113.15 million and Kshs.1.1 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 5 per cent, while recurrent expenditure represented 36 per cent of the annual recurrent expenditure budget.

3.21.5 Settlement of Pending Bills

The County reported pending bills totalling Kshs.49.12 billion as of 30 June 2024. This amount includes Kshs.49.12 million from the County Executive. The pending bills from the County Executive consist of Kshs.23.81 million for recurrent expenditures and Kshs.25.3 million for development expenditures.

As of 31 December 2024, the outstanding bills amounted to Kshs.49.12 billion, all for the County Executive, as the County Assembly has no pending bills.

3.21.6 Expenditure by Economic Classification

The County Executive spent Kshs.722 million on employee compensation, Kshs.213.62 million on operations and maintenance, and Kshs.113.15 million on development activities. Similarly, the County Assembly spent Kshs.76.62 billion on employee compensation, and Kshs.89.03 million on operations and maintenance, as shown in Table 3.177.

1.1.6 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.798 million, or 41 per cent of the available revenue of Kshs.1.93 billion. This expenditure represented a decrease from Kshs.809.1 million reported in a similar period in FY 2023/24. The wage bill included Kshs.579.3 million paid to the Health Sector employees, translating to 72 per cent of the total wage bill.

Figure 83 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2019/20 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.692.31 million were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.106.32 million was processed through manual payrolls, which accounted for 13 per cent of the total PE cost.

The County Assembly spent Kshs.8.92 million on committee sitting allowances for the 20 MCAs against the annual budget allocation of Kshs.25.04 million. The average monthly sitting allowance was Kshs.148,698 per MCA. The County Assembly had 17 House Committees.

3.21.7 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.139.71 million to County-Established funds in FY 2024/25, or 3 per cent of the County's overall budget. Further, the County allocated Kshs.12.77 million to the Emergency Fund (0.2 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.178 summarises each established Fund's budget allocation and performance during the reporting period.

Analysis of department expenditure shows that the Department of Fisheries, Blue Economy, Livestock, Veterinary and Cooperative Development recorded the highest absorption rate of development budget at 40 per cent, followed by the Department of Water and Conservation Management at 33 per cent. The Department of Education, Technology, Gender, Youth Affairs, and Sports & Social Services had the highest percentage of recurrent expenditure to budget at 85 per cent. In contrast, the Department of Devolution, Disaster and Resource Mobilization had the lowest at 0.9 per cent.

The performance of expenditures to exchequer issues that are above 100 per cent are a result of the County utilising balances in the special purpose accounts (SPA).

Based on absorption rates, the sub-programmes with the highest implementation levels were Bursaries in the Department of Education, Technology, Gender, Youth Affairs, Sports and Social Services at 99 per cent and Irrigated farming in the Department of Agriculture, Irrigation and Food Security at 100 per cent of budget allocation.

3.21.13 Accounts Operated Commercial Banks

The County Government operated 43 accounts with commercial banks, including five accounts for Health Facilities, 11 accounts for Vocational Training Centers, eight accounts for Established Funds, four revenue accounts, five special purpose accounts (additional allocations), and one imprest account.

This is contrary to Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.21.14 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.87.83 million against an annual target of Kshs.290 million, representing 30.29 per cent of the yearly target.
- ii. Use of manual payroll. Personnel emoluments amounting to Kshs.106.32 million were processed through manual payroll, accounting for 13 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- iii. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iii. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.22. County Government of Machakos

3.22.1 Overview of FY 2024/25 Budget

The Machakos County Gross Approved Supplementary I FY 2024/25 budget is Kshs.15.63 billion. It comprises Kshs.4.80 billion (31 per cent) and Kshs.10.83 billion (70 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.183.06 million (1 per cent) from the FY 2023/24 budget, which is comprised of a development budget of Kshs.5.03 billion and a recurrent budget of Kshs.10.77 billion. The increase in the budget was attributed to the inclusion of equitable shareable revenue of Kshs.366.71 million, balance brought forward from FY 2023/24 of Kshs.783.85 million, CGAAA 2024 ceilings of Kshs.269.86 million, the inclusion of Kshs.12.92 million of equalisation fund, Kshs.191.56 million from Industrial Park & Aggregation Centres Grant, Kshs.89.23 million from Kenya Urban Support Program, Kshs.58.42 million from KDSP Level, and Kshs.96.94 million from FLLoCA - County climate Resilience Investment Grant. The County's Net Approved Supplementary I Budget (gross budget less AIA estimates) is Kshs.15.63 billion, which consists of Kshs.10.83 billion for recurrent and Kshs.4.80 billion for development.

The budget will be financed from different sources of revenue. These include; Kshs.9.91 billion (65 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.45 billion (9 per cent) as additional allocations, a cash balance of Kshs.783.85 million (5 per cent) brought forward from FY 2023/24, and Kshs.3.48 billion (22 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.687.0 million (5 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.2.79 billion (18 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.184.

3.22.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.5.23 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.98 billion from the equitable share of revenue raised nationally and Kshs.414.45 million from its own source revenue (OSR) collection. In addition, the County had a cash balance of Kshs.783.51 million from FY 2023/24.

The total OSR collection of Kshs.414.45 million includes Facilities Improvement Financing (FIF) of Kshs.80.0 million, and Kshs.334.45 million as ordinary OSR. Table 3.184 summarises the total revenue available to the County Government during the first half of FY 2024/25.

Figure 85: Trend in Own-Source Revenue Collection from the First Half of FY 2018/19 to the First Half of FY 2024/25

Source: Machakos County Treasury

During the first half of FY 2024/25, the County generated Kshs.414.45 million from its revenue sources, including AIA and FIF. This amount was an increase of 40 per cent compared to Kshs.295.25 million realised in a similar period in FY 2023/24 and was 12 per cent of the annual target and 10 per cent of the equitable revenue share disbursed. The OSR includes revenue arrears and penalties charged on fees and levies from previous financial years of Kshs.13.78 million.

The increase in OSR can be attributed to revenue digitalisation, enhanced enforcement and supervision, a revenue mapping exercise, and target setting for all revenue streams. Figure 86 shows the revenue streams that contributed the highest OSR receipts.

Figure 86: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Machakos County Treasury

The highest revenue stream, Kshs.80.0 million, was from Health Fees/FIF, contributing 19 per cent of the total OSR receipts during the reporting period.

3.22.3 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.4.78 billion from the CRF account during the reporting period, which comprised Kshs.808.03 million (17 per cent) for development programmes and Kshs.3.97 billion (83 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.95 billion was released towards compensation of employees and Kshs.1.02 billion for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the November 2024 and December 2024 exchequer request for the County Executive and December 2024 exchequer request for the County Assembly due to delay in exchequer disbursement.

Analysis of the operations and maintenance exchequer releases indicates that 21 per cent was for domestic travel and 0.7 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.210.49 million and included Kshs.102.85 million for the County Executive and Kshs.107.63 million for the County Assembly. The foreign exchequer totalled Kshs.7.24 million, comprising 4.79 million for the County Executive and Kshs.2.44 million for the County Assembly.

As of 31 December 2024, the County Government's cash balance in the CRF account was Kshs.552.29 million.

3.22.4 County Expenditure Review

The County spent Kshs.5.97 billion on development and recurrent programmes in the reporting period. The expenditure represented 125 per cent of the total funds released by the CoB and comprised of Kshs.1.18 billion and Kshs.4.79 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 25 per cent, while recurrent expenditure represented 44 per cent of the annual recurrent expenditure budget.

3.22.5 Settlement of Pending Bills

The County reported pending bills totalling Kshs.5.93 billion as of 30 June 2024. This amount includes Kshs.5.80 billion from the County Executive and Kshs.128.31 million from the County Assembly. The pending bills from the County Executive consist of Kshs.3.74 billion for recurrent expenditures and Kshs.2.05 billion for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.853.85 million, comprising Kshs.708.37 million for recurrent programmes and Kshs.145.48 million for development programmes. Meanwhile, the County Assembly settled nil pending bills.

The County Executive and the Assembly submitted pending bills payment plans at the commencement of FY 2024/25, committing to pay Kshs.1.26 billion and Kshs.31.73 million, respectively, in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.853.85 million for the Executive and nil for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.5.07 billion, comprising Kshs.4.94 billion for the County Executive and Kshs.128.31 million for the County Assembly.

3.22.6 Expenditure by Economic Classification

The County Executive spent Kshs.3.22 billion on employee compensation, Kshs.1.14 billion on operations and maintenance, and Kshs.1.19 million on development activities. Similarly, the County Assembly spent Kshs.281.78 million on employee compensation, Kshs.153.73 million on operations and maintenance, and nil on development activities, as shown in Table 3.186.

3.2.2.7 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.3.50 billion, or 62 per cent of the available revenue of Kshs.5.26 billion. This expenditure represented an increase from Kshs.3.30 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.72 billion paid to the Health Sector employees, translating to 49 per cent of the total wage bill.

Figure 87 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2019/20 to the first half of FY 2024/25.

Figure 87: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2019/20 to the First Half of FY 2024/25

Further analysis indicates that PE costs amounting to Kshs.3.42 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.75.52 million was processed through manual payrolls, which accounted for 2 per cent of the total PE cost.

The County Assembly spent Kshs.21.36 million on committee sitting allowances for the 61 MCAs against the annual budget allocation of Kshs.50 million. The average monthly sitting allowance was Kshs.116.716 per MCA. The County Assembly had 25 House Committees.

3.22.8 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.303.58 million to County-Established funds in FY 2024/25, or 2 per cent of the County’s overall budget. Further, the County did not allocate any funds to the Emergency Fund in line with Section 110 of the PFM Act, 2012.

Table 3.187 summarises each established Fund’s budget allocation and performance during the reporting period.

The other operating expenses include an expenditure of Kshs.45.02 million on the Governor's Cup and KI-COSCA games, as well as security operations of Kshs.7.59 million, Kshs.4.66 million on contracted technical services, Kshs.14.02 million on contracted guards and cleaning services, and Kshs.25.10 million on Legal fees/ Dues, arbitration and compensation payments, and legal fees.

3.22.10 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.80.0 million as FIF, which was 12 per cent of the annual target of Kshs.687.0 million. The collected amount was retained in a commercial bank account (Family Bank) in line with the Facility Improvement Financing Act of 2023. The County has developed 2023 regulations to operationalise the FIF Act of 2023. However, it's setting up hospital boards and committees to enable the facilities to utilise the funds and report on their expenditures.

Thus, the Health Facilities did not provide a report on the utilisation of the FIF during the reporting period, which was in line with (contrary to) Section 18 (e) of the FIF Act, 2023.

3.22.11 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.1.19 billion on development programmes, representing an increase of 467 per cent compared to a similar period in FY 2023/24, when the County spent Kshs.209.14 million. Table 3.189 summarises development projects with the highest expenditure in the reporting period.

Analysis of expenditure by departments shows that the Department of Finance, Economic Planning & Revenue Management recorded the highest absorption rate of development budget at 65 per cent, followed by the Department of Roads, Transport and Public Works at 28 per cent. The Department of Health Services & Emergency Services had the highest percentage of recurrent expenditure to budget at 50 per cent, while the Department of Education had the lowest at 30 per cent.

Further analysis shows expenditures to exchequer issues for several departments being higher as indicated by the financial statements using payments done at IFMIS level. Generally, a substantial number of transactions may appear as having been paid at IFMIS but in practice, they are awaiting funding at the CBK Internet Banking (IB) level resulting in the variance.

The sub-programmes with the highest implementation levels based on absorption rates were Machakos Level 5 in the Department of Health Services at 100 per cent, Liquor Management in the Department of Trade, Industry and Innovation at 96 per cent, Accounting Services in the Department of Finance, Economic Planning and ICT Services at 83 per cent, and Matuu Level 4 in the Department of Health Services at 80 per cent of budget allocation.

3.22.14 Accounts Operated Commercial Banks

The County Government operated 225 accounts with commercial banks, including 164 accounts for Health Facilities, nine accounts for Established Funds, 16 revenue accounts, 28 special purpose accounts (additional allocations), three imprest accounts, two special operations accounts, three salary suspense accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.22.15 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.414.45 million against an annual target of Kshs.3.48 billion, representing 12 per cent of the yearly target.
- ii. The high pending bills amounted to Kshs.5.07 billion as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- iii. Use of manual payroll. Personnel emoluments amounting to Kshs.75.52 million were processed through manual payroll, accounting for 2 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- iv. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for 225.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iii. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iv. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.23. County Government of Makueni

3.23.1 Overview of FY 2024/25 Budget

The Makueni County Gross Approved Supplementary I FY 2024/25 budget is Kshs.12.23 billion. It comprises Kshs.4.30 billion (35 per cent) and Kshs.7.30 billion (65 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.05 billion (9 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.3.33 billion and a recurrent budget of Kshs.7.85 billion. The increase in the budget was attributed to the inclusion of Kshs.1,004,193,182 from FY 2023/24, a reallocated budget comprising Kshs.676,436,878 June 2024 exchequer disbursement, Kshs.73,855,204 cash balances brought forward, Kshs.193,203,730 Special Purposes Accounts cash balances, Kshs.42,882,395 un-disbursed conditional grants and over-collection of A-I-A of Kshs.17,814,975. The County's Net Approved Supplementary I Budget (gross budget less A-I-A estimates) is Kshs.11.84 billion, which consists of Kshs.7.54 billion for recurrent and Kshs.4.30 billion for development.

The budget will be financed from different sources of revenue. These include; Kshs.8.76 billion (72 per cent) as the equitable share of revenue raised nationally, Kshs.990.05 million (8 per cent) as additional allocations, a cash balance of Kshs.1.004 million (8 per cent) brought forward from FY 2023/24 and Kshs.1.47 billion (12 per cent) generated as gross own source revenue. The own source revenue of Kshs.1.47 billion comprises Kshs.389.80 million (27 per cent) as Appropriations-in-Aid (A-I-A), Kshs.176.40 million (12 per cent) as Facility Improvement Fund (revenue from health facilities), and Kshs.905.18 million (62 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.192.

3.23.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.4.98 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.53 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.31 million, and its own source revenue (OSR) collection of Kshs.469.63 million. In addition, the County had a cash balance of Kshs.948.20 million from FY 2023/24.

The total OSR collection of Kshs.469.63 million; Appropriations in Aid (A-I-A) of Kshs.163.74 million, Facilities Improvement Financing (FIF) of Kshs.144.35 million, and Kshs.161.54 million as ordinary OSR. Table 3.192 summarises the total revenue available to the County Government during the first half of FY 2024/25.

The Conditional grants are the IDA (World Bank) Credit Financing Locally-Led Climate Action (FLLoCA) Program, the County Climate Institutional Support (CCIS) Grant, and Nutrition International Donor Funding.

The FIF collections have surpassed the first-half target due to deepened automation and timely reporting in all health facilities and the integration of health information management systems with other revenue and expenditure systems. In addition, the County has legislation (The Makueni County Health Services Act 2017) to govern the operations of Health Facilities.

Figure 89 shows the trend in own-source revenue collection from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 89: Trend in Own-Source Revenue Collection from the First Half of FY 2018/19 to the First Half of FY 2024/25

Source: Makueni County Treasury

During the first half of FY 2024/25, the County generated Kshs.469.63 million from its revenue sources, including AIA and FIF. This amount was an increase of 28 per cent compared to Kshs.367.89 million realised in a similar period in FY 2023/24. This was 32 per cent of the annual target and 13 per cent of the equitable revenue share disbursed. The OSR includes received revenue arrears and penalties charged on fees and levies from previous financial years of Kshs.23.14 million.

The increase in OSR can be attributed to the automation and integration of revenue systems, collaboration with

the Kenya National Bureau of Statistics to conduct a detailed business census to map all traders, thus broadening the tax base, engagement of dedicated and motivated community revenue champions across village clusters, timely submission of NHIF/SHIF claims, and enhanced collections from the County Treasury.

The revenue streams which contributed the highest OSR receipts are shown in Figure 90.

Figure 90: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Makueni County Treasury

The highest revenue stream, Kshs.308.09 million, was from Facilities Improvement Financing (FIF), which comprised medical health service fees of Kshs.144.35 million, NHIF/SHIF and Linda Mama reimbursements, and Edu Afya fees of Kshs.162.20 million, and Universal Health Care Registration fees amounting to Kshs.1.54 million. The FIF contributed 66 per cent of the total OSR receipts during the reporting period.

3.23.3 Borrowing by the County

The County Government did not disclose any borrowing made during the review period including short-term (cash flow management) borrowings.

3.23.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.3.71 billion from the CRF account during the reporting period, which comprised Kshs.277.53 million (7 per cent) for development programmes and Kshs.3.44 billion (93 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.42 billion was released towards compensation of employees and Kshs.1.02 billion for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to the delay in disbursement of the National Government equitable share to counties.

Analysis of the operations and maintenance of recurrent exchequer releases indicates that 14 per cent was spent on domestic travel and 1 per cent on foreign travel. The domestic travel exchequer amounted to Kshs.117.76 million and included Kshs.24.62 million for the County Executive and Kshs.93.13 million for the County Assembly. The foreign exchequer totalled Kshs.7.36 million, comprising Kshs.2.72 million for the County Executive and Kshs.4.64 million for the County Assembly.

As of 31 December 2024, the County Government's cash balance in the CRF account was Kshs.834,926,849.55.

3.23.5 County Expenditure Review

The County spent Kshs.3.96 billion on development and recurrent programmes in the reporting period. The expenditure represented 107 per cent of the total funds released by the CoB and comprised Kshs.534.47 million and Kshs.3.43 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 12 per cent, while recurrent expenditures represented 43 per cent of the annual recurrent expenditure budget.

3.23.6 Settlement of Pending Bills

As of 30 June 2024, the county reported pending bills totalling Kshs.829.47 million. This amount includes Kshs.686.83 million from the County Executive and Kshs.142.64 million from the County Assembly. The pending bills from the County Executive consist of Kshs.499.59 million for recurrent expenditures and Kshs.187.24 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.393.27 million for recurrent programmes only. Meanwhile, the County Assembly settled pending bills worth Kshs.109.30

million for recurrent activities. As of 31 December 2024, neither arm of the county government settled any pending bills for development programmes.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.576.69 million and Kshs.114.11 million in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.393.27 million for the Executive and Kshs.109.3 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.326 million, comprising Kshs.293.56 million for the County Executive and Kshs.33.34 million for the County Assembly.

3.23.7 Expenditure by Economic Classification

The County Executive spent Kshs.2.18 billion on employee compensation, Kshs.751.20 million on operations and maintenance, and Kshs.534.47 million on development activities. Similarly, the County Assembly spent Kshs.233.91 million on employee compensation and Kshs.256.43 million on operations and maintenance but did not process any payment towards development activities, as shown in Table 3.194.

3.23.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.42 billion, or 49 per cent of the available revenue of Kshs.4.98 billion. This expenditure represented an increase from Kshs.1.61 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.23 billion paid to the Health Sector employees, translating to 51 per cent of the total wage bill.

Figure 91 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2019/20 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.2.37 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.45,51 million of the County Assembly PE Costs were processed through manual payrolls, which accounted for 2 per cent of the total county government PE cost.

The County Assembly spent Kshs.23.59 million on committee sitting allowances for the 48 MCAs against the annual budget allocation of Kshs.44.45 million. The average monthly sitting allowance was Kshs.81,908 per MCA. The County Assembly had 24 House Committees.

3.23.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.624.94 million to County-Established Funds in FY 2024/25, or 5 per cent of the County's overall budget. Further, the County allocated Kshs.50.40 million to the Emergency Fund (0.4 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.195 summarises each established Fund's budget allocation and performance during the reporting period.

3.23.11 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.144.35 million as FIF, which was 82 per cent of the annual target of Kshs.176.43 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has legislation (The Makueni County Health Services Act 2017) that governs the operations of the health facilities.

The Health Facilities provided a report on the utilisation of the FIF during the reporting period, contrary to Section 18 (e) of the FIF Act, 2023.

The expenditure by the health facilities amounted to Kshs.330.66 million, as shown in Table 3.198.

Sub-programmes with the highest levels of implementation based on absorption rates were Urban Planning in the Department of Lands, Physical Planning & Mining at 88 per cent, Preventive & Promotive Health Care Services in the Department of Health Services and Financial Accounting Services in the Department of Finance and Social Economic Planning both at 63 per cent and General Administration Support Services in the Department of County Attorney at 60 per cent of budget allocation.

3.23.15 Accounts Operated Commercial Banks

The County Government operated twenty-nine accounts with commercial banks, including seventeen accounts for Health Facilities, one account for Vocational Training Centres, one for Youth, Women, and PWSSD, seven accounts for Established Funds, one account for revenue collections, one special purpose account (additional allocations), one imprest account, and one recurrent operational account.

This is contrary to regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Worth noting, the County Government operated sixteen accounts with the Central Bank of Kenya, including fourteen accounts for development, two for recurrent, one for deposit and 1 for revenue receipts.

3.23.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.473.29 million against an annual target of Kshs.1.47 billion, representing 32 per cent of the yearly target.
- ii. The County Assembly used manual payroll. Personnel emoluments amounting to Kshs.45.51 million were processed through manual payroll, accounting for 2 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- iii. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for revenue collections, health facilities, established funds, imprest accounts and recurrent operational accounts.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The Government requires that salaries be processed through the IPPD system, and the County Assembly is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iii. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.24. County Government of Mandera

3.24.1 Overview of FY 2024/25 Budget

The Mandera County Gross Approved FY 2024/25 budget is Kshs.14.89 billion. It comprises Kshs.5.94 billion (40 per cent) and Kshs.8.95 billion (60 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.88 billion (14.4 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.5.04 billion and a recurrent budget of Kshs.7.97 billion. The increase in the budget was attributed to the rise in equitable share allocation of Kshs.421.78 million and Kshs.993.93 increase in additional allocations.

The budget will be financed from different sources of revenue. These include Kshs.12.05 billion (81 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.51 billion (10 per cent) as additional allocations, a cash balance of Kshs.986.07 million (7 per cent) brought forward from

FY 2023/24, and Kshs.336.53 million (2 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.57.93 million (0.4 per cent), Facility Improvement Fund (revenue from health facilities), and Kshs.278.61 million (1.9 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.203.

3.24.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.5.91 billion to fund its development and recurrent activities. This amount consisted of Kshs.4.83 billion from the equitable share of revenue raised nationally and its own-source revenue (OSR) collection of Kshs.91.03 million. In addition, the County had a cash balance of Kshs.986.07 million from FY 2023/24.

The total OSR collection of Kshs.91.03 million includes Facilities Improvement Financing (FIF) of Kshs.17.96 million, and Kshs.73.10 million as ordinary OSR. Table 3.203 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.91.03 million from its revenue sources, including AIA and FIF. This amount was an increase of 82 per cent compared to Kshs.51.48 million realised in a similar period in FY 2023/24, which was 28 per cent of the annual target and 7 per cent of the equitable revenue share disbursed.

The increase is attributed to improved enforcement, automation, general stability, and security.

The revenue streams which contributed the highest OSR receipts are shown in Figure 94.

Figure 94: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.17.96 million, was from Health Services FIF, which contributed 20 per cent of the total OSR receipts during the reporting period.

3.24.3 Borrowing by the County

The county government did not report on any borrowing during the reporting period.

3.24.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.5.78 billion from the CRF account during the reporting period, comprising Kshs.1.9 billion (33 per cent) for development programmes and Kshs.3.88 billion (67 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.3 billion was released towards employee compensation and Kshs.1.58 billion for operations and maintenance expenditures.

Analysis of the operations and maintenance exchequer releases indicates that 4 per cent was for domestic travel and 0.47 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.59.43 million and included Kshs.34.63 million for the County Executive and Kshs.24.81 million for the County Assembly. The foreign exchequer totalled Kshs.7.47 million, all for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.130.06 million.

3.24.5 County Expenditure Review

The County spent Kshs.5.81 billion on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB and comprised Kshs1.9 billion and Kshs.3.88 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 33 per cent, while recurrent expenditure represented 43 per cent of the annual recurrent expenditure budget.

3.24.6 Settlement of Pending Bills

As of 30 June 2024, the County reported pending bills totalling Kshs2.23 billion. This includes Kshs.2.23 billion from the County Executive and Kshs.4.22 million from the County Assembly. The pending bills from the County Executive consist of Kshs.753.25 million for recurrent expenditures and Kshs.1.47 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.840.63 million, comprising Kshs.386.1 million for recurrent programmes and Kshs.454.52 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.4.22 million, all for recurrent activities.

The County Executive and the County Assembly submitted pending bill payment plans at the commencement of FY 2024/25, committing to pay Kshs1.09 billion and Kshs.4.22 million in the first half of FY 2024/25. However, the County adhered to this payment plan, clearing Kshs.840.06 million for the Executive and Kshs.4.22 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.1.39 billion for the County Executive.

3.24.7 Expenditure by Economic Classification

The County Executive spent Kshs.2.14 billion on employee compensation, Kshs.1.48 million on operations and maintenance, and Kshs.1.83 million on development activities. Similarly, the County Assembly spent Kshs.124.05 billion on employee compensation, Kshs.134.81 million on operations and maintenance, and Kshs.70.16 million on development activities, as shown in Table 3.205.

3.24.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.26 billion, or 38 per cent of the available revenue of Kshs.5.91 billion. This expenditure represented an increase from Kshs.2.23 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.702.9 million paid to the Health Sector employees, translating to 31 per cent of the total wage bill.

Figure 95 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 95: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2018/19 to the First Half of FY 2024/25

Further analysis indicates that PE costs amounting to Kshs.2.14 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.125.23 million was processed through manual payrolls, which accounted for 5.5 per cent of the total PE cost.

The County Assembly spent Kshs.4.04 million on committee sitting allowances for the 50 MCAs against the annual budget allocation of Kshs.41.21 million. The average monthly sitting allowance was Kshs.13,191.18 per MCA. The County Assembly had 21 House Committees.

3.24.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.460 million to County-Established Bursary funds in FY 2024/25, or 3.1 per cent of the County's overall budget. The County had no allocation for the Emergency Fund.

Table 3.206 summarises each established Fund's budget allocation and performance during the reporting period.

During the reporting period, the CoB received quarterly financial reports from the Bursary Fund Administrators, as indicated in Table 3.206, which was in line with the requirement of Section 168 of the PFM Act, 2012. The Bursary Fund's administration costs were within the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

3.24.10 Expenditure on Operations and Maintenance

Figure 96 summarises the Operations and Maintenance expenditure by major categories.

The operations and maintenance costs include an expenditure of Kshs.25.967 million on garbage collection and Kshs.50 million on Legal fees/Dues, arbitration and compensation payments expenditure legal fees.

3.24.11 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.10.2 million as FIF, which was 69 per cent of the annual target of Kshs.57.92 million. The collected amount was retained and utilised at source in line with the Mandera County Health Services Improvement Financing Act, 2023.

The Health Facilities provided a report on the utilisation of the FIF during the reporting period, in line with Section 18 (e) of the FIF Act, 2023.

The expenditure by the health facilities amounted to Kshs.10 million, as shown in Table 3.208.

The sub-programmes with the highest levels of implementation based on absorption rates were Culture and Gender Promotion Development in the Department of Gender at 100 per cent, ICT and e-government Services in the Department of Finance at 100 per cent, and Legislative Services in the County Assembly Development at 69 per cent of budget allocation.

3.24.14 Accounts Operated Commercial Banks

The County Government operated twenty-two accounts with commercial banks, including seven accounts for Health Facilities, five accounts for revenue collection, three municipalities' operations accounts, one account for Established Fund(bursary), two County Assembly Service Board accounts, one account for the ELRP project, one retention account, and two water companies' accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.24.15 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.93.74 million against an annual target of Kshs.336.53 million, representing 27.9 per cent of the yearly target.
- ii. The high level of pending bills amounted to Kshs.1.39 billion as of 31 December 2024.
- iii. Use of manual payroll. Personnel emoluments amounting to Kshs.125.23 million were processed through manual payroll, accounting for 5.5 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- iv. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for hospitals, revenue collection, municipalities, and departmental imprests.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iii. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iv. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.25. County Government of Marsabit

3.25.1 Overview of FY 2024/25 Budget

The Marsabit County Gross Approved FY 2024/25 budget is Kshs.10.34 billion. It comprised Kshs.3.75 billion (39 per cent) and Kshs.5.96 billion (61 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.290.87 million (3 per cent) from the FY 2023/24 budget comprised of a development budget of Kshs.4.32 billion and a recurrent budget of Kshs.5.10 billion. The increase in the County Government budget was attributed to the rise in sharable revenue allocation.

The budget will be financed from different sources of revenue. These include Kshs.7.83 billion (76 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.35 billion(13 per cent) as additional allocations, a cash balance of Kshs.912.18 million (9 per cent) brought forward from FY 2023/24, and Kshs.251.16 million (3 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.141.16 million (69 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.110.00 million (31 per cent) as ordinary own-source revenue. A breakdown of the additional allocations

is shown in Table 3.212.

3.25.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.4.16 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.15 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.11.0 million, and its own-source revenue (OSR) collection of Kshs.79.21 million. In addition, the County had a cash balance of Kshs.912.18 million from FY 2023/24.

The total OSR collection of Kshs.79.2 million includes Facilities Improvement Financing (FIF) of Kshs.50.79 million, and Kshs.28.41 million as ordinary OSR. Table 3.212 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.79.21 million from its revenue sources, including AIA and FIF. This amount was an increase of 24.1 per cent compared to Kshs.60.12 million realised in a similar period in FY 2023/24 and was 31.5 per cent of the annual target and 2.5 per cent of the equitable revenue share disbursed. The OSR did not include any revenue arrears and penalties charged on fees and levies from previous financial years.

The revenue streams which contributed the highest OSR receipts are shown in Figure 98.

Figure 98: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.50.79 million, was from Facility Improvement Financing, which contributed 64.1 per cent of the total OSR receipts during the reporting period.

3.25.3 Borrowing by the County

The County Government did not report any borrowing as of 31 December 2024.

3.25.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.3.71 billion from the CRF account during the reporting period, which comprised Kshs.1.01 billion (27 per cent) for development programmes and Kshs.2.70 billion (73 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.09 billion was released towards compensation of employees and Kshs.608.01 million for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to payroll challenges occasioned by migration from the IPPD system to HRIS.

Analysis of the operations and maintenance exchequer releases indicate that 0.2 per cent was for domestic travel and 0.01 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.104.55 million, including Kshs.43.02 million for the County Executive and Kshs.61.53 million for the County Assembly. The foreign travel exchequer totalled Kshs.5.55 million, comprising Kshs.5.05 million for the County Executive and Kshs.0.5 million for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.511.33 million.

3.25.5 County Expenditure Review

The county spent Kshs.3.60 billion on development and recurrent programmes during the reporting period. The expenditure represented 97.0 per cent of the total funds released by the CoB and comprised Kshs.974.75 million and Kshs.2.63 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 25.9 per cent, while recurrent expenditure represented 44.1 per cent of the annual recurrent expenditure budget.

3.25.6 Settlement of Pending Bills

As of 30 June 2024, the county reported pending bills totalling Kshs.1.12 billion. They included Kshs.700.85 million from the County Executive and Kshs.425.13 million from the County Assembly. The pending bills from the County Executive consist of Kshs.700.85 for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.471.31 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.140.71 million for development activities.

The County Executive and the Assembly submitted pending bill payment plans at the commencement of FY 2024/25, committing to pay Kshs.569.27 million and Kshs.384.26 million in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.471.31 million for the Executive and Kshs.140.71 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.513.97 million, comprising Kshs.229.55 million for the County Executive and Kshs.284.42 million for the County Assembly.

3.25.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.98 billion on employee compensation, Kshs.388.02 million on operations and maintenance, and Kshs.815.39 million on development activities. Similarly, the County Assembly spent Kshs.106.46 billion on employee compensation, Kshs.151.81 million on operations and maintenance, and Kshs.159.36 million on development activities, as shown in Table 3.214.

3.25.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.09 billion, or 56.2 per cent of the available revenue of Kshs.3.71 billion. This expenditure represented an increase from Kshs.1.74 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.959.97 million paid to the Health Sector employees, translating to 46.0 per cent of the total wage bill.

Figure 3 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.1.76 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.328.06 million was processed through manual payrolls, which accounted for 16 per cent of the total PE cost.

The County Assembly spent Kshs.13.19 million on committee sitting allowances for the 33 MCAs against the annual budget allocation of Kshs.36.1 million. The average monthly sitting allowance was Kshs.66,661 per MCA. The County Assembly had 21 House Committees.

3.25.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.228 million to County-Established funds in FY 2024/25, or 2 per cent of the County's overall budget. Further, the county did not allocate funds to the emergency fund contrary to Section 110 of the PFM Act, 2012.

Table 3.215 summarises each established Fund's budget allocation and performance during the reporting period.

There was no reported (recurrent) expenditure on garbage collection, legal fees/dues, arbitration, or compensation payments.

3.25.11 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.50.79 million as FIF, which was 35.9 per cent of the annual target of Kshs.141.16 million. The collected amount was retained and utilised at the source in accordance with the Facility Improvement Financing Act of 2023. However, the county has not developed regulations to operationalise the FIF Act 2023.

The expenditure by the health facilities amounted to Kshs.55.23 million, as shown in Table 3.217. The amount was higher than annual collections due to balances that were brought forward from FY 2023-2024

Sub-programmes with the highest levels of implementation based on absorption rates were Vocational Education and Training in the Department of Education, Skill Development, Youth & Sports at 95 per cent, Curative Health Services in the Department of County Health Services at 94 per cent, General Administration Planning and Support Services in the Department of County Public Service Board at 61 per cent, and General administration planning and Support Services in the Department of Finance & Economic Planning at 59 per cent of budget allocation.

3.25.15 Accounts Operated Commercial Banks

The County Government operated 30 accounts with commercial banks, including five accounts for Health Facilities, four accounts for Vocational Training Centers, six accounts for Established Funds, two revenue accounts, eight special purpose accounts (additional allocations), two imprest accounts, one recurrent operational account, one development operational account, and one deposits account.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.25.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. The County Treasury submitted its financial reports late to the Controller of Budget, which affected the timely preparation of the budget implementation report. The report was received on 24 January 2025.
- ii. The underperformance of own-source revenue at Kshs.28.41 million against an annual target of Kshs.110 million, representing 25 per cent of the yearly target
- iii. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within

the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Scholarship Fund, Emergency Fund, Car Loan and Mortgage- Executive Fund, Marsabit County Assembly Car Loan and Mortgage –Member and staff were not submitted to the Controller of Budget as of 15 January 2025.

- iv. High pending bills amounted to Kshs.513.97 million as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- v. Use of manual payroll. Personnel emoluments amounting to Kshs.328.06 million were processed through manual payroll, accounting for 16 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- vi. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for all the established funds, local revenue collection, Special purpose accounts for conditional grants, Vocational training centres, health facilities, development accounts and deposit retention accounts.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iv. *The County leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- v. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- vi. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.26. County Government of Meru

3.26.1 Overview of FY 2024/25 Budget

The Meru County Gross Approved FY 2024/25 budget is Kshs.13.92 billion. It comprised Kshs.4.97 billion (36 per cent) and Kshs.8.95 billion (64 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.2.02 billion (17 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.3.68 billion and a recurrent budget of Kshs.8.23 billion. The increase in the County government budget was attributed to the increase in additional allocations by Kshs.833.05 million, increase in Equitable Share of Revenue Raised nationally by Kshs.986.53 million and increase in own source revenue by Kshs.201.00 million. The County's Net Approved Budget is Kshs.13.08 billion, which consists of Kshs.8.53 billion for recurrent and Kshs.4.55 billion for development.

The budget will be financed from different sources of revenue. These include; Kshs.10.88 billion (78 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.98 billion (14 per cent) as additional allocations, and Kshs.1.07 billion (8 per cent) generated as gross own source revenue. The own source revenue includes Kshs.17.00 million (2 per cent) as Appropriations-in-Aid (A-I-A), Kshs.550.00 million (52 per cent) as Facility Improvement Fund (revenue from health facilities), and Kshs.500.00 million (47 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.221.

3.26.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.5.46 billion to fund its development and recurrent activities. This amount consisted of Kshs.4.92 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.65.13 million, and its own source revenue (OSR) collection of Kshs.428.56 million. In addition, the County had a cash balance of Kshs.47.97 billion from FY 2023/24.

The total OSR collection of Kshs.428.56 billion includes Appropriations in Aid (AIA) of Kshs.6.39 million, Facilities Improvement Financing (FIF) of Kshs.309.63 million, and Kshs.112.55 million as ordinary OSR. Table 3.221 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.428.56 million from its revenue sources, including AIA and FIF. This amount was an increase of 14 per cent compared to Kshs.374.63 million realised in a similar period in FY 2023/24 and was 40 per cent of the annual target and 9 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 102.

Figure 102: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Meru County Treasury

The highest revenue stream, Kshs.309.63 million, was from Health/Hospital Fees/FIF, contributing 72 per cent of the total OSR receipts during the reporting period.

3.26.3 Borrowing by the County

There was no evidence that the County borrowed during the period under review.

3.26.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.4.61 billion from the CRF account, comprised of Kshs.703.92 million (15 per cent) for development programmes and Kshs.3.91 billion (85 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.63 million was released towards compensation of employees and Kshs.1.27 billion for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly.

Analysis of the operations and maintenance exchequer releases indicates that 16 per cent was for domestic travel, and no expenditure was incurred on foreign travel. The domestic travel exchequer amounted to Kshs.203.22 million and included Kshs.70.84 million for the County Executive and Kshs.132.38 million for the County Assembly.

As of 31 December 2024, the County Government's cash balance in the CRF account was Kshs.1.16 billion.

3.26.5 County Expenditure Review

The County spent Kshs.4.81 billion on development and recurrent programmes in the reporting period. The expenditure represented 104 per cent of the total funds released by the CoB and comprised of Kshs.786.05 billion and Kshs.4.03 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 16 per cent, while recurrent expenditure represented 45 per cent of the annual recurrent expenditure budget.

3.26.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.1.37 billion as of 30 June 2024. This includes Kshs.1.36 billion from the County Executive and Kshs.12.92 million from the County Assembly. The pending bills from the County Executive consist of Kshs.404.98 million for recurrent expenditures and Kshs.965.52 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.687.62 million, comprising Kshs.185.17 million for recurrent programmes and Kshs.502.46 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.12.92 million, which included Kshs.10.27 million for recurrent activities and Kshs.2.65 million for development activities.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.500 million and Kshs.12.92 million, respectively, in the first half of FY 2024/25. However, the County Executive adhered to this payment plan, as it cleared Kshs.687.62 million in the review period.

As of 31 December 2024, the outstanding bills for the County Executive amounted to Kshs.669.96 million.

Worth noting is that the County Executive's pending bills as of 30 June have been revised from the previously reported Kshs.1.33 billion in the first quarter of FY 2024/25.

3.26.7 Expenditure by Economic Classification

The County Executive spent Kshs.2.40 billion on employee compensation, Kshs.1.19 billion on operations and maintenance, and Kshs.781.58 million on development activities. Similarly, the County Assembly spent Kshs.232.03 million on employee compensation, Kshs.208.83 million on operations and maintenance, and Kshs.4.47 million on development activities, as shown in Table 3.223.

3.26.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.63 billion, or 48 per cent of the available revenue of Kshs.5.46 billion. This expenditure represented an increase from Kshs.1.88 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.36 billion paid to the Health Sector employees, translating to 52 per cent of the total wage bill.

Figure 103 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.2.57 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.65.81 million was processed through manual payrolls, which accounted for 2 per cent of the total PE cost.

The County Assembly spent Kshs.24.36 million on committee sitting allowances for the 69 MCAs against the annual budget allocation of Kshs.72.24 million. The average monthly sitting allowance was Kshs.57,989 per MCA. The County Assembly had 27 House Committees.

3.26.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.693.02 million to County-Established funds in FY 2024/25, or 5 per cent of the County's overall budget, but did not allocate any funds to the Emergency Fund. However, they allocated Kshs.14.10 million for Grants for the Management of Natural Disasters and Emergency Relief (food, medicine, blankets, cash grants, tents and other temporary shelter, etc.) as line items in the budget in line with Section 110 of the PFM Act, 2012.

Table 3.224 summarises each established Fund's budget allocation and performance during the reporting period.

Expenditure on domestic travel amounted to Kshs.202.22 million and comprised Kshs.132.38 million spent by the County Assembly and Kshs.70.84 million by the County Executive. The County Assembly and the Executive did not report any Expenditure on foreign travel during the period under review.

The operations and maintenance costs include an expenditure of Kshs.13.50 million on legal fees/dues, arbitration and compensation payments, and legal fees.

3.26.11 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.309.98 million as FIF, which was 56 per cent of the annual target of Kshs.550.00 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023.

The Health Facilities did provide a report on the utilisation of the FIF during the reporting period, in line with (contrary to) Section 18 (e) of the FIF Act, 2023.

The expenditure by the health facilities amounted to Kshs.202.09, as shown in Table 3.225.

Sub-programmes with the highest levels of implementation based on absorption rates were Meru Town Municipality and Maua Municipality in the Department of Lands, Physical Planning, Urban Development & Public Works at 100 per cent each, Meru Microfinance Corporation in the Department of Finance, Economic Planning and ICT at 75 per cent and Meru Investment Corporation in the Department of Finance, Economic Planning and ICT at 75 per cent of budget allocation.

3.26.15 Accounts Operated Commercial Banks

The County Government operated twenty-eight accounts with commercial banks, including five accounts for Established Funds, two revenue accounts, six special purpose accounts (additional allocations), nine Accounts for County semi-autonomous agencies, an imprest account, a recurrent operational account, and a development operational account (ECDE Projects).

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.26.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Education Scholarship Fund were not submitted to the Controller of Budget as of 15 January 2025.
- ii. High pending bills amounted to Kshs.669.96 million as of 31 December 2024.
- iii. There is inconsistency in the county Treasury's reporting of pending bills. The County Treasury reported pending bills as of 30 June 2024, which differs from the amounts reported during the FY 2024/25 first Quarter reporting period.
- iv. Use of manual payroll. Personnel emoluments amounting to Kshs.65.81 million were processed through manual payroll, accounting for 2 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- v. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.

The County should implement the following recommendations to improve budget execution:

- i. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- ii. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year.*
- iii. *The County Treasury should be consistent in reporting pending bills and ensure accuracy in the computation.*
- iv. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- v. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.27. County Government of Migori

3.27.1 Overview of FY 2024/25 Budget

The Migori County Gross Approved Supplementary I FY 2024/25 budget is Kshs.11.69 billion. It comprises Kshs.4.28 billion (36.6 per cent) and Kshs.7.41 billion (63 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.65 billion (16 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.3.07 billion and a recurrent budget of Kshs.6.96 billion. The increase in the budget was attributed to unspent cash balances brought forward from FY 2023/24 in both the County Revenue Fund and Special Purpose Accounts (SPAs).

The budget will be financed from different sources of revenue. These include Kshs.8.34 billion (71 per cent) as the equitable share of revenue raised nationally, Kshs.1.97 billion (17 per cent) as additional allocations, a cash balance of Kshs.688.43 million (6 per cent) brought forward from FY 2023/24, and Kshs.690 million (6 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.140 million (20 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.550 million (80 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.229.

3.27.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.5.66 billion to fund its development and recurrent activities. This amount consisted of Kshs.4.15 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.607.12 million, including Kshs.541.99 million opening balances of conditional grants retained in special purposes bank operational accounts and its own source revenue (OSR) collection of Kshs.220.37 million. In addition, the County had a cash balance of Kshs.688.43 million from FY 2023/24.

The total OSR collection of Kshs.202.37 million includes Facilities Improvement Financing (FIF) of Kshs.104.45 million, and Kshs.115.92 million as ordinary OSR. Table 3.229 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.220.37 million from its revenue sources, including FIF. This amount was an 18 per cent increase compared to Kshs.187.13 million realised in a similar period in FY 2023/24, 32 per cent of the annual target and 5 per cent of the equitable revenue share disbursed. The improved performance resulted from re-opening county-wide dormant markets and auction rings, automation of more revenue streams, deployment of more enforcement personnel in revenue collection outlets, and introduction of high penalties on clients /vendors operating without licenses and late payments.

The revenue streams which contributed the highest OSR receipts are shown in Figure 106.

Figure 106: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Migori County Treasury

The highest revenue stream, Kshs.104.45 million, was from Health/Hospital Fees/FIF, which contributed 47.4 per cent of the total OSR receipts during the reporting period.

3.27.3 Borrowing by the County

The County Assembly of Migori secured an overdraft of Kshs.50 million from the Kenya Commercial Bank Ltd, Migori Branch, as a short-term credit facility at an interest rate of 3 per cent, payable within one month. The short-term borrowing was utilised to pay Members of the County Assembly and Staff allowances in arrears for the FY 2023/24 and defray office operations during July 2024 due to delayed disbursement of June 2024 shareable revenues. The amount is still owed as of 31 December 2024.

3.27.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.3.23 billion from the CRF account comprised Kshs.481.90 million (15 per cent) for development programmes and Kshs.2.75 billion (85 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.46 billion was released towards compensation of employees and Kshs.1.29 billion for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer request for both County Executive and County Assembly due to challenges resulting from the migration from IPPD system to HRIS-Kenya such as mass data updates (leave and uniform allowances payable annually), PAYEs, revised pensionable allowance, Housing levy & SHIF reliefs as communicated by KRA's public notice, and variances in data for AC-local authority staff and AY-County state officers amongst others.

Analysis of the operations and maintenance exchequer releases indicates that 7.6 per cent was for domestic travel and zero per cent for foreign travel. The domestic travel exchequer amounted to Kshs.110.94 million, including Kshs.21.50 million for the County Executive and Kshs.89.44 million for the County Assembly.

As of 31 December 2024, the County Government's cash balance in the CRF account was Kshs.1.13 billion.

3.27.5 County Expenditure Review

The County spent Kshs.3.50 billion on development and recurrent programmes during the reporting period. The expenditure represented 108 per cent of the total funds released by the CoB and comprised Kshs.810.59 million and Kshs.2.68 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 19 per cent, while recurrent expenditure represented 36 per cent of the annual recurrent expenditure budget. The over-expenditure is attributed to opening cash balances retained and utilised in the special purpose bank operational accounts at the beginning of the year for conditional grants and re-voted in the current budget.

3.27.6 Settlement of Pending Bills

As of 30 June 2024, the county reported pending bills totalling Kshs.1.94 billion. This amount includes Kshs.1.76 billion from the County Executive and Kshs.184.72 million from the County Assembly. The pending bills from the County Executive consist of Kshs.875.34 million for recurrent expenditures and Kshs.881.38 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.787.25 million, comprising Kshs.437.57 million for recurrent programmes and Kshs.349.68 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.8.73 million, entirely recurrent and nil development activities.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.1.05 billion and Kshs.15.99 million, respectively, in the first half of FY

2024/25. However, the County did not adhere fully to this payment plan, clearing only Kshs.787.25 million for the Executive and Kshs.8.21 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.1.12 billion, comprising Kshs.969.47 million for the County Executive and Kshs.153.43 million for the County Assembly.

3.27.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.27 billion on employee compensation, Kshs.1.08 billion on operations and maintenance, and Kshs.810.59 million on development activities. Similarly, the County Assembly spent Kshs.196.48 million on employee compensation, Kshs.145.02 million on operations and maintenance, and nil on development activities, as shown in Table 3.231.

3.27.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.46 billion, or 26 per cent of the available revenue of Kshs.5.66 billion. This expenditure represented an 18 per cent decrease from Kshs.1.78 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.606.96 million paid to the Health Sector employees, translating to 42 per cent of the total wage bill. The decline was occasioned by systemic payroll challenges, which delayed the payment of salaries and wages for December 2024 of Kshs.314.65 million. The amount was eventually paid in early January 2025.

Figure 107 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 107: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2018/19 to the First Half of FY 2024/25

Further analysis indicates that the entire PE cost of Kshs.1.46 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system.

The County Assembly spent Kshs.18.04 million on committee sitting allowances for the 60 MCAs against the annual budget allocation of Kshs.43.52 million. The average monthly sitting allowance was Kshs.50,608 per MCA. The County Assembly had 27 House Committees.

3.27.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.148 million to County-Established funds in FY 2024/25, or 1 per cent of the County’s overall budget. Further, contrary to Section 110 of the PFM Act, 2012, the county did not allocate funds to the Emergency Fund in the budget.

Table 3.232 summarises each established Fund’s budget allocation and performance during the reporting period.

During the reporting period, the CoB received all the quarterly financial reports from the fund administrators, as indicated in Table 3.232, which was in line with the requirement of Section 168 of the PFM Act, 2012.

3.27.10 Expenditure on Operations and Maintenance

Figure 108 summarises the Operations and Maintenance expenditure by major categories.

Figure 108: Migori County, Operations and Maintenance Expenditure by Major Categories

Expenditure on domestic travel amounted to Kshs.102.32 million and comprised Kshs.83.32 million spent by the County Assembly and Kshs.19.22 million by the County Executive. No expenditure on foreign travel was incurred by the two arms of the County Government in the reporting period.

The operations and maintenance costs include an expenditure of Kshs.14.22 million on garbage collection and Kshs.44.64 million on Legal fees/Dues, arbitration and compensation payments expenditure legal fees.

3.27.11 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.104.45 million as FIF, which was 75 per cent of the annual target of Kshs.140 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The Act provides that 72 per cent of the total collection is ploughed back to the County health facilities, 20 per cent is utilised by the Public Health & Sanitation Department, 5 per cent is retained at the Hospital Emergency Fund, whereas 3 per cent accounts for Health Management Board Administrative Expenses. The expenditure by the health facilities amounted to Kshs.63.86 million, as shown in Table 3.233.

Analysis of expenditure by departments shows that the Department of Environment, Natural Resources, Climate Change & Disaster Management recorded the highest absorption rate of development budget at 56 per cent, followed by the Department of Trade, Tourism, Industry, Market & Cooperative Development at 42 per cent. The Office of the County Attorney had the highest percentage of recurrent expenditure to budget at 48 per cent, while the Kehancha Municipality had the lowest at 19 per cent.

The over-expenditure is attributed to opening cash balances retained and utilised in the special purpose bank operational accounts at the beginning of the year for conditional grants and re-voted in the current budget.

Sub-programmes with the highest levels of implementation based on absorption rates were: ECDE Co-Curriculum Development in the Department of Education, Gender inclusivity, Social Services, Youth and Sports at 99.5 per cent, followed closely by Digital Innovation services in the Department of County Executive at 96.8 per cent, Settlement of pending bills in the Department of Roads, Transport, Public Works & Infrastructural Development at 90.7 per cent, and General Administration & Support Services in the Department of County Executive at 88.4 per cent of budget allocation.

3.27.15 Accounts Operated Commercial Banks

The County Government operated 76 accounts with commercial banks, including 32 accounts for Health Facilities, 5 accounts for Established Funds, 3 revenue accounts, 7 special purpose accounts (additional allocations), 2 imprest accounts, One Salary control account, and 26 for departmental operational accounts as shown.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.27.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

- i. Own-source revenue underperformed at Kshs.220.37 million, representing 32 per cent of the yearly target of Kshs.690 million.
- ii. There was a high level of pending bills, which amounted to Kshs.1.12 billion as of 31 December 2024. Further, the county Treasury did not adhere to the payment plan for the pending bills.
- iii. The County Treasury did not properly manage inter-departmental vote books and had weak budgeting practices, as shown in Table 3.235. Some county departments incurred expenditures in excess of approved exchequer issues and diversion of funds to non-exchequered activities
- iv. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are mainly for County Health facilities & Dispensaries Services and various departments' office operations and activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County Leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iii. *The County Treasury should improve on vote book management and exercise stringent budgetary controls to ensure expenditure is within the approved budget and exchequer releases.*
- iv. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.28. County Government of Mombasa

3.28.1 Overview of FY 2024/25 Budget

The Mombasa County **Gross** approved FY 2024/25 budget is Kshs.16.25 billion. It comprises Kshs.5.19 billion (32 per cent) and Kshs.11.07 billion (68 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.56 billion (11 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.5.43 billion and a recurrent budget of Kshs.9.27 billion.

The budget will be financed from different sources of revenue. These include Kshs.8.14 billion (50 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.2.12 billion as additional allocations and Kshs.5.99 billion (37 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.1.05 billion (18 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.4.94 billion (82 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.237.

3.28.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.5.65 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.28 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.54.13 million, and its own-source revenue (OSR) collection of Kshs.1.68 billion. In addition, the County had a cash balance of Kshs.629.64 million from FY 2023/24.

The total OSR collection of Kshs.1.68 billion includes Facilities Improvement Financing (FIF) of Kshs.507.52 million and Kshs.1.18 billion as ordinary OSR. Table 3.237 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.1.68 billion from its revenue sources, FIF. This amount was an increase of 4 per cent compared to Kshs.1.61 billion realised in a similar period in FY 2023/24 and was 34 per cent of the annual target and 51 per cent of the equitable revenue share disbursed. The OSR includes revenue arrears and penalties charged on fees and levies from previous financial years of Kshs.15.60 million.

The revenue streams which contributed the highest OSR receipts are shown in Figure 110.

Figure 110: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream of Kshs.507.52 million was from FIF, contributing to 30 per cent of the total OSR receipts during the reporting period.

3.28.3 Borrowing by the County

The County Treasury did not provide information on borrowing.

3.28.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.4.93 billion from the CRF account comprised Kshs.652.66 million (13 per cent) for development programmes and Kshs.4.3 billion (87 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.3.43 billion was released towards compensation of employees and Kshs.843.38 million for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to late disbursement of the exchequer by the National Treasury.

Analysis of the operations and maintenance exchequer releases indicate that 6 per cent was for domestic travel and 5 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.51.22 million, including Kshs.11.45 million for the County Executive and Kshs.39.77 million for the County Assembly. The foreign exchequer totalled Kshs.38.55 million, comprising Kshs.7.23 million for the County Executive and Kshs.31.01 million for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.441.70 million.

3.28.5 County Expenditure Review

The County spent Kshs.4.58 billion on development and recurrent programmes in the reporting period. The expenditure represented 93 per cent of the total funds released by the COB and comprised Kshs.652.66 million and Kshs.4.28 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 11 per cent, while recurrent expenditure represented 36 per cent of the annual recurrent expenditure budget.

3.28.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.4.48 billion as of 30 June 2024. This amount includes Kshs.4.44 billion from the County Executive and Kshs.35.17 million from the County Assembly. The pending bills from the County Executive consist of Kshs.2.74 billion for recurrent expenditures and Kshs.1.70 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.732.33 million, comprising Kshs.536.83 million for recurrent programmes and Kshs.195.51 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.25.53 million, which included Kshs.19.68 million for recurrent activities and Kshs.5.86 million for development activities.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.669.51 million and Kshs.25.88 million in the first half of FY 2024/25. However, the County adhered to this payment plan, clearing Kshs.732.33 million for the Executive and Kshs.25.53 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.3.72 billion, comprising Kshs.3.71 billion for the County Executive and Kshs.9.63 million for the County Assembly.

3.28.7 Expenditure by Economic Classification

The County Executive spent Kshs.2.60 billion on employee compensation, Kshs.1.08 billion on operations and maintenance, and Kshs.647.77 million on development activities. Similarly, the County Assembly spent Kshs.154.52 million on employee compensation, Kshs.169.53 million on operations and maintenance, and Kshs.4.89 million on development activities, as shown in Table 3.239.

3.28.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.75 billion, or 62 per cent of the available revenue of Kshs.5.44 billion. This expenditure represented a decrease from Kshs.3.21 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.34 billion paid to the health sector employees, translating to 49 per cent of the total wage bill.

Figure 111 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.2.61 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.142.61 million was processed through manual payrolls, which accounted for 5 per cent of the total PE cost.

The County Assembly spent Kshs.16.73 million on committee sitting allowances for the 43 MCAs against the annual budget allocation of Kshs.30.00 million. The average monthly sitting allowance was Kshs.64852.71 per MCA. The County Assembly had 21 House Committees.

3.28.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.548.51 million to County-Established funds in FY 2024/25, or 3 per cent of the County's overall budget. Further, the County allocated Kshs.30.00 million to the Emergency Fund (0.2 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.240 summarises each established Fund's budget allocation and performance during the reporting period.

The County Treasury did not provide an explanation for why certain departments' expenditures exceeded their respective exchequer receipts.

Analysis of department expenditure shows that the Department of Finance and Economic Planning recorded the highest absorption rate of development budget at 49 per cent, followed by the Department of Public Service Administration, Youth, Gender, Social Services and Sports at 25 per cent. The Department of Finance and Economic Planning had the highest percentage of recurrent expenditure to budget at 42 per cent. In contrast, the Department of Public Service Administration, Youth, Gender, Social Services and Sports had the lowest at 17 per cent.

Sub-programmes with the highest levels of implementation based on absorption rates were General Administration and Human Resource Planning Services in the Department of Executive at 51 per cent, Administration Planning and Support Services in the Department of Lands, Urban Renewal and Housing at 50 per cent, Administration Unit in the Department of Health Services at 49 per cent, and Administration Unit-Headquarters in the department of blue economy, cooperatives, agriculture & livestock at 47 per cent of budget allocation.

3.28.15 Accounts Operated Commercial Banks

The County Government operated 94 accounts with commercial banks, including 62 accounts for Health Facilities, three for Vocational Training Centres, 4 for Established Funds, nine revenue accounts, nine special purpose accounts (additional allocations) and 8 for imprest accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.28.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 30 January, 2024.
- ii. Own-source revenue underperformed at Kshs.1.68 million against an annual target of Kshs.5.99 billion, representing 28 per cent of the yearly target.
- iii. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. As of 15 January 2025, the Grants for Management of Natural Disasters Fund reports were not submitted to the Controller of Budget.
- iv. High pending bills amounted to Kshs.3.72 billion as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- v. Use of manual payroll. Personnel emoluments amounting to Kshs.142.61 million were processed through manual payroll, accounting for 5 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- vi. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are used for health operations, imprest, and revenue collection.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iv. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- v. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- vi. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.29. County Government of Murang'a

3.29.1 Overview of FY 2024/25 Budget

The Murang'a County Gross Approved FY 2024/25 budget is Kshs.10.50 billion. It comprises Kshs.3.16 billion (30 per cent) and Kshs.7.34 billion (70 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.93.11 million (1 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.3.12 billion and a recurrent budget of Kshs.7.29 billion. The County Government's budget increase was attributed to a rise in the own-source revenue target.

The Murang'a County Government budget will be financed from different sources of revenue. These include Kshs.7.75 billion (74 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.863.10 million (8 per cent) as additional allocations/conditional grants, a cash balance of Kshs.614.90 million (6 per cent) brought forward from FY 2023/24, and Kshs.1.25 billion (12 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.500.00 million (5 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.750.00 million (7 per cent) as ordinary own-source revenue. A breakdown of the additional allocations/conditional grants is provided in Table 3.244.

3.29.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.4.21 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.10 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.67.63 million, and its own source revenue (OSR) collection of Kshs.421.30 million. In addition, the County had a cash balance of Kshs.614.90 billion from FY 2023/24.

The total OSR collection of Kshs.421.30 million includes Facilities Improvement Financing (FIF) of Kshs.229.84 million, and Kshs.191.46 million as ordinary OSR. Table 3.244 summarises the total revenue available to the County Government during the first half of FY 2024/25.

The County does not have governing legislation for operating ordinary A-I-A and FIF.

Figure 113 shows the trend in own-source revenue collection from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 113: Trend in Own-Source Revenue Collection from the First Half of FY 2018/19 to the First Half of FY 2024/25

During the first half of FY 2024/25, the County generated Kshs.421.30 million from its revenue sources, including AIA and FIF. This amount was an increase of 42.8 per cent compared to Kshs.295.12 million realised in a similar period in FY 2023/24 and was 34 per cent of the annual target and 5 per cent of the equitable revenue share disbursed.

The increase in revenue can be attributed to the revenue enforcement measures done by the County Government of Murang'a.

The revenue streams which contributed the highest OSR receipts are shown in Figure 114.

Figure 114: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Murang'a County Treasury

The highest revenue stream, Kshs.229.84 million, was from Health/Hospital Fees/FIF, contributing 54.6 per cent of the total OSR receipts during the reporting period.

3.29.3 Borrowing by the County

3.29.4 The County did not disclose any short-term borrowings as of 31 December 2024.

3.29.5 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs. During the reporting period, 3.21 billion from the CRF account comprised Kshs.456.41 million (14 per cent) for development programmes and Kshs.2.75 billion (86 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.01 billion was released towards compensation of employees and Kshs.736.61 million for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and the County Assembly IPPD Salaries due to non-remittance of the December 2024 disbursement by the National Treasury.

Analysis of the operations and maintenance exchequer releases indicates that 19 per cent was for domestic travel and 2 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.136.52 million and included Kshs.50.64 million for the County Executive and Kshs.85.88 million for the County Assembly. The foreign exchequer totalled Kshs.11.68 million, comprising Kshs.7.96 million for the County Executive and Kshs.3.73 million for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.874.46 million.

3.29.6 County Expenditure Review

The County spent Kshs.3.16 billion on development and recurrent programmes in the reporting period. The expenditure represented 98.5 per cent of the total funds released by the CoB and comprised Kshs.456.41 million and Kshs.2.70 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 14 per cent, while recurrent expenditure represented 37 per cent of the annual recurrent expenditure budget.

3.29.7 Settlement of Pending Bills

The County reported pending bills totalling Kshs.1.68 billion as of 30 June 2024. This includes Kshs.1.59 billion from the County Executive and Kshs.91.60 million from the County Assembly. The pending bills from the County Executive consist of Kshs.1.35 billion for recurrent expenditures and Kshs.241.34 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.688.37 million, comprising Kshs.503.70 million for recurrent programmes and Kshs.184.67 million for development programmes. Meanwhile, the County Assembly settled recurrent pending bills worth Kshs.52.24 million.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.985.94 million and Kshs.91.60 million, respectively, in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.688.37 million for the Executive and Kshs.52.24 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.940.77 million, comprising Kshs.901.40 for the County Executive and Kshs.39.37 billion for the County Assembly.

3.29.8 Expenditure by Economic Classification

The County Executive spent Kshs.1.81 billion on employee compensation, Kshs.616.38 million on operations and maintenance, and Kshs.456.41 million on development activities. Similarly, the County Assembly spent Kshs.158.23 billion on employee compensation and Kshs.120.61 million on operations and maintenance, as shown in Table 3.246.

3.29.9 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.96 billion, or 47 per cent of the available revenue of Kshs.4.21 billion. This expenditure represented a decrease from Kshs.2.13 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.03 billion paid to the Health Sector employees, translating to 52.7 per cent of the total wage bill.

Figure 115 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.1.84 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.121.36 million was processed through manual payrolls, which accounted for 6.2 per cent of the total PE cost.

The County Assembly spent Kshs.11.12 million on committee sitting allowances for the 48 MCAs against the annual budget allocation of Kshs.38.94 million. The average monthly sitting allowance was Kshs.77,203.33 per MCA. The County Assembly had 21 House Committees.

3.29.10 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.577.00 million to County-Established funds in FY 2024/25, or 56 per cent of the County’s overall budget. Further, the County allocated Kshs.20.00 million to the Emergency Fund (0.2 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.247 summarises each established Fund’s budget allocation and performance during the reporting period.

Murang'a County only has a fleet of lorries for garbage collection services. The direct costs are the amounts spent on logistics, including Fuel and Wages for the loaders.

The County Assembly spent Kshs.8.59 million on Legal fees/Dues, arbitration, and compensation pending bill payment in the period under review.

3.29.12 Facility Improvement Financing

During the period under review, the County reported collecting Kshs.229.83 million as FIF, which was 46 per cent of the annual target of Kshs.500 million. The collected amount was retained and utilised at the source per the Facility Improvement Financing Act, 2023. However, the County has not developed regulations to operationalise the FIF Act of 2023.

The Health Facilities did provide a report on the utilisation of the FIF during the reporting period, in line with (contrary to) Section 18 (e) of the FIF Act, 2023.

The expenditure by the health facilities amounted to Kshs.157.21, as shown in Table 3.249.

Sub-programmes with the highest levels of implementation based on absorption rates were: Promotion of Food Security in the Department of Agriculture, Livestock and Fisheries at 85 per cent, General Administration Planning and Support Services in the Department of Education & Technical Training at 56 per cent, Motivation of Primary and Secondary School in the Department of Education & Technical Training at 49 per cent, and Primary Health Care in the Department of Health and Sanitation at 41 per cent of budget allocation.

3.29.16 Accounts Operated Commercial Banks

The County Government operated 20 accounts with commercial banks, including eight accounts for Health, eight accounts for Established Funds, one revenue account, two special purpose accounts (additional allocations), and one imprest account.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.29.17 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

- The underperformance of own-source revenue at Kshs.421.29 million against an annual target of Kshs.1.25 million, representing 34 per cent of the yearly target.
- The high pending bills amounted to Kshs.940.77 million as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Government.
- Use of manual payroll. Personnel emoluments amounting to Kshs.121.36 million were processed through manual payroll, accounting for 6 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.

- iv. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iii. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iv. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.30. County Government of Nairobi City

3.30.1 Overview of FY 2024/25 Budget

The Nairobi City County Gross approved FY 2024/25 budget is Kshs.43.56 billion. It comprises Kshs.14.26 billion (33 per cent) and Kshs.29.3 billion (67 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.28 billion (3 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.8.45 billion and a recurrent budget of Kshs.33.83 billion. The County's Net Approved Budget is Kshs.43.21 billion, comprising Kshs.28.95 billion for recurrent and Kshs.14.26 billion for development.

The budget will be financed from different sources of revenue. These include Kshs.20.06 billion (46 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.3 billion (3 per cent) as additional allocations, a cash balance of Kshs.1.0 billion (2.3 per cent) brought forward from FY 2023/24, and Kshs.20.41 billion (46.9 per cent) was generated as gross own-source revenue. The own-source revenue includes Kshs.351 million (1.7 per cent) as Appropriations-in-Aid (A-I-A) and Kshs.20.06 billion (98 per cent) as ordinary own-source revenue. The County Government did not budget for Facility Improvement Fund (revenue from health facilities). A breakdown of the additional allocations is shown in Table 3.253.

3.30.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.14.67 billion to fund its development and recurrent activities. This amount consisted of Kshs.8.34 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.35.2 million, and its own source revenue (OSR) collection of Kshs.4.82 billion. In addition, the County had a cash balance of Kshs.1.48 billion from FY 2023/24.

The total OSR collection of Kshs.4.82 billion includes Appropriations in Aid (AIA) of Kshs.149.59 million, Facilities Improvement Financing (FIF) of Kshs.902.37 million, and Kshs.3.76 billion as ordinary OSR. Table 3.253 summarises the total revenue available to the County Government during the first half of FY 2024/25.

The balance b/f from FY2023/24 has an actual receipt as a percentage of the annual allocation of 148 per cent, which is attributed to the county understating its opening cash balances. The County has governing legislation on the operation of ordinary A-I-A and FIF in the name of the Liquor Act and Health Act, respectively.

Figure 117 shows the trend in own-source revenue collection from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 117: Trend in Own-Source Revenue Collection from the First Half of FY 2018/19 to the First Half of FY 2024/25

Source: Nairobi City County Treasury

During the first half of FY 2024/25, the County generated Kshs.4.82 billion from its revenue sources, including AIA and FIF. This amount was an increase of 26 per cent compared to Kshs.3.81 billion realised in a similar period in FY 2023/24 and was 24 per cent of the annual target and 58 per cent of the equitable revenue share disbursed. The County did not provide data on OSR on revenue arrears and penalties charged on fees and levies from previous financial years.

The increase in OSR can be attributed to the County Treasury undertaking revenue mobilisation strategies to improve revenue performance. Figure 118 shows the revenue streams that contributed the highest OSR receipts.

Figure 118: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Nairobi City County Treasury

The highest revenue stream, Kshs.966.24 million, was from Plans and Inspections (Building Permits), contributing 21 per cent of the total OSR receipts during the reporting period.

3.30.3 Borrowing by the County

At the beginning of FY 2024/25, the County Assembly had an outstanding balance from Family Bank of Kshs.242.33 million. During the reporting period, it borrowed a further Kshs.27.9 million from Family Bank to support its operations. The Assembly had not repaid the loan; therefore, by 31 December 2024, the total amount borrowed from Family Bank was Kshs.270.23 million. The County Executive has a bank overdraft facility with the Co-operative Bank of Kenya limited to pay for its personnel emoluments, which average Kshs.1.6 billion per month, and by 31 December 2024, it had cleared the same.

3.30.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.13.71 billion from the CRF account comprised Kshs.674.42 million (5 per cent) for development programmes and Kshs.13.03 billion (95 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.9.03 billion was released towards compensation of employees and Kshs.4 billion for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 include the December 2024 net salary payment request for the County Executive and do not include the County Assembly payment request for December 2024 salaries.

Analysis of the operations and maintenance exchequer releases indicates that 2 per cent was for domestic travel and 0.8 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.260.14 million, including Kshs.135.14 million for the County Executive and Kshs.125.00 million for the County Assembly. The foreign exchequer totalled Kshs.108.89 million, comprising Kshs.40.78 million for the County Executive and Kshs.68.12 million for the County Assembly.

The Exchequer Issues to Revised Net Budget of the Department of Finance and Economic Planning is 75 per cent because payment of pending bills under Debt Management Services is domiciled here.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.32.64 million.

3.30.5 County Expenditure Review

The County spent Kshs.13.68 billion on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB and comprised Kshs.861.57 million and Kshs.12.82 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 6 per cent, while recurrent expenditure represented 44 per cent of the annual recurrent expenditure budget.

3.30.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.121.78 billion as of 30 June 2024. This includes Kshs.121.26 billion from the County Executive and Kshs.513.92 million from the County Assembly. The pending bills from the County Executive consist of Kshs.5.31 billion for recurrent expenditures and Kshs.115.95 billion for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.3.42 billion, comprising of Kshs.2.77 billion for recurrent programmes and Kshs.657.04 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.93.1 million, which included Kshs.91.22 million for recurrent activities and Kshs.1.95 million for development activities.

The County Executive submitted a summarised pending bills payment plan, while the Assembly submitted a detailed pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.800 million and Kshs.513.92 million, respectively, in the first half of FY 2024/25. However, the County Assembly did not

adhere to this payment plan, as it cleared Kshs.93.1 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.118.26 billion, comprising Kshs.117.84 billion for the County Executive and Kshs.420.75 million for the County Assembly.

3.30.7 Expenditure by Economic Classification

The County Executive spent Kshs.8.66 billion on employee compensation, Kshs.3.58 billion on operations and maintenance, and Kshs.844.18 million on development activities. Similarly, the County Assembly spent Kshs.367.06 million on employee compensation, Kshs.201.27 million on operations and maintenance, and Kshs.17.38 million on development activities, as shown in Table 3.255.

3.30.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.9.03 billion, or 62 per cent of the available revenue of Kshs.14.67 billion. This expenditure represented an increase from Kshs.7.49 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.3.67 billion paid to the Health Sector employees, translating to 40 per cent of the total wage bill. The increment is attributed to the payment of salary arrears for the newly employed staff in FY 2023/24. The arrears were deferred to the FY 2024/25.

Figure 119 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.8.5 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.528.96 million was processed through manual payrolls, which accounted for 6 per cent of the total PE cost.

The County Assembly spent Kshs.2.75 million on committee sitting allowances for the 124 MCAs and the speaker against the annual budget allocation of Kshs.27.56 million. The average monthly sitting allowance was Kshs.3,697 per MCA. The County Assembly had 26 House Committees.

3.30.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.200 million to county-established funds in FY 2024/25, or 0.5 per cent of the County's overall budget. Further, the County allocated Kshs.100 million to the Emergency Fund (0.2 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.256 summarises each established Fund's budget allocation and performance during the reporting period.

During the reporting period, the CoB received quarterly financial reports from the Car Loan & Mortgage - County Assembly Fund Administrators, as indicated in Table 3.256, as per the requirement of Section 168 of the PFM Act, 2012.

The County government uses commercial bank accounts to operate the above-established Funds contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts must be opened and maintained at the Central Bank of Kenya.

3.30.10 Expenditure on Operations and Maintenance

Figure 120 summarises the Operations and Maintenance expenditure by major categories.

3.30.11 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.902.37 million as FIF. The County did not factor the FIF into its budget. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has, however, not developed regulations to operationalise the FIF Act of 2023.

The Health Facilities did not provide a report on the utilisation of the FIF during the reporting period, contrary to Section 18 (e) of the FIF Act, 2023.

3.30.12 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.861.57 million on development programmes, representing an increase of 87 per cent compared to a similar period in FY 2023/24, when the County spent Kshs.461.5 million. Table 3.258 summarises development projects with the highest expenditure in the reporting period.

Analysis of expenditure by departments shows that the Department of Environment, Water, Energy & Natural Resources recorded the highest absorption rate of development budget at 40 per cent, followed by the Department of Mobility and Works at 14 per cent. The Department of County Attorney had the highest percentage of recurrent expenditure to budget at 85 per cent, while the Department of Nairobi Revenue Authority had the lowest at 5 per cent.

The county spending is above exchequer issues because of opening balances of Kshs.426.31 in the Special Purpose Accounts, which the county accessed directly before budgeting.

The sub-programs with the highest levels of implementation based on absorption rates were Debt Management Services in the Department of Finance and Economic Planning at 217 per cent, Legal services in the Department of County Attorney at 84.5 per cent, Oversight in the County Assembly at 59 per cent, and Business & Hustler Opportunities Headquarters in the Department of Business & Hustler Opportunities at 55 per cent of budget allocation. The County Treasury is advised to regularise the expenditure above budget allocation through a supplementary budget.

3.30.15 Accounts Operated Commercial Banks

The County Government operated 174 accounts with commercial banks (County Assembly eight and County Executive 166), including one hundred and twenty-three accounts for Health Facilities, eleven accounts for Vocational Training Centres, five accounts for Established Funds, five revenue accounts, sixteen special purpose accounts (additional allocations), two Early Childhood Development Accounts (ECDs), two imprest accounts, and one recurrent operational account and one development operational accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.30.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges that hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.4.82 billion against an annual target of Kshs.20.42 billion, representing 24 per cent of the yearly target.
- ii. Unspent funds from FY 2023/24 were not refunded into the CRF account, which led to actual expenditures exceeding the approved exchequer in several departments, as shown in Table 3.259.
- iii. The high pending bills amounted to Kshs.118.26 billion as of 31 December 2024. Further, the county

- Treasury did not adhere to the payment plan for the pending bills.
- iv. Use of manual payroll. Personnel emoluments amounting to Kshs.528.96 million were processed through manual payroll, accounting for 6 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- v. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for Health Facilities, Vocational Training Centres, Established Funds, special purpose accounts (additional allocations), and Early Childhood Development Accounts (ECDs).

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County Treasury should ensure unspent funds from the previous financial year are deposited to the CRF Account in line with Section 136 of the PFM Act 2012.*
- iii. *The County Leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iv. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- v. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.31. County Government of Nakuru

3.31.1 Overview of FY 2024/25 Budget

The Nakuru County Gross Approved FY 2024/25 budget is Kshs.21.07 billion. It comprised Kshs.6.99 billion (33 per cent) and Kshs.14.08 billion (67 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.2.24 billion (10 per cent) from the FY 2023/24 budget comprised of a development budget of Kshs.9.68 billion and a recurrent budget of Kshs.13.63 billion. The decrease in the county government budget was attributed to the decline in balance brought forward in the last financial year, which was Kshs.3.6 billion. The County's Net Approved Budget is Kshs.19.19 billion, comprising Kshs.12.58 billion for recurrent and Kshs.6.61 billion for development.

The Nakuru County Government budget will be financed from different sources of revenue. These include; Kshs.14.13 billion (67 per cent) as the equitable share of revenue raised nationally, Kshs.1.83 billion as additional allocations/conditional grants (9 per cent), a cash balance of Kshs.1.01 billion (5 per cent) brought forward from FY 2023/24, and Kshs.4.11 billion (20 per cent) was generated as gross own source revenue. The own-source revenue includes Kshs.1.88 billion (46 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.2.23 billion (54 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.261.

3.31.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.9.11 billion to fund its development and recurrent activities. This amount consisted of Kshs.6.76 billion from the equitable share of revenue raised nationally and its own source revenue (OSR) collection of Kshs.1.35 billion. In addition, the County had a cash balance of Kshs.1.01 billion from FY 2023/24.

The total OSR collection of Kshs.1.35 billion includes Facilities Improvement Financing (FIF) of Kshs.840.60 million, and Kshs.509.89 million as ordinary OSR. Table 3.261 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.1.35 billion from its revenue sources, including FIF. This amount was an increase of 14 per cent compared to Kshs.1.19 billion realised in a similar period in FY 2023/24 and was 33 per cent of the annual target and 20 per cent of the equitable revenue share disbursed. The increase is attributed to the implementation of new strategies for revenue enhancement in the current financial year.

The revenue streams which contributed the highest OSR receipts are shown in Figure 122.

Figure 122: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Nakuru County Treasury

The highest revenue stream, Kshs.840.60 million, was from Health/Hospital fees/FIF, which contributed 62 percent of the total OSR receipts during the reporting period.

3.31.3 Borrowing by the County

The County Government did not have any borrowings during the review period.

3.31.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.5.84 billion from the CRF account comprised Kshs.483.89 million (8 per cent) for development programmes and Kshs.5.35 billion (92 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.3.42 billion was released towards compensation of employees and Kshs.1.93 billion for operations and maintenance expenditure.

Analysis of the operations and maintenance exchequer releases indicate that 6 per cent was for domestic travel and 2 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.119.70 million and included Kshs.57.97 million for the County Executive and Kshs.61.72 million for the County Assembly. The foreign exchequer totalled Kshs.33.40 million, comprising Kshs.0.51 million for the County Executive and Kshs.32.89 million for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.3.64 billion.

3.31.5 County Expenditure Review

The County spent Kshs.5.53 billion on development and recurrent programmes in the reporting period. This expenditure represented 95 per cent of the total funds released by the CoB and comprised of Kshs.368.76 million and Kshs.5.16 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 5 per cent, while recurrent expenditure represented 93 per cent of the annual recurrent expenditure budget.

3.31.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.1.54 billion as of 30 June 2024. This includes Kshs.1.45 billion from the County Executive and Kshs.88.97 million from the County Assembly. The pending bills from the County Executive consist of Kshs.1.26 billion for recurrent expenditures and Kshs.197.66 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.114.53 million, comprising Kshs.83.66 million for recurrent programmes and Kshs.30.87 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.12.53 million for recurrent activities.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.117.84 million and Kshs.51.67 million, respectively, in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.114.53 million for the Executive and Kshs.12.53 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.1.46 billion, comprising Kshs.1.33 billion for the County Executive and Kshs.129.83 million for the County Assembly. This includes pending bills incurred during the review period, which amounted to Kshs.71.73 million.

3.31.7 Expenditure by Economic Classification

The County Executive spent Kshs.3.17 billion on employee compensation, Kshs.1.66 billion on operations and maintenance, and Kshs.479.69 million on development activities. Similarly, the County Assembly spent Kshs.255.20 million on employee compensation, Kshs.272.86 million on operations and maintenance, and Kshs.4.19 million on development activities, as shown in Table 3.263.

Table 3.263: Summary of Budget and Expenditure by Economic Classification

3.31.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.3.23 billion, or 36 per cent of the available revenue of Kshs.9.11 billion. This expenditure represented a decrease from Kshs.3.63 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.2.01 billion paid to the Health Sector employees, translating to 62 per cent of the total wage bill.

Figure 123 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 123: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2021/22 to the First Half of FY 2024/25

Further analysis indicates that PE costs amounting to Kshs.3.11 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.314.88 million was processed through manual payrolls, which accounted for 10 per cent of the total PE cost.

The County Assembly spent Kshs.24.63 million on committee sitting allowances for the 74 MCAs against the annual budget allocation of Kshs.53 million. The average monthly sitting allowance was Kshs.55,482.70 per MCA. The County Assembly had 23 House Committees.

3.31.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.483.71 million to county-established funds in FY 2024/25, or 2 per cent of the County's overall budget. Further, the County allocated Kshs.70 million to the Emergency Fund (0.3 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.264 summarises each established Fund's budget allocation and performance during the reporting period.

3.31.11 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.840.60 million as FIF, which was 45 per cent of the annual target of Kshs.1.88 billion. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has, however, not developed regulations to operationalise the FIF Act of 2023.

The Health Facilities did provide a report on the utilisation of the FIF during the reporting period, in line with Section 18 (e) of the FIF Act, 2023.

The expenditure by the health facilities amounted to Kshs.870.46 million, as shown in Table 3.266.

Based on absorption rates, the sub-programmes with the highest implementation levels were Bursaries in the Department of Education, Vocational training, ICT and E-Government at 90 per cent, Human Resources in the Department of Health Services at 68 per cent, Personnel services in the Department of Infrastructure at 47 per cent, and Administration services at 46 per cent of budget allocation in the County Treasury.

3.31.15 Accounts Operated Commercial Banks

The County Government operated 297 bank accounts with commercial banks, including 195 accounts for Health Facilities, 70 accounts for Vocational Training Centers, 15 accounts for Established Funds, seven revenue accounts, eight special purpose accounts (additional allocations), two imprest accounts, and three recurrent operational accounts and xx development operational accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.31.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.1.35 billion against an annual target of Kshs.4.11 billion, representing 33 per cent of the yearly target.
- ii. The high pending bills amounted to Kshs.1.46 billion as of 31 December 2024.
- iii. Use of manual payroll. Personnel emoluments amounting to Kshs.314.88 million were processed through the manual payroll, accounting for 9 per cent of the total payroll cost. The manual payroll is prone to abuse and may lead to the loss of public funds where there is a lack of proper controls.
- iv. The county government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for revenue collection, imprests and operations.
- v. Low absorption of development funds as indicated by the expenditure of Kshs.368.76 million from the annual development budget allocation of Kshs.6.99 billion. The development expenditure represented 5 per cent of the annual development budget.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iii. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iv. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*
- v. *The county should identify and address issues causing delays in implementing development projects.*

3.32. County Government of Nandi

3.32.1 Overview of FY 2024/25 Budget

The Nandi County Gross Approved FY 2024/25 budget is Kshs.9.20 billion. It comprises Kshs.2.99 billion (32.5 per cent) and Kshs.6.21 billion (67.5 per cent) allocations for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.160.91 million (1.7 per cent) from the FY 2023/24 budget, which comprised a development budget of Kshs.3.20 billion and a recurrent budget of Kshs.6.16 billion.

The budget will be financed from different sources of revenue. These include Kshs.7.60 billion (82 per cent) expected as the equitable share of revenue raised nationally, Kshs.972.38 million as additional allocations, and Kshs.607.33 million (7 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.301.23 million (3 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.306.10 million (3 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.270.

3.32.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.4.78 billion to fund its development and recurrent activities. This amount consisted of Kshs.4.57 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.52.63 million, and its own-source revenue (OSR) collection of Kshs.159.78 million.

The total OSR collection includes Facilities Improvement Financing (FIF) of Kshs.77.93 million and Kshs.81.85 million as ordinary OSR. Table 3.270 summarises the total revenue available to the County Government during the first half of FY 2024/25.

The County has governing legislation on the operation of ordinary A-I-A and FIF.

Figure 125 shows the trend in own-source revenue collection from the first half of FY 2022/23 to the first half of FY 2024/25.

Figure 125: Trend in Own-Source Revenue Collection from the First Half of FY 2022/23 to the First Half of FY 2024/25

During the first half of FY 2024/25, the County generated Kshs.159.78 million from its revenue sources, including AIA and FIF. This amount was an increase of 18 per cent compared to Kshs.136 million realised in the same period in FY 2023/24, which was 26 per cent of the annual target and 4 per cent of the equitable revenue share disbursed.

The increase in OSR can be attributed to increased land rate collection and collections for health services.

The revenue streams which contributed the highest OSR receipts are shown in Figure 126.

Figure 126: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.77.93 million, was from Hospital Fees, which contributed 33 per cent of the total OSR receipts during the reporting period.

3.32.3 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.3.09 billion from the CRF account during the reporting period, which comprised Kshs.555.73 million (18 per cent) for development programmes and Kshs.2.54 billion (82 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.87 billion was released towards compensation of employees and Kshs.661.92 million for operations and maintenance expenditures.

Analysis of the operations and maintenance exchequer releases indicates that 20.5 per cent was for domestic travel and 1.66 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.135.40 million and included Kshs.55.47 million for the County Executive and Kshs.79.94 million for the County Assembly. The foreign exchequer totalled Kshs.10.95 million, comprising Kshs.1.02 million for the County Executive and Kshs.9.93 million for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.547.65 million.

3.32.4 County Expenditure Review

The County spent Kshs.3.72 billion on development and recurrent programmes in the reporting period. The expenditure represented 120 per cent of the total funds released by the CoB and comprised Kshs.741.57 million and Kshs.2.98 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 24.8 per cent, while recurrent expenditure represented 47.9 per cent of the annual recurrent expenditure budget.

3.32.5 Settlement of Pending Bills

As of September 30, 2024, the Nandi County Executive had outstanding bills totalling Kshs. 569.33 million. This amount included Kshs. 322.10 million for recurrent expenses and Kshs. 290.52 million for development activities. During the second quarter of the FY 2024/25, the Controller of Budget approved requisitions amounting to Kshs. 211.47 million for pending bills in Nandi County. A reconciliation of Nandi County's pending bills is currently ongoing.

3.32.6 Expenditure by Economic Classification

The County Executive spent Kshs.1.35 billion on employee compensation, Kshs.1.21 million on operations and maintenance, and Kshs.741.57 million on development activities. Similarly, the County Assembly spent

Kshs.179.30 million on employee compensation and Kshs.239.42 million on operations and maintenance. as shown in Table 3.272.

3.32.7 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.53 billion, or 32 per cent of the available revenue of Kshs.4.78 billion. This expenditure represented a decrease from Kshs.1.92 billion reported in the same period in FY 2023/24. The wage bill included Kshs.1.22 billion paid to the Health Sector employees, translating to 80 per cent of the total wage bill.

Figure 127 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2021/22 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.1.45 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.75.20 million was processed through manual payrolls, which accounted for 5 per cent of the total PE cost.

The County Assembly spent Kshs.13.69 million on committee sitting allowances for the 45 MCAs against the annual budget allocation of Kshs.27.46 million. The average monthly sitting allowance was Kshs.50,693 per MCA. The County Assembly had 21 House Committees.

3.32.8 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.227 million to County-Established funds in FY 2024/25, or 2 per cent of the County’s overall budget. Further, the County allocated Kshs.57 million to the Emergency Fund (1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.273 summarises each established Fund’s budget allocation and performance during the reporting period.

Analysis of department expenditure shows that the Department of Agriculture and Co-operatives Development recorded the highest absorption rate of development budget at 43 per cent, followed by the Department of Lands, Environment, Natural Resources and Climate Change at 32 per cent. The Department of Finance and Economic Planning had the highest percentage of recurrent expenditure to budget at 57 per cent. In contrast, the Department of Trade, Tourism, Industrialization and Enterprise Development had the lowest at 8 per cent.

Some departments reported expenditure to exchequer issues exceeded 100 per cent due to the reported expenditures, including both payments and commitments as per IFMIS reports.

Notably, the financial performance by programme and sub-programme did not align with the line-item budget performance. We recommend that the County reconcile these two sets of performance reports.

The sub-programmes with the highest implementation levels based on absorption rates were Administrative Support Services in the Administration & Support of Human Resources programme, at 66 per cent; General Administration and Support Services in the General Administration and Support Services programme, at 65 per cent; and Sports Activities and Programs in the Sports Development programme, at 63 per cent of budget allocation.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.32.15 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

- i. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 22 January 2025.
- ii. Own-source revenue underperformed at Kshs.159.78 million against an annual target of Kshs.607.33 million, representing 26.3 per cent of the yearly target.
- iii. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. As of 15 January 2025, the reports for the Nandi County Executive Car Loan and Mortgage Scheme Fund and the Nandi County Assembly Car Loan and Mortgage Scheme Fund were not submitted to the Controller of Budget.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*

3.33. County Government of Narok

3.33.1 Overview of FY 2024/25 Budget

The Narok County Gross Approved FY 2024/25 budget is Kshs.15.68 billion. It comprises Kshs.5.16 billion (33 per cent) and Kshs.10.53 billion (67 per cent) allocated for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.687.47 million (5 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.582.23 million and a recurrent budget of Kshs.105.24 million.

The budget will be financed from different sources of revenue. These include; Kshs.9.53 billion (61 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.12 billion as additional allocations and Kshs.5.02 billion (32 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.164.95 million (3 per cent) as Facility Improvement Fund (revenue from health facilities), and Kshs.4.86 billion (97 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.280.

3.33.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.8.95 billion to fund its development and recurrent activities. This amount consisted of Kshs.4.57 billion from the equitable share of revenue raised nationally and its own source revenue (OSR) collection of Kshs.4.38 billion.

The total OSR collection of Kshs.4.38 billion includes Appropriations in Aid (AIA)/Facilities Improvement Financing (FIF) of Kshs.54.00 million, and Kshs.4.33 billion as ordinary OSR. Table 3.280 Summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.4.38 billion from its revenue sources, including AIA and FIF. This amount was an increase of 0.5 per cent compared to Kshs.2.85 billion realised in a similar period in FY 2023/24 and was 89 per cent of the annual target and 95 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 130.

Figure 130: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream of Kshs.3.75 billion was from park fees, contributing to 87 per cent of the total OSR receipts during the reporting period.

3.33.3 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.7.96 billion from the CRF account comprised Kshs.1.6 billion (20 per cent) for development programmes and Kshs.6.37 billion (80 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.88 billion was released towards compensation of employees and Kshs.3.98 billion for operations and maintenance expenditure.

As of 31 December 2024, the County Government's cash balance in the CRF account was Kshs.18.52 million.

3.33.4 County Expenditure Review

The County spent Kshs.8.37 billion on development and recurrent programmes in the reporting period. The expenditure represented 105 per cent of the total funds released by the CoB and comprised of Kshs.1.56 billion and Kshs.6.81 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 30 per cent, while recurrent expenditure represented 65 per cent of the annual recurrent expenditure budget.

3.33.5 Settlement of Pending Bills

As of September 30, 2024, the County reported pending bills totalling Kshs 1.50 billion. This amount includes Kshs 1.49 billion for the Executive and Kshs 8.38 million for the County Assembly. During the second quarter of the FY 2024/25, the Controller of Budget approved pending bill requisitions totalling Kshs 197.01 million. A reconciliation of the pending bill status for Narok County is currently ongoing.

3.33.6 Expenditure by Economic Classification

The County Executive spent Kshs.2.63 billion on employee compensation, Kshs.3.76 billion on operations and maintenance, and Kshs.1.56 billion on development activities. Similarly, the County Assembly spent Kshs.258.27 million on employee compensation and Kshs.127.36 million on operations and maintenance, as shown in Table 3.282.

3.33.7 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.88 billion, or 32 per cent of the available revenue of Kshs.8.95 billion. This expenditure represented an increase from Kshs.1.77 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.78 billion paid to the Health Sector employees, translating to 37 per cent of the total wage bill.

Figure 131 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2021/22 to the first half of FY 2024/25.

Further analysis indicates that, as per government policy, all staff salaries were processed through the Integrated Personnel and Payroll Database (IPPD) system.

The County Assembly spent Kshs.19.03 million on committee sitting allowances for the 50 MCAs against the annual budget allocation of Kshs.35.11 million. The average monthly sitting allowance was Kshs.63,438 per MCA. The County Assembly had 21 House Committees.

3.33.8 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.520.00 million to County-Established funds in FY 2024/25, or 3 per cent of the County's overall budget. Further, the County allocated Kshs.50.00 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.283 summarises each established Fund's budget allocation and performance during the reporting period.

3.33.9 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.28.66 million as FIF, which was 22 per cent of the annual target of Kshs.129.44 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has not developed regulations, to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.28.66 million as shown in Table 3.285.

The Health Facility with the highest absorption rate was 233 per cent. There is no legislation on FIF. The county Assembly is yet to finalise the Fund and Access the funds at Source, incurring expenditure without appropriation in AIA finalise. The County Treasury did not give reason(s) for the over-absorption of funds by health facilities.

3.33.10 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.1.56 billion on development programmes, representing a decrease of 35 per cent compared to a similar period in FY 2023/24, when the County spent Kshs.2.40 billion. Table 3.286 summarises development projects with the highest expenditure in the reporting period.

The total does not add up for the actual expenditures by departments because of diversion of funds.

Sub-programmes with the highest levels of implementation based on absorption rates were: Health Policy, Planning and Financing in the Department of Health at 100 per cent, Early Childhood Development in the Department of Education at 83 per per cent, and Referral Services in the Department of Health at 72 per cent of budget allocation.

3.33.13 Accounts Operated Commercial Banks

The County Government operated 15 accounts with commercial banks, including four accounts for Health Facilities, one for Vocational Training Centers, one for revenue, seven special purpose accounts (additional allocations), one for recurrent operational accounts and one for development operational accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.33.14 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on January 23 2025.
- ii. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Car Loan and Mortgage Fund of both Assembly and Executive were not submitted to the Controller of Budget as of 15 January 2025.
- iii. The County government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.
- iv. The programmes and sub-programmes in Table 3.288 were not aligned with the approved budget for each department;
- v. Diversion of funds by the County Treasury and weak budgeting practice, as shown in Table 3.287, where the County incurred expenditure over approved exchequer issues in several departments

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iii. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*
- iv. *The County Treasury must ensure compliance with the approved programme and sub-programmes in the approved budget.*
- v. *The County Treasury should improve the Vote book and budgetary control to ensure expenditure is within the approved budget*

3.34. County Government of Nyamira

3.34.1 Overview of FY 2024/25 Budget

The Nyamira County Gross Approved Supplementary I FY 2024/25 budget is Kshs.8.10 billion. It comprises Kshs.2.87 billion (35 per cent) and Kshs.5.23 billion (65 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.820.72 million (11 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.2.15 billion and a recurrent budget of Kshs.5.13 billion. The increase in the budget was attributed to the rise in Equitable Share for June 2024, which the National Treasury did not release for FY 2023/24, and the increase in expected own source revenue. The County's Net Approved Supplementary I Budget (gross budget less AIA estimates) is Kshs.8.10 billion, comprising Kshs.5.23 billion for recurrent and Kshs.2.87 billion for development.

The budget will be financed from different sources of revenue. These include; Kshs.5.52 billion (68 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.26 billion (16 per cent) as additional allocations, a cash balance of Kshs.469.07 million (6 per cent) brought forward from FY 2023/24, and Kshs.850 million (11 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.450 million (6 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.400 million (5 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.289.

3.34.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.2.91 billion to fund its development and recurrent activities. This amount consisted of Kshs.2.65 billion from the equitable share of revenue raised nationally, additional

allocations from government and development partners of Kshs.65.13 million, and its own-source revenue (OSR) collection of Kshs.192.43 million. In addition, the County had a cash balance of Kshs.2.35 million from FY 2023/24.

The total OSR collection of Kshs.192.43 million includes Facilities Improvement Financing (FIF) of Kshs.162.84 million, and Kshs.29.60 million as ordinary OSR. Table 3.289 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.192.43 million from its revenue sources, including FIF. This amount was an increase of 63 per cent compared to Kshs.117.59 million realised in a similar period in FY 2023/24 and was 2 per cent of the annual target and 7 per cent of the equitable revenue share disbursed.

The increase in OSR can be attributed to stringent revenue collection measures and surveillance and improved supply of drugs in the health facilities.

The revenue streams which contributed the highest OSR receipts are shown in Figure 134.

Figure 134: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Nyamira County Treasury

The highest revenue stream, Kshs.162.84 million, was from the Health Facility Improvement Fund, which contributed 85 percent of the total OSR receipts during the reporting period.

3.34.3 Borrowing by the County

The County Government did not borrow funds during the period under review.

3.34.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.2.15 billion from the CRF account comprised Kshs.319.01 million (15 per cent) for development programmes and Kshs.1.83 billion (85 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.40 billion was released towards compensation of employees and Kshs.426.36 million for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to a delay in uploading staff data in the new HRM – Kenya payroll management system.

Analysis of the operations and maintenance exchequer releases indicates that 18 per cent was for domestic travel, and there was no exchequer release for foreign travel. The domestic travel exchequer amounted to Kshs.75.40 million and included Kshs.49.40 million for the County Executive and Kshs.26.00 million for the County Assembly.

As of 31 December 2024, the County Government's cash balance in the CRF account was Kshs.838.56 million.

3.34.5 County Expenditure Review

The County spent Kshs.1.90 billion on development and recurrent programmes in the reporting period. The expenditure represented 89 per cent of the total funds released by the CoB and comprised Kshs.224.77 million and Kshs.1.68 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 8 per cent, while recurrent expenditure represented 32 per cent of the annual recurrent expenditure budget.

3.34.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.812.86 million as of 30 June 2024. This amount includes Kshs.776.68 million from the County Executive and Kshs.36.18 million from the County Assembly. The pending bills from the County Executive consist of Kshs.433.41 million for recurrent expenditures and Kshs.343.27 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.102.65 million, comprising Kshs.42.56 million for recurrent programmes and Kshs.60.09 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.28 million for development activities.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.776.24 million and Kshs.36.18 million, respectively, in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.102.65 million for the Executive and Kshs.28 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.682.21 million, comprising Kshs.674.03 million for the County Executive and Kshs.8.18 million for the County Assembly.

3.34.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.27 billion on employee compensation, Kshs.224.96 million on operations and maintenance, and Kshs.194.16 million on development activities. Similarly, the County Assembly spent Kshs.132.74 million on employee compensation, Kshs.48.70 million on operations and maintenance, and Kshs.30.62 million on development activities, as shown in Table 3.291.

3.34.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.40 billion, or 48 per cent of the available revenue of Kshs.2.92 billion. This expenditure represented a decrease from Kshs.1.67 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.640.94 million paid to the Health Sector employees, translating to 46 per cent of the total wage bill.

Figure 135 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 135: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2018/19 to the First Half of FY 2024/25

Further analysis indicates that PE costs amounting to Kshs.1.40 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. Therefore, all PE costs were processed through the IPPD system.

The County Assembly spent Kshs.10.18 million on committee sitting allowances for the 36 MCAs against the annual budget allocation of Kshs.41.18 million. The average monthly sitting allowance was Kshs.94,250 per MCA. The County Assembly had 20 House Committees.

3.34.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.585.42 million to County-Established funds in FY 2024/25, or 7 per cent of the County's overall budget. Further, the County allocated Kshs.5.00 million to the Emergency Fund (less than 1 per cent of the total budget) is not in line with Section 110 of the PFM Act, 2012.

Table 3.292 summarises each established Fund's budget allocation and performance during the reporting period.

During the reporting period, the CoB did not receive quarterly financial reports from Six Fund Administrators, as indicated in Table 3.292, contrary to the requirement of Section 168 of the PFM Act, 2012. The administration costs of all six Funds could not be determined if they were above the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

3.34.10 Expenditure on Operations and Maintenance

Figure 136 summarises the Operations and Maintenance expenditure by major categories.

Figure 136: Nyamira County, Operations and Maintenance Expenditure by Major Categories

Source: Nyamira County Treasury

Expenditure on domestic travel amounted to Kshs.75.40 million and comprised Kshs.26.00 million spent by the County Assembly and Kshs.49.40 million by the County Executive. The County did not report expenditure on foreign travel.

3.34.11 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.162.83 million as FIF, which was 36 per cent of the annual target of Kshs.450 million. The collected amount was retained and utilised at source in

line with the Facility Improvement Financing Act, 2023. The County has not developed regulations to operationalise the FIF Act 2023.

The Health Facilities did not provide a report on the utilisation of the FIF during the reporting period, contrary to Section 18 (e) of the FIF Act, 2023.

3.34.12 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.224.77 million on development programmes, a 36 percent decrease compared to a similar period in FY 2023/24, when the County spent Kshs.351.36 million. Table 3.293 summarises the development projects with the highest expenditure in the reporting period.

Analysis of expenditure by departments shows that the County Assembly recorded the highest absorption rate of development budget at 31 per cent, followed by the Department of Roads, Transport and Public Works at 18 per cent. The Department of Environment, Energy, Natural Resources and Mining had the highest percentage of recurrent expenditure to budget at 71 per cent, while the Department of Water, Irrigation and Sanitation had the lowest at less than one per cent.

The following six departments spent more funds than what was released by the Controller of Budget during the reporting period: County Executive 106 per cent of exchequer releases, Department of Sports, Gender, Cultures & Social Services 101 per cent of exchequer releases, County Public Services Board 102 per cent of exchequer releases, Department of Economic Planning, Resource Mobilization & ICT 160 per cent of exchequer releases, Department of Livestock & Fisheries Services 155 per cent of exchequer releases and Department of Primary Healthcare 118 per cent of exchequer releases. The six departments spent more than the exchequer released as a result of the diversion of funds released to other departments.

Sub-programmes with the highest levels of implementation based on absorption rates were: Infrastructure development in the County Assembly at 31 per cent, Construction of roads and bridges in the Department of Roads, Transport and Public Works at 18 per cent, Accounting and Financial Services at the Department of Finance and Economic Planning at 15 per cent, and Crop Development Services in the Department of Agriculture, Livestock and Fisheries at 13 per cent of budget allocation.

3.34.15 Accounts Operated Commercial Banks

The County Government operated 157 accounts with commercial banks, including 103 accounts for Health Facilities, 33 accounts for Vocational Training Centers, four accounts for Established Funds, three revenue accounts, 11 special purpose accounts (additional allocations), one imprest accounts, and two recurrent operational accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.34.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

- i. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 20 January 2025
- ii. The underperformance of own-source revenue at Kshs.192.43 million against an annual target of Kshs.850 million, representing 23 per cent of the yearly target.

- iii. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Emergency Fund, Health Facility Improvement, Education Support Fund, Loans to Traders (Revolving Fund), Car and Mortgage Fund (Executive) and Car and Mortgage Fund (County Assembly) were not submitted to the Controller of Budget as of 15 January 2025.
- iv. The high pending bills amounted to Kshs.682.21 million as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- v. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for operational purposes.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iv. *The County leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- v. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.35. County Government of Nyandarua

3.35.1 Overview of FY 2024/25 Budget

The Nyandarua County Gross Approved FY 2024/25 budget is Kshs.8.49 billion. It comprises Kshs.3.05 billion (36 per cent) and Kshs.5.44 billion (64 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.274.01 million (3 per cent) from the FY 2023/24 budget comprised of a development budget of Kshs.2.81 billion and a recurrent budget of Kshs.5.4 billion.

The budget increase was attributed to the rise in equitable share from Kshs.5.91 billion in FY 2023/24 to Kshs.6.14 billion in FY 2024/25.

The budget will be financed from different sources of revenue. These include Kshs.6.14 billion (67 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.50 billion as additional allocations (17 per cent), a cash balance of Kshs.626.44 million (7 per cent) brought forward from FY 2023/24, and Kshs.850 million (9 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.250 million (3 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.600 million (6 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.296.

3.35.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.3.32 billion to fund its development and recurrent activities. This amount consisted of Kshs.2.45 billion from the equitable share of revenue raised nationally and its own-source revenue (OSR) collection of Kshs.242.49 million. In addition, the County had a cash balance of Kshs.626.44 million from FY 2023/24.

The total OSR collection of Kshs.242.49 million, including Facilities Improvement Financing (FIF) of Kshs.111.99 million, and Kshs.130.51 million as ordinary OSR. Table 3.296 summarises the total revenue available to the County government during the first half of FY 2024/25.

Figure 137: Trend in Own-Source Revenue Collection from the First Half of FY 2018/19 to the First Half of FY 2024/25

Source: Nyandarua County Treasury

During the first half of FY 2024/25, the County generated Kshs.242.49 million from its revenue sources, including FIF. This amount was an increase of 9 per cent compared to Kshs.222.93 million realised in a similar period in FY 2023/24 and was 29 per cent of the annual target and 10 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 138.

Figure 138: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.111.99 million, was from hospital fees/FIF, which contributed 46 per cent of the total OSR receipts during the reporting period.

3.35.3 Borrowing by the County

The County Treasury has an MoU with Tower Sacco to pay salaries whenever there is a delay in the disbursement of equitable shares.

3.35.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.2.23 billion from the CRF account comprised Kshs.282.5 million (13 per cent) for development programmes and Kshs.1.95 billion (87 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.22 billion was released towards compensation of employees and Kshs.729.97 million for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly, as the exchequer requests were submitted in January 2025.

Analysis of the operations and maintenance exchequer releases indicates that 30 per cent was for domestic travel and 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.215.8 million, including Kshs.161.32 million for the County Executive and Kshs.54.49 million for the County Assembly. The foreign exchequer totalled Kshs.7.33 million for the County Assembly.

As of 31 December 2024, the County Government's cash balance in the CRF account was Kshs.895.12 million.

3.35.5 County Expenditure Review

The County spent Kshs.2.72 billion on development and recurrent programmes in the reporting period. The expenditure represented 122 per cent of the total funds released by the CoB and comprised Kshs.306.99 million and Kshs.2.42 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 10 per cent, while recurrent expenditure represented 44 per cent of the annual recurrent expenditure budget.

3.35.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.1.24 billion as of 30 June 2024. This amount includes Kshs.1.13 billion from the County Executive and Kshs.102.66 million from the County Assembly. The pending bills from the County Executive consist of Kshs.353.35 million for recurrent expenditures and Kshs.781.61 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.18.01 million, comprising Kshs.14.52 million for recurrent programmes and Kshs.3.49 million for development programmes. Meanwhile, the County Assembly settled recurrent pending bills worth Kshs.7.75 million.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.99.7 million and Kshs.41.48 million, respectively, in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.18.01 million for the Executive and Kshs.7.75 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.1.21 billion, comprising Kshs.1.12 billion for the County Executive and Kshs.94.91 million for the County Assembly.

3.35.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.23 billion on employee compensation, Kshs.818.09 million on operations and maintenance, and Kshs.306.99 million on development activities. Similarly, the County Assembly spent Kshs.187.74 million on employee compensation and Kshs.181.03 million on operations and maintenance, as shown in Table 3.298.

Further analysis indicates that PE costs amounting to Kshs.1.36 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.58.02 million was processed through manual payrolls, which accounted for 4 per cent of the total PE cost.

The County Assembly spent Kshs.13.5 million on committee sitting allowances for the 41 MCAs and the Speaker against the annual budget allocation of Kshs.39.49 million. The average monthly sitting allowance was Kshs.53,571 per MCA. The County Assembly had 17 House Committees.

3.35.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.441.06 million to county-established funds in FY 2024/25, or 5 per cent of the County's overall budget. Further, the County allocated Kshs.50 million to the Emergency Fund (0.6 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.299 summarises each established Fund's budget allocation and performance during the reporting period.

Sub-programmes with the highest levels of implementation based on absorption rates were Agricultural institutions support in the Department of Agriculture, Livestock & Fisheries at 100 per cent, alternative energy in the Department of Public Works at 95 per cent and revenue enhancement in the Department of Finance, Economic Planning & ICT at 95 per cent of budget allocation.

3.35.15 Accounts Operated Commercial Banks

The County Government operated 91 accounts with commercial banks, including 84 for Health Facilities, five for Established Funds, and one for revenue and one for imprest.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.35.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.242.49 million against an annual target of Kshs.850 million, representing 28 per cent of the yearly target.
- ii. Unspent funds from FY 2023/24 were not refunded into the CRF account, which led to actual expenditures exceeding the approved exchequer in several departments, as shown in Table 3.303.
- iii. A high level of pending bills amounting to Kshs.1.21 billion as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- iv. Use of manual payroll. Personnel emoluments amounting to Kshs.58.02 million were processed through manual payroll, accounting for 4 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County Treasury should ensure unspent funds from the previous financial year are deposited to the CRF Account in line with Section 136 of the PFM Act 2012.*
- iii. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iv. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*

3.36. County Government of Nyeri

3.36.1 Overview of FY 2024/25 Budget

The Nyeri County Gross Approved FY 2024/25 budget is Kshs.8.75 billion. It comprises Kshs.2.89 billion (33 per cent) and Kshs.5.86 billion (67 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.313.08 million (4 per cent) from the FY 2023/24 budget comprised of a development budget of Kshs.2.88 billion and a recurrent budget of Kshs.6.19 billion. The County's Net Approved Budget is Kshs.8.75 billion, comprising Kshs.5.86 billion for recurrent and Kshs.2.89 billion for development.

The budget will be financed from different sources of revenue. These include Kshs.6.58 billion (67 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.37 billion as additional allocations, and Kshs.1.64 billion (17 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.836.30 million (9 per cent), Facility Improvement Fund (revenue from health facilities), and Kshs.800 million (8 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.305.

3.36.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.3.76 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.21 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.11 million, and its own-source revenue (OSR) collection of Kshs.531.88 million. The County did not report any cash balances from FY 2023/24.

The total OSR collection of Kshs.531.88 million includes Facilities Improvement Financing (FIF) of Kshs.299.22 million and Kshs.232.66 million as ordinary OSR. Table 3.305 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.531.88 million from its revenue sources, including FIF. This amount was a decrease of 7 per cent, compared to Kshs.570.91 million, which was realised in a similar period in FY 2023/24, and less than one per cent of the annual target and equitable revenue share was disbursed, respectively.

The revenue streams which contributed the highest OSR receipts are shown in Figure 142.

Figure 142: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.299.22 million, was from Health /hospital fees /FIF, which contributed 56 per cent of the total OSR receipts during the reporting period.

3.36.3 Borrowing by the County

The County did not borrow any funds during the reporting period.

3.36.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.2.38 billion from the CRF account comprised Kshs.175.59 million (7 per cent) for development programs and Kshs.2.21 billion (93 per cent) for recurrent programs. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.87 billion was released towards compensation of employees and Kshs.613.70 million for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive.

Analysis of the operations and maintenance exchequer releases indicates that 19 per cent was for domestic travel and 3 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.117.85 million, including Kshs.32.25 million for the County Executive and Kshs.85.59 million for the County Assembly. The foreign exchequer totalled Kshs.17.71 million, comprising Kshs.596,985 for the County Executive and Kshs.17.11 million for the County Assembly.

As of 31 December 2024, the County Government's cash balance in the CRF account was Kshs.1.25 billion.

3.36.5 County Expenditure Review

The County spent Kshs.2.56 billion on development and recurrent programmes in the reporting period. The expenditure represented 107 per cent of the total funds released by the CoB and comprised Kshs.174.94 million and Kshs.2.39 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 6 per cent, while recurrent expenditures represented 41 per cent of the annual recurrent expenditure budget.

3.36.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.260.33 million as of 30 June 2024. This amount includes Kshs.192.65 million from the County Executive and Kshs.65.69 million from the County Assembly. The pending bills from the County Executive consist of Kshs.88.99 million for recurrent expenditures and Kshs.103.66 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.89.59 million, comprising Kshs.75.01 million for recurrent programmes and Kshs.14.59 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.63.36 million for recurrent activities.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.23.1 million and Kshs.63.36 million in the first half of FY 2024/25. However, the County adhered to this payment plan, clearing Kshs.26.23 million for the Executive and Kshs.63.36 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.170.74 million, comprising Kshs.166.42 million for the County Executive and Kshs.4.32 million for the County Assembly.

3.36.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.9 billion on employee compensation, Kshs.186.34 million on operations and maintenance, and Kshs.171.55 million on development activities. Similarly, the County Assembly spent Kshs.101.37 million on employee compensation, Kshs.201.5 million on operations and maintenance, and Kshs.3.38 million on development activities, as shown in Table 3.307.

3.36.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.0 billion, or 53 per cent of the available revenue of Kshs.3.56 billion. This expenditure represented an increase from Kshs.1.79 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.08 billion paid to the Health Sector employees, translating to 54 per cent of the total wage bill.

Figure 143 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.1.77 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.235.64 million was processed through manual payrolls, which accounted for 12 per cent of the total PE cost.

The County Assembly spent Kshs.10.99 million on committee sitting allowances for the 43 MCAs against the annual budget allocation of Kshs.20.00 million. The average monthly sitting allowance was Kshs.42,598 per MCA. The County Assembly had 24 House Committees.

3.36.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.100 million to County-Established funds in FY 2024/25 or 1 per cent of the County's overall budget. Further, the County allocated Kshs.20 million to the Emergency Fund (less than one per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.308 summarises each established Fund's budget allocation and performance during the reporting period.

The operations and maintenance costs include an expenditure of Kshs.8.50 million on garbage collection and Kshs.7.95 million on Legal fees/Dues, arbitration and compensation payments expenditure legal fees.

3.36.11 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.299.22 million as FIF, which was 34 per cent of the annual target of Kshs.836.30 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2021. The County has developed regulations to operationalise the FIF Act of 2021.

Contrary to Section 18 (e) of the FIF Act, the health sector did not provide a report on the use of the FIF during the reporting period.

The expenditure by the health facilities amounted to Kshs.299.22, as shown in Table 3.310.

As of December 31, 2024, the County Treasury's expenditures have exceeded the exchequer issues due to several items being processed in the vote book that have not yet been requisitioned or approved by the Controller of Budget. The County utilises the vote book to track its expenditure amounts.

Analysis of department expenditure shows that the Department of County Public and Solid Waste Management recorded the highest absorption rate of development budget at 17 per cent, followed by the Department of Finance Economic Planning & ICT at 13 per cent. The Department of Health Service and Public Health had the highest percentage of recurrent expenditure to budget at 47 per cent. In comparison, the Department of Nyeri Municipality had the lowest at 5 per cent.

Sub-programmes with the highest levels of implementation based on absorption rates were: Development Of Agricultural Land For Crop Production and Farm Development in the Department of Agriculture, Livestock and Aquaculture Development at 50 per cent, Administration, Planning, and General Support Services in the Department of Health Services and Public Health at 47 per cent, Administration and personnel services in the Department of Lands, Physical Planning and Urban Development at 47 per cent, and Administration Planning and Support Services in the Department of County Public Service and Solid Waste Management at 46 per cent of budget allocation.

3.36.15 Accounts Operated Commercial Banks

The County Government operated thirty-two accounts with commercial banks, including two Health Facilities accounts, eleven Established Funds accounts, three revenue accounts, eleven special purpose accounts (additional allocations), one imprest account, two recurrent operational accounts, and two development operational accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.36.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 28 January 2025
- ii. The underperformance of own-source revenue at Kshs.232.22 million against an annual target of Kshs.800 million, representing 29 per cent of the yearly target.
- iii. Use of manual payroll. Personnel emoluments amounting to Kshs.235.64 million were processed through manual payroll, accounting for 11.8 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- iv. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*

- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iv. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.37. County Government of Samburu

3.37.1 Overview of FY 2024/25 Budget

The Samburu County Gross Approved FY 2024/25 budget is Kshs.7.32 billion. It comprises Kshs.2.26 billion (31 per cent) and Kshs.5.07 billion (69 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.199.18 billion (3 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.2.48 billion and a recurrent budget of Kshs.5.05 billion. The decrease in the budget was attributed to the decline in the provisional amount intended to finance the pending bills.

The Samburu County Government budget will be financed from different sources of revenue. These include Kshs.5.81 billion (79 per cent) expected as the equitable share of revenue raised nationally, Kshs.837.35 million as additional allocations/conditional grants, a cash balance of Kshs.400 million (5 per cent) brought forward from FY 2023/24, and Kshs.281.63 million (4 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.18.7 million (0.3 per cent) as Facility Improvement Fund (revenue from health facilities), and Kshs.262.93 million (4 per cent) as ordinary own-source revenue. A breakdown of the additional allocations/conditional grants. A breakdown of the additional allocations is shown in Table 3.314.

3.37.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.3.57 billion to fund its development and recurrent activities. This amount consisted of Kshs.2.82 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.116.63 million, and its own-source revenue (OSR) collection of Kshs.165.59 billion. In addition, the County had a cash balance of Kshs.461.10 million from FY 2023/24.

The total OSR collection of Kshs.165.59 billion includes Facilities Improvement Financing (FIF) of Kshs.5.37 million and Kshs.160.22 million as ordinary OSR. Table 3.314 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.165.59 million from its revenue sources, including AIA and FIF. This amount was an increase of 16 per cent compared to Kshs.142.52 million realised in a similar period in FY 2023/24. It was 59 per cent of the annual target and 6 per cent of the equitable revenue share disbursed.

The increase in OSR can be attributed to the adoption of technology in revenue collection.

The revenue streams which contributed the highest OSR receipts are shown in Figure 146.

Figure 146: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream of Kshs.118.12 million was from Game park fees contributing to 71 per cent of the total OSR receipts during the reporting period.

3.37.3 Borrowing by the County

During the period under review, the County did not report any borrowings

3.37.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.2.34 billion from the CRF account comprised Kshs.433.86 million (19 per cent) for development programmes and Kshs.1.91 billion (81 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.13 billion was released towards compensation of employees and Kshs.774.87 million for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to technicalities in migrating the payroll system.

Analysis of the operations and maintenance exchequer releases indicates that 3 per cent was for domestic travel and less than 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.76.27 million, including Kshs.43.16 million for the County Executive and Kshs.33.11 million for the County Assembly. The foreign travel exchequer totalled Kshs.9.57 million, comprising Kshs.0.62 million for the County Executive and Kshs.8.95 million for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.555.49 million.

3.37.5 County Expenditure Review

The County spent Kshs.2.33 billion on development and recurrent programmes in the reporting period. The expenditure represented 99 per cent of the total funds released by the CoB and comprised Kshs.420.84 million and Kshs.1.99 million on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 19 per cent, while recurrent expenditure represented 38 per cent of the annual recurrent expenditure budget.

3.37.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.686.07 million as of 30 June 2024. This includes Kshs.667.47 million from the County Executive and Kshs.18.60 million from the County Assembly. The pending bills from the County Executive consist of Kshs.332.31 million for recurrent expenditures and Kshs.335.16 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.312.52 million, comprising Kshs.164.95 million for recurrent programmes and Kshs.147.56 million for development programmes.

The County Executive submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.284.69 million in the first half of FY 2024/25. The County did adhere to this payment plan, as it cleared Kshs.312.52 million for the Executive

As of 31 December 2024, the outstanding bills amounted to Kshs.354.95 million.

3.37.7 Expenditure by Economic Classification.

The County Executive spent Kshs.998.32 million on employee compensation, Kshs.675.94 million on operations and maintenance, and Kshs.420.84 million on development activities. Similarly, the County Assembly spent Kshs.135.76 billion on employee compensation and Kshs.98.93 million on operations and maintenance, as shown in Table 3.316.

3.37.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.13 billion, or 32 per cent of the available revenue of Kshs.3.57 billion. This expenditure represented an increase from Kshs.930.59 million reported in a similar period in FY 2023/24. The wage bill included Kshs.680.45 million paid to the Health Sector employees, translating to 60 per cent of the total wage bill.

Figure 147 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.1.02 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.114.88 million was processed through manual payrolls, which accounted for 10 per cent of the total PE cost.

The County Assembly spent Kshs.7.74 million on committee sitting allowances for the 25 MCAs against the annual budget allocation of Kshs.69.15 million. The average monthly sitting allowance was Kshs.51,592 per MCA. The County Assembly had 15 House Committees.

3.37.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows county governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.411.40 million to County-Established funds in FY 2024/25, or 6 per cent of the County's overall budget. Further, the County allocated Kshs.20.00 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.317 summarises each established Fund's budget allocation and performance during the reporting period.

The operations and maintenance costs include an expenditure of Kshs.14.26 million on legal fees/dues, arbitration and compensation payments, and legal fees.

3.37.11 Facility Improvement Financing

During the period under review, the County reported collecting Kshs.5.37 million as FIF, which was 29 per cent of the annual target of Kshs.18.7 million. The collected amount was remitted to the county revenue fund contrary to the requirements of the Facility Improvement Financing Act of 2023. The County has, however, not developed regulations to operationalise the FIF Act of 2023.

3.37.12 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.420.84 million on development programmes, representing an increase of 201 per cent compared to a similar period in FY 2023/24, when the

County spent Kshs.139.97 million. Table 3.319 summarises development projects with the highest expenditure in the reporting period.

Sub-programmes with the highest levels of implementation based on absorption rates were: Water and sanitation services in the Department of Water, Environment, Natural Resources & Energy at 53 per cent, Forests Conservation and Management in the Department of Water, Environment, Natural Resources & Energy at 50 per cent, Public Finance Management in the Department of Finance, Economic Planning & ICT at 31 per cent, and Design, supervision and rehabilitation of County Buildings In the department of Roads, Transport & Public Works department at 16 per cent of budget allocation.

3.37.15 Accounts Operated Commercial Banks

The County Government operated twenty-four accounts with commercial banks, including three accounts for Health Facilities, one account for Vocational Training Centers, six accounts for Established Funds, two revenue accounts, ten special purpose accounts (additional allocations) and two imprest accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.37.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 24 January 2024.
- ii. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. As of 15 January 2025, the reports for the Conservancies Fund, Executive Car Loan and Mortgage, Bursaries and Support Services, People Living with Disability Fund, Emergency Fund, and County Assembly Established Funds were not submitted to the Controller of Budget.
- iii. Use of manual payroll. Personnel emoluments amounting to Kshs.114.88 million were processed through manual payroll, accounting for 10 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- iv. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iii. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iv. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.38. County Government of Siaya

3.38.1 Overview of FY 2024/25 Budget

The Siaya County Gross Approved FY 2024/25 budget is Kshs.10.95 billion. It comprises Kshs.4.87 billion (45 per cent) and Kshs.6.07 billion (55 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.9.76 billion (12 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.3.85 billion and a recurrent budget of Kshs.5.91 billion. The increase in the budget was attributed to the rise in balance brought forward from FY 2023/24. The County's Net Approved Budget (gross budget less AIA estimates) is Kshs.10.75 billion, which consists of Kshs.5.89 billion for recurrent and Kshs.4.87 billion for development.

The budget will be financed from different sources of revenue. These include Kshs.7.55 billion (69 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.698.12 million (6 per cent) as additional allocations, a cash balance of Kshs.1.66 billion (15 per cent) was brought forward

from FY 2023/24, and Kshs.1.04 billion (10 per cent) was generated as gross own source revenue. The own-source revenue includes Kshs.194.70 million (2 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.849.36 million (8 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.322.

3.38.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.5.04 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.03 billion from the equitable share of revenue raised nationally and Kshs.259.19 million from its own source revenue (OSR) collection. In addition, the County had a cash balance of Kshs.1.71 billion from FY 2023/24.

The total OSR collection of Kshs.295.19 million includes Facilities Improvement Financing (FIF) of Kshs.236.95 million, and Kshs.58.25 million as ordinary OSR. Table 3.322 summarises the total revenue available to the County Government during the first half of FY 2024/25.

The County aggregation industrial park grant is not captured in the budget, so the performance for other sources of revenue is above 100 percent.

The County has legislation governing the operation of FIF.

Figure 149 shows the trend in own-source revenue collection from the first half of FY 2018/19 to the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.295.19 million from its revenue sources, including AIA and FIF. This amount was an increase of 28 per cent compared to Kshs.202.18 million realised in a similar period in FY 2023/24 and was 28 per cent of the annual target and 10 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 150

Figure 150: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream of Kshs.236.95 million was from health FIF, which contributed to 80 per cent of the total OSR receipts during the reporting period.

3.38.3 Borrowing by the County

The county government did not borrow any money during the period under review that we know of.

3.38.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.3.23 billion from the CRF account comprised Kshs.967.42 million (30 per cent) for development programmes and Kshs.2.26 billion (70 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1,278.76 million was released towards compensation of employees and Kshs.984.47 million for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive due to a delay in processing salary through the new HRM system.

Analysis of the operations and maintenance exchequer releases indicates that 14 per cent was for domestic travel and 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.134.95 million, including Kshs.75.46 million for the County Executive and Kshs.59.50 million for the County Assembly. The foreign exchequer totalled Kshs.7.05 million, comprising Kshs.7.05 million for the County Executive.

Please note that net estimates are gross estimates, less AIA estimates.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.952.37 million.

3.38.5 County Expenditure Review

The County spent Kshs.3.14 billion on development and recurrent programmes in the reporting period. The expenditure represented 97 per cent of the total funds released by the CoB and comprised Kshs.977.04 million and Kshs.2.17 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 20 per cent, while recurrent expenditure represented 36 per cent of the annual recurrent expenditure budget.

3.38.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.1.16 billion as of 30 June 2024. This includes Kshs.1.12 billion from the County Executive and Kshs.35.15 million from the County Assembly. The pending bills from the County Executive consist of Kshs.488.55 million for recurrent expenditures and Kshs.635.10 million for development expenditures. The pending bills from the County Assembly consist of Kshs.33.10 million for recurrent expenditures and Kshs.2.05 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.428.65 million, comprising Kshs.77.24 million for recurrent programmes and Kshs.351.41 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.35.15 million, which included Kshs.33.10 million for recurrent activities and Kshs.2.05 million for development activities.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.93.64 million and Kshs.3.00 million, respectively, in the first half of FY 2024/25. However, the County Executive did not adhere to this payment plan, as it cleared Kshs.428.65 million. The County Assembly cleared its pending bills within the period under review.

As of 31 December 2024, the outstanding bills amounted to Kshs.695.00 million for the County Executive.

3.38.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.10 billion on employee compensation, Kshs.737.64 million on operations and maintenance, and Kshs.934.11 million on development activities. Similarly, the County Assembly spent Kshs.132.99 billion on employee compensation, Kshs.200.59 million on operations and maintenance, and Kshs.42.93 million on development activities, as shown in Table 3.324.

3.38.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.23 billion, or 24 per cent of the available revenue of Kshs.5.04 billion. This expenditure represented an increase from Kshs.1.51 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.484.84 million paid to the Health Sector employees, translating to 39 per cent of the total wage bill.

Figure 151 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2020/21 to the first half of FY 2024/25.

Figure 151: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2020/21 to the First Half of FY 2024/25

Further analysis indicates that PE costs amounting to Kshs.1.08 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.200 million was processed through manual payrolls, which accounted for 19 per cent of the total PE cost.

The County Assembly spent Kshs.13.13 million on committee sitting allowances for the 42 MCAs and the speaker against the annual budget allocation of Kshs.31.64 million. The average monthly sitting allowance was Kshs.52,096.80 per MCA. The County Assembly had 20 House Committees.

3.38.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.126.93 million to County-Established funds in FY 2024/25, or 1.2 per cent of the County's overall budget. Further, the County allocated Kshs.70.00 million to the Emergency Fund (0.6 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.325 summarises each established Fund's budget allocation and performance during the reporting period.

During the reporting period, the CoB did not receive quarterly financial reports from 3 Fund Administrators, as indicated in Table 3.325, contrary to the requirement of Section 168 of the PFM Act, 2012.

Expenditure on Operations and Maintenance

Figure 152 summarises the Operations and Maintenance expenditure by major categories.

Figure 152: Siaya County, Operations and Maintenance Expenditure by Major Categories

Source: Siaya County Treasury

Expenditure on domestic travel amounted to Kshs.144.36 million and comprised Kshs.72.92 million spent by the County Assembly and Kshs.71.44 million by the County Executive. Expenditure on foreign travel amounted to Kshs.6.05 million by the County Executive.

The operations and maintenance costs include Kshs.10.15 million in legal fees/dues, arbitration and compensation payments, and legal fees.

3.38.10 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.236.95 million as FIF, which was 122 per cent of the annual target of Kshs.194.70 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has, however, not developed regulations to operationalise the FIF Act of 2023.

The Health Facilities did (not) provide a report on the utilisation of the FIF during the reporting period, in line with (contrary to) Section 18 (e) of the FIF Act, 2023.

3.38.11 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.977.04 million on development programmes, representing an increase of 60.4 per cent compared to a similar period in FY 2023/24, when the County spent Kshs.609.08 million. Table 3.326 summarises development projects with the highest expenditure in the reporting period.

Sub-programmes with the highest levels of implementation based on absorption rates were General administration, planning policy & support services in the Department of Education, youth affairs, gender & social services at 84 per cent, Sports in the Department of Tourism, culture, sports & arts at 65 per cent.

3.38.13 Accounts Operated Commercial Banks

The County Government operated thirteen accounts with commercial banks, one account for Vocational Training Centers, four accounts for Established Funds, two revenue accounts, five special purpose accounts (additional allocations), and one imprest account.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.38.14 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.295.19 million against an annual target of Kshs.1.04 billion, representing 28 per cent of the yearly target. If performance is below 40 per cent of the annual target.

- ii. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The County Bursary Fund Cooperative Development Fund reports were not submitted to the Controller of Budget as of 15 January 2025.
- iii. High level of pending bills, which amounted to Kshs.695 Million as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- iv. Use of manual payroll. Personnel emoluments amounting to Kshs.200 million were processed through manual payroll, accounting for 19 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- v. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for imprest purposes.
- vi. The programmes and sub-programmes in Table 3.328 were not aligned with the approved budget for each department; the IFMIS reports do not capture the department's budget with the proper description of the programmes.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iii. *The County leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iv. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- v. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*
- vi. *The County Treasury must ensure compliance with the approved programme and sub-programmes in the approved budget.*

3.39. County Government of Taita Taveta

3.39.1 Overview of FY 2024/25 Budget

The Taita Taveta County Gross Approved FY 2024/25 budget is Kshs.8.41 billion. It comprises Kshs.2.70 billion (32 per cent) and Kshs.5.71 billion (68 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.940 million (12 per cent) from the FY 2023/24 budget, which comprised a development budget of Kshs.2.32 billion and a recurrent budget of Kshs.5.17 billion. The increase in the county government budget was attributed to the increase in equitable share.

The budget will be financed from different sources of revenue. These include Kshs.5.22 billion (62 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.2.03 billion (24 per cent) as additional allocations/conditional grants, a cash balance of Kshs.403 million (5 per cent) brought forward from FY 2023/24, Kshs.8.60 million from other revenue sources (less than 1 per cent) and Kshs.750 million (9 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.250 million (33 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.500 million (67 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.329.

3.39.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.2.74 billion to fund its development and recurrent activities. This amount consisted of Kshs.2.10 billion from the equitable share of revenue raised nationally, Kshs.30 million in additional allocations from government and development partners, and Kshs.194.75 million in its own source revenue (OSR) collection. In addition, the County had a cash balance of Kshs.414.29 million from FY 2023/24.

The total OSR collection of Kshs.194.75 million includes Facilities Improvement Financing (FIF) of Kshs.96.39 million, and Kshs.98.35 million as ordinary OSR. Table 3.329 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.194.75 million from its revenue sources, including FIF. This amount was an increase of 10 per cent compared to Kshs.177.07 million realised in a similar period in FY 2023/24 and was 26 per cent of the annual target and 9 per cent of the equitable revenue share disbursed. The increase is attributed to increased OSR mobilisation and enforcement. The revenue streams which contributed the highest OSR receipts are shown in Figure 154.

The highest revenue stream, Kshs.96.39 million, was from Health/Hospital Fees/FIF, which contributed 49 per cent of the total OSR receipts during the reporting period.

3.39.3 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.2.37 billion from the CRF account during the reporting period, which comprised Kshs.152.95 million (6 per cent) for development programmes and Kshs.2.22 billion (94 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.65 billion was released towards compensation of employees and Kshs.566.17 million for operations and maintenance expenditure.

Analysis of the operations and maintenance exchequer releases indicates that 13 per cent was for domestic travel and 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.74.30 million and included Kshs.15.93 million for the County Executive and Kshs.58.36 million for the County Assembly. The foreign exchequer totalled Kshs.7.64 million spent by the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.281.33 million.

3.39.4 County Expenditure Review

The County spent Kshs.2.37 billion on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB and comprised Kshs.152.95 million and Kshs.2.22 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 6 per cent, while recurrent expenditures represented 39 per cent of the annual recurrent expenditure budget.

3.39.5 Settlement of Pending Bills

As of 30 June 2024, the County reported pending bills totalling Kshs.2.30 billion. This includes Kshs.2.17 billion from the County Executive and Kshs.126.22 million from the County Assembly. The pending bills from the County Executive consist of Kshs.1.29 billion for recurrent expenditures and Kshs.887.35 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.296.16 million, comprising Kshs.274.54 million for recurrent programmes and Kshs.26.62 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.73.20 million for recurrent activities.

The County Executive and the Assembly submitted pending bill payment plans at the commencement of FY 2024/25, committing to pay Kshs.10.20 million and Kshs.5.10 million, respectively, in the first half of FY 2024/25. The County did adhere to this payment plan, clearing Kshs.296.16 million for the Executive and Kshs.73.20 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.1.93 billion, comprising Kshs.1.87 billion for the County Executive and Kshs.53.01 million for the County Assembly.

3.39.6 Expenditure by Economic Classification

The County Executive spent Kshs.1.50 billion on employee compensation, Kshs.408.63 million on operations and maintenance, and Kshs.137.22 million on development activities. Similarly, the County Assembly spent

Kshs.154.75 million on employee compensation, Kshs.157.55 million on operations and maintenance, and Kshs.15.73 million on development activities, as shown in Table 3.331.

The sub-programmes with the highest levels of implementation based on absorption rates were: General Administration and Support Services in the Department of Public Administration and Service at 60 per cent, General Administration and Support Services in the Department of Finance and Planning at 50 per cent, General Administration and Support Services in the Department of Water & Sanitation at 47 per cent and General Administration, Planning and Support Services in the Department of Education and Libraries at 47 per cent of budget allocation.

3.39.14 Accounts Operated Commercial Banks

The County Government operated thirty-seven accounts with commercial banks, including seven accounts for Health Facilities, two accounts for Vocational Training Centres, four accounts for Established Funds, five revenue accounts, eight special purpose accounts (additional allocations), four imprest accounts, and six recurrent operational accounts and one development operational accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.39.15 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. Own-source revenue underperformed at Kshs.194.75 million against an annual target of Kshs.750 million, representing 26 per cent of the yearly target.
- ii. High level of pending bills, which amounted to Kshs.1.93 billion as of 31 December 2024.
- iii. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.
- iv. Low expenditure on development programmes accounted for a 6 per cent absorption rate of the budget allocated to development activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County Leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year.*
- iii. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*
- iv. *The County Leadership should develop and implement strategies to enhance the absorption of funds allocated towards development expenditure activities, improving citizens' livelihood.*

3.40. County Government of Tana River

3.40.1 Overview of FY 2024/25 Budget

The Tana River County Net Approved Budget Y 2024/25 budget is Kshs.9.31 billion. It comprises Kshs.3.64 billion (39 per cent) and Kshs.5.67 billion (61 per cent) allocated to development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.282.82 million (3 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.3.56 billion and a recurrent budget of Kshs.5.46 billion. The increase in the budget was attributed to the rise in unspent funds from the FY 2023/2024 and the higher target in own source revenue collection projection.

The budget will be financed from different sources of revenue. These include; Kshs.7.04 billion (76 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.08 billion as additional allocations (12 per cent), and a cash balance of Kshs.1.09 billion (12 per cent) brought forward from FY 2023/24, and Kshs.96.63 million (1 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.3.96 million (0.04 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.92.67 million (1 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.338.

3.40.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.3.73 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.39 billion from the equitable share of revenue raised nationally, its own source revenue (OSR) collection of Kshs.42.57 million. In addition, the County had a cash balance of Kshs.298.88 million from FY 2023/24.

The total OSR collection of Kshs.42.57 million includes Facilities Improvement Financing (FIF) of Kshs.3.79 million, and Kshs.38.78 million as ordinary OSR. Table 3.338 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.42.57 million from its revenue sources, including AIA and FIF. This amount was an increase of 38 per cent compared to Kshs.30.84 million realised in a similar period in FY 2023/24, 44 per cent of the annual target, and 1 per cent of the equitable revenue share disbursed.

The increase in OSR can be attributed to increased revenues from exploiting natural resources.

The revenue streams which contributed the highest OSR receipts are shown in Figure 158.

Figure 158: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.11.33 million, was from land rates, contributing 26 per cent of the total OSR receipts during the reporting period.

3.40.3 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.2.58 billion from the CRF account during the reporting period, which comprised Kshs.612.85 million (24 per cent) for development programmes and Kshs1.97 billion (76 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.968.68 million was released towards compensation of employees and Kshs.1.30 billion for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to the late submission of the salaries exchequer request.

The operations and maintenance exchequer releases analysis indicates that 8 per cent was for domestic travel. The domestic travel exchequer amounted to Kshs77.0 million and was all realised to the County Executive.

The underperformance in the Department of Roads Transport & Public Works and the Department of Hola Municipality was due to a delay in the procurement process, which affected their timely requisition process.

As of 31 December 2024, the County Government's cash balance in the CRF account was Kshs.1.28 billion.

3.40.4 County Expenditure Review

The County spent Kshs.2.09 billion on development and recurrent programmes in the reporting period. The expenditure represented 81 per cent of the total funds released by the CoB and comprised Kshs.266.43 million and Kshs.1.83 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 7 per cent, while recurrent expenditures represented 32 per cent of the annual recurrent expenditure budget.

3.40.5 Settlement of Pending Bills

The County reported pending bills totalling Kshs.2.13 billion as of 30 June 2024. This amount consists of 2.12 billion by the County Executive and Kshs.3.77 million by the County assembly. The pending bills from the County Executive consist of Kshs.1.17 billion for recurrent expenditures and Kshs.951.05 million for development expenditures, while the pending bills by the County Assembly consisted of Kshs..3.77 million for recurrent activities.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.334.99 million, comprising Kshs.63.11 million for recurrent programmes and Kshs.271.87 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.3.77 million for development activities.

The County Executive submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.790.65 million in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as the Executive only cleared Kshs.334.99 million.

As of 31 December 2024, the outstanding bills amounted to Kshs.1.79 billion by the County Executive.

3.40.6 Expenditure by Economic Classification

The County Executive spent Kshs.868.84 million on employee compensation, Kshs.654.22 million on operations and maintenance, and Kshs.262.66 million on development activities. Similarly, the County Assembly spent Kshs.144.89 million on employee compensation, Kshs.162.62 million on operations and maintenance, and Kshs.3.77 million on development activities, as shown in Table 3.340.

3.40.7 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.01 billion, or 27 per cent of the available revenue of Kshs.3.73 billion. This expenditure represented an increase from Kshs.981.74 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.405.61 million paid to the Health Sector employees, translating to 40 per cent of the total wage bill.

Further analysis indicates that PE costs amounting to Kshs.1.00 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.8.22 million was processed through manual payrolls, which accounted for 0.8 per cent of the total PE cost.

The County Assembly spent Kshs.10.42 million on committee sitting allowances for the 27 MCAs against the annual budget allocation of Kshs.25 million. The average monthly sitting allowance was Kshs.128,630 per MCA. The County Assembly had 19 House Committees.

3.40.8 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.545.37 million to County-Established funds in FY 2024/25, or 6 per cent of the County's overall budget. Further, the County allocated Kshs139.68 million to the Emergency Fund (2 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

1.4 summarises each established Fund's budget allocation and performance during the reporting period.

3.40.9 Facility Improvement Financing

During the period under review, the county reported a collection of Kshs.of 3.79 million as FIF, which was 96 per cent of the annual target of Kshs.3.95 million. The collected amount was retained and utilised at the source per the Facility Improvement Financing Act of 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The health facilities did not provide a report on the utilisation of the FIF during the reporting period, in line with (contrary to) Section 18 (e) of the FIF Act, 2023.

3.40.10 Development Expenditure

In the first half of FY 2024/25, the County reported spending Kshs.266.43 million on development programmes, representing a 43 per cent decrease compared to a similar period in FY 2023/24, when the County spent Kshs.469.51 million. All the development expenditure was incurred to settle pending bills for projects implemented in previous financial years. Table 3.343 summarises development projects with the highest expenditure in the reporting period.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.40.14 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

- i. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 30 January 2024
- ii. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. As of 15 January 2025, the Emergency Fund, Disaster Risk Management Fund, Car Loan & Mortgage Fund, and Bursary Fund reports were not submitted to the Controller of Budget
- iii. As of 31 December 2024, the county Treasury had a high number of pending bills, amounting to Kshs.1.78 billion. Further, the county Treasury did not adhere to the payment plan for the pending bills.
- iv. Use of manual payroll. Personnel emoluments amounting to Kshs.8.22 million were processed through manual payroll, accounting for 0.8 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The CECM Finance should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iii. *The County leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iv. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*

3.41. County Government of Tharaka Nithi

3.41.1 Overview of FY 2024/25 Budget

The Tharaka Nithi County gross approved FY 2024/25 budget is Kshs.6.48 billion. It comprises Kshs.2.38 billion (36.8 per cent) and Kshs.4.10 billion (63 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.159.98 million (3 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.2.52 billion and a recurrent budget of Kshs.3.80 billion. The increase in the budget was attributed to the rise in equitable share balance brought forward of the FY 2023/24 allocation. The county's net approved budget is Kshs.6. billion, which consists of Kshs.3.93 billion for recurrent and Kshs.2.38 billion for development.

The budget will be financed from different sources of revenue. These include; Kshs.4.67 billion (71 per cent) expected from the National Government as the equitable share of revenue raised nationally. The equitable share includes Kshs.136.32 million as additional allocations. The County also projects to generate Kshs.450.00 million (6.8 per cent) from own source revenue. The own source revenue includes Kshs.285.0 million (4.3 per cent) as ordinary own-source revenue, Kshs.165.0 million (2.5 per cent) as Facility Improvement Fund (revenue from health facilities) treated as Appropriations-in-Aid (A-In-A). A breakdown of the additional allocations is shown in Table 3.347.

3.41.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.2.47 billion to fund its development and recurrent activities. This amount consisted of Kshs.2.18 billion from the equitable share of revenue raised nationally, and its own source revenue (OSR) collection of Kshs.183.00 million. In addition, the County had a cash balance of Kshs.107.44 million from FY 2023/24.

The total OSR collection of Kshs.183.00 million includes Facilities Improvement Financing (FIF) of Kshs.108.51 million treated as Appropriations in Aid (A-In-A) and Kshs.74.49 million as ordinary OSR. Table 3.347 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.183.00 million from its revenue sources, including AIA and FIF. This amount was an increase of 17 per cent compared to Kshs.156.13 million realised in

a similar period in FY 2023/24 and was 41 per cent of the annual target and 8 per cent of the equitable revenue share disbursed. The OSR includes revenue arrears and penalties charged on fees and levies from previous financial years of Kshs.22.86 million.

The revenue streams which contributed the highest OSR receipts are shown in Figure 161.

Figure 161: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.108.51 million, was from the hospital's Facility Improvement Fund, which contributed 59 per cent of the total OSR receipts during the reporting period.

3.41.3 Borrowing by the County

The County Government did not borrow during the first half of the financial year

3.41.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.2.33 billion from the CRF account during the reporting period, which comprised Kshs.223.88 million (10 per cent) for development programmes and Kshs.2.11 billion (90 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.48 billion was released towards compensation of employees and Kshs.508.41 million for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to delays in exchequer release.

Analysis of the operations and maintenance exchequer releases indicates that 15 percent was for domestic travel and 0.6 percent for foreign travel. The domestic travel exchequer amounted to Kshs.77.06 million and included Kshs.21.30 million for the County Executive and Kshs.55.76 million for the County Assembly. The foreign exchequer totalled Kshs.2.9 million incurred by the County Assembly.

3.41.5 County Expenditure Review

The County spent Kshs.2.23 billion on development and recurrent programmes in the reporting period. The expenditure represented 96 per cent of the total funds released by the CoB and comprised of Kshs.337.45 million and Kshs.1.89 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 14 per cent, while recurrent expenditure represented 46.1 per cent of the annual recurrent expenditure budget.

3.41.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.748.14 million as of 30th June 2024. This amount includes Kshs.611.53 million from the County Executive and Kshs.136.61 million from the County Assembly. The pending bills from the County Executive consist of Kshs.393.02 million for recurrent expenditures and Kshs.218.50 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.247.29 million, comprising Kshs.167.52 million for recurrent programmes and Kshs.79.77 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.35.06 million for only development activities.

Since the commencement of FY 2024/25, the County Executive and the Assembly have yet to submit pending bill payment plans.

As of December 31, 2024, the outstanding bills amounted to Kshs.465.80 million, comprising Kshs.364.24 for the County Executive and Kshs.101.56 million for the County Assembly.

3.41.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.32 billion on employee compensation, Kshs.366.31 million on operations and maintenance, and Kshs.337.45 million on development activities. Similarly, the County Assembly spent Kshs.114.31 million on employee compensation and Kshs.89.53 million on operations and maintenance, as shown in Table 3.349.

Note: Data for the first half of the FYs 2018/19 to FY 2020/21 were not availed

Further analysis indicates that PE costs amounting to Kshs.1.27 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.159.91 million was processed through manual payrolls, which accounted for 11 per cent of the total PE cost.

The County Assembly spent Kshs.13.13 million on committee sitting allowances for the 24 MCAs against the annual budget allocation of Kshs.31.20 million. The average monthly sitting allowance was Kshs.182,428 per MCA. The County Assembly had 19 House committees.

3.41.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.88.52 million to county-established funds in FY 2024/25, or 1.37 per cent of the County's overall budget. Further, the County allocated Kshs.10.00 million to the Emergency Fund (0.2 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.350 summarises each established Fund's budget allocation and performance during the reporting period.

The sub-programmes with the highest implementation levels based on absorption rates were General Administrative Services in the Department of Roads, Infrastructure, Public Works and Urban Development at 92 per cent, General Administrative Services in the Department of Medical Services at 72 per cent, and Administration Planning and Support Services in the Department of Education and Vocational Training at 64 per cent of budget allocation.

3.41.15 Accounts Operated Commercial Banks

The county government operated 14 accounts with commercial banks, including 9 accounts for revenue collection, one special purpose account (FLOCCA), 1 for emergencies (County Emergency Fund), 1 for bursaries (County Bursary Fund account), 1 for youth empowerment (County Youth Empowerment Fund account), and 1 for mortgage funds (County Staff Loan and Mortgage Fund account).

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that county government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.41.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. The County Treasury submitted its financial reports late to the Controller of Budget, which affected the timely preparation of the budget implementation report. The report was received on February 3, 2025.
- ii. The underperformance of own-source revenue at Kshs.183 million against an annual target of Kshs.450 million, representing 40 per cent of the yearly target.
- iii. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The County Assembly Car and Mortgage Fund reports were not submitted to the Controller of Budget as of 15th January 2025.
- iv. High pending bills amounted to Kshs748.14 million. as of 31st December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- v. Use of manual payroll. Kshs.159.91 million in personnel emoluments were processed through manual payroll, accounting for 11.2 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- vi. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.
- vii. The unspent funds from FY 2023/24 and equitable share's additional allocation amounting to Kshs.107.44 million and Kshs.136.32 million, respectively, had not been incorporated into the budget, creating an imbalance in the county's budget.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
 - ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
 - iii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
 - iv. *The County leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
 - v. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- The County Government should ensure that bank accounts are opened and operated at the Central Bank*

of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.

- vi. The County Treasury should ensure that unspent funds from the previous FY 2024/25 are incorporated into the budget to uphold its integrity.

3.42. County Government of Trans Nzoia

3.42.1 Overview of FY 2024/25 Budget

The Trans Nzoia County Approved FY 2024/25 budget is Kshs.10.52 billion. It comprises Kshs.4.45 billion (42.3 per cent) and Kshs.6.07 billion (57.7 per cent) allocations for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.336.60 million (3 per cent) from the FY 2023/24 budget, which comprised a development budget of Kshs.4.35 billion and a recurrent budget of Kshs.5.83 billion. The increase in the budget was attributed to the rise in balance brought forward.

The budget will be financed from different sources of revenue. These include Kshs.7.80 billion (74 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.44 billion as additional allocations, a cash balance of Kshs.599.90 million as gross own source revenue. The own-source revenue includes Kshs.311.70 million (3 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.368.30 million (4 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.356.

3.42.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.3.95 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.13 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.65.13 million, and its own source revenue (OSR) collection of Kshs.159.66 million. In addition, the County had a cash balance of Kshs.599.90 million from FY 2023/24.

The total OSR collection of Kshs.159.66 million includes Facilities Improvement Financing (FIF) of Kshs.89.99 million, and Kshs.69.68 million as ordinary OSR. Table 3.356 summarises the total revenue available to the County Government during the first half of FY 2024/25.

The County has governing legislation on the operation of ordinary A-I-A and FIF. Figure 164 shows the trend in own-source revenue collection from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 164: Trend in Own-Source Revenue Collection from the First Half of FY 2018/19 to the First Half of FY 2024/25

During the first half of FY 2024/25, the County generated Kshs.159.66 million from its revenue sources, including FIF. This amount was a decrease of 29 per cent compared to Kshs.225.99 million realised in a similar period in FY 2023/24 and was 24 per cent of the annual target and 5 per cent of the equitable revenue share disbursed. The revenue streams which contributed the highest OSR receipts are shown in Figure 165.

Figure 165: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.89.99 million, was from Hospital Fees/FIF, contributing 56 per cent of the total OSR receipts during the reporting period.

3.42.3 Borrowing by the County

3.42.4 The County did not report any borrowing during the reporting period.

3.42.5 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.3.0 billion from the CRF account during the reporting period comprised Kshs.901.92 million (30 per cent) for development programmes and Kshs.2.10 billion (70 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.59 billion was released towards compensation of employees and Kshs.510.05 million for operations and maintenance expenditure. Releases towards compensation for employees in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to a delay in requisition by the County Treasury.

Analysis of the operations and maintenance exchequer releases indicates that 10 per cent was for domestic travel and 2 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.51.83 million, including Kshs.26.57 million for the County Executive and Kshs.25.26 million for the County Assembly. The foreign travel exchequer totalled Kshs.8.00 million, which the County Assembly spent.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.870.96 million.

The budget allocation and exchequer issued by the department are shown in Table 3.357.

3.42.6 County Expenditure Review

The County spent Kshs.2.84 billion on development and recurrent programmes in the reporting period. The expenditure represented 94 per cent of the total funds released by the CoB and comprised of Kshs.851.08 million and Kshs.1.99 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 19 per cent, while recurrent expenditure represented 33 per cent of the annual recurrent expenditure budget.

3.42.7 Settlement of Pending Bills

As of 30 June 2024, the County reported pending bills totalling Kshs.2.11 billion. The pending bills were only for the County Executive, which consisted of Kshs.926.07 million for recurrent expenditures and Kshs.1.19 billion for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.806.98 million, comprising Kshs.140.23 million for recurrent programmes and Kshs.666.75 million for development programmes.

The County Executive submitted pending bill payment plans at the commencement of FY 2024/25, committing to pay Kshs.826.47 million in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.806.98 million. As of 31 December 2024, the outstanding bills amounted to Kshs.1.31 billion.

3.42.8 Expenditure by Economic Classification

During the first half of the FY 2024/2025, the County Executive spent Kshs.1.34 billion on employee compensation, Kshs.433.21 million on operations and maintenance, and Kshs.807.92 million on development activities. Similarly, the County Assembly spent Kshs.116.35 million on employee compensation, Kshs.96.91 million on operations and maintenance, and Kshs.43.16 million on development activities, as shown in Table 3.358.

3.42.9 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.46 billion, or 37 per cent of the available revenue of Kshs.3.95 billion. This expenditure represented a decrease from Kshs.1.82 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.847.14 million paid to the Health Sector employees, translating to 58 per cent of the total wage bill.

Figure 166 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 166: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2018/19 to the First Half of FY 2024/25

Further analysis indicates that PE costs amounting to Kshs.1.41 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.45.68 million was processed through manual payrolls, which accounted for 3 per cent of the total PE cost.

The County Assembly spent Kshs.10.68 million on committee sitting allowances for the 33 MCAs against the annual budget allocation of Kshs.42.43 million. The average monthly sitting allowance was Kshs.52,335 per MCA. The County Assembly had 22 House Committees.

3.42.10 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.258.76 million to County-Established funds in FY 2024/25, or 2 per cent of the County's overall budget. The County allocated Kshs.40 million to the Emergency Fund (0.4 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.359 summarises each established Fund’s budget allocation and performance during the reporting period.

During the reporting period, the CoB did not receive quarterly financial reports from the Administrators of the Car Loan and Mortgage Fund, The Emergency Fund and the Nawiri Fund, as indicated in Table 3.359 contrary to the requirement of Section 168 of the PFM Act, 2012.

3.42.11 Expenditure on Operations and Maintenance

Figure 167 summarises the Operations and Maintenance expenditure by major categories.

Expenditure on domestic travel amounted to Kshs.51.83 million and comprised Kshs.25.26 million spent by the County Assembly and Kshs.26.57 million by the County Executive. Expenditure on foreign travel amounted to Kshs.8.00 million spent by the County Assembly. Expenditure on foreign travel is summarised in Table 3.360.

The operations and maintenance costs include an expenditure of Kshs.6.45 million on legal fees/dues, arbitration and compensation payments, and legal fees.

3.42.12 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.89.99 million as FIF, which was 29 per cent of the annual target of Kshs.311.70 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The Health Facilities did not provide a report on the utilisation of the FIF during the reporting period, contrary to Section 18 (e) of the FIF Act, 2023.

3.42.13 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.851.08 million on development programmes, representing an increase of 62 per cent compared to a similar period in FY 2023/24, when the County spent Kshs.524.03 million. Table 3.361 summarises development projects with the highest expenditure in the reporting period.

The sub-programmes with the highest levels of implementation based on absorption rates were: Administrative and Support Services in the Department of Roads, Transport and Infrastructure at 92 per cent, Administrative

And Support Services in the Department of Finance at 52 per cent, Administrative And Support Services in the Department of Trade, Commerce and Industry at 45 per cent, and Administrative And Support Services in the Department of Water, Environment at 41 per cent of budget allocation.

3.42.16 Accounts Operated Commercial Banks

The County Government operated 135 accounts with commercial banks, including 83 accounts for Health Facilities, 32 for Vocational Training Centres, seven for Established Funds, two for revenue, six special purpose accounts (additional allocations), four for imprest accounts, and one for development operational account.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.42.17 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the county budget, the COB identified the following challenges that hampered effective budget implementation.

- i. The County Treasury submitted its financial reports late to the Controller of Budget, which affected the timely preparation of the budget implementation report. The report was received on 22 January 2025.
- ii. Own-source revenue underperformed at Kshs.159.66 million against an annual target of Kshs.680.00 million, representing 24 per cent of the yearly target.
- iii. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. As of 15 January 2025, reports for the Car Loan and Mortgage Fund, the Emergency Fund, and the Nawiri Fund were yet to be submitted to the Controller of Budget.
- iv. High level of pending bills, which amounted to Kshs.1.31 billion as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- v. Use of manual payroll. Personnel emoluments amounting to Kshs.45.68 million were processed through manual payroll, accounting for 3.1 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- vi. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iv. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- v. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- vi. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.43. County Government of Turkana

3.43.1 Overview of FY 2024/25 Budget

The Turkana County Gross Approved FY 2024/25 Budget is Kshs.19.76 billion. It comprises Kshs.8.68 billion (44 per cent) and Kshs.11.08 billion (56 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.2.54 billion (15 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.7.05 billion and a recurrent budget of Kshs.10.17. billion. The increase in the budget was attributed to the rise in balance carried forward from FY 2023/24. The County's Net Approved Budget (gross budget less AIA estimates) is Kshs.19.68 billion, which consists of Kshs.11.00 billion for recurrent and Kshs.8.68 billion for development.

The budget will be financed from different sources of revenue. These include; Kshs.13.65 billion (69 per cent) as the equitable share of revenue raised nationally, Kshs.1.34 billion (7 per cent) as additional allocations, a cash balance of Kshs.4.45 billion (23 per cent) was brought forward from FY 2023/24, and Kshs.320 million (2 per cent) was generated as gross own source revenue. The own-source revenue includes Kshs.79 million (0.4 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.241 million (12 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.364.

3.43.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.6.82 billion to fund its development and recurrent activities. This amount consisted of Kshs.5.48 billion from the equitable share of revenue raised nationally, and its own source revenue (OSR) collection of Kshs.141.80 million. In addition, the County had a cash balance of Kshs.1.19 billion from FY 2023/24.

The total OSR collection of Kshs.141.80 million includes Facilities Improvement Financing (FIF) of Kshs.74.82 million, and Kshs.66.98 million as ordinary OSR. Table 3.364 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.141.80 million from its revenue sources, including AIA and FIF. This amount was an increase of 32.5 per cent compared to Kshs.106.98 million realised in a similar period in FY 2023/24 and was 44.3 per cent of the annual target and 2.6 per cent of the equitable revenue share disbursed. The increase can be attributed to the Facility Improvement fund (FIF) collection.

The revenue streams which contributed the highest OSR receipts are shown in Figure 169.

Figure 169: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.74.82 million, was from the Facility Improvement Fund (FIF), which contributed 51 per cent of the total OSR receipts during the reporting period.

3.43.3 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.5.37 billion from the CRF account during the reporting period, which comprised Kshs.1.88 billion (35 per cent) for development programmes and Kshs.3.49 billion (65 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.38 billion was released towards compensation of employees and Kshs.1.11 billion for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly due to a delay in the disbursement of funds from the equitable share of revenue by the National Treasury.

Analysis of the operations and maintenance exchequer releases indicates that 14 per cent was for domestic travel and 0.5 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.156.69 million, including Kshs.140.18 million for the County Executive and Kshs.16.51 million for the County Assembly. The foreign exchequer totalled Kshs.16.84 million, comprising Kshs.16.84 million for the County Executive. The County Assembly did not incur any expenditure on foreign travel.

As of 31st December 2024, the County Government's cash balance in the CRF account was Kshs.1.33 billion.

3.43.4 County Expenditure Review

The County spent Kshs.6.63 billion on development and recurrent programmes in the reporting period. The expenditure represented 123.3 per cent of the total funds released by the CoB and comprised Kshs.2 billion and Kshs.4.63 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 34 per cent, while recurrent expenditure represented 41.7 per cent of the annual recurrent expenditure budget.

3.43.5 Settlement of Pending Bills

The County reported pending bills totalling Kshs.4.79 billion as of 30th June 2024. This amount includes Kshs.4.78 billion from the County Executive and Kshs.18 million from the County Assembly. The pending bills from the County Executive consist of Kshs.773.80 million for recurrent expenditures and Kshs.4 billion for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.2.5 billion, comprising Kshs.619.74 million for recurrent programmes and Kshs.1.88 billion for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.18 million solely for recurrent activities.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.3.41 billion and Kshs.18 million, respectively, in the first half of FY 2024/25. However, the County Executive did not adhere to this payment plan, as it cleared Kshs.2.5 billion.

As of 31st December 2024, the outstanding bills amounted to Kshs.2.28 billion, solely for the County Executive.

3.43.6 Expenditure by Economic Classification

The County Executive spent Kshs.2.69 billion on employee compensation, Kshs.1.60 billion on operations and maintenance, and Kshs.2.00 billion on development activities. Similarly, the County Assembly spent Kshs.238.04 million on employee compensation and Kshs.97.88 million on operations and maintenance. The

County Assembly did not incur any expenditure on development activities, as shown in Table 3.366.

3.43.7 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.92 billion, translating to 43 per cent of the available revenue of Kshs.6.82 billion. This expenditure represented a decrease from Kshs.3.03 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.18 billion paid to the Health Sector employees, translating to 40.2 per cent of the total wage bill.

Figure 170 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.2.87 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.58.22 million was processed through manual payrolls, which accounted for 1.7 per cent of the total PE cost.

The County Assembly spent Kshs.9.15 million on committee sitting allowances for the 48 MCAs against the annual budget allocation of Kshs.30.16 million. The average monthly sitting allowance was Kshs.31,784 per MCA. The County Assembly has 21 House Committees.

3.43.8 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.765 million to County-Established funds in FY 2024/25, translating to 4 per cent of the County's overall budget. Further, the County allocated Kshs.100 million to the Emergency Fund (0.5 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.367 summarises each established Fund's budget allocation and performance during the reporting period.

3.43.10 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.74.82 million as FIF, which was 94.7 per cent of the annual target of Kshs.79 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023, enacted by the National Assembly. The County has yet to develop regulations to operationalise the FIF Act of 2023.

The health facilities reported using the FIF during the reporting period, per Section 18 (e) of the FIF Act, 2023.

The expenditure by the health facilities amounted to Kshs.128.40 million, as shown in Table 3.369.

The Health Facility is funded by both the components of FIF and CRF.

3.43.11 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.2 billion on development programmes, representing an increase of 56.3 per cent compared to a similar period in FY 2023/24, when the County spent Kshs.1.28 billion. Table 3.370 summarises development projects with the highest expenditure in the reporting period.

The County Treasury did not provide an explanation for why certain departments' expenditures exceeded their respective exchequer receipts.

Analysis of department expenditures shows that the Department of Finance and Economic Planning recorded the highest absorption rate of the development budget at 43.1 per cent, followed by the Lodwar Municipality Board at 20 per cent. The Department of Education, Sports and Social Protection had the highest percentage of recurrent expenditures to the recurrent budget at 50 per cent, while the Department of Lands, Energy, Housing and Urban Areas Management had the lowest at 13 per cent.

Further analysis shows that expenditures for most departments exceeded exchequer issues. The anomalies can be attributed to the fact that many transactions may appear to have been paid at IFMIS, but in practice, they are awaiting funding at the CBK Internet Banking (IB) level. The anomaly can also be attributed to the adoption of an accrual basis of accounting in which payments and expenses are credited and debited when earned or incurred.

Sub-programmes with the highest levels of implementation based on absorption rates were Modern Fencing in the Department of Finance and Economic Planning at 100 per cent, Municipal Planning in the Department of Lodwar Municipality Board at 65 per cent, Community Health Services in the Department of Health, and Sanitation Services at 63 per cent, and Municipal Services in the Department of Lodwar Municipality Board at 58 per cent of budget allocation.

3.43.14 Accounts Operated Commercial Banks

The County Government operated 26 accounts with commercial banks, including ten accounts for Established Funds, two revenue accounts, eight special purpose accounts (additional allocations), four imprest accounts, two recurrent operational accounts and one development operational accounts.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.43.15 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. Unspent funds from FY 2023/24 were not refunded into the CRF account, which led to actual expenditures exceeding the approved exchequer in several departments, as shown in Table 3.371.
- ii. The high pending bills amounted to Kshs.2.28 billion as of 31st December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- iii. Use of manual payroll. Personnel emoluments amounting to Kshs.50.22 million were processed through manual payroll, accounting for 1.7 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- iv. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure unspent funds from the previous financial year are deposited to the CRF Account in line with Section 136 of the PFM Act 2012.*
- ii. *The County Leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iii. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iv. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.44. County Government of Uasin Gishu

3.44.1 Overview of FY 2024/25 Budget

The Uasin Gishu County approved FY 2024/25 budget is Kshs.12.09 billion. It comprised Kshs.4.71 billion (39.0 per cent) and Kshs.7.37 billion (61 per cent) allocated for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.59.45 million (less than 1 per cent) from the FY 2023/24 budget comprised of a development budget of Kshs.4.06 billion and a recurrent budget of Kshs.8.09. billion.

The Uasin Gishu County Government budget will be financed from different sources of revenue. These include; Kshs.8.77 billion (73 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.1.93 billion as additional allocations/conditional grants, and Kshs.1.40 billion (12 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.76.8 million (less than 1 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.1.32 million (11 per cent) as ordinary own-source revenue. A breakdown of the additional allocations/conditional grants is shown in Table 3.373.

3.44.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.4.64 billion to fund its development and recurrent activities. This amount consisted of Kshs.4.20 billion from the equitable share of revenue raised nationally and additional allocations from government and development partners of Kshs.63.61 million, and its own source revenue (OSR) collection of Kshs.376.46 million.

The total OSR collection of Kshs.376.46 million includes, Facilities Improvement Financing (FIF) of Kshs.16.39 million, and Kshs.360.1 million as ordinary OSR. Table 3.373 summarises the total revenue available to the county government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.376.46 million from its revenue sources and FIF. This amount was an increase of 27 per cent compared to Kshs.276.3 million realised in a similar period in FY

2023/24 and was 27 per cent of the annual target and 7 per cent of the equitable revenue share disbursed. The increase in OSR is attributed to implementing business mapping of single business permits for FY 2025.

The revenue streams which contributed the highest OSR receipts are shown in Figure 173.

Figure 173: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Uasin Gishu County Treasury

The highest revenue stream of Kshs.111.51 million was from parking fees, contributing to 28 per cent of the total OSR receipts during the reporting period.

3.44.3 Borrowing by the County

The County Government did not borrow during the reporting period.

3.44.4 Exchequer Issues

During the reporting period, the Controller of Budget approved withdrawals of Kshs.4.23 billion from the CRF account comprised Kshs.817.35 million (19 per cent) for development programmes and Kshs.3.41 billion (81 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.36 billion was released towards compensation of employees and Kshs.1.06 billion for operations and maintenance expenditure. Funding released towards compensation for employees in the first half of FY 2024/25 does not include the December 2024 exchequer request for the County Executive and County Assembly due to a delay in exchequer processing by the County.

Analysis of the operations and maintenance exchequer releases indicates that 4 per cent was for domestic travel and none for foreign travel. The domestic travel exchequer amounted to Kshs.175.56 million, including Kshs.84.96 million for the County Executive and Kshs.90.6 million for the County Assembly.

As of 31 December 2024, the County Government's cash balance in the CRF account was Kshs.1.30 billion.

3.44.5 County Expenditure Review

The County spent Kshs.4.74 billion on development and recurrent programmes in the reporting period. The expenditure represented 112 per cent of the total funds the CoB released and comprised Kshs.817.35 million and Kshs.3.41 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 27 per cent, while recurrent expenditure represented 73 per cent of the annual recurrent expenditure budget.

3.44.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.711.04 million as of 30th June 2024. This amount includes Kshs.673.81 million from the County Executive and Kshs.37.23 million from the County Assembly. The pending bills from the County Executive consist of Kshs.253.13 million for recurrent expenditures and Kshs.420.68 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.221.55 million, comprising Kshs.93.14 million for recurrent programmes and Kshs.121.13 million for development programs. Meanwhile, the County Assembly settled pending bills worth Kshs.7.28 million for recurrent activities only.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.253.13 million and Kshs.37.23 million, respectively, in the first half of FY

2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.221.55 million for the Executive and Kshs.7.28 million for the Assembly.

As of December 31, 2024, the outstanding bills amounted to Kshs.489.82 million, comprising Kshs.459.54 for the County Executive and Kshs.29.92 million for the County Assembly.

3.44.7 Expenditure by Economic Classification

The County Executive spent Kshs.2.18 billion on employee compensation, Kshs.836.36 million on operations and maintenance, and Kshs.1.27 billion on development activities. Similarly, the County Assembly spent Kshs.174.61 million on employee compensation, Kshs.269.21 million on operations and maintenance, and Kshs.9.43 million on development activities, as shown in Table 3.375

3.44.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.36 billion, or 50 per cent of the available revenue of Kshs.4.70 billion. This expenditure represented an increase from Kshs.2.27 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.1.06 billion paid to the health sector employees, translating to 45 per cent of the total wage bill.

Figure 174 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2021/22 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.2.13 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.229.93 million was processed through manual payrolls, which accounted for 10 per cent of the total PE cost.

The County Assembly spent Kshs.17.18 million on committee sitting allowances for the 44 MCAs against the annual budget allocation of Kshs.39.92 million. The average monthly sitting allowance was Kshs.130,169.51 per MCA. The County Assembly had 24 House Committees.

3.44.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.315.91 million to County-Established Funds in FY 2024/25, or 3 per cent of the County's overall budget. Further, the County allocated Kshs.35.0 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.376 summarises each established Fund's budget allocation and performance during the reporting period.

Expenditure on domestic travel amounted to Kshs.175.56 million and comprised Kshs.90.60 million spent by the County Assembly and Kshs.84.96 million by the County Executive. No Expenditure on foreign travel was reported by either arm of the government.

The operations and maintenance costs include an expenditure of Kshs.9.77 million on legal fees/dues, arbitration and compensation payments, and legal fees.

3.44.11 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.16.39 million as FIF, which was 21.3 per cent of the annual target of Kshs.76.8 million. The collected amount was retained and utilised at source in

line with the Facility Improvement Financing Act, 2023. The County has developed 2023 regulations to operationalise the FIF Act of 2023.

The Health Facilities did not provide a report on the utilisation of the FIF during the reporting period, contrary to Section 18 (e) of the FIF Act, 2023.

3.44.12 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.1.27 billion on development programmes, representing an increase of 35 per cent compared to a similar period in FY 2023/24, when the County spent Kshs.833.46 million. Table 3.377 summarises development projects with the highest expenditure in the reporting period.

Sub-programmes with the highest levels of implementation based on absorption rates were: Social Welfare and Community Development in the Department of Gender Social Protection at 68 per cent, Office Accommodation in the Department of Administration and Devolution at 52 per cent, Ward Development Services in the Department of Youths and sports at 49per cent of budget allocation.

3.44.15 Accounts Operated Commercial Banks

The County Government operated 65 accounts with commercial banks, including one account for Health Facilities, 39 accounts for Vocational Training Centers, seven accounts for Established Funds, four revenue accounts, eight special purpose accounts (additional allocations), four imprest accounts, and one recurrent operational account and one development operational account.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.44.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

- i. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 24th January 2025.
- ii. The underperformance of own-source revenue at Kshs.376.46 million against an annual target of Kshs.1.4 billion, representing 27 per cent of the yearly target.
- iii. Unspent funds from FY 2023/24 were not refunded into the CRF account, which led to actual expenditures exceeding the approved exchequer in several departments, as shown in Table 3.378.
- iv. The high level of pending bills amounted to Kshs.489.48 million as of 31st December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- v. Use of manual payroll. Personnel emoluments amounting to Kshs.229.93 million were processed through manual payroll, accounting for xx per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- vi. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County Treasury should ensure unspent funds from the previous financial year are deposited to the CRF Account in line with Section 136 of the PFM Act 2012.*
- iv. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- v. *The County Leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- vi. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- vii. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*

3.45. County Government of Vihiga

3.45.1 Overview of FY 2024/25 Budget

The Vihiga County Gross Approved FY 2024/25 budget is Kshs.6.50 billion. It comprises Kshs.2.10 billion (32 per cent) and Kshs.4.40 billion (68 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.0.31 billion (5 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.2.41 billion and a recurrent budget of Kshs.4.40. billion. The County's Net Approved Budget is Kshs.6.36 billion, which consists of Kshs.4.26 billion for recurrent and Kshs.2.10 billion for development.

The budget will be financed from different sources of revenue. These include; Kshs.5.34 billion (82 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.815.18 million as additional allocations and Kshs.340 million (5 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.140 million (2 per cent) as Appropriations-in-Aid (A-I-A)/Facility Improvement Fund (revenue from health facilities) and Kshs.200 million (3 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.380.

3.45.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.2.76 billion to fund its development and recurrent activities. This amount consisted of Kshs.2.62 billion from the equitable share of revenue raised nationally and its own-source revenue (OSR) collection of Kshs.139.40 million.

The total OSR collection of Kshs.139.40 million includes Appropriations in Aid (AIA)/Facilities Improvement Financing (FIF) of Kshs.86.23 million, and Kshs.53.17 million as ordinary OSR. Table 3.380 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.139.40 million from its revenue sources, including AIA and FIF. This amount was an increase of 0.5 per cent compared to Kshs..138.70 million realised in a similar period in FY 2023/24 and was 41 per cent of the annual target and 5.3 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 177

Figure 177: Top Streams of Own Source Revenue in the First Half FY 2024/25

The highest revenue stream, Kshs.86.23 million, was from Hospital fees/FIF, which contributed 63 per cent of the total OSR receipts during the reporting period.

3.45.3 Borrowing by the County

The county government did not borrow funds from any institution in the reporting period.

3.45.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.2.74 billion from the CRF account during the reporting period comprised Kshs.289.9 million (11 per cent) for development programmes and Kshs.2.45 billion (89 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.87 billion was released towards compensation of employees and Kshs.584.61 million for operations and maintenance expenditure.

Analysis of the operations and maintenance exchequer releases indicates that 26 per cent was for domestic travel and 3 per cent for foreign travel. The domestic travel exchequer amounted to Kshs. 100.67 million, and included Kshs.15.53 million for the County Executive and Kshs.85.14 million for the County Assembly. The foreign exchequer totalled Kshs.2.34 million, comprising Kshs.0.86 million for the County Executive and Kshs.1.48 million for the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.173.9 million.

3.45.5 County Expenditure Review

The County spent Kshs.2.36 billion on development and recurrent programmes in the reporting period. The expenditure represented 86.13 per cent of the total funds released by the CoB and comprised Kshs.274.89 million and Kshs.2.09 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 13 per cent, while recurrent expenditures represented 48 per cent of the annual recurrent expenditure budget.

3.45.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.1.51 billion as of 30th June 2024 from the County Executive. They consist of Kshs.538.42 million for recurrent expenditures and Kshs.972.95 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.151.46 million, comprising Kshs.13.36 million for recurrent programmes and Kshs.138.10 million for development programmes.

The County Executive and the Assembly submitted a pending bills payment plan at the commencement of FY 2024/25, committing to pay Kshs.335 million and Kshs.0 million in the first half of FY 2024/25. However, the County did not adhere to this payment plan, as it cleared Kshs.151 million for the Executive and none for the Assembly.

As of December 31, 2024, the outstanding bills amounted to Kshs.1.36 billion, comprising Kshs.1.36 for the County Executive and Kshs.0 billion for the County Assembly.

3.45.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.46 billion on employee compensation, Kshs.413.24 million on operations and maintenance, and Kshs.274.35 million on development activities. Similarly, the County Assembly spent Kshs.107.31 million on employee compensation, Kshs.107.77 million on operations and maintenance, and Kshs.0 million on development activities, as shown in Table 3.382.

3.45.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.57 billion, or 57 per cent of the available revenue of Kshs.2.76 billion. This expenditure represented an increase from Kshs.1.37 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.529.03 million paid to the Health Sector employees, translating to 34 per cent of the total wage bill.

Figure 178 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Figure 178: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2018/19 to the First Half of FY 2024/25

Further analysis indicates that PE costs amounting to Kshs.1.53 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.39.75 million was processed through manual payrolls, which accounted for 3 per cent of the total PE cost.

The County Assembly spent Kshs.14.42 million on committee sitting allowances for the 38 MCAs against the annual budget allocation of Kshs.30.68 million. The average monthly sitting allowance was Kshs.117,224 per MCA. The County Assembly had 18 House Committees.

3.45.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.510 million to County-Established funds in FY 2024/25, or 8 per cent of the County's overall budget. Further, the County allocated Kshs.19.22 million to the Emergency Fund (0.3 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.383 summarises each established Fund's budget allocation and performance during the reporting period.

3.45.11 Facility Improvement Financing

During the period under review, the County reported collecting Kshs.86.23 million as FIF, which was 61.6 per cent of the annual target of Kshs.140 million. The collected amount was retained and utilised at the source per the Facility Improvement Financing Act of 2023. However, the county has not developed regulations to operationalise the FIF Act of 2023.

The Health Facilities did provide a report on the utilisation of the FIF during the reporting period, in line with

(contrary to) Section 18 (e) of the FIF Act, 2023.

The expenditure by the health facilities amounted to Kshs.89,202,209, as shown in Table 3.385.

Based on absorption rates, the sub-programmes with the highest implementation levels were Administrative Services in the Department of Public Service and Administration (77 per cent), Vihiga Municipality (KUSP) in the Department of Lands (100 per cent), Administrative Services in the Department of Public Service and Administration (59 per cent), and Education support (58 per cent) of budget allocation.

3.45.15 Accounts Operated Commercial Banks

The County Government operated 13 departmental imprest accounts with commercial banks, and all funds accounts have since been domiciled at CBK.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.45.16 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the COB identified the following challenges which hampered effective budget implementation;

- i. High pending bills amounted to Kshs.1.3 billion as of 31st December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- ii. Use of manual payroll. Personnel emoluments amounting to Kshs.39.7 million were processed through manual payroll, accounting for 2.5 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.
- iii. Reports were submitted late and were supposed to be received on 15 January but were delayed until 25 January 2025.

The County should implement the following recommendations to improve budget execution:

- i. *The county leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- ii. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*
- iii. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*

3.46. County Government of Wajir

3.46.1 Overview of FY 2024/25 Budget

The Wajir County approved FY 2024/25 budget is Kshs.13.76 billion. It comprised Kshs.5.29 billion (38 per cent) and Kshs.8.47 billion (62 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.23 billion (10 per cent) from the FY 2023/24 budget comprised a development budget of Kshs.4.27 billion and a recurrent budget of Ksh.8.26 billion. The County's Net Approved Budget is Kshs.13.64 billion, which consists of Kshs.8.53 billion for recurrent and Kshs.5.29 billion for development. The increase in the County Government budget was attributed to the June 2024 exchequer that was carried forward into the current financial year.

The Wajir County Government budget will be financed from different sources of revenue. These include Kshs.10.21 billion (74 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.2.4 billion (13 per cent) as additional allocations/conditional grants, a cash balance of Kshs.936.62 million (7 per cent) brought forward from FY 2023/24, and Kshs.200 million (2 per cent) generated as gross own source revenue. The own-source revenue is Kshs.120 million (1 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.80 million (less than 1 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.389.

3.46.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.5.15 billion to fund its development and recurrent activities. This amount consisted of Kshs.4.11 billion from the equitable share of revenue raised nationally and Kshs.104.72 million from its own source revenue (OSR) collection. In addition, the County had a cash balance of Kshs.936.62 million from FY 2023/24.

The total OSR collection of Kshs.104.72 million, including Facilities Improvement Financing (FIF) of Kshs.41.33 million and Kshs.63.39 million as ordinary OSR. Table 3.389 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.104.72 million from its revenue sources, including FIF. This amount was an increase of 112.8 per cent compared to Kshs.49.21 million realised in a similar period in FY 2023/24 and was 52 per cent of the annual target and 3 per cent of the equitable revenue share disbursed. The increase in OSR can be attributed to enhanced revenue collection measures and additional revenue streams introduced in the current financial year.

The revenue streams which contributed the highest OSR receipts are shown in Figure 181.

Figure 181: Top Streams of Own Source Revenue in the First Half FY 2024/25

Source: Wajir County Treasury

The highest revenue stream, Kshs.41.33 million, was from FIF, contributing 39 per cent of the total OSR receipts during the reporting period.

3.46.3 Borrowing by the County

The County Government did not provide any information regarding borrowings during the period. The returns shared with OCOB indicate the county could have utilised banks' borrowing to settle the salaries for December 2024.

3.46.4 Exchequer Issues

The Controller of Budget approved withdrawals of Kshs.4.12 billion from the CRF account during the reporting period, which comprised Kshs.1.04 billion (25 per cent) for development programmes and Kshs.3.07 billion (75 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.2.0 billion was released towards compensation of employees and Kshs.1.07 billion for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Executive and County Assembly.

Analysis of the operations and maintenance exchequer releases indicates that 16 per cent was for domestic travel and less than 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.111.7 million and included Kshs.81.3 million for the County Executive and Kshs.30.4 million for the County Assembly. The foreign exchequer totalled Kshs.0.95 million, incurred by the County Assembly.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.885.06 million.

3.46.5 County Expenditure Review

The County spent Kshs.4.77 billion on development and recurrent programmes in the reporting period. The expenditure represented over 100 per cent of the total funds released by the CoB and comprised of Kshs.1.29 billion and Kshs.3.47 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 24.4 per cent, while recurrent expenditure represented 41 per cent of the annual recurrent expenditure budget.

3.46.6 Settlement of Pending Bills

As of 30 June 2024, the county reported pending bills totalling Kshs1.85 billion. This amount included Kshs.1.71 billion from the County Executive and Kshs.143 million from the County Assembly. The pending bills from

the County Executive consist of Kshs.904.45 million for recurrent expenditures and Kshs.802.25 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.374.06 million, comprising Kshs.312.65 million for recurrent programmes and Kshs.61.41 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.12.26 million for recurrent activities.

The County Executive and the Assembly submitted pending bill payment plans at the commencement of FY 2024/25, committing to pay Kshs.200 million and Kshs.34.02 million, respectively, in the first half of FY 2024/25. The County executive adhered to this payment plan, clearing Kshs.374.06 million, while the County Assembly only settled Ksh12.63 million out of the planned Ksh34.02 million and did not adhere to its payment plan.

As of 31 December 2024, the outstanding bills amounted to Kshs.1.46 billion, comprising Kshs.1.33 billion for the County Executive and Kshs.130.74 million for the County Assembly.

3.46.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.80 billion on employee compensation, Kshs.1.34 billion on operations and maintenance, and Kshs.1.29 billion on development activities. Similarly, the County Assembly spent Kshs.215.83 million on employee compensation and Kshs.121.5 million on operations and maintenance activities, as shown in Table 3.391.

3.46.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.2.01 billion, or 39 per cent of the available revenue of Kshs.5.15 billion. This expenditure represented a decrease from Kshs.2.25 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.884.21 million paid to the Health Sector employees, translating to 44 per cent of the total wage bill.

Figure 182 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2018/19 to the first half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.1.76 billion were processed through the Integrated Personnel and Payroll Database (IPPD) system. In contrast, Kshs.256.16 million was processed through manual payrolls, which accounted for 13 per cent of the total PE cost.

The County Assembly spent Kshs.19.24 million on committee sitting allowances for the 46 MCAs against the annual budget allocation of Kshs.43.96 million. The average monthly sitting allowance was Kshs.69,707 per MCA. The County Assembly had 21 House Committees.

3.46.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.115.34 million to County-Established funds in FY 2024/25, or 0.8 per cent of the County's overall budget. Further, the County allocated Kshs.200 million to the Emergency Fund (1.5 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.392 summarises each established Fund's budget allocation and performance during the reporting period.

The operations and maintenance costs include Kshs.36.56 million in legal fees/dues, arbitration and compensation payments, and legal fees.

3.46.10 Facility Improvement Financing

During the period under review, the County reported a collection of Kshs.41.33 million as FIF, which was 34 per cent of the annual target of Kshs.120 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The Health Facilities did not provide a report on the utilisation of the FIF during the reporting period, contrary to Section 18 (e) of the FIF Act, 2023.

3.46.11 Development Expenditure

In the First Half of FY 2024/25, the County reported spending Kshs.1.29 billion on development programmes, representing an increase of 72 per cent compared to a similar period in FY 2023/24, when the County spent Kshs.751.23 million. **Table 3.394** summarises development projects with the highest expenditure in the reporting period.

The County Treasury did not provide an explanation for why certain departments' expenditures exceeded their respective exchequer receipts.

Analysis of department expenditure shows that the Department of Public Health, Medical Services and Sanitation recorded the highest absorption rate of development budget at 55 per cent, followed by the Department of Public Service, Labour and Decentralisation at 49 per cent. The Department of Public Health, Medical Services and Sanitation had the highest percentage of recurrent expenditure to budget at 50 per cent. In contrast, the Energy Environment and Natural Resources department had the lowest at 12 per. The County's recurrent expenditure exceeded the exchequer issued in the period by 24 per cent, partly due to borrowing to settle salaries for December 2024.

The sub-programmes with the highest levels of implementation based on absorption rates were Business Support and Investment Services in the Department of ICT, Trade Industrialization Co-operative Development at 87 per cent and Promotion of Social Service, Culture and Heritage Services in the Department of Education Social Welfare and Family Affairs Promotion of Social Service at 62 per cent, Sports promotion and development in the department of Education Social Welfare and Family Affairs at 51 per cent of budget allocation.

3.46.14 Accounts Operated Commercial Banks

The County Government operated fifty-seven accounts with commercial banks, including forty-eight accounts for Health Facilities, three for Established Funds, one revenue account, three special purpose accounts (additional allocations), one Imprest account, and one recurrent operational account.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.46.15 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges which hampered effective budget implementation;

- i. Late submission of financial reports by the County Treasury to the Controller of Budget affected the timely preparation of the budget implementation report. The report was received on 22 January 2025.
- ii. Fund Administrators failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Emergency Fund, Climate Fund and Disability Fund were not submitted to the Controller of Budget as of 15 January 2025.
- iii. High pending bills amounted to Kshs.1.46 billion as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Assembly.
- iv. Use of manual payroll. Personnel emoluments amounting to Kshs.256.16 million were processed through manual payroll, accounting for 13 per cent of the total payroll cost. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iii. *The County leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iv. *The Government requires that salaries be processed through the IPPD system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.*

3.47. County Government of West Pokot

3.47.1 Overview of FY 2024/25 Budget

The West Pokot County Gross Approved Supplementary I FY 2024/25 budget is Kshs.7.92 billion. It comprises Kshs.2.36 billion (30 per cent) and Kshs.5.56 billion (70 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.205.57 million (3 per cent) from the FY 2023/24 budget, which comprised a development budget of Kshs.2.29 billion and a recurrent budget of Kshs.5.42 billion. The increase in the budget was attributed to the inclusion of the un-disbursed June 2024 allocation carried forward to FY 2024/25. The County's Net Approved Supplementary I Budget is Kshs.7.79 billion, comprising Kshs.5.56 billion for recurrent and Kshs.2.36 billion for development.

The budget will be financed from different sources of revenue. These include Kshs.7.00 billion (88.4 per cent) expected from the National Government as the equitable share of revenue raised nationally, Kshs.667.90 million as additional allocations, a cash balance of Kshs.20 million (less than 1 per cent) brought forward from FY 2023/24, and Kshs.230.00 million (3 per cent) generated as gross own source revenue. The own-source revenue includes Kshs.132.8 million (2 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.97.2 million (1 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.397.

3.47.2 Revenue Performance

In the first half of FY 2024/25, the County had Kshs.3.37 billion to fund its development and recurrent activities. This amount consisted of Kshs.3.26 billion from the equitable share of revenue raised nationally, additional allocations from government and development partners of Kshs.16.34 million, and its own source revenue (OSR) collection of Kshs.77.60 million. In addition, the County had a cash balance of Kshs.20.00 million from FY 2023/24.

The total OSR collection of Kshs.77.60 million includes Facilities Improvement Financing (FIF) of Kshs.59.40 million, and Kshs.18.20 million as ordinary OSR. Table 3.397 summarises the total revenue available to the County Government during the first half of FY 2024/25.

During the first half of FY 2024/25, the County generated Kshs.77.60 million from its revenue sources, including FIF. This amount was an increase of 4 per cent compared to Kshs.74.33 million realised in a similar period in FY 2023/24 and was 34 per cent of the annual target and 1 per cent of the equitable revenue share disbursed. The revenue streams which contributed the highest OSR receipts are shown in Figure 185.

Figure 185: Top Streams of Own Source Revenue in the First Half FY 2024/25.

The highest revenue stream, Kshs.59.40 million, was from the Facility improvement fund (A.I.A), which contributed 78 per cent of the total OSR receipts during the reporting period.

3.47.3 Borrowing by the County

The County Government did not report any borrowings during the period under review.

3.47.4 Exchequer Issues

The Controller of Budget approved withdrawals of Ksh2.22 billion from the CRF account during the reporting period, comprised of Kshs.241.44 million (11 per cent) for development programmes and Kshs.1.98 billion (89 per cent) for recurrent programmes. Analysis of the recurrent exchequers released in the first half of FY 2024/25 indicates that Kshs.1.60 billion was released towards compensation of employees and Kshs.373.68 million for operations and maintenance expenditure. Releases towards employee compensation in the first half of FY 2024/25 do not include the December 2024 exchequer request for the County Assembly due to challenges in closing the payroll after migration to the new system.

Analysis of the operations and maintenance exchequer releases indicates that 26 per cent was for domestic travel and 5 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.91.42 million, comprising Kshs.29.22 million for the County Executive and Kshs.62.20 million for the County Assembly. The foreign exchequer totalled Kshs.16.5 million for the County Executive.

As of 31 December 2024, the county government's cash balance in the CRF account was Kshs.1.42 billion.

3.47.5 County Expenditure Review

The County spent Kshs.2.22 billion on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB and comprised Kshs.241.44 million and Kshs.1.98 billion on development and recurrent programmes, respectively. Expenditure on development programmes represented an absorption rate of 10 per cent, while recurrent expenditure represented 36 per cent of the annual recurrent expenditure budget.

3.47.6 Settlement of Pending Bills

The County reported pending bills totalling Kshs.509.94 million as of 30 June 2024. This amount includes Kshs.486.38 million from the County Executive and Kshs.23.56 million from the County Assembly. The pending bills from the County Executive consist of Kshs.321.59 million for recurrent expenditures and Kshs.164.80 million for development expenditures.

During the first half of FY 2024/25, the County Executive paid off pending bills amounting to Kshs.143.79 million, comprising Kshs.37.85 million for recurrent programmes and Kshs.105.94 million for development programmes. Meanwhile, the County Assembly settled pending bills worth Kshs.1.21 million for recurrent activities.

The County Executive and the Assembly submitted pending bill payment plans at the commencement of FY 2024/25, committing to pay Kshs.509.94 million. The County did not adhere to this payment plan, as it cleared Kshs.143.79 million for the Executive and Kshs.1.21 million for the Assembly.

As of 31 December 2024, the outstanding bills amounted to Kshs.366.16 million, comprising Kshs.343.81 million for the County Executive and Kshs.22.35 million for the County Assembly.

3.47.7 Expenditure by Economic Classification

The County Executive spent Kshs.1.45 billion on employee compensation, Kshs.268.12 million on operations and maintenance, and Kshs.241.44 million on development activities. Similarly, the County Assembly spent

Kshs.158.94 million on employee compensation and Kshs.105.57 million on operations and maintenance, as shown in Table 3.399.

3.47.8 Expenditure on Employees' Compensation

In the first half of FY 2024/25, expenditure on employee compensation was Kshs.1.60 billion, or 48 per cent of the available revenue of Kshs.3.37 billion. This expenditure represented an increase of Kshs.0.20 billion reported in a similar period in FY 2023/24. The wage bill included Kshs.828.12 million paid to the Health Sector employees, translating to 51 per cent of the total wage bill.

Figure 186 shows the trend of personnel expenditures as a percentage of total revenue from the first half of FY 2019/20 to the first half of FY 2024/25.

Figure 186: Percentage of Wage Bill to Total Revenue Received from the First Half of FY 2019/20 to the First Half of FY 2024/25.

Further analysis indicates that PE costs amounting to Kshs.1.60 billion were processed through the Integrated Personnel and Payroll Database (IPPD/HRIS) system. There was no manual payroll processing in the period under review.

The County Assembly spent Kshs.13.64 million on committee sitting allowances for the 33 MCAs against the annual budget allocation of Kshs.34.18 million. The average monthly sitting allowance was Kshs.68,880 per MCA. The County Assembly had 17 House Committees.

3.47.9 County Emergency Fund and County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds with approval from the County Executive Committee and the County Assembly. The County allocated Kshs.665.25 million to County-Established funds in FY 2024/25, or 8 per cent of the County’s overall budget. The County allocated Kshs.10 million to the Emergency Fund (1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.400 summarises each established Fund’s budget allocation and performance during the reporting period.

The sub-programmes with the highest levels of implementation based on absorption rates were Water Supply Services in the Department of Water, Environment and Natural Resources at 100 per cent, Livestock production and Range Management in the Department of Pastoral Economy at 46 per cent, Ward Specific Projects in the Department of Roads, Public Works, Transport And Infrastructure at 33 per cent, and Gender, Youths and Sports Development Tourism, Youth Sports And Culture at 38 per cent of budget allocation.

3.47.15 Accounts Operated Commercial Banks

The County Government operated 29 accounts with commercial banks, including seven accounts for Health Facilities, seven accounts for Vocational Training Centers, seven accounts for Established Funds, two revenue accounts, five special purpose accounts (additional allocations) and one imprest account.

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

3.47.16 Key Observations and Recommendations

In overseeing and reporting on the County budget implementation, the COB identified the following challenges that hampered effective budget implementation.

- i. The County Treasury submitted its financial reports late to the Controller of Budget, which affected the timely preparation of the budget implementation report. The report was received on 20 January 2025.
- ii. The underperformance of own-source revenue at Kshs.77.60 million against an annual target of Kshs.230 million, representing 34 per cent of the yearly target.
- iii. The high pending bills amounted to Kshs.366.56 million as of 31 December 2024. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- iv. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government

- bank accounts be opened and maintained at the Central Bank of Kenya.
- v. Low expenditure on development programs was Kshs.241.44 million, translating to an absorption rate of 10.2 per cent of the entire allocation towards development expenditure in the financial year.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County Leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the payment plan should be enforced.*
- iv. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as the law requires. However, imprest bank accounts for petty cash and revenue collection accounts are exempted.*
- v. *The County Leadership should strategise on implementing development programmes according to the approved budget and work plans to improve citizens' quality of life.*

4. KEY OBSERVATIONS AND RECOMMENDATIONS

4.1. Introduction

This section highlights the issues that affected budget implementation and reporting in the first half of FY 2024/25 and provides recommendations to address the challenges. The cross-cutting challenges included the following:

4.2. Delay by the Parliament to enact the County Government Additional Allocations Bill 2024

The County Governments Additional Allocation Bill (CGAAB) facilitates the transfer of additional funds to County Governments from the National Government's revenue share, loans and grants provided by Development Partners.

Observation: The CGAAB 2024 proposes additional allocations for County Governments amounting to Kshs.55.46 billion for the FY 2024/25. These funds are to be disbursed through the relevant implementing entities of the National Government. As of December 31, 2024, the CGAAB was under mediation between the two Houses of Parliament. Consequently, funds could not be disbursed for the additional allocations in the first half of FY 2024/25. Further delays in resolving issues surrounding CGAAB will adversely affect budget implementation.

Recommendation: While Parliament and relevant stakeholders continue to work on resolving the outstanding issues under mediation in the CGAAB, we recommend that in subsequent budget cycles, the National Treasury and Parliament find a way to address the non-controversial issues in the CGAAB. This would enable the timely release of funds to County Governments, thereby facilitating timely budget implementation at the county level. Concerned stakeholders should also consider arranging for a pre-budget mediation mechanism to resolve these issues before the start of the budget cycle.

4.3. Under-Performance in Own-Source Revenue Collection

Article 209 (3) of the Constitution allows County Governments to impose property rates, entertainment taxes, and any other taxes authorised by an Act of Parliament.

Observation: In the first half, the County Governments collectively generated Kshs.25.54 billion as own-source revenue (OSR) i.e. ordinary OSR and AIA (including FIF), achieving 30 per cent of the annual target of Kshs.85.36 billion. Several County Governments recorded low OSR performance compared to their targets, with some achieving less than 20 per cent in the first half of FY 2024/25. While the reasons for this underperformance vary, it creates an environment for accumulating pending bills.

Recommendation: County Governments that experience significantly low own-source revenue (OSR) performance in the first half of FY 2024/25 should consider lowering their OSR targets in their subsequent supplementary budgets. Additionally, these governments should enhance revenue administration to improve their revenue collection efforts.

In future budget cycles, the County Executive Committee Member of Finance should emphasise prudence in revenue forecasting when issuing the circular outlining the budget process (Section 128 of the PFM Act 2025). Additionally, there should be a focus on controlling the desire for increased expenditure allocations across various votes.

We also request that the National Treasury collaborate with other stakeholders to develop relevant frameworks for revenue forecasting.

4.4. Overdependence on Funding from Appropriations and Facility Improvement Funds

Section 107(2)(f) of the PFM Act, 2012 states that in managing a County Government's public finances, the County Treasury shall ensure the fiscal risks are managed prudently.

Observation: In the first quarter of FY 2023/24, we observed that FIF revenue accounted for more than 50 per cent of the total revenue for 28 counties (refer to Annex I for details). This can be attributed to enhancements to health facilities, including better service provision and an adequate supply of medicine, which resulted in an increase in the uptake of health services in the County Governments over time.

While the growth in FIF is commendable, it raises the risk of overdependence on a single revenue stream.

Figure 188: Actual FIF as a percentage of the total OSR

Recommendation: We recommend that the counties develop strategies to diversify and increase their other revenue streams over time, thus reducing the risk associated with relying solely on one funding source.

4.5. Non-Adherence to Pending Bills Payment Plans

County Governments were required to submit a pending bill payment plan to the Controller of Budget at the beginning of the financial year, as stipulated in the guidelines for approval to withdraw funds from the County Revenue Fund. The plans were to outline which bills would be settled and the timeframe.

Observation: As discussed in Chapter Three of this report, several County Governments did not adhere to their submitted plans while paying pending bills. The delay in disbursing the equitable share for December 2024 and underperformance in own-source revenue (OSR) contributed to this lack of compliance. The efforts by some County Governments to clear their debts remain insufficient. The consequences of not paying these pending bills, as reported by suppliers from various Counties to the Controller of Budget, are severe. They include financial distress for individual suppliers and the closure of businesses, all of which contribute to reduced economic activity.

Recommendations: First, County Governments should strive to avoid accumulating pending bills, regardless of their challenges. They can achieve this by entering into agreements or contracts based on their cash flow availability and budget allocations.

Secondly, under regulations 41 and 55 of the Public Finance Management (County Governments) Regulations 2015, County Governments should prioritise settling eligible pending bills as a first charge against their budgets to ensure compliance with the law. They should also adhere to the pending bill payment plans submitted to the OCoB.

Further, the National Treasury should release the equitable share of revenue raised nationally promptly, per the established disbursement schedule, to enable Counties to execute their budgets as planned.

4.6. Non-adherence to Exchequer Workplans Submitted to the OCoB

In accordance with Article 228 (4) of the Constitution of Kenya, Section 5 of the Controller of Budget (CoB) Act, 2016, and the guidelines for approval to withdraw from the County Revenue Funds, County Governments are required to support their exchequer requisitions with the necessary documentation outlining the budgeted activities to be implemented.

Observation: While the approved requests for withdrawals from the relevant County Revenue Funds are well supported, the Controller of Budget has noted frequent non-adherence to the exchequer work plans by County Governments, which results in weak fiscal discipline. Further, given that the exchequer process is mainly manual, it is challenging to tie approved requests and supporting work plans to actual expenditures. This issue is further illustrated in Annex II, which compares approved Exchequer requisitions from the respective County Revenue Funds (CRFs) with reported expenditures.

Recommendation: *The National Treasury liaise with key stakeholders to expedite the automation of the exchequer process of County Governments to ensure that approved exchequer work plans are linked to the actual execution (payments) of budgeted activities. This will create a comprehensive record of activities requisitioned over time, enabling easy reference. Additional benefits of automation include improved efficiency in exchequer processing.*

4.7. Low Expenditure on Development Programmes

Section 107(2)(b) of the Public Finance Management (PFM) Act of 2012 mandates that, over the medium term, at least 30 per cent of County Governments' budgets must be allocated to development expenditures.

Observation: During the reporting period, County Governments spent Kshs.33.60 billion on development activities, representing an absorption rate of only 16 per cent against the annual development budget of Kshs.211.53 billion. Analysis of development expenditure as a proportion of the approved annual development budget showed that several County Governments had an absorption rate of less than 10 per cent for their development programs.

Recommendation: *County Governments must prioritise development expenditures to comply with the statutory requirement of allocating at least 30 per cent of the budget to development activities, as stipulated in the PFM Act 2012. Robust project planning, monitoring, and implementation mechanisms should be adopted to improve the absorption rate of development funds and enhance the country's development.*

4.8. Delay in submission of Financial and Non-Financial Reports to the Controller of Budget

County governments are required to prepare and submit both financial and non-financial reports as mandated by Section 166(4) and Section 168(3) of the Public Finance Management (PFM) Act, 2012. These reports must be submitted no later than one month after the end of each quarter. Section 16 of the Controller of Budget Act 2016 stipulates that Accounting Officers must cooperate with the Controller of Budget and respond promptly to any inquiries. In accordance with these regulations, the Controller of Budget set the submission deadline of financial and non-financial reports for the review period at January 15, 2025

Observation: However, as noted in Chapter Three, despite these legal requirements, several County Governments submitted their reports way after the January 15, 2025, deadline. This delay has hindered the timely finalisation of the County Budget Implementation Review Report.

County Governments should implement mechanisms to ensure compliance with the legal requirements for submitting quarterly financial and non-financial reports as outlined in the law.

5. CONCLUSION

This report aims to provide information on budget implementation by County Governments during the first half of the fiscal year 2024/25. It has been prepared in fulfilment of Article 228(6) of the Constitution of Kenya 2010 and Section 9 of the Controller of Budget Act 2016.

The combined budget estimates for County Governments for FY 2024/25 amount to Kshs.588.38 billion, which includes Kshs.211.53 billion (36 per cent) allocated for development activities and Kshs.376.86 billion (64 per cent) for recurrent activities. In the first half of FY 2024/25, the total funds available to County Governments amounted to Kshs.234.71 billion and consisted of Kshs.160.78 billion as the equitable share of revenue raised nationally, Kshs.30.83 billion in equitable share arrears for FY 2023/24, Kshs.25.54 billion in own-source revenue, with a balance brought forward of Kshs.17.56 billion.

The total expenditure by County Governments in the first half of FY 2024/25 was Kshs.181.86 billion, representing an absorption rate of 31 per cent of the total annual County Government budget. This expenditure comprised Kshs.151.26 billion for recurrent expenses and Kshs.33.60 billion for development expenses, representing 18 per cent of the total expenditure during the review period. This indicates that several County Governments did not achieve the minimum requirement of 30 per cent expenditure on development programs, as stipulated in Regulation 27(1)(g) of the Public Finance Management (County Governments) Regulations 2015.

In overseeing budget implementation, the Controller of Budget identified key challenges that hindered effective budget execution during this period. These challenges include delays in enacting the Additional Allocations Bill, underperformance in own-source revenue collection (30 per cent of the target in the review period), non-adherence to pending bills payment plans (Kshs.182.13 billion outstanding as of 31st December 2024), and low development spending (16 per cent absorption of the development budget).

This report provides recommendations for addressing these challenges to enhance the smooth execution of the budget for the remainder of FY 2024/25. The Controller of Budget urges the Parliament, County Government and National Treasury to implement the recommendations outlined in this report. The Controller of Budget remains committed to ensuring the effective use of public resources and will continue to publish reports on budget implementation.
